ABOUT THE LIBRARIES

Closing of the Catalog Task Force

For general information I would like to share with you part of a memo to Paul Willis. "I have asked five Technical Services staff members to serve as a closing of the catalog task force. The charge to this group is: to assess the cataloging implications for this Library in view of AACR II, LC closing the catalog, and alternative catalogs. This will create a working resource group to keep us fully informed of developments and interpret these developments for total library planning.

It is our goal to produce a document which will assist in the eventual closing of the catalog and will assess the cataloging implications of an alternative to our present card format. The resource group is very representative: Emilie V. Smith, Head of Cataloging; Evelyn Evans, Head of Serials Cataloging; Mary Welch, Chairperson of the Serials Conversion and Check-in Planning Group; Gerry Webb, Non-book Cataloger; and Gail Kennedy, LC Classification Coordinator, and head of the reclassification project.

Later this fall the group will attend a three-day institute which will address the issue stated in the beginning of this memo. Three of the members will make a side trip after the meeting to the University of Louisiana to observe a major serials conversion project."

There is an article in the latest American Libraries that succinctly addresses the issues this Library and others will face. James Thompson, "Ten Ways to Profit from a Long Engagement," American Libraries, Oct. 1978, pp. 538-42.

United Way

The latest total for the Library United Way effort is \$2,028. We need 200 more dollars to equal last year's very impressive figures and of course more to top that.

Supervisor Evaluation Task Force

The Supervisor Evaluation Task Force is studying forms previously used, prior to recommending changes in them. Members of the committee are Nancy Baker, Bill Bull, Elizabeth Howard, Jim Shaeffer, Gary Stottlemeyer, Faith Harders (ex officio), and Sara Leech, Chairperson.

Conference on Networks

If anyone is interested in participating in a car pool to the Pittsburgh conference on Networks November 6-8, please see Faith Harders.

Memo from the ACTS Executive Committee

At the present time, the ACTS Executive Committee has two vacancies due to the resignations of Bill Bull, Chairperson, and Eva Cooper, member-at-large. The nominating committee has been asked to meet once again and propose some nominees to fill these positions. Ballots will be sent out as soon as possible. For now, Joan Gatewood is Acting Chairperson. When the vacancies have been filled there will be a full ACTS Executive Committee meeting to determine the new chairperson and representative to attend the Faculty and Administrative Council meetings. A general ACTS meeting will be called in the near future.

The Reference Department has received a new SPEC Kit, #47, from the Systems and Procedure Exchange Center of the ARL. It is entitled "Automated Cataloging," and can be requested at the Reference Desk.
