

J. P. Lockwood

Hospital Statement

I was first affected with varicose of right leg at hospital at Glasco K.Y. and at that place did not receive any treatment. The only treatment I have had for this disease was after my discharge and by Dr O. M. Beck of Freeburg Brown County Ohio I was treated for other diseases at Glasco K.Y. Tuscumbia Ala and at Nashville Tenn where I was discharged. These varicose veins were small at the time I was in the service but since my discharge they have become troublesome

Joe T. Muller  
claimant.
