Dear Sir:

Enclosed find policies on your property written according to your instructions with the exception of the two houses on Main Street between 4th & 5th streets, which are under the same roof but do not communicate by openings. We therefore had to put a specific amount on each as the company would not write the one amount covering both buildings. The same change occurs on the buildings N^o. 508 to 514 Fourth Street for the same reason and we have taken the liberty to increase the amount on each building \$1000. If the increase of \$1000. on each of the Fourth Street buildings does not meet with your ideas fully, return policy of the Royal #3112932 and we will change it to suit your views, as far as the amount is concerned. We enclose you bill which you can remit at your pleasure.

Yours Very Truly,
W. O. Tyler & Co.
