Dear Mother & Dolly

Received your
letter this morning very glad to hear
from you. But very sorry to hear
that you were homesick as we
are having such a nice quiet time
at least you would think so if
you was here tonight - and hear
fun and her crows. They are
certainly having a time. In order
to close your mouth I will send
you the price not that I want
you to come home Oh no just
send Dolly and you can stay
until Christmas Hope Ellie is feeling
better. Tell me your own judgment
