A short business meeting will precede the presentations. The agenda for the business meeting is as follows:

3. Discussion of a Christmas party.
4. Announcement of nominating committee for the election of new officers of the staff organization.

MRAP Implementation Report:

The MRAP Implementation Committee held its first meeting last Tuesday. After much discussion, the Committee decided to proceed as follows. We will coordinate our work with the already existing faculty committees; and in many cases, those recommendations being studied by these committees, will need no further attention from the Implementation Group. After we have informed ourselves about the plans of these committees, the Implementation Group will select two or three key recommendations on which to concentrate for the remainder of the year.

The Implementation Group will be meeting on a weekly basis and will be making regular reports to the Library Faculty and to ACTS. If anyone has comments or suggestions concerning specific recommendations or any questions, please contact one of the Implementation people--Adelle Dailey, Rhoda Channing, Pam Schriels, Charles Timberlake, Jeff Sauer or Faith Harders (Chair).
