## University of Kentucky

*America's Next Great University*

The University of Kentucky, America's Next Great University, accepts the challenge to become one of the nation's top-20 public universities. Indeed, UK is well on its way toward reaching that goal. Long known for its skill in men's and women's athletics, the university has also built strong academic and research programs that have attracted national and international recognition and enhanced lives in Kentucky and throughout the world. Building on its considerable success, UK is taking steps to ensure the continuance of its quality educational offerings, the exploration of knowledge, and its service to society.

UK was founded in 1869 as a land-grant institution, and the present name dates to 1916. Today the campus covers 673 acres and has more than 31,000 students. The university has 16 academic programs and about 100 areas of study. UK is a billion-dollar economic engine on the tract of Kentucky's future, making a positive impact throughout the state, nation and world that will endure through the next millennium and beyond.

**FACULTY**  
There are 1,832 full-time faculty including those at the Chandler Medical Center. Faculty generated about \$155.2 million in grants and contracts to the University during the last academic year.

**RESEARCH**  
UK ranks among the Top 100 research institutions in the nation and is one of only 59 public universities in the United States—the only one in Kentucky to be classified as a Research University 1. Royalties from UK-originated inventions brought \$2.8 million in income to UK in fiscal year 1999.

**LIBRARY**  
The William T. Young Library has 650 personal computers available to students and faculty. All UK students can access the World Wide Web through connections in the library and in every residence hall. Additionally, UK provides the hub for a high-speed supercomputing network connecting researchers at six southeastern universities. The UK Web site records more than 26 million hits a month. Over half of those come from people outside the university.

**MEDICAL CENTER**  
The Albert B. Chandler Medical Center includes a 473-bed hospital and a new Children's Hospital which has approximately 20,000 admissions annually. More than 3,100 students are enrolled in its five colleges—medicine, dentistry, nursing, pharmacy and allied health professions.

**WHAT TO SEE**  
Free guided tours are conducted at 10 a.m. and 2 p.m. weekdays from the Visitor Center located in the UK Student Center. Saturday tours are at 11 a.m. September through April only. Seasonal tours begin at 12:15 p.m. Mon-Fri. Special bus group tours may be arranged by calling 859-257-3395.

The beautiful Bluegrass Region of Kentucky is famed for its treasured blues, historic sites and the Kentucky lassoed at Rupp Arena. Some of the many attractions include the Kentucky Horse Park, Ashland, the Henry Clay Estate, Hunt Morgan House, Abbott G. Graham Distillers, Headley-Whitney Museum, the Lexington Children's Museum and the Mary Todd Lincoln House.

There is year-round action either at Keeneland Race Course, a handsome track founded in 1936, or the Red Mile harness racing track. The Kentucky Thoroughbreds ice hockey team qualified for the Calder Cup playoffs in their first season.
