An Odd Season

has its Advantages.

TRUE money is not so plenty. Circumstances are changed. Some are richer—many need to study close economy.

Such opportunities have come to us that we can serve you even better than ever before. You can well understand in a great business, amounting to millions of dollars each year, that huge quantities of goods are used.

This season manufacturers of cloth have been **obliged** to sell. It goes without saying that the prices have been altogether **our way**. The advantage offered you is that of buying

THE CONSTITUTION,

ATLANTA, GA.
Weekly Department.

W. F. CRUSSELLE, MANAGER.

THE BIGGEST, BRIGHTEST AND BEST NEWSPAPER IN AMERICA
SEND FOR SAMPLE COPIES.

SPECIAL TO AGENTS.

The Constitution's Summer Century Clubs.

GOOD PAY FOR GOOD WORK.

We offer **\$200.00** in three prizes:

1st	\$125.00 cash.
2d	50.00 "
3d	25.00 "

to those agents sending in the largest lists of subscribers from June 1st to Sept. 1st, all competing to send over one hundred subscribers. We call these century clubs because they are to make one hundred at least. The lists of subscribers sent in for the century contest will all be counted, also in the regular agents contest of \$1,000.00, closing January 1st, 1896. We want one thousand agents to go into this and we make an extra offer only to our best men. We will advertise you and you will canvass for us and both will be helped by it.

THE SUMMER CAMPAIGN.

With some papers it is customary to allow the subscription business to go slack as soon as it is warm weather. This is not the case with The Constitution. There is no reason for it and we will show you why.

The "all cotton" idea is fast losing its hold upon the people, and especial care is being taken to raise crops which can be marketed for ready cash at all seasons. The fruit crop this year is an assured revenue. This with the diversified products of the farmers and small manufactures will make money easier than it has been for two years.

If you will engage upon an active canvass of your locality we will be glad to aid you in the best way possible. Send us your picture and matter prepared for a circular advertising your regular business and we will add our clubbing list at regular advertised price and send you as many circulars with your picture as you can use for the season. You can distribute them by mail or otherwise and let the whole county understand you are out for subscribers to The Weekly Constitution.

How many can you get up during the month of June? Could you not send us one hundred subscribers if you worked for them? It will pay you. Are you not willing to try? We will furnish you with sample copies as often as you need them and we want you to get your very best work.

The new premium offer of \$4,000.00 to subscribers upon the number of bales of cotton received at New Orleans, La., will be of interest to all. The agent is entitled to one guess upon every subscription he sends in. Read the terms carefully.

Please let us hear from you about your picture, the circulars, the prospects and your own determination.

Yours for success,

THE ATLANTA CONSTITUTION.

every man and woman to read the following pages, which tell how the greatest of all fortunes has been lost and won. While every one may not feel personally interested in the subject this very day, the time will surely come when all will, either for their own sake or for the sake of those dear to them, feel a deep interest in the facts here given; and the few minutes spent in reading this little book will indeed prove a LUCKY INVESTMENT.

ALMOST BEYOND BELIEF.

**An Old Resident of Fall River,
who was Given Up as Dead,
Astonishes his Friends.**

STARTLING FACTS.

That Thomas Bostock of this city is still alive will be news to a good many people in and about Fall River, where he has been widely known for many years; and that he is not only actually alive, but very well and happy, will be still greater news. The startling facts concerning his marvellous rescue are given in the following personal letter to the editor. His escape from death seems almost like a miracle, and we would like to know if any one else has ever met with a similar experience. Mr. Bostock was for more than ten years engaged in the furniture business here, and his communication will be read with great interest.

FALL RIVER, MASS., May 4, 1892.

To the Editor: — As "dead men tell no tales," my writing this letter right here in Fall River, where I am daily attending to my business, will, I hope, prove to the press and public that I am not dead as reported, but very much alive. It is true that just one year ago I stood on the brink of the grave in a foreign land, never expecting to see my friends again; but it is equally true that to-day I am here in the flesh, a free, well, and happy man. I write this letter with feelings of gratitude, that my friends in and around Fall River, where I have lived over seventeen years, may learn of my experience, and how I was saved. Only those who can picture to themselves the awful agony of a man who daily feels and hears that he has at best but a few weeks more to live, can form any idea of what I passed through.

When I sailed for England one year ago, it was with the feelings of a drowning man who grasps at a straw; for I was a physical wreck, and had been told by no less than six physicians, including the well-known Dr. Guerin, that I was incur-

able, and that the only thing that could prolong my life for even a brief period was a foreign trip.

I had grown steadily worse ever since April, 1889, when I was first taken sick. I was so racked with bodily pains that when I ventured out I used to fall down in the streets, and my friends now tell me that they daily expected to see a notice of my death in the newspapers. I went from doctor to doctor, and tried every thing that was suggested, without obtaining relief. Every physician had a different course of treatment to offer. Heart trouble, kidney disease, stomach disorders, and sciatic rheumatism were among the ailments for which they treated me; and after I had taken their medicines and had become almost helpless, I was, as I have said, advised to go to England, as that alone could prolong my life. I therefore went to Yorkshire, where I consulted two eminent physicians, who, after treating me without benefit, told me frankly that my case was hopeless, and that if I wished to die among my friends I should hasten back to America.

On my return I was prevailed upon by Mr. John Slinn, general agent of the Vermont Life Insurance Company, to try something which he said had lifted him from a severe sickness. I took his advice, although I felt that nothing could benefit me or bring me back to health. The article he recommended is a Nerve Food called Oxien, and Mr. Slinn procured some for me from the discoverers, The Giant Oxie Company, in Augusta, Maine. Its use brought me relief from the first; and day by day I grew steadily stronger, until, after taking it regularly some weeks, I was a well man. During this time I took no other medicine, and was under no other treatment of any kind, and can truthfully say that Oxien is not only a wonderful food FOR THE NERVES, as claimed by its proprietors, but that it is the one medicine which snatched me from the verge of the grave, after all others failed, and after eight physicians had treated me in vain, and had given up my case as hopeless and incurable. I have recommended it to various friends and acquaintances, and in every case it has worked wonders. By publishing the foregoing facts you will confer a favor upon me, and, I feel sure, a benefit upon sufferers. — THOMAS BOSTOCK, 24 Pearl St., Fall River, Mass.

NOT ONE, BUT HUNDREDS!

In our issue of May 6th we published the facts concerning the almost miraculous recovery of a well-known business man of Fall River, which were so

community. To publish all these would more than fill our entire paper, and but a few can be given here, together with extracts from others. From these it appears not only that truth is stranger than fiction, but it is made clear to all fair-minded people that an article has been discovered which is proving itself

Gentlemen, I would not be living today were it not for "Oxien". I suffered for many years with shortness of breath, choking sensation and severe dyspepsia which brought on fainting spells. I spent a fortune on doctors and medicines without relief. I also bought a horse + carriage by the advice of a doctor and took out-door exercise, but without benefit. One day, when I had a fainting spell in the horse-car a gentleman advised me to try "Oxien". It cured me and I regard it the greatest discovery on earth. For years I had to get help to do my housework and now I am able to do it myself.

startling as to appear almost beyond belief. Since then we have received dozens of letters from citizens of all classes, giving particulars of other cases quite as wonderful as the one which has caused such a sensation in this

of immense value to humanity. A remarkable feature of the article in question is its astonishing effectiveness in all the various ailments resulting from loss of vital force due to overwork, careless living, and other causes with which

Americans are afflicted more than any other people. While any remedy will no doubt relieve certain ailments now and then, it is safe to say that nothing ever before discovered has achieved such astonishing results in every case. When merchants, lawyers, and men and women in every walk of life come forward with their voluntary public testimony in favor of a thing in which they have no personal interest whatever, their utterances deserve notice; and when it is positively proved that in case after case, where the efforts of prominent physicians and the remedies heretofore relied upon have utterly failed, not only relief, but entire cure has resulted from the

use of a newly discovered agency of healing,—it is time that all thinking people should give serious attention to the claims of such new discovery. The question as to whether such a remedy was discovered by this, that, or the other school of medicine then becomes of no importance whatever. The common-sense question that suggests itself

is simply this: Will the remedy do what its discoverers claim for it? and is it safe and harmless? The representative men of Maine, the State in which the article originated, including the Mayor and Postmaster of Augusta, the presidents of the Board of Aldermen and Common Council, City Solicitor, City Clerk, and other public dignitaries

and bank officials, unite in the most emphatic endorsement of the proprietors of Oxien; and the remedy itself is commended by the City Physician, Dr. Brickett, after careful scientific analysis, as being absolutely pure and harmless.

Among the many communications sent us, we give in full those of Mrs. Caroline Ellis; Mr. John Slinn,

well known to every one in business circles, and who has been a resident of Fall River nearly a quarter of a century; and the popular hotel man, Mr. John West, of the "River View," who has likewise lived here for over twenty years. These letters speak for themselves. Among others, S. W. Ashton, Esq., the lawyer, writes: "In the

Dear Sir— As you have printed some interesting facts about the wonderful food for the nerves which has been discovered you would publish this. Last year I had pneumonia typhoid fever was nearly dead. course of my professional work, I, like others, have frequently felt the need of something strengthening to tone up the system before undertaking the severe labors of court sessions. Some lawyers, I have noticed, take whiskey, and others stimulating liquors; but I have found Oxien far superior to everything of that kind. It clears the brain, and nourishes rather than stimulates or excites the nervous system, and its use is not followed by any bad effects. After a systematic use of this agreeable food for the nerves for a short time before any unusual mental strain, my mind is as clear as a bell, and the effects are in every way beneficial.

Mrs. Emily Bannister, 18 Baker Street, says in her letter that from frequent fainting spells and indigestion of long standing she suffered great pains, and grew so emaciated that her dresses became so large for her that they overlapped. Nothing gave her relief until, after having heard of the wonderful cures effected by Oxien, she gave it a trial. Her natural healthy appetite speedily returned, and it restored her to vigorous health.

From New Bedford, Mr. M. B. Patterson, the medical missionary, who is 74 years of age, writes that he is largely indebted to Oxien for his present vigorous health and strength, and that Mrs. Patterson has also been cured of severe pains arising from a liver affection, also from a severe attack of La Grippe.

Mrs. Sarah Williams, Delano Street, writes that she suffered three years with a serious lung trouble and cough, that everybody thought she could not live, as at one time she could hardly walk. By taking Oxien her strength and appetite returned, and she was enabled to go back to her regular occupation.

A most remarkable case is that of another New Bedford lady, Mrs. A. A. Wilcox. She says she tried many

remedies, consulted nearly every local physician, as well as a Boston specialist, for nervousness, from which she had suffered for twenty-five years. Nothing gave material relief until she used Oxien. Her friends are now so surprised by her improved appearance that they remark upon it immediately. Nothing she has taken helped her nerves as this wonderful food. Her cousin, who lives in Redwood Falls, Minn., first called her attention to it. This relative had been sick with typhoid fever. The doctor said there was no possible chance to save her life. She was, however, entirely restored to health by Oxien, and cured of asthma.

Mizouri A. Pierce, Spruce Street; Franklin N. Minton, Wing Street; Mrs. Nancy J. Murphy, Cove Street; Mrs. Alice E. Archer, Pleasant Street; and Mrs. Sarah W. Taber, Cove Street, all of New Bedford, Mass., report similar beneficial effects.

Mrs. Mary Mottram, 1049 Water Street, certifies that by the use of Oxien she gained fifteen pounds in a short time, while Mr. James H. Brown, overseer at the Tecumseh Mills, states that he was so weak from illness that he could not stoop down or walk upstairs without becoming very dizzy. His system was all out of order, and he had no appetite. He had taken various so-called tonics that did him no good. Oxien gave him immediate relief, and he would not be without it.

We might go on and cite dozens of instances like the foregoing, which have been brought to our notice, all of which go to prove that Oxien possesses strengthening and curative properties not found in any other food or medicine. Its record in our city certainly has never been approached, and its discoverers may well claim that it gives new life, new strength, and new hope.

I, Stanley K. Hawkins, of Augusta, Maine, hereby certify that I am in the employ of the Giant Oxie Co. of said city, and that the letters, testimonials, and indorsements regarding Oxien, published in this pamphlet, are genuine, and that they are true copies of the originals received by the said company; and I certify further that thousands of similar voluntary indorsements are being received by said Giant Oxie Co. from all parts of the United States.

DOCTORS DUMFOUNDED.

A GREATER DISCOVERY THAN ELECTRICITY.

As if by Magic it Restores Hopeless, Bed-ridden Sufferers. Endorsed by Board of Health.

"WORTH A THOUSAND DOLLARS A BOX."

From the San Bernardino, Cal., *Times-Index*, May 6, 1893.

Mr. M. Logsdon of this place has taken the agency for the sale of a most wonderful new discovery, the use of which by many of our well-known citizens has caused them to doubt if the days of miracles are over. So astonishing have been its effects in restoring helpless, bedridden invalids who have been given up by doctors as incurable, to perfect health and vigor, that it has been pronounced a greater discovery than electricity. Among these people are A. J. Felter, the attorney at law, ex-judge A. D. Boran, John T. Knox, justice of the peace, Mrs. J. C. Carter, T. W. McIntosh, Mrs. J. G. Sloan, L. E. Beckley, and a host of others.

The article in question is called Oxien, and is the discovery and sole property of the Giant Oxie Company, of Augusta, Maine. Every man of prominence of that city, including the mayor, postmaster, city physician, bank officials, and heads of the municipal government has publicly endorsed it as being all that its owners claim for it.

Analysis and public test show that this discovery differs from anything and everything heretofore placed upon the market. While it is neither a stimulant, tonic, or medicine, it accomplishes what all these are recommended for but so seldom achieve.

Judging from its marvellous effects, it appears to be the only real nerve, blood, and brain food and agent for imparting new vital power that has yet been discovered. In case after case where the efforts of the best physicians and the use of remedies heretofore relied upon, have failed utterly, this wonderful discovery has given quick

relief and permanent cure. Surrounded by such evidences of its genuine worth, and its unequalled power to combat and overcome the gravest complications as well as the lesser ills from which they spring, and which humanity is so prone to neglect at the outset, this discovery holds out hope to every sufferer. From the mouths of thankful, willing witnesses, proof is daily received of its matchless health-giving, strength-renewing qualities.

THE TRUTH PHOTOGRAPHED.

Here are a few facts and faces which tell how the greatest of all fortunes — health — was secured by the investment of a dollar. Over one hundred and sixty thousand similar cases are on file in the offices of the Giant Oxie Company, and open to public inspection.

Physicians insist that Bright's Disease is incurable, yet Mr. John T. Knox, the well-known justice of the peace, says: "Oxien has completely cured me of Bright's Disease and nervous troubles. I am better now than I have been for ten years; perfectly well, stout and hearty."

Consumption is another of the diseases which is looked upon by all as being fatal. Yet

MR. JOHN T. KNOX.

Josiah Van Loan says that after vainly trying a great many doctors he at last went to the Soldiers' Home, where he grew steadily worse until the surgeon said he would not live two weeks. He came home to San Bernardino to die. In describing his miraculous recovery he says: "Mr. Logsdon heard of me, hunted me up, and persuaded me to try Oxien. I began to improve right away, and I feel like a new man. Oxien saved me from a consumptive's grave."

Alta I. Bowen suffered terribly for many years with that mysterious malady of the nerves, neuralgia. "I had tried doctors and patent medicines, getting no relief," she says. "Oxien was recommended to me and I thought I would give it a trial. Although I have

ALTA I. BOWEN.

taken but two boxes I must say it has given me great relief.”

“About three years ago I was seized with an attack of La Grippe,” writes H. M. Wallace, “from the debilitating effects of which I have suffered ever since, having a severe cough, pains in the head, back, and limbs, also extreme nervousness, amounting almost to nervous prostration. After taking three boxes of Oxien every trace of the alarming symptoms vanished.”

Another who loudly sounds the praises of Oxien is Mrs. T. W. McIntosh. Under her observation has come the case of a person half-paralyzed, confined to the bed and suffering the most extreme pain, who now, by the use of Oxien, is able to rest well nights, go about, and do hard work.

MRS. T. W. MCINTOSH.

For the manifold ills from which women suffer, its value is no less pronounced. From Mrs. George Easton come words of the strongest praise. “My daughters, myself, and sister, as well as many others, have used the Giant Nerve Food, Oxien. It is the best medicine for ladies and girls I ever saw, giving ease, strength, and comfort; just building them up.”

And from Miss Rosa Velasquez the following: “For thirteen years I suffered with catarrh, but tried this Wonderful Food for the Nerves, and to my great joy am now perfectly well.”

The attorney at law, A. J. Felter, Esq., says that after using but one box he found great relief from kidney trouble, from which he had suffered for years, and Mrs. M. L. Armentrout writes: “Three years ago a

high trestle fell on my little boy, injuring his spine. A large abscess formed, and one leg was also affected. Doctors gave him no relief, merely placing him in plaster of Paris jackets and giving him opiates. One day his grandmother gave him Oxien. He rapidly grew better, slept soundly nights, his leg and back mended, and in one month’s time he was a stout, healthy boy, running about the place. Oxien did it.”

Mr. Logsdon himself first had his attention called to the wonderful curative powers of Oxien by the results it achieved in his own case, building up his constitution after severe and prolonged attacks of the Grippe, for which doctors had failed to afford any relief. The marvellous success which followed its use by members of his family led to his recommending it to every sufferer that he could reach, and the joy and thanksgiving from every invalid and every home well justifies his statement that the worth of Oxien is “a thousand dollars a box.” Yet it is sold at the very reasonable price of a dollar for a Giant box, or a smaller trial size, at thirty-five cents. While the remedy is within the reach of all, its results render it a priceless boon to the suffering.

From its effects right in our own community, it is not too much to say that Oxien brings to the weak, weary, and infirm, the vigor of youth, and banishes suffering as if by magic.

If anyone has doubts as to this astounding health restoring and disease expelling marvel, and its new life and vigor giving properties, such person should call on or address Mr. Logsdon, who has in his possession proofs that will convince even the most skeptical.

THE ONLY GENUINE.

Here is an exact copy of the matter which appears on the top and sides of the thirty-five cent boxes in which the only genuine Food for the Nerves, Oxien, is sold. Examine it carefully, so that you cannot be swindled by having worthless imitations palmed off upon you. The Giant boxes are of the same style as here shown, but more than three times as large.

GUARANTEE. Every box of Oxien bears the certificate of the city physician of Augusta, Maine (Dr. George H. Brickett), and is sold under the guarantee that it is composed wholly of Vegetable tonics, combined with the regulating and soothing properties of Diamond Natural Spring Water (officially recommended by the State Board of Health), together with the strengthening and nourishing qualities of concentrated extract of beef. Furthermore, that it is absolutely free from harmful ingredients of any kind whatsoever. These Tablets are complete Gutturals, Cough, and Cold Killers, as well as genuine Food for the Nerves. Every Tablet of the genuine Wonderful Food for Nerves has the word "OXIEN" (our lawful trade-mark) stamped upon it. Take no other. See back of this box.

THE WONDERFUL FOOD FOR THE NERVES.

"A natural nerve nourishment, from nature's fountains of nutrition."

Gives Giant Strength, Health, and Vigor to young and old, after everything else has failed.

TRADE-MARK REGISTERED.

DESIGN COPYRIGHTED.

OXIEN is a NATURAL FOOD FOR THE NERVES, BLOOD, and BRAIN—not a stimulant. It produces real, not artificial, strength; and its effects are lasting, not temporary. It gives vitality and vigor to the entire system, and promotes healthy action of all the organs. It is unlike anything ever discovered, and nothing equals it as a relief and cure for Nervous Prostration, Starved Nerves, Indigestion, Dyspepsia, Constipation and other stomach disorders, Bronchitis, Colds, Coughs, Catarrhal affections, Palpitation of the Heart, Kidney and Liver diseases, Rheumatism, Neuralgia, Scrofula, defect in Hearing, Smell, or Taste, Sick-Headache, General Debility, Chills and Fever, Malarial troubles, Irregularity, and La Grippe.

Many thousands have found that OXIEN restores lost Strength, Health, and Hope, and their written testimony is open to public inspection at the office of the undersigned.

THE GIANT OXIE CO., SOLE PROPRIETORS, AUGUSTA, MAINE.

PRICE THIRTY-FIVE CENTS.

DIRECTIONS. As the effects of this Wonderful Food for the Nerves are CONSTITUTIONAL, patients must not expect that one or even a dozen doses will effect a cure; but the regular, faithful, and persistent use for a few weeks will be attended with BENEFICIAL RESULTS, and the continued use will effect a permanent cure. Dose: Take one of the Tablets every three hours. Let them dissolve in the mouth. In mild cases take three or four a day. Children: A quarter or half of a Tablet according to age. Special Directions for Severe Colds and La Grippe: Dissolve one or two Tablets (according to the severity of the case) in half cup boiling hot water; add one-half teaspoonful sugar, and take on retiring. It adds to the effect of Oxien to thoroughly heat or bathe the feet in hot water before taking the hot drink. Take the Tablets through the day as usual, or dissolved if preferred. Be sure to avoid exposure to cold after taking the hot drink.

Read the GUARANTEE under which every box of Oxien is sold, and the certificate of Dr. George H. Brickett, City Physician of Augusta, Maine; also the "Official Endorsement" of the Mayor, Postmaster, City Solicitor, Presidents of the Common Council and Aldermen, etc., etc. And remember that the genuine Food for the Nerves, Oxien, is sold only in boxes as shown above, costing thirty-five cents each, and in Giant boxes (more than three times as large), costing one dollar each, and that every tablet has the word "Oxien" (our lawful trade-mark) stamped upon it.

THE GIANT OXIE COMPANY, Augusta, Maine.

TO WEARY MEN AND WEAK WOMEN.

OXIEN differs from any and everything else as day differs from night, and its effects differ from the effects of other so-called foods and medicines as day differs from night. It is not a stimulant. It is not a drug or so-called "tonic," which merely excites the nervous system. It nourishes and feeds the nerves, blood, and brain. It infuses new vigor and vitality into the broken-down system, and its effects are as astonishing as they are lasting. It is absolutely pure, free from any and all harmful ingredients, and is sold under a written guarantee and under the official endorsements of medical authority. The testimony of thousands whom it has lifted from a helpless and hopeless condition of long-suffering, and the praise of the thousands whom it has cured after medicines and doctors had utterly failed, tell the tale of this wonderful discovery more effectively than words can portray. And this testimony is open to public inspection.

1. Oxien is wholly original and unlike anything ever offered to the public.
2. Its effects are original, and unlike the effects of any thing else.
3. It will give new **IS** strength, new life, and new hope after every thing else has failed.
4. It is the only real Food for the Nerves ever discovered, and one trial will prove the truth of this.

To those whose systems have become debilitated and wrecked by over-work, worry, imprudence, or excesses of any kind, Oxien is a godsend. The weakest stomach will retain it, and readily extract its life-giving, vitalizing, and nerve-feeding properties.

Nothing equals it as a relief and cure for Nervous Prostration, Starved Nerves, Indigestion, Dyspepsia, Constipation, and other stomach disorders, Bronchitis, Colds, Coughs, Catarrhal Affections, Palpitation of the Heart, Kidney and Liver Diseases, Rheumatism, Neuralgia, Scrofula, Defect in Hearing, Smell, or Taste, Sick-headache, General Debility, Chills and Fever, Malarial Troubles, Irregularity, La Grippe, Tobacco Habit, Sun Stroke, and Sea Sickness.

Those who doubt this should read what appears in this pamphlet under the heading "WHAT OXIEN HAS DONE," and they will be convinced that this Wonderful Food for the Nerves is truly

A GODSEND.

IMPORTANT WARNING.

Since the discovery of OXIEN was made public, and the news of its marvellous powers to give new life to helpless, hopeless sufferers began to be carried from tongue to tongue, there have appeared here, there, and yonder, numerous vile imitations of this Wonderful Food for the Nerves. Absolutely worthless, and even dangerous mixtures have been concocted by a set of human frauds, who, like the counterfeiters of our country's currency, seek to palm off their spurious stuff for the genuine goods, and thus not only rob honest worth of its just dues, but also swindle unsuspecting people.

Too ignorant themselves to originate anything valuable, and too unscrupulous to earn a living by honest means, these pirates seek to trade on the reputation of honorable men, by adopting high-sounding names for their nostrums, or by imitating our trade-marks and copyrights, as well as the form and style of our advertisements and packages, in such manner as to mislead the public.

Some of these imposters have already been brought to justice; and while we shall promptly prosecute every in-

FOR PAINS AND ACHES.

To meet the demand for a safe, reliable remedy for the relief and cure of bodily aches and pains, we have, after much experimenting, perfected

THE OXIEN ELECTRIC POROUS PLASTERS, which soothe, heal, and extract pain like magic. These plasters are easily applied, and never fail to afford relief from pains and aches due to rheumatism, neuralgia, coughs, colds, weakness, accidents, and other causes. They are a sovereign remedy for weak back, pains in the breast, side, joints, and muscles, and they act in perfect harmony with our Wonderful Food for the Nerves. The former remove the local pains, while the latter builds up the system, and infuses new vigor and new life.

A single trial will convince even the most prejudiced that they are

SUPERIOR TO ANY AND EVERY PLASTER

heretofore offered. They extract pain quickly, surely, and cheaply. They cost but twenty-five cents each, by mail.
