**INFORMATION CONCERNING LEGAL REQUIREMENTS FOR ISSUANCE  
AND REISSUANCE OF CERTIFICATES BY STATE  
DEPARTMENT OF EDUCATION**

**Guides To Applicants for Certificates:**

1. **Application** for certificate must be made on forms furnished by the Department of Education. These forms are sent upon request.

2. **Fees** should be sent only upon request of the Department of Education, and in the form of cashier's check, postoffice money order, or cash. The fee is \$2.00. Personal checks are not accepted.
3. **Transcript** of credits must be sent by the registrar of the college in which courses were taken, and upon the request of the applicant for certificate. Transcripts are not accepted from the applicant.
4. **Delays** in the issuance of certificates are due, in the large, to the failure on the part of the applicant to have his credits transferred. The responsibility of getting credits sent to the Department rests with the applicant.
5. **Validation** of a certificate from another state may be made only when transcripts of credits filed with the certificate show that the applicant has met requirements for a Kentucky certificate of similar rank.
6. In passing upon the issuance of certificates to students of colleges within or without the State, the Director of Certification shall apply the same course requirements to such applicants that students of the State Teachers Colleges are required to have for similar certificates. (See 4535c-1, Kentucky Statutes).
7. **Official transcript** of credits for issuance or reissuance of certificates shall be certified by proper officers in charge of the records at the time application is made, with recommendation that, as far as the records of the institution are concerned, the certificate should be granted.
8. **In meeting requirements** for the issuance of any certificate, such credits in Education will be accepted as are listed in the catalog of the institution as Education and are given for this purpose under regular professors. The term, "Education," denotes work done in a recognized institution and which is given by the institution with the idea of professional preparation for teaching, such as School Administration, Supervision, Principles of Education, Educational Psychology, Pedagogy, Special or General Methods, School Management, Introduction to Education, Technique of Teaching, Classroom Management, Tests and Measurements, General Psychology (not exceeding 3 semester hours). (Logic, Ethics, Economics, Sociology, and subjects of like nature are not "Education.")
9. At least 75% of minimum requirements for certificate requiring 64 or more semester hours of college credits must have been done in residence, and at least 50% of the requirement for reissuance of any certificate shall be residence work.
10. High school units in excess of those evidencing completion of high school cannot be accepted. Standard high school credits are earned by attending and reciting in the classes according to daily schedule, during a regular term of high school. Only standard colleges may offer correspondence or extension courses for high school credit.
11. All applicants for the College Elementary Certificate, or the Standard Elementary Certificate, must have an average academic standing of 1, or C, this standing to be computed on the following basis:
  - A grades give three quality points for each semester hour completed;
  - B grades give two quality points for each semester hour;
  - C grades give one quality point;
  - D grades give credit, but not quality points.
12. Sixty-seven semester hours complete the maximum credit that may be accepted from a standard junior college. This 67 semester hours shall include any work already completed in other institutions previous to the date of completion of work in the junior college.
13. After having held certificate of any given type upon credits submitted as required by law, another certificate of a different type shall not be issued upon the same credits without the completion of the amount of additional credits required for the reissuance of the type of certificate sought.
14. Supervised student teaching credit is accepted in fulfillment of requirements only when transcript shows the work was done under the direction of a commissioned critic teacher and/or in an institution whose student teaching laboratory meets the standards of the Normal Executive Council and the State Board of Education.
15. **Local Elementary Certificates**, issued upon examination (average 80%; minimum 65%), valid in county where examination is taken, reissued in same county upon 2 standard high school units earned during the life of the certificate. This certificate cannot be renewed after date of expiration.  
Holder of the Local Elementary Certificate, who has completed requirements for high school graduation, or who has completed 16 standard high school units, may have this certificate reissued upon 16 semester hours of college credit. The college credits offered on renewal should be selected from the curriculum for the 32-hour certificate.
16. The law whereby certificates were issued on 8 high school units was repealed in 1930, but unexpired certificates of this class may be renewed on or before date of expiration on 2 additional units **earned in residence in the normal department of a state teacher-training institution.** When the holder of this certificate, issued upon basis of 8 high school units, completes high school requirements, the certificate cannot be further renewed. To secure further certification, it will be necessary for such persons to meet requirement for the college elementary certificate, based upon 32 semester hours as indicated below.

17. **Requirements for College Elementary Certificate Issued Upon 32 Semester Hours of Prescribed and Elective Work Under Law Effective September 1, 1932.**

The issuance of the College Elementary Certificate, based upon 32 semester hours of prescribed and elective work, earned in residence in a standard junior or standard senior college, requires the following courses:

Freshman English .....	6 semester hours
Classroom Management .....	3 semester hours
Teaching the Common School Branches.....	3 semester hours
Teachers Arithmetic .....	3 semester hours
American History .....	3 semester hours
Principles of Geography.....	3 semester hours
Public School Art, or Public School Music.....	2 semester hours
Health, or Agriculture, or Science.....	2 to 5 semester hours
Elective .....	4 to 7 semester hours

College Elementary Certificate shall be eligible for renewals of 2 years each upon filing of an official transcript showing that the holder has earned at least 16 semester hours of prescribed and elective standard college credit since the issuance of the certificate, or since its last renewal, at least 8 of which shall have been earned **in residence in the institution certifying the transcript.** At least 75% of the credits submitted for renewal should be selected from the courses leading to the standard elementary certificate.

18. **The old 16-hour Certificate**—The laws authorizing the issuance and re-issuance of the 16-hour certificates were repealed as of September 1, 1932. A person holding this certificate may have a certificate issued by the State Department of Education, provided she submits credits showing that renewal requirements for the certificate were completed before September 1, 1932, and provided further that she presents not less than 32 hours of resident credits. All renewal requirements for this certificate, completed after September 1, 1932, must be selected from the list of required **resident** courses leading to the issuance of the new 32-hour certificate. (Section 17).

19. **Standard Elementary Certificate** is issued upon minimum of 64 semester hours of standard college credits, including at least 12 semester hours in **Education.**

**Standard Elementary Certificate** may be reissued for life when the holder has taught three years on the certificate. If the holder fails to meet the requirement for life extension, he may have the Standard Elementary certificate reissued for another three years by submitting additional standard college credits in lieu of the teaching experience at the rate of 6 semester hours for each of the three years that he fails to teach on the certificate.

20. (a) **Provisional High School Certificate** issued on minimum of 64 semester hours of standard college work, including at least 12 semester hours in **EDUCATION.** Reissued on 32 semester hours of college work **EARNED AFTER ISSUANCE.** (b) The provisional high school certificate issued to senior college graduates will be reissued without additional semester hours earned after issuance, provided the holder has taught three years on the certificate. If the holder of such certificate fails to teach three years on the certificate before date of expiration, such person may submit additional standard college credits in lieu of the teaching experience at the rate of 6 semester hours for each of the three years that he fails to teach on the certificate.

21. **Standard High School Certificate** issued to graduates of standard senior colleges, including at least 12 semester hours in **education, with practice teaching or satisfactory evidence of two years' teaching in high school;** reissued on three years' teaching upon the certificate; may be extended for life upon minimum of 24 semester hours in **education,** and three years' experience, teaching on the certificate. If holder of this certificate does

not meet renewal requirements by failure to teach three years on the certificate, additional college credits may be submitted in lieu thereof as in reissuance of Provisional High School Certificate issued to college graduates.

22. **Superintendent's Certificate** issued upon minimum of graduation from standard four-year college, including required semester hours in **education**, 6 of which must be in **administration and supervision** and, in addition to scholastic credits, four years' experience in the public schools or colleges of this Commonwealth.
23. **Special Certificate** (Art, Music, Commercial Physical Education, Etc.), issued upon minimum of 64 semester hours of standard college work, including 12 semester hours in Education, and 12 semester hours in the special line for which certificate is sought.
24. **Certificates Qualifying for Principalship.** (a) Certificates mentioned above as valid for use in high schools will qualify for high school principalship, provided the holder has had two years' successful teaching experience. (Sec. 4501-8, Ky. Stats.)  
(b) **A Standard Elementary Certificate** will qualify for elementary principalship, provided the holder has had two years' successful teaching experience. (Sec. 4501-7, Ky. Stats.)
