

Addison June 24<sup>th</sup> 1868.

Esteemed Friend,

Your letter was received a week ago to day. Thought I would try and answer it as I am staying home from church. The Boy and Family have gone to day. There has been meetings since last Monday evening up East. every afternoon and eve and they are a doing a good deal of good (hope they will continue to do so.) a man by the name of Burnham has been the speaker, a man that awakes the ideas of the People. very much wish S & R could have been here to attended the meetings but there is good meeting there if they will go to them.
