WORK STUDY TIME SHEETS

Because of the two fiscal years represented for this pay period, it is imperative that all time reports be received in the College Work Study Office not later than 4:30 on Friday, July 9 for this pay period. We will not be able to pay a student for any hours worked in June unless they are turned in on July 9. To ensure that your Work Study students are paid for this pay period, the following steps must be followed:

1. Complete two time reports for this pay period.
 - a. The first time report must reflect only the hours worked in June (June 26-30). Any hours for June that are not reported this pay period cannot be paid at a later date.
 - b. The second time report must reflect only the hours worked in July for this pay period (July 1-9).
2. The time report must be in the Work Study Office not later than 4:30 on Friday, July 9th. Time reports cannot be accepted any later than this date to pay students on July 16th.
