18 in Extension to lose their jobs in restructuring

By Brian Bennett Senior Staff Writer

Eighteen employees in the University Extension program will lose their jobs July 1, although administrators say they are committed to finding new positions for those to be laid off.

"My background is in higher edu-Ny background is in nigher eaction... so I know how these things work," she said. "Still, I'm very disappointed this had to happen with a good department."

The 18 employees have been promised hiring priority for other jobs in the University. But the cur-

I'm very heartbroken. We've worked hard for this program. But I understand the University's position

trators say they are commuted to finding new positions for those to the laid off.

As part of the Universitywide realignment and restructuring plan to handle recent budget cuts, University Extension will be divided intorcedit and non-credit programs, the latter of which will be transferred to Lexington Community College.

Along with the transfer, 18 positions in non-credit programs, will be climinated. The 18 who will lose their jobs were informed last veek by letter, said Philip Greasley, dean of University Extension.

The majority of the jobs to be lost will come from the community education department of University Extension. The majority of the jobs to be lost will come from the community education department of University Extension. The majority of the jobs to be lost will come from the community education department of University extension, Greasley said it may take some ime to locate positions for the employees, including Adrienne McMahan, the will be the UK Downtown Training Center, which will lose all four full-time employees, including Adrienne McMahan, who has been with the program. But I understand the University's position and its reasons for the decision.

"My background is in higher education where the program is transferred when the program i "Individual jobs across the University are opening all the time," he
said. "I hope all of these people
have found suitable employment by
luly 1. But I don't expect everyone
to leave here June 30 and have a
different job July 1."
Wethington said UK will do its
best to find new jobs for the employees and that jobs may be created when the program is transferred
under LCC. He said Chancellor for
the Lexington Campus Robert Hemenway would work out the details. Hemenway could not be
reached for commenn last night.
The eliminations in University

The eliminations in University Extension follow last semester's decision to eliminate eight posi-tions in UK's Design and Construc-

African students witness racial tension at UK

It started at a funeral.

UK student Alex Mutonyi said one of his biggest lessons about back life in America came while he attended a funeral last year.

"There was a small girl," the Kenyan said. He smiled at the girl, who was white, and she backed away, holding onto her mother. "You could see the fright in the eyes of the child," he said.

After he spoke in his accented voice, the woman made a motion to her daughter as if to say, "It's all right. He's OK."

The message was subtle but clear

The message was subtle but clear and, according to Mutonyi and oth-er black African students, very typi-

Until they realize he's not an American.
Then, he said, their attitude changes. They seem to think, "He's black, but since he's not from here, it's all right."
Mutonyi, a finance senior, said he frequently is mistaken for an American and said that sometimes he's not sure how to interpret Americans' reactions to him when they seem uncomfortable. "Is it because I'm international? Is it because I'm international? Is it because I'm black?"

Nelson Massone, a political science doctoral student, reported similar treatment. "There's always been an ambiguity in the way I've been treated." he said. "That's one of the odd things I've often noticed."

He said when American black learn he is African, "some people are excited to talk to you, to see you, some could care less."

Massone, a West African, said the behavior of Americans - black and white - toward him and each other is different for him because "the social tensions of this country have nothing to do with me."

In his native Gabon, "racial tensions exist," but within a much different context. He said people in Gabon are not even identified by color. "There is no such thing in our terminology as black or white," as a reference to people, he said.

Student seeks seat on **Urban County Council**

By Lori Coleman

Staff Writer

Education and experience are the qualities UK student Wayne Mulberry says he is counting upon to set him apart from the crowd as he campaigns for a seat on the Lexing-on-Fayette Urban County Council.

Mulberry, who is working toward a master's in business administration, said his business experience, combined with his more recent graduate studies, give him an advantage against other candidates for the position of council member for the 12th district.

"I feel like my 30 years business

iro the 12th district.
"I feel like my 30 years business background, where I was exposed to constant decisions, cost and busgeary matters and the judgment I used during that time will give me an advantage in the day-to-day workings of the council," he said.

A newcomer to politics, Mulber-

A newcomer to politics, Mulberry, 51, admits there are some things he must learn.

know that, but my purpose is to be available for community service," he said.

Mulberry said he believes the council members' primary responsibilities are to vote on issues com-cerning zoning and budgetary matters.

"I have the educational background, current and past, that avails me the most modern and up-to-date technology," he said. "I have a strong interest in listening to and communicating with the residents of my district to insure that I am working for and listening to them."

Mulberry began working on his

ing from place to place throughout his career.

Mulberry said UK is an important component of his campaign.

May.

He held several positions at IBM, one of which was regional manager for the Northwest District in Seat-tle. He started his career with IBM UK plays in the welfare of Lexington, his hometown, travel-

He said he has been campaigning door-to-door. Mulberry said meeting the members of the 12th district is his primary goal throughout the campaign.

Mulberry's wife Greta also is a student, majoring in nursing. They have four children.

their education next year.

The student body presidents of the eight state universities will make a final push against a tuition increase by presenting petitions and delivering a speech at the meeting, which is expected to begin around 11 a.m. at Kentucky State University in Frankfort, Ky.

The state Council on Higher Education will decide today how much more students will pay for their education next year.

*Option one would keep the rates already approved for the 1993-94 school year, which would mean about a \$40 increase per se-mester at UK.

Option two would allow the council to set tuition annually instead of biennially. Under option two, tuition would rise \$100 per semester at UK for 1993-94.

.Option three calls for tuition to

The presidents of the eight state universities endorsed option two at the end of the council's November meeting. The council held three public forums and a statewide callin show last month to get the input of students and their families.

Despite near unanimity of stu-dents at the forums against tuition increases, top council officials re-peatedly have indicated that option two would be approved.

The student body presidents tried to continue the lobbying effort after the forums by sending a letter to the council stating their support of option one.

NEW YORK — Arthur Ashe was alert and full of questions in his final hours, and he reassured his doctor by making the OK hand sign shortly before his death from AIDS-related pneumonia, the physician said yesterday.

Saturday and asked questions about things such as who the next U.S. attorney general might be.

Former tennis star Ashe dies of AIDS-related pneumonia

cian said yesterday.

Dr. Henry W. Murray and lawyer
Donald Dell, a longtime friend of
Ashe's, held an emotional news
conference at New York Hospital
where the tennis legend died Saturday at age 49.

"He used to say, 'Don't feel sorry

"He sident Clinton mourned the
death of Ashe, the only black man
to win at Wimbledon and the U.S.

"It ask that we stop for a moment
of silence here to remember an extractionary human being who transended his sport, his race, religion
and nationality and in his own way
held to change the world, 'Navratiova said. "We will always remember you, Arthur."

"It was thanks to him that I could have a career in tennis," said Frenchman Yannick Noah, who's black. "It was him who, when I was young, gave me the dream."

Ashe announced that he had AIDS last April at a news confer-ence prompted by a newspaper's planned story exposing his condi-

UK sociologist wins national award for book on Klan women

UN SOCIOLOGISTS WINS INSTITUTATE AWART for book on Klan women

"Women of the Klan: Racism and Gender in the 1920s," a book written by UK sociologist Kathleen Blee, recently was named the Oustanding Book on the Subject of Human Rights in the United States by the Gustavas Myers Center for the Study of Human Rights.

The center each year offers awards for scholarship on the subject of tolerance in the United States.

Blee's book, also nominated for a Pulitzer Prize last year, is the first in-depth study of the role of women in the Ku Klux Klan during the first part of the 20th century.

She said women played a large role in the Klan, especially in states like Indiana and Oklahoma where the Klan was most powerful during the 1920s. Many women Klan members activated boycotts against black, Catholic- and Jewish-owned businesses.

"I found some surprising things," Blee said. "A lot of women in the Klan were supporters of women's suffrage. This was mainly because they wanted to increase the voting power of white women, to counteract the voting power of back men.

I shows how movements can be progressive and reactionary at the same time."

Blee has been a UK faculty member since 1981.

UK bronchitis/pneumonia research needs volunteers

UK is looking for adults age 18 and older to participate in clinical trials of the effectiveness of medication in treating bronchitis and walking pneumonia.

Vanheters will receive free medical examinations, chest X-rays, free antibiotic treatments and follow-up care. Every participant in the study will receive an antibiotic; no placebos will be given. Participants must have one or more of the following symptoms: fever, cough, headache, hoarseness or flulkes symptoms, and must be willing the complete a 10-day series of antibiotics.

Dr. Richard Greenberg, associate professor of medicine, will conduct the investigations. He said pneumonia often begins with mild symptoms that may become serious if left untreated.

Those interested in being volunteers should contact the department of infectious diseases at 257-5467.

Army ROTC scholarships available Two and three-year scholarships worth up to about \$9,000 annually are available from the Army ROTC to udents with at least a 2.5 grade-point average. The scholarships are available to almost all academic ma-

jors.

This is a national competition with no limit to the number of scholarships won at each college or universi-

. Applications will be accepted through next Monday and may be picked up at the Army ROTC Departent at 101 Barker Hall.

AAUP to hold meeting Tuesday

The American Association of University Professors will hold a meeting for assistant and associate faculty members Tuesday at 3:30 p.m. in 245 Student Center.

At the meeting, there will be a panel discussion of the steps and procedures that faculty need to know about before the promotion review year.

Topics will include dossier requirements, sources of information about promotion criteria, kinds of records to keep and avenues of appeal. The panel is made up of senior faculty who have served on area committees.

McCloskey says Guard's C-130 crash will lead to more access to information

EVANSVILLE, Ind. — The fatal crash of a Kentucky Air National Guard C-130 transport plane last year is expected to result in new rules broadening access to information on white properties of the control of the contro

interest of the control of the contr

year's defense bill.

McCloskey, a member of the
House Armed Services Committee,
said he was concerned family members of the 16 people who died in
the Feb. 6, 1992, crash would not
find out the true cause.

McCloskey, a member of the House Armed Services Committee, aid he was concerned family members of the 16 people who died in the Feb. 6, 1992, crash would not find out the true cause.

The new regulations will "basically mean that about all information that was not of a legitimately of the confidential safety report on the

classified nature would be released to the public," McCloskey told the Evansville Courier.

While the defense bill with McCloskey's section was signed into law Oct. 7, the Pentagon has 180 days to write the regulations needed to satisfy the law, McCloskey said.

The military currently generates two reports after crashes — a public accident report and a safety report. The law also would still allowed the military to withhold information which could "compromise active reports after crashes — a public accident report and a safety report. The safety report, which includes opinions on the accident's cause, is not released to the public.

Air Force investigators eventual.

However, the law also would require military officials other than those conducting the investigation to determine what goes into the public report.

The law also would stipulate that public statements of causes or factors leading to the accident can't be used as evidence in lawsuits against the government and aren't considered an admission of guilt.

The Kentucky Gallery of Fine Crafts & Art opened a New Mem-bers Exhibit of mixed media on Thursday, featuring the work of nine artists from Kentucky and Ohio.

The exhibit contained a wide

The exhibit contained a wide variety of materials: clay sculp-ture, fiber art, oil paintings and vine sculpture. The vine sculpture pieces by Debra L. Hille were original, consisting of dried vines that look like twigs wrapped into different shapes. Animal bones, feathers and weathered wood were also incorporated into the vines.

were also incorporated into the vines.

Hille said she began working with natural materials like vines because "I live in the woods, (and) I wanted to find something that I could do at home in my own studio." She collects materials like bones and feathers in the woods near her home in Berea, Ky.

woods near her home in Berea, Ky,
Another reason Hille said she uses organic materials is because she feels strongly about protecting the environment.

"I really believe in reusing and recycling," she said.
Hille tittled her studio "Earth Spirit Studio" in honor of the natural spirit of her work. She said hopes people will learn respect for the earth through her work and will "help to heal it instead of harm it."

and will "help to heal it instead of harm it."

In contrast, Teresa Keam's work serves a lighter purpose. Keam's cermine plates are decorated with whimskeal, humorous designs. One plate depicts two blue dogs leaping over each other while milkshakes roller skare along the edges. Keam said her goal as an artist is to "take the everyday functional things people use and try to bring a little life to it, a little fun." Kearn did not always want to be an artist. "I grew up wanting to be an archaeologist, then I ended up being an artist. I decided I wanted to make the artifacts rath-

English pretty boys not too bad

By John Abbott

I was ready to be disappointed. There they were on the cover. Four English pretty boys who had picked up instruments and made the horrible mistake of thinking they had actual musical talent. I'd seen (and hated) dozens of similar "musicians" before.

They have a reasonably catchy song making the rounds on latenight MTV. So whar? All that proved was that they'd accidently stumbled upon a decent hook and managed to build a song around it. Plenty of other bands have had similar luck before: They're called one-hit wonders.

nar nick before: Iney re caned one-hit wonders.
Did I just describe Starclub?
No, not really. Though Starclub is less likely to be an integral part of music history than EMF is, it's an amusing bunch of guys with the potential to be a terrific singles band

Music Review

genuine talent in there somewhere. Just a grain, but plenty of bands have gone pretty far with less.

Starclub's guitarist has an amazing knack for writing really sweet pop hooks. The opening cut. "Hard To Get" (the aforementioned "reasonably catchy song"), is a pleasant doe to the lazy joys of Friday powered by one of these riffs.

"Bad Machine," despite being saddled with dumb lyrics, has another one of those sweet hooks, and mice guitar work can make you for

nice guitar work can make you for-give an awful lot.

If Starclub would content itself to

If Starclub would content itself to writing more nice, mid-tempo three-and-a-half minute pop treats — a style that the above two songs prove these guys are suited for — this album would be great. Instead, in an attempt to write long, emotional epics, Starclub also turns out "World Keeps Turning" and "The Question," which at Immediate the properties of minutes, respectively, are more than six minutes and more than five

These songs give the head-barely-above-the-water rhythm sec-tion much too much to do, and the mediocre lyricists seem better suit-ed to writing about pretty women and good parties, not heady cosmic concepts. Know your limitations,

guys.
Vocalist Owen Vyse's light-weight pipes are pleasant enough, but about as forceful as a lump of moist dirt.

moist dir.

He does try to snuggle up to the microphone and act all seductive and sensual on "Let Your Hair Down," but ends up sounding like a real weenie. I can't see any woman with a functional sense of hearing being seduced by this. (If you think you would, give me a call because I think I can do a pretty good impression of it).

A guy like Nirvana's Kurt Co-bain owns a yowl that can make you stand up and pay attention, but Vyse's crooning just doesn't stick. That's fine for a breezy pop band like Starclub, perhaps even an as-

set.

This isn't a brilliant album by any stretch: Even so, I'm optimistic album by the future. of this generally unpretentious band blessed with a good guitar player. A few years, down the road, Starclub is going to start producing some fine albums.

All we have to do is wait.

Metallica show delivers justice for all

James Hetrield, Lars Uritch, Kirk Hammett and Jason Newsted have found the secret to entertainment.

"Don't worry about the critics.

"Don't worry about the critics.

"Most importantly, have fun. Metallica certainly does have fun, and it shows. In fact, it spreads—into the crowd, into the "snake pit," even into the line waiting to get in. The anticipation for Friday night's Metallica concert was so great, fans couldn't wait any longer to yell and scream for their favorite band. Dressed in black T-shirts, black jeans and black shoes, the crowd and band alike released enormous amounts of energy. The key; the in-

said.

Although the coaches agreed UK's defense was key to the win, the similarities stopped there.

"I was very concerned about of number of things tonight which I cannot comment about," Pitino said, referring to the SEC's rule prohibiting coaches from criticizing the officials. "I think Jamal Mashbum was getting beat pretty good. If you're going to call (thand-checking), call it. But I'd like to see it at both ends of the floor.

"If you want to call a block, call

it at both ends of the floor.

"If you want to call a block, call it. But call it before the people go home and get a beer," Pitino said.
"That's a joke commissioner, you don't fine me for that one."
For the game, Vanderbilt made 25-of-37 free throws, while the Cats shot only 6 of 14.
Fogler said he thought the differential was because of the style of play. Vanderbilt slashes to the goal, while UK fires up the three.
UK was whistled for 21 fouls to Vandy's 16. Pitino credited this, in

ABOVE: UK's Rodney Dent and Vanderbilt's Chris Lawson tangle as Dent tries to force a layup during UK's win over the Commodores Saturday. BELOW: Dan Hall (41) engages Gimel Martinez under the basket. Vanderbilt spent most of the game trying to go inside and getting fouled. The Commodores went to the line 37 times Saturday.

part, to good acting on the part of the Commodore players.

"(Ronnie) McMahan is great at (getting the foul called). I'd like to teach that if I could."

Brown, who added 13, saw the foul calling from the same view-point. "They're good at flopping. I

Things like Saturday's game just happen for these Cats

You lose to UK

It happens. You lose at Rupp Arena.

You lose at Rupp Arena. It happens. But you commit just 13 tumo-yers, outrebound the Wildcats 47-37, shoot 23 more free throws (accounting for 19 more points) and you still manage to lose by 15? What happened? "Every time we seemed to make a run," Vanderbilt coach Eddie Fogler blurted incredulously, "they'd make a three," Yes, but ...

Yes, but ...
"Of course, (Junior) Braddy comes in, goes 3 of 4."

Of course, but ...
"You look at those stats and say,
'How the heck can that happen?' It

E

Kernel Columnist

Yes, well.

(Fogler conveniently forgot to mention that UK held his team to a 32.8 shooting percentage and 5 of 21 inside the paint. We'll forgive him this once.)

For opposing coaches, defeating these pesky UK Wildcats has become an increasingly futile task come to that come an increasing some serious side effects, including irrational behavior.

See SONKA, Page 5

One coach whose team took a pounding by the Wildcats was relegated to a supine position on the Rupp Arena floor during a game (Moorehead State's Dick Fick). Another followed bitter defeat by barring the media from his team's locker room (Indiana's Bobby Knight). And Fogler, a man of unquestionable morals and staunch character, was so flustered after his team's loss the began quizzing reporters about the newly signed family-leave bill.

Yes, it has come to that.

Tennessee knocks out Lady Kats early, rolls to easy victory

By Lance Williams Staff Writer

KNOXVILLE, Tenn. — There was a boxing match in Thompson-Boling Arena Saturday afternoon disguised as a women's basketball

disguised as a women's baskethall game.

No. 1 Tennessee played the part of the champion, dealing a quick and deadly knockout combination to the No. 25 Lady Kats, 85-61.

The combination? Skin-right defense and players on the inside who snatched rebounds like they were \$1,000 bills.

In the first half, the Lady Volunteers forced 18 UK turnovers, many of them coming from the strong defensive play of UT junior forward Nikki McCray.

"Nikki se very quick. She's got very quick hands, and they are always moving ... She's just a great defensive player and never quits

part of her 13 for the game.

At the end of the streak, the Lady Kast trailed 33-9 with three minutes left in the first half.

"I think they caught us today with a lot of intensity." UT coach Parl Summits aid. "I thought our defensive pressure allowed us to get some easy opportunities in the first half....! think they're a much beiter team than the score indicates."

To take a 45-20 halftime lead.

In the first half, "Ennessee outre-founded WE 27-19, including a 12-5 edge in offensive rebounding a 12-5 edge in offensive rebounding a 12-5 edge in offensive rebounding."

Fannine said "Lady Kast ried"

Dallas fans just another group of wagoneers

Matt Darling Kernel Columnist

There is, in this world and on this campus, a group of people who are slowly infesting one of this nation's most popular, and to some citizens most sacred, institutions: professional sports.

These people make up what seems to be nearly three-quarters of the student population of UK, and until the enormity of their exploits is realized, they will continue to multiply at an extremely disturbing

agon jumping" as I call it.

The perpetrator is the person who, in an act of desperation stem-ming from unparalleled insecurity, finds the need to become a "lifelong fan" of which ever team happens to win the World Series, Super Bowl, Stanley Cup or NBA finals.

These people are everywhere on campus and are extremely difficult to locate because of their extensive wardrobes consisting of jackets, shirts and hats of about 57 different

At present, most of these people are wearing Dallas Cowboys paraphermalia, while the rest are sporting their Toronto Blue Jays baseball hats until the stores can recover from Monday's rush on Dallas apparel.

If you are, as I am, concerned and frustrated by these people, take heart in what follows, for I have a

It should be the law that a fan should, on his or her 16th birthday, be forced to select one team from each of the professional sports leagues as his or her favorite team for that particular sport.

This information could be included on the back of a person's driver's license or identification card to ensure the mouthy kid with Chicago Bulls hat really is a Bulls fan.

If he is not, he should be shot. This may seem like a rather extreme consequence, but only through drastic measures can we be certain that there really are 20,000 Dallas Cowboys fans at UK this

If this plan seems unreasonable to some readers (and you know who you are — don't try to hide that Penguins shirt). It is only because they have made such a good living from their lifelong ride on those proverbial sports fans' bandwagons.

Besides, a person would be al-lowed to change teams with each new issuing of a driver's license; but such a law would eliminate the problem of the yearly changes in al-legiance that coincidentally happen the same year a person's new favor-ite team wins a championship.

And what to do about those youngsters in the third grade who wish to change teams every season? Well, it is a third-grade mentality that brings about the problem, so let the third graders continue to do it.

It is the college juniors who should develop enough of a sense of self-worth to stick with one

But I try not to be discouraged because there is still a way to dis-credit that imposter of a Dallas "fan" who says, "I've been a Dallas fan since Roger Staubach was quar-terback and Danny White was the

Simply ask, "But what about Gary Hogeboom?"

When they ask you how to spell his name or stammer something about "not having been born yet when he was there," you will know that you are dealing with an Atlanta Falcons fan.

Georgia hits five perfect 10s in toppling No. 18 Gym Cats

In gymnastics, five perfect 10s nd four 9.9s are tough to beat.

Imagine a Georgia team littered with labels of "former Olympian" and "All-American." The Bulldogs are all of that and even tougher. Just ask UK Gym Cats coach Leah Little.

tle.
"They're unbeatable." she said.
"We just don't have the depth."
No. 2 Georgin, led by senior
Heather Stepp's NCAA record
score of 39.8 in the all-around,
dominated No. 18 UK Saturday
night 195.95-190.6. The Bulldogs
averaged a score of 9.7 per routine,
while UK averaged 9.06.

while UK averaged 9,06.

UK standout Jenny Hansen had another solid performance. Hansen tied the school record on the balance beam with a score of 98. The freshman also bettered her school record in the all-around with a 39.5 and now holds or shares every school record — in only five meets

at UK.

Stepp added to her already large resumé with the NCAA record. Last year, she was NCAA vault champion, NCAA all-around runner-up, an All-American and the Southeastern Conference all-around champion. She also was a member of the 1988 U.S. Olympic team.

Georgia coach Suzanne Yoculan was impressed with her team's performances but insisted that there is always room for improvement.

"Basically, there were so many

always room for improvement.

"Basically, there were so many highs, it is hard to think about the lows," she said.

One Bulldog credited the team's take-risks attitude for its success.

"Our gymnastics team is not too laid back," Georgia sophomore Agina Simpkins said. "We go for the difficult routines."

Simpkins second the first 10 of

the difficult routines."

Simpkins scored the first 10 of her career in the meet on a vault.

"It was a shock because I usually take a step on my landing," she said. "I was either gonna land on my butt or I was gonna sick it."

Stick it she did. The first 10 of

the match propelled Georgia into a scoring frenzy as it blew out UK. The outbreak of perfect scores is from hard work and difficult rou-tines, junior Hope Spivey-Sheeley said

tines, junior Hope Spivey-Sheeley said.

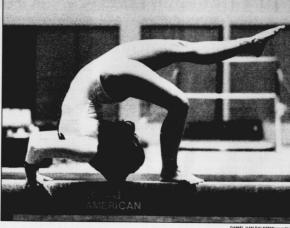

"We really wanted to (score 10s) in the past," she said. "We just pulled it together."

Yoculan's team was just too much for UK. "We have the talent, the skill and the ability," she said. Notes:

Hansen impressed Yoculan with her performances. "Her confidence level reminds me a lot of Heather stepp," she said. "That's where we were five or six years ago. That type of athletes will attract others."

Little echoed the Georgia coach's comments. "We needed the one big kid to take a chance on our program," she said. "She's like a urrbocharger in our motor. Georgia has two or three of them."

-UK's Gina Hatterick is nursing an ailing foot that has hindered her performance. "She's got to stay off it, so she can't practice that much."

The Gym Cats' Tamae Freeman performs on the balance beam during Saturday's loss to the second-ranked Georgia Bulldogs at Memorial Coliseum.

Sonka

More than 300 receive 'A Touch of Africa' at weekend event

More than 300 people lined up for cous cous, pilau, chapati and other African dishes Saturday night as part of a celebration sponsored

The program, "A Touch of Afri-ca," featured African dances and a fashion show, in addition to the cooking. Lines for the food proved so long that the dance and fashion show kept being pushed back so everyone could finish their meals.

At one point, one of the pro-gram's presenters joked about the delays. Punctuality, she said, "is not

The fashion show was divided into segments highlighting formal and informal attire for adults and children. The dances, food and clothes were selected to represent the cultures from various countries and regions of Africa.

Spanish sophomore Abbey Pof-

a problem, and she enjoyed the evening. "It was very entertaining," she said. "I definitely learned a lot about the culture."

Vinit Kutty, an electrical engi-neering freshman from Zambia, said he learned some from the pres-entations, as well. "It was very in-formative, even for me."

Kutty said the organizers did a good job of presenting the cultural diversity of Africa. "People usually think of Africa as one country with one culture," which he said is a misconception. "You have the West Africans, the South Africans, the North Africans," each with their own cultural distinctions.

African Statem American.

African Student Association pres-

ident William Hare said the idea was to give people a chance to view aspects of African culture firsthand, by experiencing the clothes, cus-toms and food, rather than watching them on a film or listening to some-one talk about them.

"This is a cultural show," he said.
"We're, in our own way, trying to
present our culture."

Layoff

Continued from Page 1

continued from Page 1 tion Division. Wethington said any possible future eliminations are spelled out in the restructuring plan, which was released at the Jan. 19 Board of Trustees meeting.

"The decisions in the restructur-

ing plan refer to what's currently happening in University Exten-sion," he said. "What is to happen is reflected in our decisions as stated in the report."

The splitting of University Exten-sion into credit and non-credit pro-grams was in the report. The plan said two associate dean positions would be eliminated but didn't say

anything else about hayotis.

The realignment and restructuring process was forced by budget cuts of more than \$26 million since fall 1991 and the possibility of a further 2 percent cut later this year.

Greasley said he has met with the employees who will lose their jobs and their reactions have been typically.

anything else about layoffs.

of a position they've worked in for a long time and worked hard at, there's always going to be some sadness and frustration."

Continued from Page 1

William Hare, president of UK's
African Student Association, said
that the term is unfamiliar to him
culturally and doesn't carry the
same weight it does for American
blacks. "Because I didn't grow up
in a setting where (the word) was
derogatory, it doesn't have the same
effoct," he said. "In never heard it
until I came here.

"I have no rage, In fact, I have
sympathy" when he hears someone
use that word, he said.
Mutonyi similarly said, "The
word 'nigger'. ... I found it here."
And if he hears someone use it, he
will "just look at the person with
pity."

Tuition

Continued from Page 1

The letter, received last week by the council, stated the presidents' concern about how an increase would affect accessibility, especially for non-traditional students. The presidents also wrote that a tuition hike shouldn't be used to atone for recent budget cuts at state universities because that would establish a "bad precedent."

Wangui Kinyanju, a graduate student from Kenya, said when she has been called "nigger" in her three years at UK, she has always been shocked.

"These are college students," she said. "I can't understand it."

The lessons Kinyanju learned in Kenya about black history in America weren't as focused on the recent past, and she was unprepared for some of the experiences she's said she's had since arriving in America. "I learned more about the past history of slavery. We don't learn too much about the civil-rights movement."

Scattered classroom lessons aren't "as real as when you come here," she said.

Mutonyi said it's easier for Afri-can students to deal with American racism. "I have come to a place where the people appreciate me for the person I am," he said. "For the black American, he's abused at home. There's nowhere else to go."

"If we begin today countering budget cuts with tuition increases, where will that trend culminate?" the presidents wrote. "Will we sim-ply allow tuition to skyrocket while state support dwindles to near noth-ing?"

The letter also said a tuition in-rease should be used to improve uality at the universities.

UK Student Government Associ-ation President Pete November will attend this morning's meeting, but he said he won't be bringing a lot of students with him.

November said he told the SGA Senate and presidents of University organizations about the meeting, but that "none of them showed any real interest in going."

Instead, November will bring pe-titions signed by students against the tuition increase. He said he didn't know how many signatures were on the petitions.

Other student body presidents also will bring petitions, and West-ern Kentucky University student government President Joe Rains, who is the chairman of the Board of Student Body Presidents, will speak to the council before the vote, No-vember said.

Still November wasn't very opti-mistic about the impact the lobby-ing effort will have.

"I certainly won't be surprised if I leave tomorrow and there's a tui-tion increase," he said. "But at least if (the council members) do it, they'll realize that they'll be held accountable for what they do with the money."

Ashe

Continued from Page 1

He defended his right to keep his illness private, but nevertheless be-came active in the fight against AIDS, forming a fund-raising foun-dation and joining the boards of the Harvard AIDS Institute and the University of California, Los Ang AIDS Institute.

"The sports world has lost a tre-mendous spokesperson for AIDS," said Julian Rush, executive director of the Colorado AIDS Project in Denver. "No one didn't like Arthur Ashe."

Murray said Ashe had been hospitalized with pneumonia for two weeks in January and had been loff and on for several months. He delivered a speech Tuesday but was felled quickly by a fever and other complications that began late Wednesday.

Murray said Ashe's swift decline was "unusual, but (it) happens." More extraordinary was Ashe's ex-cellent health in the 4 1/2 years after he was diagnosed, despite his typi-cally busy schedule, the doctor said.

"He felt it was therapeutic," Dell said. "He said it was better than sitting home and thinking about dying."

Dell said he believed Ashe was proudest of his December 1992 speech about AIDS before the U.N General Assembly.

Speaker says Leninism needed to make changes

By Clarissa Blair

Something on the order of Leninism might be needed to make changes in government and economic structures, a University of Pittsburgh professor said Friday during the first installment of a lecture series devoted to political theories.

"Here I'm being pretentious. I think we need Leninism," said Ira Marion Young, a professor of public and international affairs. "There needs to be a state action directed against those with economic power that forces them to change their structures. And that has to be a centralized force."

Young's expect, was the first of

tralized force."

Young's speech was the first of five in a lecture series on Contemporary Democratic Theory and Democracy. Young, a professor of public and international affairs, spoke about current theories of civil society and radical social change.

society and radical social change.

She told a group of more than 125 students and faculty at Patterson Office Tower that even "in a strong state that provides the necessary framework within which cite activities can take place, management is not enough."

Young said mere state management and regulations of the economy "doesn't do it for the social injustices issues.

"We've got now a good manager in the White House, but I don't think southcentral Los Angeles is going to be physically very different four years, or even eight years, from now."

Young referred to the riots, which began after a jury acquitted four policemen who assaulted motorist Rodney King, as an example of racial and other social problems that are yet unsettled in the United States and worldwide.

States and worldwide.

"The strong state is primarily in there for the purpose of guaranteeing rights, enabling civic activities. I see it as only managing a capitalistic economy. That is what I'm calling into question," she said.

calling into question," she said.
"There is a need in our society
and most societies in the world for
radical social change — a need
that's dictated by the persistence of
basic social injustices in both
social radiustices in both
consideration of the properties of
the social radius of the social
to shapeles last May reminded
those who might have forgotte
about the depth of the injustices
that exist in American society."

Young spoke about a theory called "colonization," where bureaucracies have come, over time and through legislation and economics, to dominate people's everyday lives.

"The theory is saying that what it "The theory is saying that what it means to make radical social change... is to push back the limits of the state and economy and create more and more activities in which people are publicly and voluntarily organized and engaged in those activities democratically; she said. "Taking back housing and organizing it on the civic level would be democratizing something that has been bureaucratized."

She said this theory defined her

She said this theory defined her

of civic activities that attempt to make radical social change:

-Civic groups expose the actions of the powerful, making the power-ful answer for their actions or show-ing the inability of the powerful to deal appropriately with large prob-lems.

It takes matters into its own hands and rejects the idea that so-cial change is accomplished primar-ily through legislation and regula-tion.

Young called for a "strong, unified central force that acts against the forces of that structural power ... at least partly in a coercive way."

A problem with coercive force that she cited was the obvious ten-sion between it and civic activities which are public and voluntary as-

"If you have these structures and "If you have these structures and they reproduce themselves over time, even in the face of voluntary attempts to change them, then it's like an automobile without brakes. You can take over the machine and for the machine and drive it, but if it's going on its own inertia, the only thing that will reverse its course or slow it down is a counter force," she said.

Young said people in the United States and Europe who have previously prescribed to Marxism "identify radicalism with democracy."

"I don't think the theory of civil society, which is basically saying that it is through democratization that we will make radical social change, takes sufficient account of structural social power," she said. "I'm arguing that it doesn't change takes sufficient account of the power structures. There is a democratization," she said. "I don't have can just resuscitate Marxims as the answer to this, but we power structures. There is a democratization."
