Dear Sir,

Will my Mare Hindale Lassic  
produce this Spring; and if so at about  
what time will she be due, and if not  
on what terms will you breed her  
again - to Nobless - or your other horse  
I forget his name.

How is the last years colt and what does  
your man think of him.

I have a two and a three year old out  
of Hindale Lassic and by Setaup - both of which  
give much promise of speed at the pacing gait.

Hope you will make your charges light, for I am ill able  
to pay even light bills. Very Respectfully, R. M. Hindale
