

MARCH 11. 1917

DEAR SISTER

MANY HAPPY BIRTHDAYS TO YOU.

[(23) how time do fly] I am sending you one of the pictures I had taken a short time ago. It isn't much and not very appropriate for a birthday present, but it is the best I can do.

That was an awfully nice letter I got from Huns and I will send it to Mother today. So you are studying hard and also teaching Music. You must be almost as busy as I am? I can't write much as I am due in Sunday school
