'DOLLARS FOR SCHOLARS'

Thanks to the unique generosity of the University of Kentucky K-Men's Association, an organization of alumni who won letters at the school in football and basketball, two deserving young Kentuckians will be enabled to attend the University this year with scholarship assistance.

Drawing on a fund made possible by benefit games played during the past year by the UK freshman football and basketball teams, the K-Men's Association has presented a check amounting to \$1,800 to the University Committee on Scholarships and Student Loans to cover two \$900 grants for the 1964-65 school year.

The newly-created scholarships, which are academic rather than athletic and believed to be nationally unique, are given to an incoming freshman and to a UK student with sophomore classification. Recipients may be either a boy or girl but must be residents of the state. Under rules governing the scholarships, the grants are renewable annually if the student makes satisfactory progress.

Association President Frank Seale said his organization plans to create one new scholarship each year with profits derived from one freshman football and one basketball game allotted to the K-Men's group by the UK Athletic Association. Last year these "Dollars For Scholars" benefit games were against the Tennessee freshmen in football and the Cincinnati yearlings in basketball. The 1964 Kentucky football frosh will open their four-game campaign this fall with a scholarship attraction featuring the Vanderbilt first year men as the opponent on Saturday night, Oct. 10. The basketball game will feature the cage Kittens against the Xavier freshmen.

Dr. Elbert W. Ockerman, chairman of the UK Committee on Scholarships and Student Loans, called the action of the lettermen in establishing the fund "a significant addition to the University's total scholarship program." He added that "it is unique that the award will be made to deserving students by an athletic organization entirely on the basis of academic ability and need for financial assistance."

Initial recipients of the K-Men's Scholarships are incoming freshman Harold Bell of Cynthiana and Miss Beatrice Talley of Magnolia, Ky., who will be a sophomore this year.

THE UNIVERSITY OF KENTUCKY

. . . The State Is Our Campus

Located in Lexington, an urban community of over 140,000 population in the heart of Kentucky's famed Blue Grass region, University of Kentucky is a state-supported, land-grant institution now approaching its centennial year to be celebrated in 1965.

The present school, which this fall expects 12,500 students and now offers instruction in 10 academic colleges plus a Graduate School and a division of Extended Programs, had its beginnings in 1865 when it was established as a part of old Kentucky University. This action by the State Legislature united sectarian and public education under one organization for the first time. Federal funds authorized under the Morrill Act were used to develop agriculture and mechanical arts within KU and, in 1878, A&M College was separated from KU to become a separate state institution on the general site of what is now the 706-acre main campus. Name changes in 1908 and 1916 resulted in the title by which the school is now known.

The University is on the approved list of the Association of Colleges and Secondary Schools. It is fully accredited in its respective colleges and departments by all of the major professional societies and educational organizations.

A new chief administrative officer, Dr. John W. Oswald, took over reins of the University at the beginning of the 1963-64 school year.

Dr. Oswald, at the age of only 47 years, comes to his position at Kentucky well-equipped in academic training and administrative experience plus an unusual (for a college president) background as both player and coach during his collegiate days. The UK president picked up his bachelor's degree from DePauw University and was awarded the Ph.D. degree by University of California, the institution from which he transferred to Kentucky. At California, John Oswald held many academic and administrative positions, rising to the post of vice-president-administration for the Statewide University. The special field of the UK president is plant pathology. His athletic background that now stands him in good stead came while he attended DePauw. There he played the grid sport for three years, served as team captain in his senior season of 1937, and lettered as well in basketball and track. Later, while associated with California, the Phi Beta Kappa graduate and former PT boat skipper tried his hand three years (1949-50-51) as a football coach (by avocation) of the Davis campus team. Dr. Oswald was honored in 1962 by selection on the Sports Illustrated Silver Anniversary All-America football team.

VICTORY KICKS

A game unique in University of Kentucky football history occurred in 1900. Kentucky beat the Louisville YMCA, 12-6, without running a single offensive play during the entire game. Kicking on first down every time they gained possession of the ball, Kentucky made its scores through the recovery of opponent fumbles in the end zone.

ATHLETICS AT KENTUCKY

Kentucky's athletic program, a well-balanced and ambitious activity featuring inter-collegiate competition in nine different sports, is organized under the Department of Athletics and a corporation known as the University of Kentucky Athletics Association.

The program is conducted without overemphasis or sacrifice of educational objectives and in strict compliance with the rules of the University, the Southeastern Conference and the National Collegiate Association.

A board of directors, headed by University President John W. Oswald in the capacity of chairman, maintains overall policy supervision of the athletic program. Ex-officio members, in addition to the president, include Dr. Leo M. Chamberlain, Dr. W. L. Matthews in the capacity of secretary to the board, and a student representative—all appointed by the president. Twelve other men, drawn from the University faculty and the general public, also serve on the board as appointees of the president.

Supervising the steady growth and balanced development of one of the nation's top athletic programs is Bernie A. Shively, a former Illinois grid All-American and a veteran of over 25 years in the post of Director of Athletics.

The Association's Board of Directors is composed of the following:

Dr. John W. Oswald, Chairman	Dr. Lyman Ginger
Dr. A. D. Albright, Vice Chairman	Dr. A. D. Kirwan
Dr. W. L. Matthews, Jr., Secretary	Douglas Parrish
James B. Allen	Dr. Douglas Schwartz
Dr. Ralph Angelucci	Dr. D. V. Terrell
Dr. Aubrey Brown	Prof. William Tolman
Dr. Loren Carlson	Floyd Wright
Dr. Thomas Clark	Steve Beshear (Student Representative)

KENTUCKY'S COLORS

The blue and white of the University of Kentucky are known to sports fans everywhere. Officially the colors are Yale blue and white, but in the beginning, when the Lexington institution was still known as the Agricultural and Mechanical College of Kentucky, the colors were "Stoll blue" and white. One day back in the 1890's a group of Kentucky football stalwarts met to choose their school colors. Someone suggested blue and white—"blue like Dick Stoll's necktie"—and those colors were immediately adopted. "Dick" Stoll was to become Judge Richard C. Stoll, distinguished public servant and, for more than fifty years before his death, a member of the U.K. board of trustees.

DIRECTOR OF ATHLETICS
BERNIE A. SHIVELY

Supervising the steady growth and balanced development of one of the nation's top athletic programs is the Herculean task being carried out successfully by Bernie A. Shively.

Few who have observed the untiring efforts of the tall, silver-haired former All-America footballer in the service of the University of Kentucky since 1927 and as Director of Athletics since 1938 will argue his fitness as an athletic Hercules. Not only has Shively guided the development of Kentucky as a nationally-respected power in major sports, but he has also gained personal prestige through a fair-minded approach to many problems.

During his quarter-century tenure as Athletic Director, Shively has directly supervised major expansions in Kentucky's athletic plant resulting from the progression of the school's football and basketball teams to greater national prominence and increased patronage by the sports-minded public.

The seating capacity of Kentucky's football stadium, McLean Stadium on Stoll Field, has been doubled to bring the current number of seats to approximately 37,500 and on par with most other schools located in heavier-populated areas. Powerful lighting equipment also was installed during the 1948-49 construction and a new-type "iodized" light put up in 1961 to bring night football into new popularity. Partly to satisfy the overwhelming number of basketball devotees, who could not squeeze into the 2,800-seat Alumni Gymnasium, a long-planned Memorial Coliseum was completed in 1950. Seating 11,500 persons for cage contests, the four-million dollar Coliseum also houses the Athletic Department. More recently, Shively directed the acquisition of a pair of modern, ranch-style living units which have served as the home of the football team since 1954. "Wildcat Manor" and "Kitten Lodge" replace three frame houses which the gridgers had occupied since 1949.

Plans Spacious New Sports Center

A large dressing room building and football practice field, used since 1955, was abandoned in 1959 to make way for a huge new men's dorm. Under Shively's supervision, a spacious new Sports Center was prepared a short distance away on the University farm to take even better care of the footballers and spring sports teams. The Sports Center is generally regarded as one of the finest sports facilities in the nation.

Stoll Field recently underwent, with Shively's supervision, a major "face-lifting" to improve its playing surface and the view of the fans sitting in the lower rows of the stands.

Born in Oliver, Ill., May 26, 1903, Shively attended Paris (Ill.) High school and there began his athletic career by participating in track and football. Although he was considered an outstanding backfield man in high school, Shively didn't attract the serious attention of collegiate scouts. He entered Illinois and tried out for the football team on his own. From that humble beginning, Shively went on to become a great guard under Coach Bob Zuppke on the same Illini team made famous by the immortal Red Grange.

Shive played two years with Grange, running interference for the "Galloping Ghost" and made All-America in 1926 as a senior despite a bad knee that handicapped his playing. He also won the heavyweight wrestling championship

of the Big 10 and was a standout in track to rank as one of the finest all-around athletes in Illinois' history.

Shively came to Kentucky in 1927 as line coach of football under Harry Gammage and six years later was named head of the UK Physical Education Department. He succeeded Chet Wynne as Athletic Director in 1938. During this period and the years following, he also served as track and baseball coach for several seasons and continued to assist the football staff as line coach until 1944. The next year, 1945, he assumed full charge of the grid squad for one season before turning the job over to mentor Paul (Bear) Bryant in 1946.

The Kentucky Athletic Director is currently chairman of the NCAA Basketball Tournament Committee and for the past 11 years has been president of the Southeastern Conference Coaches and Athletic Directors Association. He served as chairman of the SEC Basketball Committee for a number of years and is a past chairman of the NCAA summer baseball group.

Shively and his wife, Ruth, have two children. Doug was a star end on the UK grid team for three years ending in 1958 and is now coaching at VPI while daughter Suzanne was a Phi Beta Kappa graduate of UK in 1957.

FOOTBALL WRITERS SALUTE KENTUCKY PRESS BOX

University of Kentucky's football press box on Stoll Field rates as one of the best in the country from the standpoint of both working facilities and service to writers—so says the Football Writers Association of America. The national organization in 1958 added Kentucky to an exclusive list of schools that had been cited in both categories. Up to that time, only 67 institutions had won the award for press box services and 45 for facilities since the FWA started officially honoring the nation's best press boxes and sports publicity departments (who are responsible for service) several years ago.

HEAD COACH CHARLIE BRADSHAW

(Kentucky '49)

(Third Year As A Head Coach)

The personification of qualities of inner toughness, outwardly serious demeanor, quiet determination, ability, confidence and integrity . . . That's Kentucky's capable Head Football Coach.

Youthful Charlie Bradshaw, 39-year-old ex-Wildcat player and assistant coach, fulfills all these qualities that are the background for success and goes a step further. He's an inspirational leader who exudes the toughness that it takes for those around him—staff and players—to get the job at hand done in a way that will pay off with success. His influence already has made an indelible impression in relations with alumni, coaches of the state, followers of Kentucky football, prospects and players.

The football philosophy of Bradshaw, who assumed his first head coaching position in January, 1962, when he succeeded Blanton Collier as the institution's third alumnus coach, was schooled into him by nine years' service in an assistant's capacity on the staffs of UK and Alabama. Yet, the approach to the game taken by the Wildcat mentor is mainly and uniquely Bradshaw's own.

A positive approach is foremost with Charlie Bradshaw. Illustrative of his thinking is his simple statement of determination made as a comment upon his being hired as Kentucky's coach: "If I didn't think I could get the job done, I wouldn't be here!"

Emphasizes Winning Ways

He believes in the direct way of doing things. The emphasis is on how to win instead of what mistakes can be costly enough to cause a loss. He makes a habit of being fair, sincere and honest with his team and in turn expects the same from his players. He stresses the pride to be gained from 100 percent effort and of doing things right—which he feels to be synonymous with winning football. The church and school also play prominent roles in the plan of devoutly Christian (Baptist) Bradshaw.

Directness and the positive approach sometimes get mixed up with toughness and extreme roughness. While demanding to some degree in relations with the squad on the field, Coach Bradshaw sees the reputed "tough guy" approach a little differently than most people. "There's a lot of difference between toughness and unnecessary roughness," he explains. "We are always going to be tough, I assure you. Football is a contact type of game in which you have to be tough to win. We intend to demand a great deal through strict discipline rather than brute force."

Charlie grew up in Montgomery, Ala., and started his football at the age of 15 in Sidney Lanier High. Upon graduation, he was attracted to the University of Kentucky and attended one semester in 1942 without seeing any grid action.

After that first semester, he withdrew to enter the Marine Corps. He served for three years and saw 19 months' action in the Pacific Theater. Following his discharge, Bradshaw returned to UK to play on Paul Bryant's first three Wildcat aggregations. He earned the first of four letters as a center in 1946 and picked up his three subsequent monograms as a 165-pound end. Attempting to get in an allowable fourth year of competition as a graduate student in 1949, he was ruled ineligible after three games by SEC Commissioner Bernie Moore.

Coached Under Collier, Bryant

Bradshaw remained on the coaching staff as a student assistant for the remainder of the season and then, in 1950, returned to his home town high school (Sidney Lanier in Montgomery, Ala.) as coach and co-ordinator of a junior high program—a position he retained until chosen an aide on the first UK staff of Blanton Collier in 1954. After five years as end coach and later offensive back-field coach, Charlie moved in 1959 to Alabama as a line tutor for Coach Bryant. In this position and then as offensive coach in 1961, he gained much recognition for contributing greatly to the Crimson Tide's success in progressing to the peak of undefeated National Champion in 1961.

Coach Bradshaw was graduated from the University of Kentucky in 1949 with an AB in Commerce and physical education and later was awarded a master's degree in school administration. He married his high school sweetheart, Martha Austin of Montgomery, in 1945 and they have a daughter, seven-year-old Leigh.

The new Wildcat football chief is operating under a four-year contract. In his initial two seasons as a head coach tackling the unenviable assignment of re-building Kentucky's shattered football foundations, he has made slow but distinct progress despite many obstacles. The record (6-11-3) fails to accurately reflect the overall program improvement and change for the better in mental attitude instilled by the hard-working and popular coach.

Bradshaw served as an assistant on the Grays' coaching staff for the 1962 renewal of the Blue-Gray Game in his home town of Montgomery, Ala.

BRADSHAW THIRD ALUMNUS COACH

Charlie Bradshaw, an alumnus of the University of Kentucky class of 1949, became the third graduate of the school to take over the head football coaching reins when he was hired January 10, 1962. The first coach with that distinction was J. White Guyn, tutor of the Wildcats in 1906-08, and the only other grad to take up duties at his alma mater was A. D. (Ab) Kirwan, coach for the seasons 1938-44.

Like their boss, three members of the coaching staff did their collegiate footballing at Kentucky. The playing career of assistant George Sengel overlapped that of Bradshaw (player 1942, 46-49; staff '54-58) while aides George Boone and Ray Callahan played when Bradshaw was on the staff.

GALS' COACH FIRST UK MENTOR

Prof. A. M. Miller, who became Kentucky's first football coach in 1892, was chosen because he had learned about the game from sideline observations while a student at Princeton. His only previous coaching experience was at a girls' school in Pennsylvania.

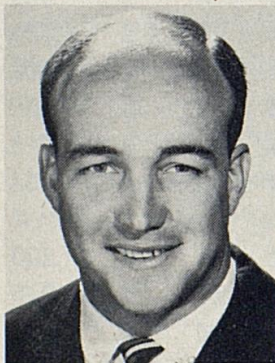

WILDCAT COACHING STAFF

HOMER RICE

Offensive Coach

Entering the collegiate field in 1962 after a highly-successful career in high school, Homer Rice is assigned responsibility for making Kentucky's T offense operations go. His 11-year coaching record in schoolboy ranks was an amazing 101-9-7. Rice-coached teams went undefeated in 50 straight games, posted seven perfect seasons and annexed nine championships. He was personally recognized with seven "Coach of the Year" awards. Rice started his coaching career in 1951 at Wartburg (Tenn.) High following graduation from Centre College where he was a Little All-America QB. He spent the next two seasons at Spring City, Tenn., and then took over at Ft. Thomas. In each assignment, he produced the best record in the school's history. He is a World War II veteran (Pacific Theater), holds a master's degree from Eastern Ky. State College, and is author of a book on "The Explosive Short-T." Born 2/20/27 . . . Home town: Ft. Thomas, Ky. . . . Married to former Phyllis Wardrup of Middlesboro, Ky., and they have three daughters—Nancy 13, Phyllis 11, and Angela 8.

BOB FORD

Defensive Backfield Coach

A youthful veteran of coaching experience at three major southern schools, Bob Ford rejoins the Bradshaw staff this season after a one-year absence during which he devoted his time to establishing a private business. Regarded as one of the game's brightest young defensive minds, Coach Ford is a native of Wynne, Ark., where he was center and captain of his high school grid outfit when it captured the state schoolboy championship in 1950. Later he compiled an outstanding record as a center and end at Memphis State, including selection as the Tigers' most valuable player in his senior campaign of 1954. He started his coaching career by staying on at his alma mater for two years (1955-56) as freshman football coach and doubling as tutor of the Tiger track team. Ford then entered military service and spent the next two years with the U.S. Army in the Korean Theater. Along with former UK aide Jim Carmody, he coached an Army grid team to the Far East championship. Upon his return to the states and discharge, Ford joined the Alabama staff as a line assistant working primarily with the frosh. After three seasons, he moved to Georgia as defensive line coach. He transferred to Kentucky shortly after Coach Bradshaw took over in 1962 and worked that season with the Wildcat defensive line . . . Born 11/18/33 . . . Graduate Memphis State 1955 . . . Married to former Sarah Hornsby of Memphis and father of two sons—Robert Jr. 3½ and Paul 1½.

GEORGE SENDEL

End Coach

A holdover from one year (1961) on the Collier grid staff, George (Chink) Sengel was retained by Charlie Bradshaw out of confidence in his coaching ability. Sengel's collegiate career at Kentucky spanned three of the same years (1942, 1946-47) as his new boss. A native of Louisville "Chink" was an All-State end at Louisville Manual High in 1939 and started his collegiate career at Kentucky in 1940. After lettering as the team's regular end in 1942, he spent three years in the Army Air Corps. Returning to UK in 1946, he picked up two more letters prior to graduation in 1948 and then spent one year as a revenue agent. He began his coaching career as a freshman assistant at Kentucky in 1949. For the next five years (1950-54), Sengel served as head coach and athletic director at Clay County High in Green Cove Springs, Fla., and was head coach-AD at Apopka (Fla.) High two seasons before returning to his home town as end coach for Male High. He joined Blanton Collier's staff in 1961 as coach of ends and continues in the same capacity for Bradshaw. Born 9/14/21 . . . Married to former Mary Alice Duncan of Lawrenceburg, Ky., with two sons—George III 13 and David 6½.

GEORGE BOONE

Assistant Line Coach

One of the most determined players ever to perform on the gridiron for University of Kentucky and a self-made man, George Boone retains his coach position as an assistant working with the defensive line. He was held over by Coach Bradshaw after one year as a full-time aide on the Collier staff due to the personal knowledge and confidence of UK's new grid chief, who tutored Boone in three of his UK years. A native of Louisville, Boone attended St. Joe Prep school in Bardstown, Ky. Although he entered the state university in 1956 without a grant-in-aid, he soon convinced coaches of his ability and determination and was given a scholarship. Boone was an outstanding tackle for the Wildcats from 1956 through 1959 and was named by the Associated Press in 1957 on the All-Southeastern Conference Sophomore team. He was bothered as a junior by a shoulder injury, but came back to turn in consistently good defensive play that impressed both opponents and Kentucky coaches. George stayed on the Wildcat coaching staff in a part-time capacity for the 1960 season after completing his eligibility and was hired as a full-time coach in 1961. Born 5/25/38 . . . Graduate Kentucky '61 . . . Married to former Dorothy Leet of Lexington and they have a son, Dickie 3½ and a two-year-old daughter, Georgia.

RALPH HAWKINS

Assistant Backfield Coach

A veteran of rounded experience, Ralph Hawkins joined the UK staff in '62 with a background as a collegiate and professional player and coach in both high school and college ranks. The energetic bachelor from Washington, D. C., graduated from the University of Maryland in 1957 with a major in physical education and a minor in sociology after playing both quarterback and halfback for the Terps under the tutelage of the late Jim Tatum. He served as a freshman backfield coach at Maryland on the staff of Tom Nugent for one season (1957) before entering the professional football ranks to play as a defensive safety for the New York Titans of the AFL. Later, Hawkins coached one year at Bishop Dennis J. O'Connell High School in Arlington, Va., and spent the 1961 season as an assistant backfield coach at Southern Methodist University on the staff of Bill Meek. During the school year he lives in the freshman football house, Kitten Lodge, as a supervisor of the student athletes. He works mainly with the offensive backs. Born 5/4/35 in Washington, D. C.

BUD MOORE

Assistant Line Coach

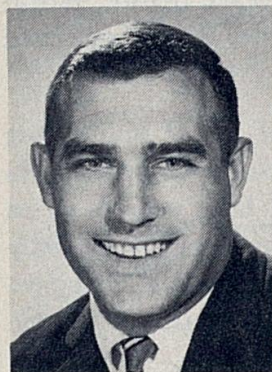

A native Alabamian and graduate of its state university, Bud Moore joined the Bradshaw staff in '62 with high recommendations as a rapidly developing young grid tutor. He picked up his playing and initial coaching experience under the tutelage of Paul (Bear) Bryant at Alabama. He was a star end and tackle for the Crimson Tide elevens in 1958-59-60—a period during which Alabama was building toward its national championship. During the final two years that Moore was on the squad, the Tide lost only three games and twice went to bowls. Bud picked up three letters and much acclaim prior to graduation in 1961 with a major in PE and minor in math. Alabama coaches considered him the team's outstanding lineman in the last three games of his senior campaign after he had been switched to tackle. His coaching experience started as a student assistant on the Bryant staff during spring training of 1961 while Bradshaw was offensive coach. He spent the '61 season as coach at Gadsden (Ala.) High school. In high school at West End in Birmingham, Bud was a four-sport standout. He works mainly with UK's offensive linemen. Born 10/16/39 . . . Married to former Beth Marion of Birmingham and they have a two-year-old son, Matt Wayne.

BILL JASPER

Assistant Line Coach

Bill Jasper joined the Kentucky staff of Charlie Bradshaw in 1962 with a background of 10 years as a successful high school mentor. He played his collegiate ball for arch-rival Tennessee as a linebacker and center, graduating after the '51 national championship season. After two seasons as head coach at Morristown (Tenn.) High, he spent four years each in the same capacity at Louisville (Ky.) Manual and Kingsport (Tenn.) Highs. His Kingsport teams won the state championship in 1959 and 1960. In addition to coaching, Bill has the added responsibility of supervising the study habits of UK's footballers and assisting them with academic problems. Born 1/9/29 . . . Home town: Somerset, Ky. . . Graduate Tennessee 1952 . . . Married to former Jane Norwood of Somerset and they have three boys—Steve 11, John 7, and one-year-old Doug.

RAY CALLAHAN

Assistant Coach

Appointed to the Bradshaw staff just prior to the 1963 season, Ray Callahan is an ex-Kentucky Wildcat who enters the collegiate coaching field for the first time. However, the former UK back and guard is no stranger in state grid coaching circles as he boasts a highly creditable record of 28-13-2 for four seasons as a head tutor in high school and earlier served with distinction as an assistant at two schools. Ray enrolled at UK in 1952 following a star career at home town Lebanon (Ky.) High school, where he played three years as a halfback. As a Wildcat, he was first used at fullback but switched over to guard in his junior season. Although he had never played the position before, he came along fast and played regularly through his final two campaigns. He made good in coaching following graduation, holding assistant jobs at Versailles (Ky.) High in 1956 and at Louisville's Manual High for the 1957 and 1958 seasons before accepting the head coaching position at Danville (Ky.) High. Callahan capped his fourth season with the Admirals in 1962 by winning the state Class AA title and picking up personal honor as "AA Coach of the Year." At UK, he works primarily with the freshmen . . . Born 4/28/33 . . . Married to the former Essie Lee Dorsey of Lebanon and they have two children, Kenny 6 and Karen 4.

LATE NOTE: Phil (Duke) Owen, successful coach at Mt. Sterling (Ky.) High School, appointed to staff as assistant coach.

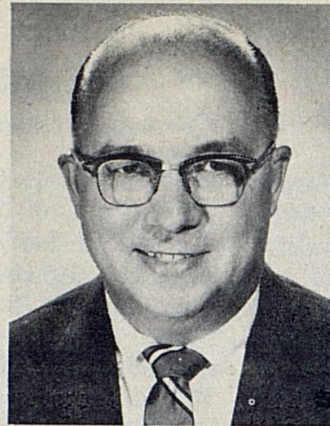

Staff Changes Since 1963

Departures: Asst. Head Coach Matt Lair (to Texas Tech), Defensive Coach Dave Hart (to US Naval Academy), Freshman Coach Jim Carmody (to Mississippi State).

Appointment: Bob Ford (returned after one season absence).

BROWN

KUHN

BERLIN

BUSTER BROWN—Equipment Manager: Handling the duties of handing out thousands of dollars' worth of football gear to the team is a seasoned veteran, S. C. (Buster) Brown. The tough-but-popular Brown served the University athletic teams in the capacity of Equipment Manager for several years before World War II. After wartime work as a stevedore on the West Coast, Buster returned to Kentucky and his old job in 1952.

KEN KUHN—Publicity Director: A veteran of 17 years in the job of publicizing Wildcat football and other sports activities of UK, Kuhn came to Lexington via Michigan State from which he was graduated in 1942 and later served as an assistant in the Public Relations Department. Before moving over to the Athletic Department in 1948, he worked two years as News Editor in UK's Department of Public Relations. Kuhn is a past president of the Southeastern Conference Sports Publicity Association.

RALPH BERLIN—Trainer: A 28-year-old Marine Corps veteran, Berlin joined the Kentucky staff in August as a replacement for Rusty Payne. Ralph brings to the staff five years experience in the training field, the last two as head athletic trainer at DePauw University. Earlier, he served in an assistant's capacity at Iowa State where he graduated in 1962. Berlin also has worked as a training assistant with the St. Louis Cardinals pro football team.

WILDCAT MASCOTS HAD COLORFUL NAMES

Over the years, Kentucky athletic teams have been spurred on in efforts toward victory by numerous colorfully-named wildcat mascots. Records indicate the first animal was given to the University in 1921. Named "Tom," this live Kentucky wildcat died quickly in captivity and was replaced with "TNT." Other live mascots followed—including "Whiskers," "Hot Tamale," and "Colonel"—only to pass from the scene due to death or being turned loose in the mountains after they did not thrive out of their native habitat. The current mascot, displayed at football and basketball games by SUKY (student pep organization), is a stuffed Kentucky wildcat obtained in 1958 from a Brooklyn taxidermist.

KENTUCKY OUTLOOK FOR 1964

Coach Charlie Bradshaw enters his third season at the University of Kentucky with optimism that he can field the best band of Wildcats of his career as head coach.

Pinning down the reason for this optimism is not easy. Perhaps it is more a feeling than anything else. Bradshaw cites mental attitude of his squad as A-1, explaining that for the first time this spring he and his staff were able to concentrate on teaching the fundamentals of football rather than having to spend time trying to convince boys to pay the price of winning football games through hard, determined work.

"Team morale is tremendous," he reports. "I think we can count on it to hold the line until experience develops to carry us. We are an admittedly young ball club again but I foresee that we will not be playing like sophomores. Attitude stimulates competition which makes for a good team by improving players and giving overall progress."

Squad Has Numbers First Time

Just as important as mental attitude and something more solid for the experts to put their fingers on is the presence of sheer numbers for the first time in three years. Spring workouts wound up with about 65 boys on hand . . . quitters were exceptionally scarce. It seemed a pleasure to the coaches to be able to look out on the field and see "bodies." Only two seasons back, wholesale departures by those not willing to work hard to win caused Kentucky's grid outfit to be labeled the "Thin Thirty" in reference to a total squad of less than 30 players.

With numbers has come improvement in depth. Seventeen letter winners return to form the nucleus and a host of highly promising sophs have added strength at most positions. Losses were light—only eight lettermen were lost, chiefly All-America Herschel Turner and backfield starters Darrell Cox (RH) and Ken Bocard (FB).

Kentucky in 1964 should be comparatively strong (emphasis on the qualifying word comparatively) at most positions. While the standard may be no better than par for Southeastern Conference calibre of football, the Wildcats look approvingly on their situation at end, tackle and the backfield generally. Guard and center loom as a continuing problem.

Both '63 starters (Rick Kestner and Bill Jenkins) return at end. Starter Rich Tucci returns on left side at tackle with strong competition due from prize rookie Maurice Moorman (6-4 and 246) while junior Sam Ball should take Turner's vacated right tackle post. Both regular guards are back but the interior line location, particularly on defense, is not regarded as strong and some new faces are likely to be tried there. Center will start out as a problem due to a complete lack of experience. Lending hope for gradual improvement, however, are junior squadman Jim Miles and promising sophomore Calvin Withrow.

Heading the lineup in the backfield are a sterling halfback, junior Rodger Bird, and the league's number two passer of 1963, junior Rick Norton. Bird

followed up a sensational soph year with consistently fine showings this spring in scrimmages. He ranked as one of the top runners in the SEC a year ago as he posted a 4.5 average gain rushing. The versatile halfback also tossed passes, caught them, punted for an average of 34.9 and was regarded as the most dangerous punt and kick-off return man in the league. He played safety on defense.

Louisville Slugger Norton was the fastest improving quarterback and passer in the league as the 1963 campaign drew to a close. Veteran observers of Dixie football likened his rookie campaign to that of former Wildcat All-America Babe Parilli as Norton's season-long performances closely paralleled the passing marks of the Kentucky Babe.

Norton Runner-Up In SEC Passing Race

Statistically, Norton ran a close second in SEC passing with 79 completions in 182 tosses for 1,177 yards and six touchdowns. Parilli, in his first varsity season back in 1949 and with a bowl-bound team backing him up, posted only a slightly better record—connecting on 87 passes and netting 1,209 yards. Actually, Norton ran ahead of Parilli in passing performance most of the season at comparative stages.

Fullback loomed as a problem due to the departure of both letter winners from the position, but the outlook for improvement picked up this spring as holdout soph Mike McGraw, a halfback who laid out last year due to injuries, switched to fullback.

Aside from McGraw, the team's top sophomores are halfback Frank Antonini, a 207-pound chunk of greased lightning generally acknowledged to be one of the league's finest freshman backs last season when he averaged 7.5 yards per carry and notched 68 points in pacing the UK frosh to a four-game undefeated season, and tackle Maurice Moorman—at 6-4 and 246 one of the largest in the SEC.

Overall, Kentucky in 1964 can count on big, strong backs with good speed for the first time in many a year. The line in general does not appear to measure up quite as well but boasts strength and depth at some positions.

Sights in the Wildcat camp are set high, keyed to a feeling that numbers and quality, a promising blend of youth and experience plus better mental attitude will create a greater opportunity to win consistently in a tough league.

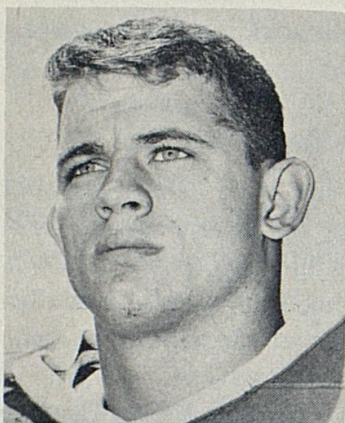

Just how tough Kentucky's assignment is going to be is illustrated by the fact that the schedule calls for tests against three of the nation's top 15 powers of 1963—Auburn (No. 6), Ole Miss (No. 7), and LSU (No. 15). All three, along with Baylor, went "a-bowling" last season and the trio of SEC teams is being picked among the top four contenders for the '64 loop crown.

RODGER BIRD

All-Conference Halfback Candidate

Most of Dixie's grid experts couldn't find enough good things to say about Kentucky halfback Rodger Bird during a terrific break-in year last season and there's a feeling afoot in the nation's strongest football league that the Kentucky mountain boy will be hard to contain this year with experience and a better club behind him.

Without the support of a winning team a year ago, Bird nevertheless ran well enough to rank among the league ball carrying leaders all season long. In the early going, he topped the rushing department and at season's end was eleventh with 382 yards netted on just 85 carries. His strong, 4.5 average gain was much better than many of the men on winning teams who ranked ahead of him in bare yardage.

Coach Charlie Bradshaw, who brands his ace unqualifiedly "as good an all-around football player as there is in the SEC," emphasizes that Bird's value to his team and qualifications as a candidate for honors lies in more than just his proven ability to gain ground running. "Rodger is a complete football player," the Wildcat coach declares. "He is equally as good catching passes, punting, operating as a defensive safety and, I feel, is particularly dangerous as a punt and kickoff return man."

Last season as a sophomore, Bird even threw passes on occasion in addition to pacing his team in several offensive departments. He completed five out of six tosses.

The Corbin Comet, a nickname he picked up alluding to his hometown of Corbin, Ky., had two of his top performances in Kentucky's season opener and finale. In the first game against Virginia Tech, he sparkled as he returned the opening kickoff 92 yards for a touchdown—the first time he had his hands on the ball in a varsity game. All told, he racked up 157 yards on the ground in 19 trips and also punted twice for 76 yards.

The season finale versus Tennessee's Vols saw him demonstrate the versatility that is expected to blossom into full prominence this year. He netted 55 yards in eight ground jaunts (nearly seven yards a crack), completed the only pass he tried, caught two aerials for 22 yards, returned a kickoff 24 yards and punted five times covering 151 yards.

For the record, the speedy Kentuckian (he's the fastest on the team) posted a terrific, 30.1 kickoff return average; brought back punts an average of 11.2 yards per try; and led team scoring with 24 points. Bird's punting average on 42 kicks was an excellent 34.9, with his long boot a 63 yarder versus Vanderbilt. He also proved adept at catching passes, his 15 receptions netting 208 yards for the team cause and ranking as the seventh best mark in the SEC during 1963.

Bird, although fast, is not one to rely entirely on his speed. He uses his speed in a compatible combination with agility and strength and runs for the goal line on every play, never avoiding contact when it becomes necessary to blast through. He's perfectly willing to fight his way through a hole rather than take the long way around.

As a sensational high school performer at Corbin, Rodger set a new state school-boy scoring record of 212 points. He is the last of a famous band of Bird brothers who have starred in athletics at University of Kentucky. Preceding Rodger to the Blue Grass campus were brothers Jerry, who finished a basketball career in 1956; Calvin, a star halfback with the Wildcats in the 1957-60 period; and Billy, who left school after lettering as a sophomore in 1961.

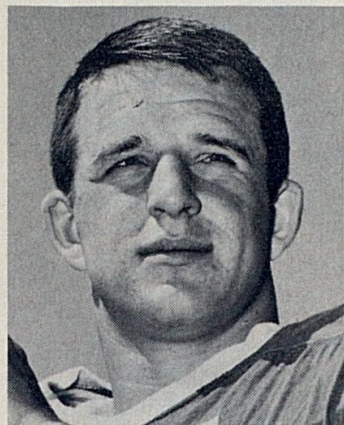

If improvement comes along as expected, the willing worker could become Kentucky's first "pure" All-America halfback in history in 1964. Steve Meilinger, who played some halfback while also alternating at end and quarterback in the early fifties, was an All-America choice in both 1952 and 1953.

RICK NORTON

'Mail Order' Quarterback

Many a football coach has toyed with the thought on occasion that he could ease his personnel pains if it were possible to select an outstanding player or two from the mail order house catalog in much the same way that goods are acquired through Sears and Roebuck.

Not one to let a dream stand in the way of reality, University of Kentucky's head grid mentor Charlie Bradshaw virtually "went to the catalog" to acquire the top-flight quarterback he needed desperately when he took over the reins at his alma mater in 1962.

Slender Rick Norton had just completed a sensational schoolboy career at Louisville, Ky., and obviously was just the boy Bradshaw needed to help guide Wildcat fortunes back to the prominence of the Bowl Era of the early fifties. The hitch was that Norton seemed inclined to do his collegiate toiling out of the state.

This called for desperate recruiting measures on the part of the Kentucky grid chief and the result that successfully brought Norton to his state university actually resembled something similar to the mail order dream that haunts coaches.

Coach Bradshaw's first act upon arriving in Lexington was to organize a mail order campaign—asking Kentucky alumni and dedicated fans to institute a letter writing campaign directed at Norton to let him know that the Wildcats needed his services desperately. Thousands of letters poured in on the schoolboy All-America urging him to choose Kentucky over the 100-odd other major schools of the country which sought to sign him.

The mail order recruiting paid off as Norton settled on Kentucky and is still paying dividends as he heads into the 1964 campaign recognized as one of the South's premier quarterbacks.

His career as a collegian gives every indication of blossoming into greatness surpassing even the sensational showing he made as a schoolboy at Louisville Flaget High.

Following up a tremendous break-in campaign as a UK freshman in 1962, which saw him surpass all previous yearling passing records, Norton shook off a frustrating start to become the second leading passer in the rugged Southeastern Conference by season's end in his first varsity season last year.

With credentials as the league's top returning passer and a member of the exclusive 1,000-Yard Club (he netted 1,144), Norton stands out as a rightful and proven candidate for high honors in his junior season.

Lending credit to his candidacy is the unusual fact that he pulled himself up to record-maker stature after a poor start that saw him fail to connect on his first 16 passes and suffer interceptions 11 times on his initial 66 tosses. After shaking off the jitters, Norton hit a hot hand to set a new SEC record for interception avoidance by throwing 68 straight without one straying into enemy hands. The streak started midway of the opening period against LSU and ended 33 seconds before halftime three games later against Vanderbilt.

For the campaign, Norton's passing statistics closely paralleled the record of ex-UK All-America Babe Parilli in his sophomore season. Norton completed 79 of 182 tosses for 1,177 yards and six TD's with 18 intercepted while the Kentucky Babe, with a bowl-bound club backing him up, connected on 81 of 150 for 1,081 yards and eight touchdowns with 13 intercepted.

The All-SEC Soph team selection is classed as superior to Parilli as a runner and wound up fifth in SEC total offense with 1,144 yards. He proved himself capable of throwing the long ball as well as Parilli when the occasion demanded last year—his longest toss a 73-yard non-scoring heave to end Rick Kestner in Baylor game.

Norton is classed by his coach as "a passer, not a thrower" and cited for su-

perb wrist action that allows him to snap passes off quickly to an open receiver, putting the defense at a disadvantage. He throws hard, accurately, either long or short, runs the belly series to perfection and shows excellent poise as well as good judgment on when not to throw. In addition, Bradshaw affirms, Norton is a good defensive back.

He logged 274:49 in action time last season, mostly on offense.

At Flaget High, where he tossed a city record 20 TD passes as a senior and achieved a host of honors, Norton was coached by Paulie Miller who also turned out pro star Paul Hornung.

Many experts feel the "Louisville Slugger" was the fastest improving quarterback in the league last season and has the God-given ability to blossom into one of Dixie football's all-time greats.

ORIGIN OF "WILDCATS" NICKNAME

Kentucky's athletic teams are known to sports fans as the Wildcats. This first and only nickname borne by University varsities had its origin in 1909 in a speech made by Commandant Corbusier, then head of the military department of old State College. Speaking to a chapel audience of students on the showing of the Kentucky football team in defeating Illinois six to two, the Commandant declared "they fought like Wildcats." The tag was popularized by word of mouth and by the press with the result that it has since become synonymous with all major Kentucky athletic teams.

While the name is old in origin, no claim is made regarding precedence over similar nicknames boasted by Northwestern, Villanova and about 10 other major athletic teams.

An alumnus in 1947 presented a live Kentucky Wildcat to SUKY, student pep organization. Named "The Colonel," the cat served as a live mascot for UK teams until his death in 1955. The current mascot is a stuffed wildcat obtained from a Brooklyn taxidermist just before the 1958 football season and named "Tucky."

HONORS COME LATELY

From its football beginnings in 1881 through 1942, Kentucky had only one player named to a recognized All-America team. In the short span of years since, no less than nine have earned first team mention on the national honor rolls and four of the stars were repeaters. Nineteen Wildcats have received All-Conference recognition a total of 26 times since the loop was organized in 1933.

SERIES HISTORY: Only three meetings on the gridiron are recorded between the Wildcats and major midwestern independent Detroit. The first two were played on the Titans' home ground and each resulted in a Kentucky win that got the visiting Blue Grass eleven on the victory trail for the first time in the campaign. Last year's contest also was auspicious from the standpoint that the win by Kentucky evened up the season record at 2-2. The inaugural game came only five years back, on Oct.

2, 1959, and saw the 'Cats humble the Titans, 32-7, mainly on the strength of a powerful ground attack that rolled up 344 yards. Ambitious Detroit simply could not cope with UK's defense and depth. The lone long run allowed by Kentucky came on a 51-yard gallop by Bruce Maher after the game was wrapped up. Three years later, the pair squared off again in the Motor City with similar result—a resounding (27-8) Wildcat victory. The win avoided the tag of one of the “losingest” outfits in UK grid history. Only one other club (1957) had failed to chalk up its first win by the fourth game of the season.

LAST MEETING: Oct. 12, 1963 (Lexington)—UK 35, UD 18—Behind the unlimbered passing arm of quarterback Rick Norton and the sensational running of halfback Bob Kosid, Kentucky's victory-hungry Wildcats rolled easily past outclassed but game Detroit to even their season record at 2-2. Norton, enjoying the finest hour of his varsity career notched 171 big yards for the UK cause as he tossed eight out of 17 strikes. Running mate Kosid accounted for 112 yards including a spectacular, 82-yard jaunt in the first period for the Cats' opening points and another marker later. Kentucky swept to a 20-6 halftime advantage and increased the count to 28 to 6 in the third period after Norton scored on a keeper play and Darrell Cox unveiled a two-point PAT pass. With the contest safely in the bag, the UKats let up and Detroit came storming from behind to tally two more touchdowns in the third. UK added its final points in between the UD scores and both went scoreless in the final 15 minutes.

1964 OUTLOOK: Like Kentucky, the Titans of Detroit find much solace in the presence of sheer numbers on the candidate list for the coming season. Coach John Idzik heads into his third season with high hopes that he finally has the numbers—as well as the potential ability—to make rebuilding plans pay off. This fall, he will be able to call on over 75 candidates for varsity duty, including 20 talented lettermen. According to word out of the Motor City, many of the seven returning starters will be hard-pressed to hold their jobs in the face of an onslaught by a promising sophomore group. As many as six could be in the starting lineup. The lone veteran with nothing to fear except fear itself apparently is Catholic All-America fullback Fred Beier, a powerful 212-pound senior who gained 766 yards on 177 carries last year to stand 13th in the nation. Beier reportedly looked good in spring drills and his effectiveness should be helped by the prospect of a new face at quarterback, 5-9 soph Mike Flaherty. The leading returnee in the line is 6-4, 286-pound tackle Steve Mass, a Catholic All-America selection in '63 as a sophomore. Number two rusher (233 yards) Dennis Assenmacher also is back at halfback.

SERIES HISTORY: A strange sequence of upsets and near-upsets flavors the comparatively young, but colorful and intense rivalry between the Wildcats and Ole Miss. Twenty meetings have been held since the series got underway in 1944, but it was 1958 before the Rebels could claim a distinctive edge in the battling. The Wildcats got the series off to an auspicious start by winning the first game, but Mississippi took the decision in three out of the next four meetings. The fireworks really started in 1949 as Kentucky claimed a 47-0 upset in Oxford and started on the road to big-time prominence. Since then, the Kentucky game has been a "make or break" situation on the Rebels' schedule. The 1954 meeting in Memphis was a penalty-marred spectacle resulting in several conference records for violations that still stand. In 1955, UK added new fire to the "beat the favorite" series history by upending the defending SEC champs in Lexington for their only loss enroute to a second straight title

and Cotton Bowl win. Ole Miss has achieved a measure of revenge by winning every game since, but the final result on the scoreboard failed generally to reflect the closeness of the battles. UK extended the SEC "Team of the Decade" four years ago by forcing a long field goal and a freakish, 51-yard quarterback sneak TD in final seconds for a 16-0 decision.

LAST MEETING: Sept. 28, 1963 (Lexington) UM 31, UK 7—Defending Southeastern Conference champion Mississippi unleashed all its offensive fireworks in an awesome display of strength that found the Kentucky defense wanting to the tune of a decisive, 31-7 victory. The fired-up Rebels put three points on the scoreboard with a 31-yard field goal the first time they had the ball and exploded for three "cheap" touchdowns during the second period for a 24-0 halftime advantage. Unable to cope with the fearsome power of Ole Miss and victims of their own mistakes—particularly pass defense—the Wildcats settled down in the second 30 minutes of action to hold the visitors to just one more score. UK avoided a shutout by scoring on an interception midway of the final period.

1964 OUTLOOK: Most pollsters are predicting number seven Southeastern Conference champion in 1964 for the ever-present Rebels of Ole Miss. Only one school (Tennessee) has managed to win the SEC grid crown three years in a row but the experts figure Mississippi a good bet to become the second despite some wholesome scrambling among the rest of the 11-team league. The Rebels will be better—if that's possible—and one national magazine figures they will be the national champion. Losses included many key figures that manned the 1963 first two units but capable John Vaught seems always to come up with offsetting new talent. The prospects of better depth and a more versatile attack this season weighs heavily on the minds of opposing coaches. Manning the passing game should be able Jim Weatherly with All-SEC flankman Allen Brown on the receiving end. Capable Dave Jennings, second leading ground gainer a year ago, is back with added experience at tailback to beef up the attack.

SERIES HISTORY: Former Southeastern Conference football “dormats,” Kentucky and Auburn, first got together on the gridiron at Lexington in 1934—the year after the league was organized—and played another game the following season at Montgomery before interrupting their series for nearly two decades. Each held a victory out of the early meetings and the 1954 scrap, which resumed the rivalry, resulted in a 21-14 decision in the Wildcats’ favor. Tilts between the new-found powers in the years since have been fraught with frustration. With but one exception (a 33-0 Auburn win in 1959), the annual clashes have seen neither influence a decisive change in the trend to close games. Kentucky walked away with a memorable 14-12 upset victory in 1961 on the Tigers’ home ground where no Auburn eleven had been beaten in 30 straight games. Prior to the win, UK had been able to score on the stingy Plainsmen only once in five years.

LAST MEETING: Oct. 5, 1963 (Auburn) AU 14, UK 13—Charlie Bradshaw and his youthful Wildcats came to win and, when the slashing battle in Auburn's Cliff Hare Stadium had roared to a close, Tiger partisans were the first to admit that Kentucky had the better team at the end and the home club was indeed lucky to come out on the long end of a 14-13 count. After a frustrating first half of action in which Auburn's powerful backs punched away almost at will for long yardage through a porous Kentucky defense, the Blue Grass eleven suddenly came to life after the intermission. The Wildcats, behind the vastly improved passing artistry of quarterback Rick Norton and the hard running of other backs, completely dominated the second thirty minutes. Only the failure of a gamble in the third period and a field goal try that came close during the final stanza kept the Kentuckians at bay as they displayed a vastly improved brand of play.

1964 OUTLOOK: A disturbing difference of opinion is filtering out of the South relative to the Southeastern Conference title picture. While the consensus seems to favor Ole Miss, many reliable experts are out with the warning to "watch out for those Tigers." Even usually reserved Coach Shug Jordan is on record as admitting that his '64 outfit, successor to the strong club that wound up second in the league in 1963 with just one marring setback, "has as much potential as any I have ever fielded." Much of that potential rests on the broad shoulders of All-America quarterback Jimmy Sidle the pre-season pick as the SEC's most valuable player. But he's just one cog in an awesome band of 27 returning lettermen. Also still around to give opposing coaches nightmares are such capable hands as 215-pound tailback Tucker Frederickson and linebacking specialist Bill Cody.

SERIES HISTORY: The Seminole of Florida State, a fast-rising southern independent, became the newest Kentucky football rival when gridiron relations were inaugurated at Tallahassee in October, 1960. Although UK had met other Florida teams (University of Florida and Miami), the only previous athletic relationship with Florida State had been in a basketball meeting at Lexington opening the 1958-59 season. The Seminole have been playing football only 18 years but are regarded as a coming power in the sport. They have yet to cross Kentucky's goal line in the young series—dropping a 23-0 decision to the Wildcats in 1960, losing by a 20-0 count in 1961 and victims, along with Kentucky, of a scoreless standoff two years back.

LAST MEETING: Sept. 22, 1962 (Lexington) UK 0, FSU 0—No further evidence of Florida State's fast-progressing rise in the gridiron world was needed for the 34,000

spectators who witnessed the 1962 season opener in Lexington as the Seminoles stormed to a frustrating scoreless deadlock that amounted to something of a moral victory. FSU, operating with three platoons against numerically thin Kentucky, threatened three times in the opening half but were held back by a staunch defense. The Wildcats' best threat came late in the third period as they moved to the FSU 11, mostly on Jerry Woolum's passing to All-America end Tom Hutchinson, but the drive stalled and a field goal try was short. The tie marked only the second time in 11 years that UK had not dropped a season opener.

1964 OUTLOOK: If Florida State has not yet "arrived" in the estimation of some experts, then the Seminoles should convince all doubters with the club they field in 1964. Coach Bill Peterson will have the services of 27 returning lettermen to build around and figures to strengthen his band even further by temporarily scrapping the three platoon system in favor of one battle-wise unit for offense and another for defensive play. Even Peterson admits he has a strong nucleus to build around. And he thankfully considers the advantages of playing some of the schedule toughies at home. Depth is obvious at every position except quarterback but that vital post is in capable hands with 6-5 Steve Tensi still around to oversee Pro T operations. Even if Tensi fails, there is dependable Ed Prichett to step in. And all receivers are back. Supplementing (if that's necessary) the FSU attack is the running and pass receiving of flanker back Fred Biletnikoff, a solid contender for honor team recognition along with top-flight guard-linebacker Dick Hermann.

SERIES HISTORY: Inaugurated with a game at Baton Rouge in 1949, the Kentucky-Louisiana State grid series is the youngest football rivalry within the Southeastern Conference. A total of 14 meetings make up the series which has been annual encounters with the exception of the 1951 season and the count now stands tipped in the Bengals' favor, eight wins to five plus a 6-6 tie in 1953. The Billy Cannon-led Tigers, enjoying their greatest seasons during the 1957-59 period, overcame the Wildcats' 4-2-1 edge in the series by taking three straight decisions in these years. UK tied it up four years ago with a 3-0 upset victory in Lexington and then nationally-ranked LSU survived determined bids for glory by the upstart 'Cats in the last three seasons to notch successes that again gave it the lead. A new era in the

rivalry dawned in 1962 with a pair of youthful ex-Wildcats at the grid helms of the respective schools.

LAST MEETING: Oct. 19, 1963 (Baton Rouge) LSU 28, UK 7—Almost was not good enough to beat the fired-up Louisiana Tigers before 68,000 howling Homecoming fans in Baton Rouge and the visiting Wildcats from Kentucky lost a typically close scrap by a 28-7 count that failed as usual to reflect either the ferocity or closeness of the fight. Unable to cope with a devastating LSU offense—which strangely stayed on the ground for all but one play during the evening—the Wildcats kept within striking distance until the final period. Relying mainly on the strong right arm of soph quarterback Rick Norton, the UKats threatened constantly through the first half and picked up what proved to be their only score in the second quarter as Norton went over on a keeper.

1964 OUTLOOK: Pegged generally third in guesswork on the SEC finish in 1964, the Bayou Bengals of former Wildcat Charlie McClendon are ambitious, anxious and at the ready. They could easily surprise with ace quarterback Pat Screen healthy once again. Last year was supposed to be a re-building year but they parlayed themselves through a good campaign to wind up in a major post-season bowl—the Bluebonnet—where they lost a heartbreaker (14-7) to Kentucky victim Baylor. With rebuilding admittedly past and 27 lettermen in the fold, “Charlie Mac” should be able to field an awesome combination built around Screen (sidelined by a shoulder injury the week before the Kentucky game last season) and such hands as ace fullback Don Schwab and halfback Joe Labruzzo. Big gun in the line should be 236-pound guard Remi Prudhome. The Tigers have had trouble making a good showing in Lexington, losing four out of seven and able to push across more than one touchdown only in 1952.

SERIES HISTORY: Georgia and Kentucky began their rivalry on the football field with a game at Louisville on Oct. 21, 1939. The two schools met almost annually from that time until the series was broken off after the 1949 game and not resumed until 1956 with a game at Athens. During the 22 years that Wally Butts tutored the Bulldogs (1938-60), Georgia laid claim to nine victories in the 14-game series. Kentucky took the initial game in 1939 and tied the following year, but it was 1947 before it picked up another win. All told, UK shows but four victories with the last in 1956. Despite Georgia's superiority, the series generally has been interesting as reflected by the fact that Butts's four SEC championship outfits managed an average win margin of only 11 points over Kentucky. Demonstrating the frustrating turn that the series has taken in recent years is the fact that only 15 points separates the two clubs in the last five meetings—four of which have been Georgia victories.

LAST MEETING: Determined to give 30,000 Homecoming fans their money's worth, Kentucky's young Wildcats rode the passing arm of brilliant soph quarterback Rick Norton to a pair of touchdowns and posed a strong threat to upset the dope bucket with a third marker near game's end before bowing to Georgia, 17-14. Although the offense and some phases of the defense were at one of the peaks of the campaign, the Wildcat defenders were unable to fully stop the sensational throwing of the Bulldogs' Larry Rakestraw. The game developed as predicted into a pitchers' battle and when the smoke cleared, Norton, the sophomore, had bested SEC total offense leader Rakestraw in this phase of operations and more than held his own in passing—accounting for two TD's and missing a winning marker with time running out as his receiver was dropped at the three.

1964 OUTLOOK: A new head coach is at the Bulldog helm in the person of former Auburn assistant Vince Dooley and Georgia is figured to be on the way back up to days of prominence though the arrival date does not seem to be scheduled this year. Youngest head coach in the SEC at 31, Dooley has his work cut out for him in replacing passing champ Larry Rakestraw and 14 other experienced hands but no real tears are in order. Among the 23 returning lettermen, Dooley can rely heavily on such standouts as All-Conference end Pat Hodgson and superlative tackles Ray Rissmiller (6-4 and 237) and Jim Wilson (6-3 and 245) anchoring a particularly big and mean forward wall. Filling Rakestraw's shoes likely will be "B" team grad Lynn Hughes with junior Preston Riddlehuber standing ready. Scouts who witnessed the spring tuneup of the Bulldogs were unanimous in the opinion that Georgia definitely will field an improved ball club.

SERIES HISTORY: One of the oldest rivalries on the Kentucky grid schedule, relations between the Wildcats and Mountaineers date back to Nov. 4, 1905. In that first game at Morgantown, the visiting Wildcats absorbed a 45-0 licking that stands as the biggest advantage either team has enjoyed. The series was interrupted after that contest for 34 years, not resuming until West Virginia visited Lexington for a return engagement in 1939 and absorbed a 13-6 revenge licking. The two teams met annually after that (with the exception of 1943 when UK did not field a team) until the series was broken off again following a game at Morgantown in 1947. Kentucky holds the edge in the series, six victories to three, and the distinction of taking the last four decisions.

LAST MEETING: Nov. 8, 1947 (Morgantown) UK 15, WVU 6—The biggest crowd ever to witness a football game in West Virginia (26,500) saw the visiting Kentucky

Wildcats of Coach Paul Bryant trim a stubborn Mountaineer eleven, 15-6, on a muddy, slow gridiron. The longest run of the day came as the Wildcats' Jim Howe raced 57 yards to score Kentucky's second touchdown. The UK victory evened up its Morgantown record at 2-2 with wins on the last two visits and boosted its season record at the point to 6-2, a factor that enhanced their eligibility for a first post-season bowl appearance in the Great Lakes classic.

1964 OUTLOOK: Keeping its superiority over the Mountaineers alive may turn out to be the neatest trick of the 1964 campaign for the Wildcats. West Virginia is touted generally as the logical choice to cop top honors in the staid, old Southern Conference. Apparently the key to the success to be enjoyed by Coach Gene Corum's crew in '64 is how the quarterback situation shapes up. The position was a problem last season but reportedly took a turn for the better with the emergence of Eddie Pastilong in the final game of 1963. Back to beef up the Wing T. flip-flop offense is 222-pound Negro fullback Dick Leftridge, leading rusher a year ago with a five-yard average. Also on tap as a proven star-rank candidate is wingback Homer Criddle, possessor of a 5.2 rushing average from last season.

SERIES HISTORY: Kentucky and the Vanderbilt Commodores first got together on the gridiron way back in 1896 at Nashville and the rivalry has been perpetuated intermittently ever since with the result that it is one of the oldest in the South from the standpoint of first meeting and number of games. History shows a record solidly in Vandy's favor—23 wins to Kentucky's nine and four ties. Vandy registered 12 shutouts in the first 26 years of the rivalry and UK did not get into the win column until 1939. However, the postwar record shows only four setbacks. Kentucky's 27-0 homecoming rout of the Commodores in 1960 ended a three-year trend to close games, but the rivalry got back in the groove in 1961 as UK struggled strangely before taking a 16-3 decision. The 1962 contest proved almost a carbon copy of that game as UK just could not connect on all the scoring chances weak Vanderbilt offered and wound up taking only a 7-0 decision. Last year saw the closeness trend overemphasized to the degree that both clubs wound up scoreless. Vandy has not been in the winning column against UK since 1959.

LAST MEETING: Nov. 9, 1963 (Nashville) UK 0, VU 0—The visiting Kentucky Wildcats suffered one of their most frustrating afternoons in many a season on Vanderbilt's Homecoming Day a year ago. After 60 minutes of see-saw battling up and down Dudley Field, the scoreboard showed no points for either club. The count was particularly humiliating for Kentucky—a one-touchdown favorite over the winless Commodores. The 'Cats muffed two good chances to put potential winning points on the board by fumbles. Otherwise, it was a case of a rugged Vandy line refusing to let their foe get up steam for a sustained drive. UK was in enemy territory only twice, both times as the result of interception runbacks. Lack of offensive punch was clearly reflected by the statistics that showed only five first downs, 38 rushing and 93 passing yards. The Commodores put an end to the interception avoidance string Rick Norton had going but not before he extended it to 68 and a new SEC record.

1964 OUTLOOK: Vanderbilt finished 10th in the 12-team Southeastern Conference last year—one notch ahead of the spot predicted for them in pre-season polls—and the experts figure the Commodores for another tenth-place windup this season. But pollsters warn that sophomore Coach Jack Green has stopped the decline of Vandy football fortunes and will field a club on the way up that is capable of giving anyone a rough run for their money. Major strength in the Commodores camp seems to lie in the line—particularly the interior forward wall. Both starting tackles, Gary Hart and Joe Graham, are back and experience abounds at guard and center as well. The offense is not bad off, either, with such operatives as halfback Toby Wilt, number two ground gainer of 1963; fullback Charley Trabue; and quarterbacks Dave Waller (late season starter) and Dave Malone (superb safetyman) available.

SERIES HISTORY: Kentucky and Baylor had never faced each other on the grid-iron prior to last season's meeting in Waco, although there had been athletic relations between the two schools in the form of four basketball games. The cagers had made a clean sweep of the competition with four straight victories, including the 1948 suc-cess for the NCAA title, and the footballers kept the record spotless as they upset the Bears in the initial meeting. Kentucky's football teams show meetings with five other Southwest Conference members that have resulted in a 4-3 aggregate record in the Wildcats' favor. UK's most notable visit to the Lone Star State came in 1952

when it tripped Texas Christian in the Cotton Bowl. The Wildcats also have games on record against Southern Methodist, Texas, Texas A & M and Rice.

LAST MEETING: Nov. 16, 1963 (Waco) UK 19, BU 7—Rebounding in the best traditions of the sport, Kentucky made a complete turnabout from what was probably its worst showing of the season against Vanderbilt a week earlier to score a 19-7 major upset over bowl-bound Baylor that was undoubtedly its best showing. The visiting Bradshaw forces put together an errorless, solid performance to completely throttle the vaunted aerial artistry of the nation's leading passer, Don Trull, and roll smoothly on offense. Sophomore Rick Norton of Kentucky battled Trull on even terms much of the way and was on top in yards until the final four minutes. The Kentuckian's output amounted to seven of 15 for 171 yards, including a nine-yarder for the opening TD and a 73-yard heave that set up the final marker. With the victory, Kentucky got gridiron relations between the two schools off to an auspicious start. Baylor rebounded to trim LSU in the Bluebonnet Bowl.

1964 OUTLOOK: Baylor will repay Kentucky's visit to Waco by invading the Blue Grass and every indication is that the Southwest Conference club will be "loaded for Bear" with revenge uppermost in mind. The great Trull has departed but Coach John Bridgers still has plenty of material to operate his Spread-T, pro-style offense and keep opponents at bay defensively. Most ferocious of the Bears may well be record-breaking flanker back Larry Elkins, who did not see much action in the UK contest a year ago due to injury. He set a new national record with 70 pass catches in 1963. Stepping into Trull's shoes to direct the Baylor air circus will be redshirt soph Roger Mike Marshall. On defense, opponents will have to cope with such top hands as 6-4, 230-pound linebacker Bobby Haples.

SERIES HISTORY: Among the six oldest football rivalries in the South, the Kentucky-Tennessee series dates from a memorable encounter in Knoxville 71 years ago. In that meeting, Oct. 21, 1893, the Wildcats annexed a 60-0 victory to get the warfare off to an auspicious start in a fashion that hasn't been equalled in the many and colorful renewals of the traditional rivalry. Except for three war years (1917-18 and 1943), the two schools have met annually on the gridiron with the result that the Vols hold a distinct-but-fading edge of 32 wins to Kentucky's 18 and nine ties. Tennessee's sparkling advantage has become tarnished in the past few seasons as Kentucky started reversing the victory trend with an upsetting tie in 1952 and ate into the Vols' polished record with successes in seven of the last eleven meetings. The seniors on the 1955 UK squad became the first class in 43 years to graduate with the accomplishment of never playing in a game in which the Vols emerged victorious and they bowed out in a blaze of glory, triumphing 23-0 over the bowl-hungry Vols in the most one-sided Kentucky win since 1935. Tennessee took the 1961 meeting for

its first victory in five years, but UK's courageous "Thin Thirty" fought back to win a 12-10 squeaker two years ago. The Vols caught Kentucky in a let down last season and annexed a 19-0 decision.

Since 1925, the two schools have stimulated their grid rivalry with a rotating trophy—a battered old beer barrel. Much shenanigans on the part of the rival student bodies have added to the color of the series. Following the 1953 UK win, disgruntled Tennessee students raided the Kentucky campus and "kegnapped" the barrel—holding it until persuaded to return it by threats of reprisal against their coon dog mascot, Smoky. In 1955, UK students visited the Tennessee campus hiding place of Smoky and "dognapped" him. UT students promptly retaliated by painting up the Kentucky campus in a surprise raid and carting away "Colonel," UK's stuffed wildcat mascot. A trade was engineered at the '55 game. For a couple of years, things were comparatively quiet. Then the stunts erupted again in 1958 as Vol students caught a guard "napping" and slipped away with UK's stuffed Wildcat. Despite promises to return it at halftime of a nationally-televised basketball game, the mascot wasn't given back until nearly four months later. A post-game sidelight to Kentucky's victory in 1959 saw a strange calm shattered by rioting UK students protesting a faculty refusal to reward the win with a traditional pre-Thanksgiving holiday. Up to 5,000 demonstrators and onlookers carried on for about four and one-half hours, marching on the UK president's home and setting a bonfire at a main intersection in downtown Lexington. The famed beer barrel, which had remained in hiding during "Tennessee week" in 1960, came up missing almost four months later under unusual circumstances. Vanderbilt students "kegnapped" the trophy in a surprise attempt to gain support of Vol fans for the Commodores' basketball team which was meeting the Wildcats in Knoxville in a playoff for an NCAA Tournament berth. The stunt backfired, however, as UK won. Embarrassed Vandy students did not return the trophy until several months later. Three years ago, another chapter was added to the keg's history as two UK freshman players forgot to bring the barrel to the game and the Vols left town without claiming it. Kentucky sent the keg on to Knoxville later.

LAST MEETING: Nov. 23, 1963 (Lexington) UT 19, UK 0—Ringing down the curtain on a disappointing season, a battle-weary band of Kentucky Wildcats dropped a 19-0 decision to fired-up, revenge-minded Tennessee before a chilled, near-capacity crowd in Lexington. Aside from other influencing factors, the play of both teams had

emotional background on this national day of mourning over the assassination of President John F. Kennedy. Many observers saw obvious signs that the Wildcats were emotionally drained from the tremendous showing they had made a week earlier in scoring a major upset victory over proud Baylor in the state where the President was killed. For its part, the Volunteers came to town in a fighting frame of mind, bent on gaining a measure of revenge for the humiliation heaped on their freshmen mates by the amazing, 70-0 shellacking administered by the UK yearlings. Kentucky was kept off balance most of the afternoon by the Vol attack clicking behind the running and passing artistry of tailback Mallon Faircloth. Short Kentucky punts, held back by the chilling wind, set up the Vols' first and third markers. Tennessee got all three of its touchdowns via the air route. The frustrated 'Cats managed to pick up only 85 yards on the ground, with soph halfback Roger Bird personally contributing 55.

1964 OUTLOOK: The Vols are tabbed to finish the '64 campaign one notch below Kentucky in eighth place and some experts suggest that may be too high in view of the coming on the Knoxville scene of a new head coach in the person of Doug Dickey, the scrapping of the traditional Single Wing offense in favor of the Slot T, installation of new defensive procedures and many personnel problems. This should be a re-building year—so the form chart pronounces. However, opposing coaches are inclined to be cautious in ruling the Volunteers completely out of contention. Twenty-six experienced lettermen are still around, headed by such proven operatives as 243-pound All-America guard Steve DeLong, fullback Stan Mitchell, center Frank Emanuel and tailback-turned-quarterback Hal Wantland. After conducting a rugged spring practice, Dickey said he was heratened by the prospect of an effective passing attack but displeased by the absence of team speed to make the running game go. The overall assessment is that the Vols will continue to be tough defensively and could develop into a sound offensive outfit if its quarterbacking shapes up.

UK TOSSES FIRST PASS IN '06

The first forward pass ever attempted by a Kentucky football team was thrown in a game played at Lexington Oct. 13, 1906—the year that the forward pass was legalized by national rules—against Eminence Athletic Club. Accounts of this early contest do not mention whether the pass was completed or the name of the thrower. Earl Stone was listed as quarterback of Coach J. White Guyn's Kentuckians.

TOUGHNESS IS INSIDE

Much has been written about the tough approach of ex-Marine Charlie Bradshaw, UK's new head football coach. He is a demanding tutor on the field, but makes no greater demands than he asks of himself. Back in 1946, freshly returned from South Pacific battles, he underwent an emergency appendectomy on the second day of practice and came back to scrimmage 10 days later as well as to play two quarters of a game 19 days hence.

An All-State Class A choice while performing at end and fullback at Glasgow High . . . Earned four letters in football plus three in round ball sport as schoolboy standout . . . During break-in campaign as collegiate freshman last year saw him tried at center but now has moved over to tackle . . . Blessed with exceptionally fine competitive spirit but lacks necessary know-how at new position . . . Inexperience and comparative wealth of material at tackle could hold Rick back this year but coaches brand him "a real comer."

TOMMY ANDERSON Soph. End 6-0 182 20 (7/27/44) Birmingham, Ala.

One of three on current Kentucky varsity squad from State of Alabama . . . Joined by halfback Phil Pickett (Huntsville) and center Rodger Hart (Albertville) . . . Tommy prepped at Ramsay High in Birmingham and then spent 1962-63 school year at Staunton (Va.) Military Academy . . . Honored with All-State mention and chosen on second team All-Military for outstanding play at Staunton . . . Although he caught just one pass in limited action as UK yearling last season. (Cincinnati Frosh game), coaches rate Anderson potentially good receiver and one of better blocking end prospects . . . Needs to develop this season behind outstanding crop of experienced flankmen . . . Father is doctor in Birmingham and Tommy has ambition to study medicine later.

JOHN ANDRIGHETTI Junior End 6-0 202 20 (11/19/43) Grapeville, Pa.

Number two right end in 1963 and most probable candidate to anchor same spot this season . . . John saw action as sophomore last year in nine games, started against Ole Miss and Auburn in early season and logged total of 171:59 action time as one of team's most valuable reserves . . . High game Auburn with 33:22 . . . Contributed nine pass catches for 101 yards with longest gainer 14-yarder against Georgia . . . Also proved valuable and consistent point-after-touchdown specialist as he kicked 11 out of 13 tries from placement . . . Racked up seven straight PAT kicks opening season before missing in fourth game against Detroit . . . The junior letterman, one of 20 Pennsylvania imports on 1964 varsity, gave indications of improvement over '63 form as caught six passes from quarterback Rick Norton in Blue-White Game . . . Andrighetti, who will celebrate his 21st birthday two days before season

finale with Tennessee, was one of outstanding pass-catching ends in western Pennsylvania history as stellar schoolboy at Hempfield Area High . . . Used as lonesome end on unbalanced line as senior and hauled in school record 47 passes for nearly 500 yards . . . Teammate Rich Tucci comes from same school . . . John was All-State and performed in Big 33 Game . . . As UK freshman, posted second high mark in pass catching with seven for 96 yards . . . Italian ancestry . . . Born Greenburg, Pa.

FRANK ANTONINI Soph. Halfback 5-11 207 20 (2/1/44) Ambridge, Pa.

Cited as one of nation's best schoolboy backs at time he signed with Wildcats, Antonini now is unchallenged as one of the Southeastern Conference's top rookies after putting on a sensational show as Kentucky yearling last season . . . Sportswriters and coaches were hard put to find enough superlatives to describe actions of the speedy, bone-crushing runner as paced UK frosh to four-game undefeated season with terrific, 7.5 rushing average and personal scoreboard count of 68 points . . . Capped off frosh campaign with four touchdowns and most valuable player honors in 70-0 rout of Tennessee freshmen . . . For season racked up 488 yards on 65 carries, longest a 58-yard TD gallop against Vanderbilt yearlings . . . Never held to less than 100 yards rushing in Kittens' four games . . . Starred in spring scrimmages, scoring four TD's (one on 66-yard interception return) in last practice game before Blue-White contest . . . Ex-schoolboy All-America had sensational career at hometown Ambridge High, breaking school records for ground gained in three seasons . . . Played as offensive halfback and corner back on defense . . . Former UK quarterback Bob Bezuk (1949) hailed from same Pennsylvania town . . . Antonini likely will alternate with Rodger Bird at left half this season . . . Experts are predicting great break-in year for block-busting back who seems to love to run with football and gives impression of being mad with himself anytime he doesn't go all the way . . . Lists hobby as oil painting and interested in art as major subject.

CHARLES (Chuck) ARNOLD Soph. Kicker 6-0 208 19 (7/12/45) Howell, Mich.

He's ticketed for specialist duty as place kicker, a department in which he has become proficient through diligent practice and excellent attitude . . . Cited by coaches for getting good height on his kicks which allows better coverage . . . First picked up his kicking knack in high school at Howell where he tallied 13 touchdowns and booted six extra points in his final season to break Capitol Circuit record for points scored . . . BOB ASHWORTH Junior Halfback 6-2 175 21 (3/26/43) Miami, Fla.

Only Sunshine State representative on varsity squad, Ashworth found road to consistent duty rugged one last season—chiefly because he was hampered by broken wrist that did not heal properly . . . Looked better this spring but handicapped by lack of contact work as sophomore . . . Coaches have not given up on boy by any means, feeling he has excellent potential that should develop as gains experience this year . . . Highly-touted halfback had outstanding career at Miami Edison High, gaining All-State honors in football and achieving All-City recognition in that sport plus basketball and track . . . Carried ball only twice last season as Kentucky soph, netting just one yard . . . In freshman campaign, when he was starting right half, Bob posted 5.5 rushing average . . . Saw action in just two games as soph, totaling 9:40 action against Virginia Tech and Detroit . . . Born Huntington, W. Va., and nicknamed "Rail" for slender build.

Tried at guard this spring . . . Sustained knee injury that required surgery in spring and caused him to miss Blue-White Game . . . Coaches are hopeful that Rodger will round into shape physically and experience-wise to see important action before season closes . . . One of seven Ohioans on varsity . . . Interested in civil engineering as preparation for entry into construction business after graduation.

TOM BECHERER (Beck'-er) Junior Halfback 5-10 170 20 (11/24/43) Canton, Ohio

After spending sophomore season in the role of understudy, first at quarterback and then at left halfback, Becherer appears to have earned shot at starting duty and likely will open at right half . . . Saw only limited action in 1963, accumulating just 115:54 action time in 10-game season and notching 16:27 against opening foe Virginia Tech as high water mark . . . Statistically, he contributed 47 yards rushing on 20 trips, caught eight passes for 104 yards and a TD, and scratched unimportantly in three other departments . . . But Tom came fast and determined this spring in apparently successful bid . . . Looked good in Blue-White Game in aid of winning Whites . . . Coaches characterize young man as type you win with . . . Fine leader . . . Vice-President of varsity football house . . . Not one to be sold short despite usually unspectacular actions . . . Makes habit of coming up with big play . . . Quick, speedy and elusive, Becherer was team's No. 3 ground gainer as yearling two seasons back with sensational, 8.1 average on 10 carries, passed successfully three out of four times and caught three passes for 99 yards (one a 73-yarder against Tennessee's freshmen) . . . During Beirne's three years on school varsity, team lost only six of 30 games in tough western Pennsylvania Class AA league . . . In senior year, Beirne saw his club post 9-1 mark . . . Wildcat teammate Ed Stanko also hails from McKeesport and played on same club . . . Blessed with fine speed and toughness that takes to be collegiate gridder, Beirne operated in high school as offensive guard and linebacker on defense . . . As only upperclassman and lone candidate with any experience at fullback, Bolling will bear heavy responsibility this season . . . With both 1963 regulars (Ken Bocard and Perky Bryant shared duty) gone, Jim looms as strong possibility to succeed the No. 1 spot but will get stiff competition from holdout soph Mike McGraw, who moved over in spring from halfback . . . Bolling classed as willing and eager learner and strong competitor but handicapped by lack of extensive game action last season . . . Played only in Detroit game for about three and one-half minutes . . . Did not scratch in statistics . . . High game last year was Georgia, in which turned in 33:06 action in only starting assignment . . . JOE CARROLL Soph. Halfback 5-9 188 19 (3/16/45) Sharon Hill, Pa.

Second smallest of 1964 Kentucky varsity candidates, Joe checks in at just 5-9 and 188 pounds but his performances as collegian belie his lack of impressive

stature . . . A twin brother, Mike, will be on freshman squad this season after reporting few months behind Joe due to broken leg sustained in auto accident . . . Joe experienced little difficulty adjusting to collegiate ball as freshman last season (only carried once and returned one punt) but came along fast this spring . . . Coaches class him as tough competitor and believe has potential to develop . . . When brother Mike joins Joe on varsity, pair will form second set of twins to play at UK . . . First were Harry and Larry Jones of Louisville, also backfield men who lettered in 1950-51-52 . . . As schoolboy at Ambridge High (same school attended by soph Frank Antonini), he played fullback . . . Attained All-Conference honors in senior year of high school . . . JIM FOLEY Senior Guard-Linebacker 5-11 195 21 (2/14/43) Lexington, Ky.

Pressure doesn't bother this easy-going-but-tough customer in least and it's a good thing for pressure is there in many forms . . . Foley will be counted upon for early leadership since he is veteran of 10 starts last season, one of four seniors on the

club, one of only four varsitymen with two letters and he's a home town product—having prepped at Lexington Lafayette High . . . Always ready with smile intended to “disarm” opponents and lend confidence to young teammates . . . Jim is likely to be used almost exclusively this year as defensive linebacking specialist . . . WILDCATS OF '60 BEST PASSERS EVER

According to available statistical records, the 1960 Kentucky team was the "passingest" in school history as they amassed an average of 163.3 yards per game on the aerial arm. The mark surpassed the 156.0 average posted by the Babe Parilli-led Cotton Bowl champions of 1951 and a 155.8 average recorded by Parilli and mates in the Sugar Bowl year of 1950.

PAGES OUT OF THE HISTORY BOOK

Kentucky's first inter-collegiate football game of record occurred Nov. 12, 1881, when Kentucky A & M College took the measure of Kentucky University (later Transylvania) by a score of 7 $\frac{1}{4}$ to 1 . . . One of the most illustrious pages in UK football history covers the perfect-season exploits of the 1898 team which became the first and only Kentucky grid outfit to go undefeated, untied and unscored on . . . Spring practice was held for the first time in UK grid history in 1926 by Coach Fred Murphy . . . Coach E. R. Sweetland experimented with a new formation at the start of the 1910 season that saw all four backfield men lined up side by side instead of in the conventional pattern with the quarterback directly behind center . . . One of the greatest individual performances ever seen on the nation's gridirons took place in Lexington in 1914 as Kentucky quarterback Jim Park, later active in politics, passed for five TD's and personally scored five more in an 81-3 rout of Earlham . . . Only All-America Babe Parilli has come close to surpassing the school record as he twice connected for five scoring aerials in the 1951 season . . . The "Kentucky Babe" still holds the major college record for TD passes thrown in a single season, accounting for 23 in regular season play in his junior year of 1950. He connected for one more as the Wildcats upset Oklahoma in the Sugar Bowl on New Year's Day, 1951 . . . Kentucky copped the Southeastern Conference football championship for the first and only time in history in the 1950 season.

STOLL FIELD 'COW PASTURE' BIRTHPLACE OF DIXIE GRID SPORT

University of Kentucky's campus boasts the distinction of serving as the birth-place of Dixie football. Ironically, however, the forerunners of the present day Wildcats were not involved in the early grid contest.

The first inter-collegiate football game ever played in the South, and probably the first to take place west of the Alleghanies, came about April 9, 1880, on old Stoll Field. This gridiron, located adjacent to the present U.K. stadium, was the site of the early tilt saw Kentucky University (now known as Transylvania College) take the measure of Centre College, 13 $\frac{3}{4}$ to 0. The match, which was said to resemble a combination of soccer and rugby, followed by only six years the introduction of the game of football to the United States.

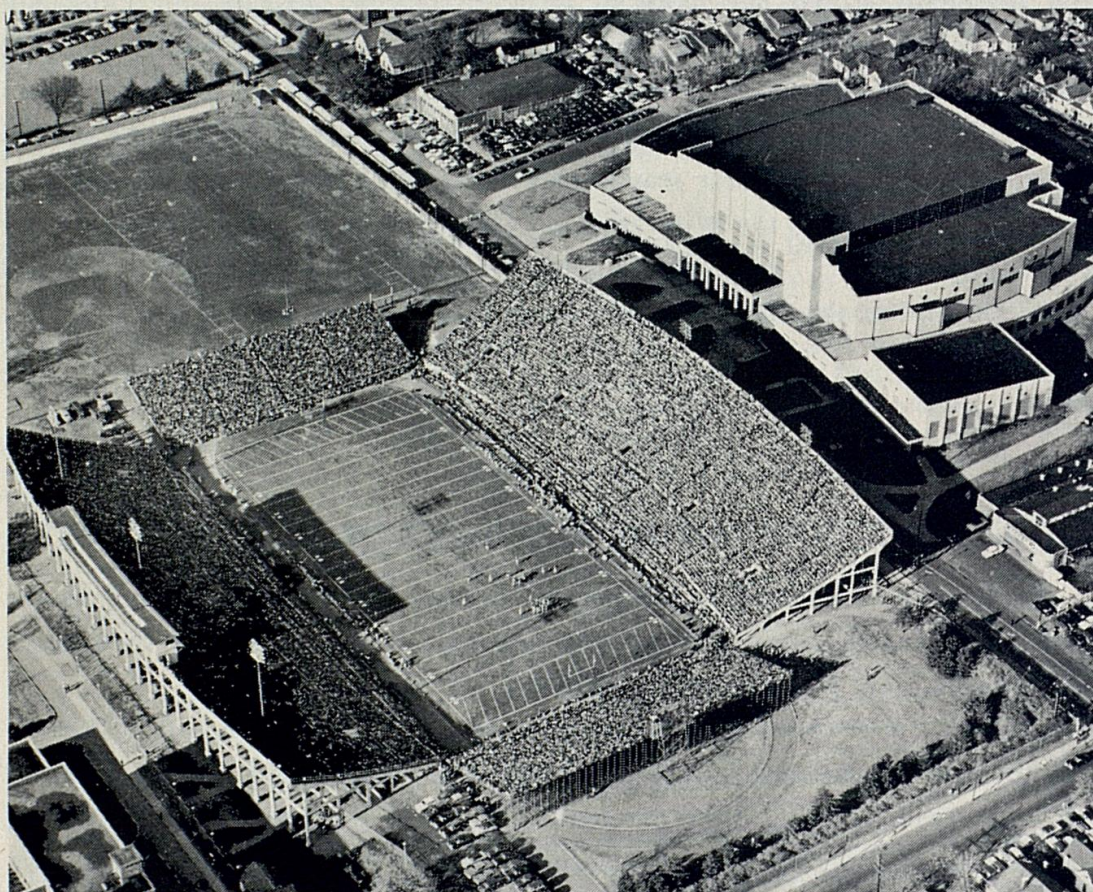

University of Kentucky (then called A & M College of Kentucky) did not play its first game until a year later on the same field, which once served as the private pasture for University President James Patterson's bovine herd.

STOLL FIELD — McLEAN STADIUM

Much confusion among the general public and the sports-writing fraternity apparently exists over a seeming duplication of titles in referring to the University of Kentucky's football setup along "Avenue of Champions."

Officially, by action of the University Board of Trustees, the general area encompassing the playing field is known as "Stoll Field." Likewise, by authority of the same body, the stadium proper is known as "McLean Stadium."

Kentucky's first football field, occupying the general site of what is now an intramural field west of the stadium, was first given a name when it was dedicated on October 14, 1916, as Stoll Field in honor of the late Judge Richard C. Stoll, prominent alumnus, trustee and benefactor of the University of Kentucky. Soon after the first sections of the present concrete stadium were completed on September 4, 1924, the new field site and stadium were likewise officially known as Stoll Field.

The first attraction to be held on the new Stoll Field was a football game with the University of Louisville on October 4, 1924. A gridiron clash between Kentucky and the then-powerful Centre College team was the first game played in the fully-completed stadium on November 1, 1924.

The later reference to the concrete stands as "McLean Stadium" has existed since November 1, 1924, when the stadium was officially dedicated in memory

of Price Innes McLean and a bronze plaque placed in the south stands by the Class of 1925. McLean, regular center on the 1923 Kentucky football squad, died November 7, 1923, as the result of injuries sustained in the U.K.-Cincinnati game played in the Queen City the afternoon before.

Major expansions of McLean Stadium in 1948, 1949 and 1959 have resulted in a current over-all seating capacity of approximately 37,500. The latest construction installed 3,655 new permanent box seats at a cost of \$115,000 and increased capacity by 1,629. New-type, "iodized" lights were installed in 1961.

A complete "face lifting" was accomplished on Stoll Field during the spring of 1962 at a cost of several thousand dollars. In the interest of preparing a durable turf that will eliminate the almost annual resodding process, a complete new drainage system was installed and tons of specially mixed topsoil hauled in to replace the existing hardpan. The project also raised the crown of the playing surface for better visibility by spectators. With the special strain of Bermuda grass thriving to an extent never before seen at Kentucky, the Wildcats now entertain foes on one of the best football fields in the nation.

New practice facilities were prepared in 1960 for the football Wildcats on the University farm. As part of a \$320,000 Sports Center, the varsity and freshman gridgers now practice on an area equivalent to five football fields in size. Along with the new field, they have space in a large new dressing room building—making a facility recognized as one of the best in the nation.

The former practice lot and dressing room building, off Rose Street, were abandoned to make way for a new men's dormitory.

"Avenue of Champions" came into being in the spring of 1950 as an honorary title for that stretch of Euclid Avenue running between the University's \$4,000,000 Memorial Coliseum and McLean Stadium. The street was officially re-named by the City of Lexington in recognition of the UK athletic teams' unprecedented success of 1950 in annexing the Southeastern Conference titles in both football and basketball and their national championships in the Sugar Bowl grid game and the NCAA cage tournament.

Footnote A—Although numerical scoring had not yet been introduced in Rugby football, either here or in Great Britain, when Kentucky and Transylvania (then known as Kentucky University) played their series in 1881, persons in charge of the games obviously had arrived at some sort of agreement assigning numerical values to the various scoring plays. Records never existed and men who played in the games are now deceased. All we can do is accept the scores printed in the newspapers—and surmise that a touchdown perhaps counted $\frac{1}{4}$ point and that a goal or an end-kick (a punt into the modern end zone) counted 1. That seems logical, since in the ratio scoring of that day, a touchdown was worth one-quarter of a goal. The end-kick, a British heritage, undoubtedly was introduced because all realized that green players would score few goals, if any.

Footnote B—The football rules took no official position on the score of a forfeited game until 1908 when it was pegged at 1-0 to make it different from any other score possible in the game. By common consent, forfeited games prior to that were entered into the records as victories by 6-0 for the offended team—everywhere, that is, except in the Southern Intercollegiate Athletic Association, predecessor of the Southern Conference and the Southeastern Conference. In the S. I. A. A. the 6-0 practice was followed unless the offended team had a greater number of points. In that case, the offended team won by the greater score to nothing. Thus, Kentucky's forfeiture to Central University in 1900 is 6-0, since Kentucky led by 11-0 at the time. Kentucky led Cumberland by 12-11 in 1905 when the Tennesseans forfeited. The Blue and White, under S. I. A. A. rules, gets credit for a 12-0 victory.
