

The University Faculty met in the Assembly Room of Lafferty Hall Monday, March 10, at 4:00 p.m. President Dickey presided. Members absent were: J. W. Archdeacon, Leo M. Chamberlain, Frank J. Cheek, Jr., Morris Cierley, Thomas D. Clark, Lyman V. Ginger, Maurice A. Hatch*, Drayton T. Kinard, Herbert F. Massey, Sallie E. Pence, Frank D. Peterson, David Ravencraft, Helen M. Reed, Doris M. Seward, Earl P. Slone, and Kenneth R. Wright.

The minutes of February 10 were read and approved.

President Dickey made a statement to the Faculty in connection with the report made to that body on February 10, by the Faculty-Trustees Committee. He stated that, through editorial comment, it was apparent that considerable concern was felt because the committee's report did not specifically mention academic freedom; that he had made a statement to the press and to a Lexington civic club indicating his beliefs and feelings on this subject. He read an excerpt from his statement which expressed an interest in and a firm desire to guarantee the freedom of faculty members in teaching, research, and as citizens. In addition, Dr. Dickey informed the Faculty that after studying the full text of statements made by Dr. Kammerer, he had received a different impression from that gained through newspaper accounts and that he believed the information on which he based determination of salaries last year was in error; that he would carefully follow the recommendation of the Faculty-Trustees Committee that, "in connection with the preparation of the 1958-59 budget the merit of Dr. Kammerer be restudied thoroughly and, if this study indicates merit that has been overlooked, that a proper adjustment in salary be made."

Dean White thanked the President for his statement and the University Faculty voiced its approval with applause.

Resolutions on the death of two faculty members were presented by Dr. R. D. Haun for Professor Russell S. Grady, and Dr. Dewey G. Steele, for Dean Emeritus Thomas P. Cooper. The Faculty voted that these resolutions be adopted and spread upon the minutes, and that copies be sent to members of the respective families.

RESOLUTION ON THE DEATH OF RUSSELL S. GRADY

Russell S. Grady, Associate Professor of Accounting, College of Commerce, came to the University of Kentucky in 1948 and died January 6, 1958. He held a Master of Science degree and was a Certified Public Accountant with a background of experience in public accounting.

Although the close of Professor Grady's life came while he was comparatively young, he left upon his students and his colleagues the lasting impression of one who met all circumstances without fear and with high purpose. The inherent dignity of his character was softened by his unflinching sense of humor and his deep understanding of those around him. Because of his sincere friendliness and his desire to be of help, many students sought his advice not only regarding their scholastic work but also in other matters. He gave unstintingly of his time and energies in work with student organizations. His contributions to the effectiveness of both teaching and the accounting profession were of high order.

Professor Grady's passing left with all who were associated with him a deep sense of loss. The faculty of the College of Commerce, therefore, resolves that this resolution be placed in its minutes and transmitted to the Faculty of the University and that a copy be sent to the family.

*Absence explained

Minutes of the University Faculty, March 10, 1958

Resolution on the Death of Dean Thomas Poe Cooper

Dean Emeritus Thomas Poe Cooper was born at Pekin, Illinois on March 2, 1881 the son of James Radford Cooper and Sue Belle Poe Cooper. He died in Lexington, Kentucky on February 19, 1958 in his 77th year of age. Survivors in his immediate family are his widow, Mrs. Essie Burgan Cooper, whom he married in 1912, and his daughter, Mrs. Catherine Cooper Hammond; and two grandchildren, Thomas Taylor Hammond and Susan Elaine Hammond.

He was awarded the degree of Bachelor of Science in Agriculture by the University of Minnesota in 1908. In recognition of his professional attainments, Clemson Agricultural College in 1937, the University of Minnesota in 1949 and Berea College in 1952 conferred upon him the honorary degree Doctor of Science; Georgetown College honored him with the Doctor of Laws in 1943.

Dean Cooper came to the University of Kentucky on January 1, 1918 at the invitation of the late President Frank L. McVey under whom he had served at the University of North Dakota. His distinguished service as Dean of Agriculture, Director of the Agricultural Experiment Station and Director of the Agricultural Extension Service covered more than 33 years. During one of those years, 1940-41, he also served as Acting President of the University. He was on leave in the year 1925-26 during which time he served as Chief of the Bureau of Agricultural Economics of the U. S. Department of Agriculture. The imposing list of professional services by, activities of, and awards to Dean Cooper reveal a life of dedication and great usefulness. It is particularly fitting to call attention to his distinguished service in the Association of Land Grant Colleges and Universities which is without parallel in American education. He also served as a Trustee of Berea College.

As an administrator, Dean Cooper was a keen judge of human nature. He also had unusual capacity to grasp problems quickly, to formulate plans for their solution, and to direct the thinking and efforts of other people. That he was a man of large understanding and sound judgment is widely known; those who disagreed with him in matters of policy admired him for his fairness and integrity. Perhaps, the most evident characteristics radiated by Dean Cooper were his devotion to duty, his love for the rural people of Kentucky and his zeal for their welfare.

Dean Cooper was a man of simple tastes, modest and friendly. When possible, he walked to his office; he also derived great pleasure in working with flowers and vegetables, and in strolling over the Experiment Station Farm. He found time to attend numerous student affairs, and he never missed an opportunity to commend a student for a meritorious accomplishment. He made provision in his will to recognize in a financial way worthy attainments in Agriculture and Home Economics. He was also a man of strong religious convictions, and he rendered faithful service to his church.

In the passing of Thomas Poe Cooper, the College of Agriculture and Home Economics, the Agricultural Experiment Station and the Agricultural Extension Service have lost a beloved Dean and Director; the University has likewise lost a great servant; those who knew him have lost an esteemed friend and wise counsellor.

Minutes of the University Faculty, March 10, 1958

Dean White presented recommendations from the College of Arts and Sciences covering new and dropped courses, changes in courses, and revisions in the curricula required for the degree of Bachelor of Arts in Journalism. These recommendations were approved by the University Faculty.

DROP:

- Mathematics and Astronomy A Plane Geometry (0)
 Botany 150a Advanced Systematic Botany (3)
 Botany 150b Advanced Systematic Botany (3)
 Library Science 127a Books and Related Materials for Children
 and Young People (3)
 Library Science 127b Books and Related Materials for Children
 and Young People (3)
 Journalism 10 Survey of Journalism (3)
 Journalism 100b News Reporting (3)
 Journalism 111 Verbal Criticism (3)
 Journalism 112 Critical Writing for the Press (3)

ADD:

- Botany 129 Plant Cytology (4) I
 The structure of plant cells, mitosis and meiosis. Two lectures and two two-hour labs per week. Prereq: 3 credits in the Biological Sciences.
- Botany 151 Taxonomy of Vascular Plants (4) II
 A study of the principles and practices of taxonomy and a detailed consideration of the families of vascular plants. Two lectures and two two-hour labs per week, including field trips. Prereq: Botany 1 and 2.
- Zoology 130 Limnology (4) II
 Detailed analysis of fresh water environment with special emphasis upon biological productivity. Two hours lecture, four hours field and laboratory. Prereq: Zoology 1 and consent of instructor.
- Journalism 90 a-f Communications Practicum (1 ea.)
 Supervised laboratory work in the media of mass communications, with meetings for evaluation of work, study of techniques, analyses of problems, and reports.
- Library Science 136 Literature and Related Materials for Young People (3) II, S
 For teachers and librarians planning to work with young people. Emphasis on library materials to supplement the school curriculum and encourage recreational reading.
- Library Science 137 Children's Literature and Related Materials (3) I, II, S
 For teachers and librarians planning to work with children. Emphasis on library materials to supplement the school curriculum and encourage recreational reading.

Minutes of the University Faculty, March 10, 1958

Ancient Languages *2a,b Latin Conversation and Composition (1 ea.)
Practice in the oral and written use of the language. Primarily
courses to be taken concurrently with 1a and 1b.

Ancient Languages *50a,b Greek Conversation and Composition (1 ea.)
Practice in the oral and written use of the language. Primarily
courses to be taken concurrently with 51a and 51b.

Ancient Languages 115a,b Greek Composition (1 ea.)
The writing of Greek of moderate difficulty. Prereq: A. L.
52a or consent of instructor.

Mathematics and Astronomy 3* Basic Geometry (3)
An introductory course in Euclidean geometry for students who have
had no previous work in geometry. Five hrs. per wk.

CHANGE IN DESCRIPTION:

Botany 130 Introduction to Heredity (3)
From: "Chromosomal cytology and the principles of heredity"
To: "The principles of heredity and their physical basis".

CHANGE IN TITLE AND DESCRIPTION:

Ancient Languages 122a
From: "Classical Epic in English Translation"
To: "Greek Literature in English Translation: Homer to Xenophon" (3)
Extensive reading of the most important works. Discussion of the
significance of the works in their own and later times to the present.
No knowledge of Greek necessary.

Botany 235
From: "Plant Cytotaxonomy"
To: "Biosystematics" (3)
Principles in the application of data from the fields of ecology,
genetics, cytology, morphology, phytogeography, and physiology to the
solution of taxonomic problems. Two lectures and two hours lab.
Prereq: Botany 151, 130 and 134 is suggested. Given in alternate
years.

Journalism 114
From: "Newspaper Advertising and Promotion"
To: "Newspaper and Magazine Advertising" (3)
Relation of newspapers and magazines with advertisers. Emphasis upon the
preparation of local display and national advertising.

Ancient Languages 122b
From: "Classical Drama in English Translation"
To: "Greek Literature in English Translation: Plato to Procopius" (3)
Extensive reading of the most important works. Discussion of the sig-
nificance of the works in their own and later times to the present. No
knowledge of Greek necessary.

Minutes of the University Faculty, March 10, 1958

CHANGE IN NUMBER AND DESCRIPTION:

From: Journalism 100a News Reporting

To: Journalism 100 News Reporting (3)

A reporting course which emphasizes special fields of information, news gathering, and news evaluation.

From: Zoology 101b Histology

To: Zoology 104 Special Histology (3)

Histology of the organs. A continuation of Zoology 101 in which the studies are based on the organs. Prereq: Zoology 101

CHANGE IN TITLE, NUMBER, DESCRIPTION:

From: Zoology 101a Histology

To: Zoology 101 General Histology (4)

A course in the technique of preparation of animal tissues for microscopic study. Practice in imbedding, staining, sectioning, mounting, and identification of tissues.

Prereq: Zoology 1.

CHANGE IN TITLE:

From: Mathematics and Astronomy 19 Plane Analytic Geometry

To: Analytics and Calculus, I

From: M & A 146 Algebraic Mathematics in Engineering

To: M&A 146 Elementary Computational Methods

CHANGE IN NUMBER

From: Journalism 22 Principles of News Writing (3)

To: Journalism 50 Principles of News Writing (3)

CHANGE IN CREDIT:

From: Mathematics and Astronomy *5 College Algebra (5)

To: Mathematics and Astronomy *5 College Algebra (3)

(Note: No other change. The course is made up of about 40% high school algebra and review)

AUTHORIZED TRIPS:

AFROTC students be authorized to be absent from the campus on the following days: (No student to take more than one trip)

March 13-14 Greenville AFB, Mississippi

March 20-21 Langley AFB, Virginia

March 27-28 Wright-Patterson AFB, Ohio

The purpose of these trips is orientation of cadets on flight operations and other air base functions.

ADDENDA

CHANGE IN TITLE AND NUMBER

From: Mathematics and Astronomy 20a Differential Calculus

To: Mathematics and Astronomy 20 Analytics and Calculus, II

From: Mathematics and Astronomy 20b Integral Calculus

To: Mathematics and Astronomy 21 Analytics and Calculus, III

Minutes of the University Faculty, March 10, 1958

SCHOOL OF JOURNALISM

REVISIONS IN CURRICULA AND
REQUIREMENTS FOR A.B.J. DEGREE

Pre-Journalism Requirements: Satisfaction of the lower division requirements of the College of Arts and Sciences, and Journalism 50 Principles of News Writing or its equivalent.

Core Curriculum for all A.B.J. Sequences for Junior and Senior Years:

Journalism 90 a-f	Communications Practicum (4)
Journalism 100	News Reporting (3)
Journalism 101	Copyreading and Editing (3)
Journalism 114	Newspaper and Magazine Advertising (3)

GENERAL EDITORIAL SEQUENCE

Election of a minimum of eight credit hours from the following courses:

Journalism 105	(2)
Journalism 106	(3)
Journalism 107	(2)
Journalism 108	(3)
Journalism 123 or 125	(3)
Journalism 127	(3)

Election of a minimum of eight credit hours in English.

Election of a minimum of eight credit hours in Social Studies.

Minimum required for the degree, 128 credit hours.

Community-Publishing Sequence

Election of a minimum of eight credit hours from the following courses:

Journalism 102	(3)
Journalism 103	(3)
Journalism 105	(2)
Journalism 107	(2)
Journalism 106	(3)
Journalism 109	(2)
Journalism 123	(3)
Journalism 127	(3)

Election of a minimum of eight credit hours in English.

Election of a minimum of eight credit hours in Social Studies.

Minutes of the University Faculty, March 10, 1958

Minimum required for the degree, 128 credit hours.

Advertising Sequence

Election of a minimum of eight credit hours from the following courses:

Journalism 103 (3)
 Journalism 105 (2)
 Journalism 106 (3)
 Journalism 109 (2)
 Journalism 115 (3)
 Journalism 118 (3)

Election of a minimum of eight credit hours in Economics and Commerce.

Election of a minimum of six credit hours in Psychology.

Election of a minimum of four credit hours in Art.

Minimum required for the degree, 128 credit hours.

Radio-Journalism Sequence

Election of a minimum of twelve credit hours from the following courses:

Radio Arts 2a (2)
 Radio Arts 101 (2)
 Radio Arts 102 (2)
 Radio Arts 105a (2)
 Radio Arts 103 (2)
 Radio Arts 106a (2)
 Radio Arts 106b (2)
 Radio Arts 110 (1)
 Radio Arts 111 (2)
 Journalism 150 (2)

Election of a minimum of six credit hours in English.

Election of a minimum of six credit hours in Social Studies.

Minimum required for the degree, 128 credit hours.

Also, on recommendation of the College of Arts and Sciences, the University Faculty approved trips for members of the ATROTC (No student to take more than one trip):

March 13, 14 - Greenville AFB, Mississippi
 March 20, 21 - Langley AFB, Virginia
 March 27, 28 - Wright-Patterson AFB, Ohio

Minutes of the University Faculty, March 10, 1958

Dean Shaver presented a request from the College of Engineering that students in Mechanical Engineering be permitted to attend the Southeast Regional Meeting of the Institute of Air Science, in Atlanta, Georgia, March 10 to 12. This trip was authorized by the University Faculty.

In the absence of Dean Slone, Dr. Lesshafft presented a request from the College of Pharmacy that members of the Senior Class be absent from the campus April 22-24, to visit Abbott Laboratories, North Chicago, Illinois. This trip was approved by the University Faculty.

Dr. Lesshafft also extended an invitation to the Faculty to attend the Open House at the College of Pharmacy on Wednesday, April 2. He stated that all members of the faculty, staff, and students were included in the invitation.

The Faculty approved a recommendation from the Graduate Council, presented by Dean Spivey, that the following persons be recommended to the Board of Trustees for honorary degrees as indicated, and that these degrees be awarded at the Commencement of May 26, 1958:

- Samuel M. Cassidy, Vice President of the Consolidation Coal Company, Doctor of Science.
- William Arnold Hanger, President of Mason-Hanger Company of New York, Doctor of Laws.
- William David Salmon, Research Professor of Animal Nutrition, Alabama Polytechnic Institute, Doctor of Science.
- Joseph Kastle Roberts, Vice President of Standard Oil Company, in charge of Development, Doctor of Science.

Also, on recommendation of the Graduate Council, the Faculty voted to recommend to the Board of Trustees that the University renew invitations to two persons who were offered honorary degrees last year but were prevented by previous commitments from accepting. These are:

- John Hay Whitney, Ambassador to the Court of St. James, Doctor of Literature.
- Stith Thompson, Cultural Anthropologist, Doctor of Literature

Dean Spivey reminded the members of the Faculty that these recommendations are to be kept confidential until after the Board of Trustees has issued the invitations and received acceptances.

Dr. H. W. Beers presented a recommendation from the Committee on Planning and Policy:

That a committee be appointed to study the whole question of admissions policy and problems of interpreting admissions policy. The University Faculty voted approval and asked Dr. Trimble, Chairman of the Committee on Committees, to work with his committee in making the appointments to the committee on admission requirements.

President Dickey presented Mr. William Hughes, who outlined plans for the Little Kentucky Derby, scheduled for the week end beginning Friday, May 9. It is to include a girls' tricycle race in the Coliseum, a parade, a queen contest, a street dance, a boys' bicycle race on Stoll Field, and a concert by Louis Armstrong's Band. All proceeds are to go to the scholarship fund. Faculty members were invited to attend.

Minutes of the University Faculty, March 10, 1958

Dr. R. H. Weaver, Chairman of the Committee on Rules, presented the recommendations for rule changes which had been prepared to date by the Committee. He stated that it was planned to include in the published rules a statement of the committee structure of the University Faculty and that the Committee on Committees had been asked to prepare this part of the report. He also indicated that the published rules would include a Glossary of Terms. He then presented for consideration:

I. REGISTRATION AND ASSIGNMENT TO CLASSES

The first two paragraphs were approved without change. The third paragraph, Late Registration, was referred back to the Rules Committee to restudy the rule with respect to its effect upon courses offered by Extended Programs and to bring in another recommendation.

Assignment to Classes was approved without change.

II. ADMISSION TO THE UNIVERSITY

Application for Admission or Readmission. The third paragraph was amended by striking out the word "accompanied" and substituting the word "supported".

Upon motion by Dean White, the University Faculty voted to adjourn at 5:00 p.m.

Charles F. Elton

Charles F. Elton
Secretary of the University Faculty
