Dec 19th

E. W. Strawn

he was taken sick near
Nashville we were waiting
to be mustered out of service
and he was taken with vomiting
and was very sick and weak
for I remember carrying his
knapsack to the Depot at
Nashville Louisville Cincinnati
I was not acquainted with
Strawn before going into
service and have never
seen him since we were
mustered out until now
I never knew of him being
sick but that one time
