### DEMOCRATIC WOMEN, ATTENTION!

A new and dependable medium of information through which you can secure facts and worth-while expressions of opinion regarding vital issues confronting the Nation and the Democratic Party is made available to you today by the Democratic Women's Luncheon Club, of Philadelphia.

The Club's program of monthly addresses on big issues by men and women of National prominence has been so highly praised, and proved of such great interest to all concerned with the future of the Democratic Party, that the sponsors of the organization have responded to a demand for a wider dissemination of the speeches by issuing them in pamphlet form.

The speeches which have already been delivered include:

1. "What Woman Can Do in Politics," by Mrs. Emily Newall Blair, resident National Democratic Committee Woman, Washington, D. C.
2. "The Principles of the Democratic Party," by The Hon. Norman H. Davis, Under-Secretary of State for President Wilson.
3. "The Future Mission of the Democratic Party in the Light of Past History," by William E. Dodd, Professor of American History, University of Chicago, and Author of "Woodrow Wilson and His Work."
4. "The Tariff," by Congressman James N. Collier, of Mississippi.
5. "The Principles of the League of Nations," by Raymond D. Fosdick, League of National Bureau, New York.
6. "The League of Nations," by Phillip Hicks, Professor of History, Swarthmore College.
7. "The League of Nations Eventually—Why Not Now?" by The Hon. George W. Norris, Governor of the Federal Reserve Bank, Philadelphia.

Other subjects scheduled for discussion in their relation to Democratic principles include "Taxes," "Civil Service," "Economics," "Agriculture," "Foreign Relations" and "Welfare" and at every luncheon there will be an address on the aims, principles and achievements of The League of Nations by men who have been in close touch with the workings of the League.

Speakers who have accepted the Club's invitation to make addresses are Senator Glass, Virginia, former secretary of the Treasury; Senator Ellison D. Smith, South Carolina; Senator Caraway, of Arkansas; Congressman Edward Keating, of Colorado; Miss Sarah Wambaugh, of Cambridge, Mass., for two years with the Secretariat at Geneva; Dr. Manley O. Hudson, of the Harvard Law School, and others.

The addresses already delivered and those which are to follow may be secured by becoming a Subscribing Member of the Democratic Women's Luncheon Club at the nominal subscription of \$1.00 a year. (Extra copies of any particular speech may also be had for 10 cents each.)

The Executive Committee of the Club believes that this plan will prove highly interesting and of great value to Women of the Democratic Party throughout the land, and suggests its presentation before clubs and in committees wherever possible.

Tell your friends about it, and send in your subscription on the attached blank:

Wisconsin Woman Suffrage Association.

Incorporated 1887.

Janisville  
Platteville, Wis., Nov. 18, 1904

Whereas - Our suffrage societies both state and national are composed of men and women of varied opinions on questions of temperance, taxation, labor and other reforms, and they have joined the society from interest in woman's enfranchisement alone.

Therefore - Resolved - That no committee, body of officers, or convention has any right to commit these men and women to any other principle or any other controversy by an alliance with other organizations and we therefore protest against the use of the union label on the stationery of the national society, feeling that such use of label commits us to a controversy from which nothing is gained and which we are powerless to influence until we are ourselves enfranchised.

Our woman suffragists are looking forward to the elevation of all classes of people, to a better administration of justice, and we draw our support from all classes - Therefore

Resolved - That we cannot afford, and do not  
need to identify ourselves with other reforms, or to  
adopt any sign, symbol, or pass-word, which represents  
any body of people engaged in any other reform.  
Resolved - That we send a copy of these resolutions  
to the National Association through its  
secretary.
