

## Minutes of the University Faculty - February 13, 1942

would be expected to cooperate in this war program. It was the hope of the administration and the Faculty that the goal of the University might be accomplished by voluntary means, although it appeared not improbable that a plan involving deductions from salaries might be necessary or, perhaps, eventually required by the Government. The Faculty expressed its approval of the suggestion that this matter be referred to the Committee on Information.

President Donovan invited each member of the Faculty to send a representative of his staff to meetings whenever it was impossible for the member to be present. The next meeting of the Faculty of the University was scheduled for Friday, February 20.

MINUTES OF THE UNIVERSITY FACULTY  
March 6, 1942

The University Faculty met in the President's Office Friday, March 6, with President Donovan presiding. Those attending the meeting were Jesse E. Adams, Paul P. Boyd, Thomas P. Cooper, Alvin E. Evans, W. E. Freeman, Henry H. Hill, Frank D. Peterson, W. S. Taylor, and Edward Wiest.

The minutes of February 20 were read and approved.

The following recommendations from the College of Arts and Sciences regarding admission, degree requirements, classification, and student load were approved:

1. Admission

That the requirements for admission to the College of Arts and Sciences be the same as for admission to the University. The college, however, recommends strongly that the student present for admission two units of mathematics.

2. The Degrees of B.A. and B.S.

For the degree of Bachelor of Arts or the degree of Bachelor of Science, the student is required to gain a total of 192 quarter hours and 192 points; that is a standing of 1.0.

3. Requirements for the Lower Division (Freshman and Sophomore Year)

General Requirements:

Freshman Orientation, first and second quarters,  
freshman year, 2 quarter hours.

## Minutes of the University Faculty - March 6, 1942

English, 10 to 20 quarter hours (20 quarter hours required if only 3 units of entrance are presented).

General Hygiene, freshman or sophomore years, 2 quarter hours.

Physical Education, freshman and sophomore years, 6 quarter hours.

Military Science (men), freshman and sophomore years, 12 quarter hours.

Group Requirements:

Foreign Languages, 4 to 28 quarter hours  
2 quarters in one language, if 3 or more units of entrance are presented; 4 quarters in one language, if only 2 units; 5 quarters in one language, or 4 quarters in one language and 2 in another, if only 1 or no unit of entrance.

A student may take after any quarter of foreign language a departmental examination which, if passed, will fulfill this requirement.

Social Studies, at least 8 quarter hours in one department. (Economics, History, Political Science, or Sociology).

Mathematics, Philosophy, Psychology, at least 8 quarter hours in one department.

Physical Science, at least 8 quarter hours in one department. (Astronomy, Chemistry, Geology, and Physics).

Biological Sciences, at least 8 quarter hours in one department. (Bacteriology, Botany, Physiology, Zoology).

4. Requirements in the Upper Division (Junior and Senior Years)

Generically Related Fields

Sixty quarter hours in a Field of Concentration; 22 quarter hours of the 60 in a major department; a minimum of 6 quarter hours in the major department as a prerequisite for the major; 9 quarter hours in Education may be counted in the field requirement; in a combination course 30 quarter hours in the concentration field before transferring to the professional school; an undergraduate is limited to 18 quarter hours of independent work and must submit a formal report of each such course which report is to be filed with the head of the department concerned; electives in other colleges not to exceed 45 quarter hours.

5. Classification

## Minutes of the University Faculty - March 6, 1942

That a student to be classified as a sophomore or junior must have within 15 quarter hours of the normal number, and a standing of 1.0, and that a student to be classified as a senior must have sufficient credits to make it possible for him to graduate at the end of the succeeding summer quarter.

6. Student Loads

A regular student is required to carry, each quarter, work amounting to at least 12 quarter hours. A lower division student may carry without special permission a maximum of 16 quarter hours, exclusive of military science and physical education. An upper division student may carry without special permission a maximum of 17 quarter hours.

7. Residence Requirement - Same as in University Rules8. Degree of Bachelor of Science - Same as for A.B. except that student must gain at least 90 quarter hours in science.9. Other Changes consist in substitution of quarter hours for credits and quarter for semester.

## 10. The advanced course ROTC will meet 6 hours a week instead of 5. This change is necessary in order to meet the requirements of the War Department.

On recommendation of the College of Arts and Sciences, the Faculty approved the petition of Earl C. Fowler to have public speaking, 3 credits, substituted for one semester of economics and organic chemistry, 10 credits, for Biology group, 6 credits, required in the curriculum leading to the degree of B.S. Mr. Fowler had been working for the degree in industrial chemistry and had accumulated 147 credits, with a standing of 2.8. As he was entering military service immediately, he wished to have these substitutions made so that he could qualify for the degree of B.S., with a major in chemistry.

On recommendation of the College of Arts and Sciences and of the Department of Romance Languages, that Department was given permission to offer Romance Language 205 a,b,c,d and 206 a,b,c,d for three semester hours of credit each, during the current semester. These courses had been approved for four quarter hours each, under the assumption that they were not to be offered prior to the change to the quarter system.

The following recommendations of the College of Commerce were approved:

I. The College of Commerce recommends that 192 quarter hours be required for graduation under the General-Business Curriculum the Combined Commerce-Law course, and the Secretarial-Training Curriculum, and that 213 quarter hours be required under the Industrial-Administration Curriculum.

II. It is also recommended that a change in the requirements of the General Business Curriculum be made from "Elective in Advertising, Salesmanship or Sociology" to

"Elective in Advertising, Salesmanship or Marketing"  
"Elective from Social Science"

On recommendation of the College of Commerce, the Faculty voted that Mr. James Pence be adjudged to have completed the requirements for the degree of B.S. in Commerce with a course in Astronomy substituted for College Algebra, and Political Science 51b for Political Science 51a. All other requirements of the present curriculum not in affect at the time Mr. Pence was in the University were waived. Mr. Pence had attended the University from 1924 to 1928. He has a total of 133.3 credits, with the necessary standing. The degree is to be granted in June, 1942.

On recommendation of the College of Engineering, the Faculty approved the request of Mr. J. C. Greenwell to be allowed to graduate in June, 1942, with the degree of B.S. in Electrical Engineering. Mr. Greenwell left school in October, 1940, with 166 semester hours of work completed, with a standing of 1.5 and lacking only a three-hour course in Differential Equations to complete the requirements of his curriculum. This course was added as a requirement after Mr. Greenwell had reached the junior year. In granting the degree, the Faculty waived the requirement of the three-hour course in Differential Equations.

The Faculty approved a request from the Department of Athletics that the University Basketball team be allowed to participate in the N.C.A.A. Tournament, to be held in New Orleans March 19, 20, 21. The team will leave Lexington on the evening of March 18 and return either Sunday, March 22, or Monday, March 23.

Dean Hill reported to the Faculty that those divisions of the University under his administration had stated that they could arrange for a saving of approximately \$5,837 in the current budget.

Dean Hill stated that he was again ready to submit to the Faculty the Constitution of the Student Union and that it appeared important that this constitution be studied carefully. The Faculty voted that it should be mimeographed and distributed to the members for their consideration.

On request of the President, Mr. Peterson stated that he had had a detailed analysis made of the current budget for each college of the University through January 31. These prepared budget statements were distributed to the various deans and it was agreed that Mr. Peterson would meet with each dean at the convenience of both to study the budget statement, with a view to effecting all possible economies.

The Faculty heard a letter that had been addressed to President Donovan by Mr. Russell Patterson, President of the Student Government Association. This letter made reference to certain amendments that the Student Legislature had voted to the Constitution of that body, and requested the appointment of certain members of the Faculty to committees established under the proposed amendments. The Faculty discussed at some length the history of the students' efforts to revise the Constitution of the Association. It was pointed out that the rules of the University Faculty now in effect provide that any amendment to the Constitution of

## Minutes of the University Faculty - March 6, 1942

the Student Government Association must be approved by the Faculty of the University. President Donovan ruled that all Student Government Association Committees appointed last fall still legally represent the Student Government Association and will continue to do so until any amendments providing otherwise are approved by the Faculty of the University.

President Donovan suggested to the Deans that an effort might be made to obtain a census of their students, in order to learn the possible enrollment of the summer quarter.

March 20 was set for the next meeting of the Faculty.

Secretary

MINUTES OF THE UNIVERSITY FACULTY  
March 20, 1942

The University Faculty met in the President's Office Friday, March 20, with President Donovan presiding. Those attending were Jesse E. Adams, Paul P. Boyd, Alvin E. Evans, J. H. Graham, Henry H. Hill, L. J. Horlacher, W. S. Taylor, and Edward Wiest.

The minutes of March 6 were read and approved.

The constitution of the University of Kentucky Student Union was again presented to the Faculty by Dean Hill. After an amendment eliminating Section 3 of Article 3, and Section 2 of Article 6, the constitution was approved by the Faculty. In its amended form it is made a part of these minutes.

CONSTITUTION  
OF THE  
KENTUCKY STUDENT UNION

ARTICLE I      NAME

Section 1.      The name of this organization shall be the KENTUCKY STUDENT UNION of the University of Kentucky.

ARTICLE II     OBJECT

Section 1.      The object of the Kentucky Student Union of the University of Kentucky, as is stated in this, the constitution of the Union, is: To promote the interest of the University of Kentucky and its students.
