SENIORS ARE TO PUBLISH NAMES OF MEMBERS WHO DO NOT PAY CLASS DUES

Commencement To Be Held On Campus Decided At Class Meeting

ANNUALS HERE SOON

June Graduates May Wear Corduroy and Mustaches

The name of every Senior who has not paid his class dues by May 1 will be published in The Kernel next Tuesday, May 3, it was decided at the meeting of the Senior class last Friday at the fifth hour. These names will be published in every issue of The Kernel thereafter until paid. As the dues are paid the names will be taken from the list.

A motion was also unanimously passed asking that the University withhold diplomas from every Senior whose dues are not paid, as it was pointed out that a Senior who has not paid his dues is not "in good standing," as the diploma states. The treasurer's report shows that about thirty-five of the 140 members of the class have not yet paid their dues.

The Kentuckians will be here the first week in May it was announced by Fred Houston-Shaw, business manager. The final plans for the Senior Ball will be made as soon as the total amount of class dues have been collected according to Dillard Turner, chairman of the committee.

It was decided to have the Senior Pilgrimage again this year. It will be on Monday of Commencement week. H. B. Lloyd is chairman of the Class Day committees which will have charge of the plans for this.

It was decided to request the faculty committee in charge of the commencement exercises to arrange to hold the commencement of the University campus, either in chapel, on the parade ground or in the natural amphitheatre in front of Mechanical Hall.

Robt. J. Rathle, permanent secretary of the class, urged every one to join the Alumni Association when approached by one of the members of the committee. He said that letters encouraging Seniors to sign up would be sent to every one by May 1, who has not joined up to that time.

A committee was appointed to "re-jeu" men who were not going to finish in June who were wearing corduroys and other Senior accoutrements to discontinue wearing them. This was held to be a privilege of the graduating class.

S. I. A. A. HEAD SPEAKS TO LARGE AUDIENCE

Dr. H. D. Phillips Urges University Students to Purify Collegiate Athletics

Dr. Henry D. Phillips, Chaplain of the University of the South, Sewanee, and President and the S. I. A. A. Athletic Association addressed the student body in chapel Monday on the value of cleaner athletics, from a sense of honor and love of Alma Mater, rather than trying to perfect them by law, and commercialized it into a professional gamblers' game.

Dr. Phillips' purpose in making the talks to the various colleges is to appeal to the honor of the men who take part in athletics not to corrupt them, but to play a clean game even though they lose. Many colleges are under suspicion for having hired men to play

BANQUET GIVEN BY "AMAZON" MEMBERS

Professor Mikesell Acts as Toastmaster at Philosophian Gathering

Unique, delightful, full of fun and gaiety was the miniature banquet given by the members of the "Amazon" cast and the committees in charge of the play, at the University Lunch Room, after the performance, Thursday night. The long table was attractively decorated with vases of flowers and ferns. A substantial supper was served.

Professor Mikesell, as stage manager of the play, acted as toastmaster at the banquet and made a short delightful talk, briefly outlining the plans for a play next year. Miss Lucille Moore, president of the Philosophian Literary Society made a short important talk, thanking the cast for their co-operation and efforts to make the play the success that it was. Following, there were short speeches from various members of the cast, M. de Grival and Tweenways making the biggest hits with their witty responses. A toast was drunk to Mr. Mikesell and after singing several songs the banquet ended.

WILDCATS LOSE TRACK MEET BY CLOSE SCORE

Clare Wins Four Firsts, Porter Two, Thornton and Hayden One

SCORE 65 TO 52

Lack of sufficient men to be able to qualify for second places proved the undoing of the Kentucky track team at Miami, Saturday. The Wildcats took eight firsts out of fifteen events after forfeiting the relay to the Oxford men, but won only four second places while their opponents took ten. The Kentucky boys were too worn out from their other exertions to run the relay, which gave the Ohioans the long end of a 65 to 52 score.

Captain Warren Clare was again the star of the meet, winning first place in the 100 yard dash, the 120 yard high hurdles, the 220 yard dash and the 220 yard low hurdles. Thornton won the half mile and was second in the mile, while Porter copped the mile and two mile races. So far as the running part of the meet is concerned the Kentucky boys won, but lost in the weight events.

The summary:

Dash of 100 Yards—Clare, Kentucky, first; Measell, Miami, second. Time, :11 2-5.

Mile Run—Porter, Kentucky, first; Thornton, Kentucky, second. Time, 4:54.

Run of 440 Yards—Measell, Miami, first; Smith, Miami, second. Time, :54.

Shot Put—Somdhl, Miami, first; Essig, Miami, second. Distance, 36 feet 4 1/2 inches.

Pole Vault—Carlisle, Miami, first; Gregg, Miami, second. Height, 10 feet.

High Hurdles, 120 Yards—Clare, Kentucky, first; Munns, Miami, second. Time, :16 3-5.

Run of 880 Yards—Thornton, Kentucky, first; Schultz, Miami, second. Time, 2:05.

Dash of 220 Yards—Clare, Kentucky, first; Gregory, Miami, second. Time, :22 2-5.

Discus—Healer, Miami, first; Essig, Miami, second. Distance, 193 feet 7 inches.

Two-Mile Run—Porter, Kentucky, first; Clark, Kentucky, second. Time, 10:51 2-5.

Javelin—Hayden, Kentucky, first; Somdhl, Miami, second. Distance, 144 feet 11 inches.

WILDCATS WIN LOOSE GAME FROM COLONELS BEFORE LARGE CROWD

Both Teams Indulge In Track Practice Around The Base Line

M'KINNEY SHOWS FORM One Centre Pitcher is Knocked From Box

The Wildcats triumphed over Centre College Friday afternoon in one of the slowest and poorest played games on Stoll Field this season. Errors on each side were numerous and with poor plays that could not be counted in the error column considerably increased the score. With proper fielding the score should have been three to two in favor of the locals.

The game was a see-saw contest. The Wildcats assumed the lead in the first inning but were twice tied before finally winning out. In the first the locals scored three times on Carter's error, Gregg's sacrifice, doubles by Beam and Slomer, Ridgway's single and Bruner's wild throw on Brown's grounder. The Centre boys scored two in their half of the second with the aid of one lonely single, one hit batsman, a dropped third strike, a pair of stolen bases and Allen's pop hit to center. Kentucky came right back with another on Bedford's error, McKinney's sacrifice and a fumble by Bruner at short.

The Colonels tied in their half of the fourth. Mavor led off with a single after Bedford skied to Muth but was out stealing, Baugh to Gregg. Propps threw wild to Brown after a good stop of Bruner's grounder. Carter singled

KEYS AND THIRTEEN PLEDGE NEW MEMBERS

Honorary Sophomore and Junior Fraternities Select Their Successors

Keys and Mystic Thirteen, honorary Sophomore and Junior fraternities entertained with their annual joint dance in Buell Armory, Saturday night.

The hosts of the Keys fraternity were the active chapter members: Gilbert Smith, Harry Brailsford, Otis Jones, Bruce Fuller, Carl Lipe, and Ringo and Raymond Kirk, assisted by many alumni. The Keys pledge service was held at the time of the tenth no-break, and the pledges when chosen were presented with arm bands by the girls who were partners of the members of the active chapter. The pledges of Keys, who are chosen on their scholarship, activity and prominence in the University are, E. M. Heavrin, James Cammack, Dan Morse, George Rouse, Henry Campbell, Edward Byers, Coleman Hunter, Robert Glavonelli, Madison Cawein and John Riley.

The Mystic Thirteen hosts were the active chapter Ed Gregg, Donald Dinning, Silas Wilson, Walter Morris, Herman Becker, Lawrence Burnham, Burton Brewitt, George Oldham, M. T. Brooks, Robert Lavin and Warren Clare. The pledges which number thirteen were pledged at the thirteenth dance. They were selected in the same manner and were chosen with the same requirements as the pledges for Keys. The Thirteen pledges are Gilbert Smith, Sam Ridgeway, Ryan Ringo, Otis Jones, Scoggan Jones, Gerald Griffin, Carl Lipe, William Finn, Richard Hunter, Emmett Swisshelm, James Shouse, Harry Brailsford, Bowman Grand.

SENIOR FRATERNITIES WILL PLEDGE FRIDAY

Classes Will Be Dismissed During Fourth and Fifth Hours

Friday, April 29, will date the climax of the college career of a few envied Juniors, to be honored with membership in the Mortar Board and Lamp and Cross, senior honorary fraternities. Annual tap day held on campus in the presence of virtually the entire student body, is known traditionally as one of the most impressive events of the college year. The three year record of the Junior chosen takes into consideration scholarship, popularity and quality for leadership.

The members of the active chapter of Lamp and Cross, men's honorary society are Herndon Evans, Fred Houston-Shaw, George Zerfoss, Ernest Baulch, Larry Thompson, Earl Wallace, W. H. Thompson and R. E. Dealtry.

Mortar Board, until this year only local and known as Staff and Crown, numbers among its members Roberta Thornton, Lucille Moore, Katherine Christian, Claribel Kay, Lily Cromwell and Elizabeth Craft.

SPONSORS ARE ELECTED BY BATTALION MEMBERS

Eleven University Women Will Be Given Honorary Rank by Cadets

WILL WEAR UNIFORM

In compliment to the young women of the University, and as a means of obtaining better results in the military work at the University of Kentucky, the Department of Military Science and Tactics has instituted the novel plan of electing sponsors for the battalion. The election was held at the fifth hour Monday but as yet, the names of the winners have not been made public.

The sponsor of the battalion and of each company will be of the same rank as the officer in charge. For example, the girl elected as battalion sponsor will have the rank of major. The sponsors of the companies and platoons will have the same rank as the officer in charge and will wear the insignia of that office.

The purpose, of having the girls act as sponsors is in the main to create and stimulate interest among the men in the battalion and arouse enthusiasm in the military work among the girls in the University. A sponsor will be expected to be out with her company on field days, days of competitive drill and any other time that is necessary and convenient. She will also act as hostess at the hops and any other social functions the Military Department may arrange during the year. Although nothing definite has been decided upon in this connection, it is probable that a uniform similar to that worn by the women in service during the war will be provided for the girls, which they will wear on days of service or at any other time on the campus.

The girls who were elected yesterday will probably serve as sponsors until mid-semester of next year when a new election will take place. The election includes eleven sponsors and no girl who has less than a standing of one is eligible for election.

The plan as detailed has the approval of Dean Simrall and it is thought that it will be of a great help to the cadets, the Military Department and the University in general to have the eleven girls act as sponsors.

Charles Plank, graduate of the class of 1919, in the Department of Journalism, now on the staff of the "Free Press" of Detroit, was a visitor on the campus, Saturday and Monday, April 15 and 18.

DELEGATION OF STATE CITIZENS TO INSPECT OTHER UNIVERSITIES

Extension Committee Plans To Take Party on Tour Of Inspection

WILL AID LEGISLATURE

Visit Purdue, Ohio State, Wisconsin and Illinois

Plans are being made by the Extension Committee of the University to entertain a party of forty citizens, selected from various walks of life, who are interested in the promotion of education and especially in the promotion of the University throughout the State. They have been invited by the Committee to visit the grounds and buildings of the University and inspect the general physical equipment of the institution. This body of citizens is to be taken by special Pullman to four other universities notable: Purdue, Ohio State, University of Wisconsin, and University of Illinois.

It is believed by promoters of the trip a better understanding of the needs of the University and thus supply them with data when these various sections they represent will be called upon to make representation to the legislature for needed appropriations.

The plans for the coming of this delegation have not been completed but will be announced later in the Kernel and other papers. This is one of the comprehensive steps that those interested in the upbuilding of the University will take toward bringing its needs before the legislature in its forthcoming session.

It will be recalled that in a former report of the Board of Trustees, President McVey stated that 3,000 students are more would be seeking entrance into the University within the next few years and it is imperative that the university is to meet the demands upon it, that reconstruction plans and projects to get the money to carry them out be taken up now and prosecuted vigorously.

The invitation of this delegation of citizens to meet here and stud University problems comparatively with other institutions, is the most outstanding forward-going step along this line that has been taken to promote University welfare since the recent survey of the institution was taken which has resulted in wide spread benefit.

TRACK CONTEST WITH CINCINNATI WEDNESDAY

Ohio Team Strong In Distance Runs and Weight Events

The Wildcat track team will meet the team of the University of Cincinnati at Stoll Field at 3:30 Wednesday afternoon for their fourth meet of the season. The cats ran away with Miami in the running events at Oxford but lost out in the weights and jumps. They are training hard for Wednesday's activities, however, and expect to make their own and lost column balance despite the fact that Cincinnati has an unusually good team.

The Wildcats nosed out the Ohioans by one point in the track meet held at Cincinnati last year in one of the most fiercely contested field encounters ever witnessed. This year a good meet is expected and Coach Buchheit's tracksters are bringing themselves into shape in preparation for the approaching fray.

FRENCH PLAY GIVEN IN LITTLE THEATRE

The Romance Language Club gave a French play in the Little Theatre last Thursday afternoon, April 21, at 4 o'clock, called "Le Mariage a l'Amercaine." The performance was well attended by an appreciative and highly pleased group of students and patrons of the Little Theatre.

The scene of the action is in Paris, France, at the home of Paulette Darbois, a young French girl. Georges Blainville is in love with her, and he presses his suit successfully. These two parts are interpreted by Alleen Lemons and W. H. Peale, the latter displaying an especially well developed French pronunciation. W. C. Johnson as W. Martin Johnson the rash and impulsive American gave the play a very delightful humor. He comes as the ardent suitor of Paulette bringing with him a formidable rope which he intends to use as a means of self destruction if she refuses his love. Suicide is averted at the last moment by the receipt of a telegram. It announces the rescue of the American's former wife who he believed to have been drowned on the way over when she fell from the steamship. Jessie Fry Moore took the part of Rose, the pretty French maid. The play was given under the supervision of Miss Parrett.

Immediately after the performance the Woman's League entertained with a tea in the recreation room of White Hall. They were assisted by several young women of the University.

WILDCATS WIN
Continued From Page 1

to left and Bruner went to third. Carter went down to second and both counted on Allen's infield hit through the box. The Wildcats big round was in their half of the fourth. Propps singled to left. Gregg hit to Holland who hesitated and threw to second but Propps beat the throw. Beam singled sharply to right scoring Propps and sending Gregg to third. Moran relieved Holland on the mound. Brown greeted the new-comer with a hard smash to left garden for a pair of bags and Gregg came in. Slomer hit to Bedford and Beam scored. Carter bobbled Ridgeway's grounder and scored. Muth ended the inning by whiffing.

In the sixth the Colonels scored twice on four hits. Carter and Allen singled. Moran fled to Ridgeway. Murphy singled to short, filling the bases. Embry singled over third and Carter scored. Green hit to Brown who retired him at first. Allen came home on the play but when Murphy tried to score Brown threw him out at home. The Colonels tied the score in the seventh without a hit. Gregg erred on grounders by Bedford and Maver. Bruner sent a long fly to Muth and Bedford scored. Maver scored a moment later on a passed ball. Baugh scored the winning run in the Wildcat's half of the seventh when he doubled down the right field foul line and came home from second on a passed ball. Cooper went in for the locals in the eighth and retired the Colonels in one, two, three order.

S. I. A. A. HEAD SPEAKS
Continued From Page 1.

in college games, but the University of Kentucky is not under the least suspicion in any form of athletics that they have undertaken.

Dr. Phillips said that a member of the S. I. A. A. was not an individual, nor a member of the faculty but it was the entire college. As soon as athletics falls into the hands of a gambler it becomes commercialized; and as soon as it becomes commercialized it becomes professionalized, and professionalized athletics is a rotten game of gamblers.

The President of the Association said that a man who enters college because he is paid goes in to win just because the stakes are high, and he does not have the spirit and character that goes to make up a college. A man is bound by a code of honor and love for his Alma Mater and not because he has the selfish motive of winning in his heart. Every form of popular sport has been corrupted just because it fell into the hands of professional gamblers. The man who enters college paid for his work done in athletics, is worse than a "man without a country."

ANENT THE ATHLETIC CRISIS

The member institutions of the Southern Intercollegiate Athletic Association are indeed fortunate in having at this time, a critical moment in the history of the athletics, such a man as the Rev. Henry D. Phillips as its president. Without exaggeration college athletic activities as Mr. Phillips said in his address in chapel Friday, particularly football, are in danger of becoming commercialized. The inevitable accompaniment of commercialism is professionalism, as Doctor Phillips pointed out, and the game must be saved. This can be done only with the strongest kind of co-operation of association members and the work of the president in impressing them with their responsibility in the matter and spurring them to action is invaluable.

Certainly a glance at the history of racing, boxing, and baseball is sufficient to awake the college man to the danger approaching his game. The deplorable crookedness of baseball as exposed last summer is not at all an impossibility with football. With the slightest of footholds professional gamblers may easily crowd out honest followers of the game.

Present tendencies, unless soon checked, will become matters for genuine alarm on the part of those who want to see football remain the college man's game. The practice of using ringers, "mercenaries, hirelings, men without a country," is not wholly extinct. Those who make the schedules of college games are, at times, inclined to give too much ear to the size of gate receipts and too little ear to the limits of natural rivalry. There is almost always the "coterie of misdirected alumni" which insists that professional players be used to win at any cost. Such tendencies are to be watched with jealous eye by the lovers of the game.

In the final analysis, it is up to the student which kind of sport he prefers. The questions resolves itself into one of honest or dishonest sport. The honest student naturally will choose the honest game. No faculty, athletic council, athletic board, or insistent alumni can bring dishonest athletics into college without the consent of the students.

ALUMNI NOTES

CLASS OF 1916.
All graduates and members of the Class of 1916 are earnestly requested to arrange their affairs so as to allow nothing to interfere with their return to the University of Kentucky for their First Class Reunion, June 14, 1921. Watch the Kernel for further announcements.

1916 Five Eventful Years 1921
Committee: Lawrence J. Heyman, Virginia F. Anderson, Eugene Wilkerson.
Edwin J. Elmer is requested to notify Box No. 727, University of Kentucky of his whereabouts and whether he will be in Kentucky in June.
Miss Rebecca W. Smith will learn something to her advantage by inquiring of Box 727, care University of Kentucky.

J. W. O'Dell—there is an important paper for you. Address Box 727, University of Kentucky.

Class of '04.
Will H. Warder is a junior engineer with the U. S. Engineering Department at Fox Bluff, Tenn.

R. C. Butner is Supervisor of Inspection, Federal Bureau of Markets Chicago, Illinois. His territory includes Chicago and everything from Minneapolis to New Orleans and Houston, Texas to Denver, Colo. His wife was formerly Miss Elizabeth M. Hughes.

Class of '07.
Sam "Jack" J. Patrick, is now a prosperous oil man at Salyersville, Kentucky. He is president of the Commercial Club and Vice-President of the Oil Men's Association.

Class of '08.
C. R. Galloway is teaching in the Engineering Department of Idaho Agriculture College, Pocatello, Idaho.

Class of '12.
H. C. Galloway was a visitor at the University April 21. He is again employed with the Champion Fibre Co., Canton, N. C. He was with them before he entered the service in 1917 and has recently re-entered their employ.

Class of '13.
Paul Cooke is with the Mine and Smelter Supply Co., at Denver, Colo.

Class of '14.
J. W. Whitehouse is County Agent of Davies County. His address is County Farm Bureau, Owensboro.

Class of '15.
Roy Lavercombe is with the C. B. & Q. Railway Co., Chicago, Ill.

James V. Karrick is an assistant bridge engineer with the State Roads Department at Frankfort, Ky.

Class of '19.
David R. Dudley is an engineer with Hersh Brothers Co., at Allentown, Pa. Address Y. M. C. A., Allentown, Pa.
S. S. Elam, besides investing in oil property at Salyersville, Ky., is writing a history of Magoffin County and survey of the schools of the county.

Class of '20.
Morris Forman was appointed Assistant County Engineer of Cosworth County, Iowa.

Wellington Patrick a native of Magoffin county is on the Business Staff of the University and has an office in the Main Building.

N. P. Howard another native of Magoffin county who prospered in oil now resides at 903 E. Main St., Lexington, Ky.

APPOINTMENTS FOR NEXT YEAR

Some of the outstanding appointments for next year approved by the Board of Trustees of the University on April 6 are the appointment of J. S. Gardner as field agent in horticulture, and M. S. Garside as field agent in junior club work.

BENNETT CONTEST TO CLOSE THIS WEEK

Twenty Dollar Prize Awarded for Best Essay on Given Subjects

Students who are contemplating entering the contest for the Bennett Prize are reminded that the contest closes May 1, and that their manuscripts must be in the hands of President McVey on that date.

The contest, open to all students of the University, was founded by Mr. Bennett, of New York, who offered a prize of \$20 in gold for the best paper on some subject relating to the Origin and Development of Parliamentary Institutions.

Suggestions or advice may be secured from Dr. Edward Tuthill, head of the department of history, under whose supervision the contest is held.

PAY JUNIOR CLASS DUES NOW!

Sigma Xi Will Entertain In Honor of Prof. Ward

The Association of Sigma Xi members of the University of Kentucky will entertain with a dinner in honor of Professor Henry B. Ward of the University of Illinois on the evening of May 14. The affair will be in charge of the local executive committee, composed of Professor P. P. Boyd, Dr. C. A. Shull and Dr. W. D. Funkhouser.

Doctor Ward is an eminent zoologist and secretary of the Sigma Xi, national honorary scientific society. He will be the principle speaker at the meeting of the Kentucky Academy of Science, to be held at the University of Kentucky on May 14.

Sophomores Lead In Class Baseball League

By defeating the Juniors Thursday afternoon by the score of 6 to 2, the Sophomores assumed the lead in the class baseball league. The Sophomores have played three games, winning from the Juniors and Seniors and tying the Freshmen. The Freshmen are second in the race with a victory over the Juniors, 7 to 0, and a tie with the Sophomores to their credit. The Seniors have lost to the Sophomores and the Juniors have lost to both Sophomores and Freshmen.

Cornell Lends Snakes To Zoology Student

Mrs. Alberta Wilson Server, graduate student in the Department of Zoology, has received from Cornell University the Cornell collection of water-snakes for use in the preparation of her thesis. Mrs. Server is the first woman student in the University to major in her petology and to choose as her subject of a thesis a problem in the taxonomy of snakes. The Cornell material which is loaned for this work makes a valuable addition to the collection of reptiles available in the zoology department.

GEORGIA AND KENTUCKY WILL CROSS BATS NEXT

Bulldogs Will Make Appearance on Stoll Field Friday and Saturday

Coach Andy Gill's aggregation of pastimers are going to have to put forth a much better article of baseball than they have been exhibiting this spring when they meet the University of Georgia team on Stoll Field Friday and Saturday. The Friday game will be called at 3:30 and the Saturday game will be called at 2:30 p.m.

Dope does not favor the Wildcat baseball artists in this contest as it favored the Wildcats basketeers when they clashed with the Georgia team at Atlanta for the Southern honor. Georgia has been cleaning up in baseball this year, having defeated some of the best eastern college teams training in the South, and is reputed to have the best baseball team in her history. The Wildcats will have to "rally" instead of "dally" as they have done in the last three contests, if they expect to make it interesting for Georgia.

Cooper and McKinney will get a fling at the southerners, with Cooper probably on the hill Friday and McKinney Saturday. Cooper displayed a return to form in the two innings he pitched against Centre Friday and should make it hard for the Crackers.

The solid smacks garnered by the Wildcats Fridy are a good omen and if Cooper and McKinney pitch up to expectations and the others come through with some hits the mighty Georgians may get a fall.

NEW DORMITORY BEING CONSTRUCTED

The J. T. Jackson Lumber Co. is seemingly sparing no efforts to have the dormitory on Rost street, ready for occupancy by the time school opens in September.

The new dorm, which will be one of the most complete and up-to-date dormitories in the South, is the first of three to be constructed by the University as soon as funds are available. The foundation, a solid one of concrete, has already been completed and a good deal of brick-laying especially on the inside walls has been done.

The men at work on the building are not enjoying the usual half holiday customarily given to laborers but are plugging away to make every minute count.

Rooms in the new building will be free to ex-service men according to the provisions of an act to that effect passed by the State Legislature at its last session.

WILDCATS LOSE MEET

Continued From Page 1.

Low Hurdles, 220 Yards—Clare, Kentucky, first; Munns, Miami, second. Time, :26 3-5.

Running High Jump—Sparling, Miami, first; Wilhelm, Kentucky, second. Distance, 5 feet 6 inches.

Running Broad Jump—Davis, Miami, first; Snyder, Kentucky, second. Distance 22 feet 1-4 inch.

"Slave With Two Faces" In Little Theatre

"Slave With Two Faces," by Davits is the play to be given at 4 o'clock Thursday afternoon at the Little Theatre for the regular matinee tea program of the week. Miss Eleanor Morse, who has been prominent in University dramatic this year will take the part of Life in which she has two natures; one in which she is the slave of those who laugh at Life and the other in which she is mistress of those who dread and fear Life. Other parts are taken by Mary E. Hagan, the First Girl; Margaret Griffith, the Second Girl; J. C. Arnold, the Man; Katie Gatewood, the Woman; Frank Wedekemper, the Young Man and Elizabeth Yarbrough, the Workman. The faculty students and public generally are invited to enjoy the matinee and to remain for tea with members of the Woman's League who will be at home after the matinee in the League room.

BAND ACCOMPANIES BOOSTERS ON TRIP

"The booster trip was the biggest achievement that a city of 45,000 population has ever put across," said H. M. Hubbard of this city who made the trip with the Board of Commerce booster tour to Eastern Kentucky on Tuesday and Wednesday. Fourteen pieces of the University band accompanied the boosters on their tour and brought to the eastern part of the state, the spirit of the University. The band was the life of the trip, giving concerts at every stop, and kept the people in high spirits.

U. K. BUSINESS AGENT MARRIED SATURDAY

Wedding of Mr. Peak and Miss Ingles Solemnized in Danville

Miss Kate Ingels and Mr. D. H. Peak, both of Lexington were married at the home of the bride's aunt, Mrs. F. J. Cheek and the Rev. Mr. Cheek, in Danville at high noon, Saturday. The wedding was a quiet affair, with only the members of the two families witnessing the ceremony.

The home was beautifully decorated with spring flowers and plants, and the bride and bride-groom entered the drawing room together for the impressive ceremony, at which the Rev. F. J. Cheek officiated. After an extensive trip to Louisville, Memphis, Hot Springs and St. Louis, in which city Mr. Peak will attend the national convention of business agents of universities, Mr. and Mrs. Peak will return to Lexington to make their home.

The bride is clever and charming and has done exceptional work in educational and social service work, having been a member of the faculty of Lincoln School for several years and has also taken an active part in the supervision of the Civic League playground.

Mr. Peak, who for several years has been business agent at the University, is extremely popular and comes from a prominent Kentucky family.

What Makes the Firefly Glow?

YOU can hold a firefly in your hand; you can boil water with an electric lamp. Nature long ago evolved the "cold light." The firefly, according to Ives and Coblenz, radiates ninety-six percent light and only four percent heat. Man's best lamp radiates more than ninety percent heat.

An English physicist once said that if we knew the firefly's secret, a boy turning a crank could light up a whole street. Great as is the advance in lighting that has been made through research within the last twenty years, man wastes far too much energy in obtaining light.

This problem of the "cold light" cannot be solved merely by trying to improve existing power-generating machinery and existing lamps. We should still be burning candles if chemists and physicists had confined their researches to the improvement of materials and methods for making candles.

For these reasons, the Research Laboratories of the General Electric Company are not limited in the scope of their investigations. Research consists in framing questions of the right kind and in finding the answers, no matter where they may lead.

What makes the firefly glow? How does a firefly's light differ in color from that of an electric arc, and why? The answers to such questions may or may not be of practical value, but of this we may be sure—it is by dovetailing the results of "theoretical" investigations along many widely separated lines that we arrive at most of our modern "practical" discoveries.

What will be the light of the future? Will it be like that of the firefly or like that of the dial on a luminous watch? Will it be produced in a lamp at present undreamed of, or will it come from something resembling our present incandescent lamp? The answers to these questions will depend much more upon the results of research in pure science than upon strictly commercial research.

COLLEGE TRAINED WOMEN

OPPORTUNITY TO

Enjoy Delightful Summer of Travel

in high type educational work. Positions Paying

\$200 to \$400 A MONTH

We finance you. Excellent business training. Opportunity for permanent business connection. Positions open for summer will be filled in the order applications are received, with preference to women best qualified. Give age, education, experience in writing for particulars.

MR. HOOVER, 58 East Washington St., Chicago.
