

Shant Carroll Co. March 4-45

Sir

You will excuse me for addressing
upon a subject in which our country
is consequently concerned. The time
is about to arrive at which the Whigs
(the only true adherent to the proper
policy for the Government) will have
to select some suitable candidates
of our party for the district for
the next Congress, I for myself am
desirous to have your name (by your approval)
in the next Convention. Hoping for various
reasons it would give entire satisfaction
to the whole Delegation, may by our friends
were not opposed by your present location
but recently becoming acquainted with the
facts on now thinking of the matter
and would be glad to hear from you
through any friend in Carroll Co.
who you might think proper to
authorize to mention your willingness
to the same. I am the stranger to you
and my pretensions need of course not
in your knowledge. Therefore you
can if you please refer to the
journals of the House of Representatives
of the 14th Legislature of 1831-32
your name will be very
carefully ^{looked} for by your political friends.
