Dr. Hargreaves presented two motions for the Committee on Minimum Standards concerning the effective date of the new regulations governing marking, probation and graduation. Both motions were approved with an amendment as follows:

1. The new regulations affecting the quality point system and probation procedures be made effective for all students at the beginning of the fall semester of the 1954-55 academic year. Any person presently under scholastic penalty shall have his case adjudged under the old regulations.
2. The new regulations concerning graduation requirements shall become effective for all students entering the University at the beginning of the fall semester of the 1954-55 academic year or at any time thereafter.
3. In order that the University's responsibility to give publicity to this change may be carried out, the Faculty instructs and requests the Registrar to insert an addendum detailing the changes in rules with each Bulletin of general information which is issued.

Dr. Chamberlain announced that Associate Dean Horlacher had returned from leave of absence and the Faculty welcomed him back to the campus.
