Spivey Chosen English Head, Follows Brady

Florida Professors Appointments Effective July 1

Dr. Herman E. Spivey, professor of English at the University of Florida, has been appointed professor of English and head of the department at the University by the Board of Trustees. Another University of Florida English professor, Dr. Thomas B. Stroup, was named professor of English language and literature. The appointments are effective July 1.

A native of North Carolina, Dr. Spivey received his A.B., M.A. and Ph.D. degrees for the University of North Carolina. He was elected to Phi Beta Kappa in 1927. During World War II, Professor Spivey was a commander in the U. S. Naval Air Corps. Dr. Spivey has prepared several biographies of American literary figures, including the life of Mark Twain. He is now writing three books, one of which he expects to complete in September.

Since February, 1947, when Dr. L. L. Dantzier was given a change of work, Dr. George K. Brady has served as acting head of the department.

NUMBER 26

Smoking Law Discrimination

Why should students be fined for smoking in non-fire resistant buildings when members of the faculty and staff are allowed to smoke as much and as often as they please?

It seems logical that an office packed with papers and books is of much more inflammable nature than any of the hallways in our most ancient buildings.

The SGA smoking law, which at present applies only to students, is an attempt to better enforce Kentucky Revised Statute 48.050 which states:

"Any person who smokes a cigarette in any school building or any part of any building used for school purposes, or upon school grounds, while children are assembled there for lawful purposes, shall be fined not less than one dollar nor more than five dollars."

An assemblyman's suggestion at a recent SGA meeting that members of the faculty also be subject to the five dollar fine was met with the reply that the University faculty would never permit such action.

What is the smoking law for? Is its purpose to restrict students from smoking or to prevent fires and loss of life? We believe that this legislation was initiated not to lessen but to eliminate the possibility of fires starting in some of our older, more crowded buildings.

The fire hazard cannot be eliminated if MOST smoking is stopped but only if ALL smoking is stopped.

The SGA ruling should apply to all or none. Either members of the faculty and staff, as well as students, should be required to obey the law or else none should.

If the faculty and staff will not agree to co-operate with the students and with SGA in making our aged buildings safe from fire the law should be rescinded and the eight students who have been required to pay the five dollars should have their fines refunded.

If the smoking law is rescinded because faculty members refuse to obey it themselves, let these faculty members take full responsibility for the results of any future fires which may occur and let it be known to all that they have done so.

Letters To The Editor

Editor, The Kernel:
I know a lot of different people in all sections of the United States, and I tried to find out the current trends fall Saky received a wildcat that the Circle had not constructed for, but we decided to keep the cat to bolster school spirit.

Now our problem is this—Saky no longer has the concession to sell candy, coke, etc. at the football and basketball games. Our income is non-existent and we are dependent upon the Athletic Department for funds to operate. The Circle is on a strict budget and does not have any allotment from the Athletic Department for care of the wildcat.

The cat consumes about two pounds of meat a day and some one has to care for it. Also there is the problem of paying for the cat's care. Our troops have worked hard to care for the cat, and the animal keeper, but Saky is not financially able to care for the cat any longer.

If the cat does not belong to us, but field fence and the Wildcat out in the cat fields. What we want to know is this—IS THE STUDENT BODY INTERESTED IN KEEPING THE CAT?

If so, could we have some suggestions about how to end our financial difficulties. If the student body is interested, please give us suggestions through this column.

If we cannot work out a solution it looks like Kentucky's cat will have to be returned to the owner.

Why Wald Changed His Band
Editor, The Kernel:
Many people have asked why I changed the basic style of my band. It seems strange to them, since we always were recognized as a top popular orchestra and were booked eight months ahead at the time of the reorganization. I realize that we probably could have kept on working every night, making records and broadcasting often, but nevertheless, I feel that we weren't playing the music that the people wanted to hear and dance to. I've been on the road for five years. During that time I got to

EDITOR'S NOTE: Wald will play for the SGA tennis team, Saturday, May 15, in the SUB.

Tennis Courts

I have often read in the Kernel, the things I believe to be individual convictions or "pet peeves." I have just such a situation and would like to express my convictions publicly. The matter regards the tennis courts. First, I do not profess to be a great tennis player, but I figure every man or woman has a certain amount of surplus energy which should be expended. Since I have a wife and children to visit every week-end, I cannot participate in extracurricular sports, and have to get my exercise wherever I can. I decided that tennis would be the answer, since the courts were next to the dorms. So I bought a racket and some balls. Little did I know that my chances of playing were small.

It seems that you have to make reservations for a court and so I do this, but when the time allotted to me comes around they tell me that my reservation has been cancelled. The manager of the courts explained to me that the members of the team have first preference and I agree that this should be but does the coach have to use one-half of a reserved court all of the time?

This may be necessary because of things I don't know about tennis coaching. In this event, I humbly apologize to the coach. The thing which I cannot see is why can one of the sergeants in the ROTC suite here get preference over me for a court.

I think the sergeant should be permitted to play, but I can't see why he should be given preference over the students. Perhaps I see only one side of the issue, and if this be (Continued on Page Five)

The Spice Of Life

By Helen Dorr and Pat Quinn
The major ailment nowadays is not spring fever but "too much weekend". Those who went to the Derby had a big time, those who went home did likewise but at least the most unusual weekend was had by those who stayed right here in Lexington. Between rained-out river parties and ghosts on the Leetown pike, school probably won't ever get back to normal this quarter. Who cares?

Sandy Morgan seems to have decided to get on Frank Gilliam's bandwagon. We can't think of a ruder couple. Seems as if Joan Rehm is getting a big rush these days. Better watch out, Joan.

Betty Strunk is really going over big at the Sigma Chi house. If you don't believe it ask Bruce, Dick, Owen or any one of several others. Jack Hatfield and Jo Trapp made the most of a stay-at-home weekend by getting pinned at the Kappa Sig, Alpha Sig, Phi Tau dance at Springhurst Friday night.

It takes a lot of experience for a girl to be able to kiss like a beginner. One of the nicest triangles this quarter is that of Bill Simarel, Shooky Adams and "Lacey". If anyone can find Hugh Moorhead's third dimension, please return it to 1410 Audubon Avenue.

We hear that Sunny Wilkerson is going over big at the Tri-Delt house.

City Bus Fare Exemption Sought

Representatives from the Student Government Association are requesting that students at the University be exempted from a possible raise in city bus fares.

Harry Miller, chairman of the Judiciary committee of SGA, and Milton S. Kafogis, special investigator for SGA, have attended hearings before the City Board of Commissioners and stated that a large number of University students would be vitally affected by an increase in fare.

Miller and Kafogis are not taking a stand on the question. As representatives of student government through SGA, they have asked that University students be included in any allowance in fare which may be extended to grade and high school students.

UN Sessions Are Opened To Students

Opportunities to visit the sessions of the United Nations meeting in Lake Success from June 13-18 have been made available through the "Y" offices here.

Students who are interested should make application to Hart Peck or Carolyn Spicer, campus "Y" directors.

Rosemary Dummit, retiring president of the YW, attended the spring United Nations seminar held during the first week in April in New York and at Lake Success.

Fifty students from various colleges and universities will be selected for the summer session to visit in New York. They will study problems of the United Nations and consider the responsibility Christian students have in the building of the world community.

Applications can also be made in the "Y" office to attend a Washington Student Citizenship Seminar in Washington from June 21 to August 31. Seventy students will be chosen upon application.

During the first week in Washington they will spend time attending Congressional hearings, observing the Senate, the House, and the Supreme Court in session, and meeting with informed Washingtonians.

The next meeting of the organization, which, according to Miller, is interested in encouraging liberal and progressive-minded students to join, will be held in the SUB on May 13.

Miller said the policy of the organization was to accept only those whose devotion to democratic principles was unqualified, excluding Communists, fascists, and all other extremists.

All-State Chorus Meeting Currently

The All-Kentucky Chorus, a mixed vocal group of approximately 550 students from more than 70 high schools throughout the state, will be featured in the Kentucky High School Music Festival now being held in Alumni Gym.

William G. Temple, director of music in the Lima, Ohio, public schools is visiting director of the chorus which will present its concert at 3 p.m. tomorrow, the last day of the festival.

The choristers who will be chosen from among the state-wide entries, will sing a difficult program of music after only four practice sessions.

The vocal-plant section of the music festival began Thursday with 1000 to 1500 students attending. A second section for instrumentalists will be held next Thursday and Friday.

Suggestions to SGA

Editor, the Kernel: Last week's news story: SGA Debates Smoking in Honor of Freedom—Crocket Offers No Solution For Problems, is a painful revelation of the sad fact of student government failure here.

New flourish and fan-fare can be the good purpose of attracting attention. But even if the worthy but routine functions of SGA are dressed up and publicized, they can't be expected to attract the attention of the student body.

self-government here. A student council could accomplish no more than does SGA. Student self-government is a work in some universities, even state universities.

Check up on yourself, SGA. For a little while at least, let's assume that the chicken comes before the egg, that better leadership will create greater interest.

DISKINTUCKY

SPORTS ROUNDUP

— Tom Diskin, Sports Editor —

The Kentucky baseball team, with a season's mark of three wins and five losses, will go up against Georgia Tech here on Stoll Field this afternoon at 3:30, and again tomorrow at 2:30. In case of rain today, a doubleheader will be played Saturday.

After this pair of contests, only six games will be left on the 1948 card for the Moseleymen. Next week they meet Tennessee here, then two games with Georgia at Athens on May 19-20, and a trip to Knoxville May 21-22, which will wind up the season.

New Harler Added
The pitching staff of the Moseleymen was strengthened this week with the addition of Ray Mignerey, a right-hander from Newport. Whether he will be ready to pitch against Tech today or tomorrow is a matter of conjecture since he joined the team only a few days ago. While attending Newport High School in 1942 and 1943, Mignerey was an outstanding moundman around Northern Kentucky baseball circles before he entered the Army.

Stough Leads in Hitting
Kent Hollingsworth has compiled the batting averages of each Wildcat diamond player for this season. In the first eight games, John Stough, best shortstop, tops the hitters with 15 hits in 33 trips to the plate for a mark of .454. Ralph Beard, in the same number of times at bat has collected 12 safeties for a .363 average. Allen Hamilton has 11 in 33 for a .333 mark.

Benefit Planned
In an effort to raise sufficient funds for sending the reserve Kentucky champion basketball team to the Olympics in London this summer, Suky will sponsor a movie, "Carnegie Hall," at the renowned State Theater starting on May 23. The tickets, which are to be placed on sale Wednesday, May 12 at the SUT.

"Carnegie Hall" has a big cast of stars in the film and is one of the best movies of 1948 according to many critics.

If the students want to help the deserving reserves of the great Wildcat cage team of 1947-48 make this trip to England, this is one of the outfield.

Golfers Meet Tech There Tomorrow

By Tom Underwood Jr.
The University golf team will try to make its second straight over Georgia Tech, when they meet tomorrow on the southern's home course. The Wildcats rate only an outside chance of victory, by comparing records, despite their win over the Yellow Jackets here last month.

None of the Wildcats was able even to qualify for the first flight in the intercollegiate event. Freshmen Ray Colton and Jack Asher finished the qualifying round with 80's to tie for first flight positions but were beaten out in the play-off.

Marvin Lear was just one stroke off with an 81. Johnny Owens had an 81, one stroke ahead of Bud Lewis.

The Kentuckians did not participate in second flight match play.

Sedwick: "Terribly sorry you buried your wife yesterday."
Wattwood: "Had to — dead you know."

Ramblin' Wreck Meets Moseleymen Here Today

By Kent Hollingsworth

The Engineers from Georgia Tech ramble up to Lexington today to meet the Kentucky Wildcat baseball team in the first contest of a two-game series. Game time is three o'clock.

The Yellow Jackets from Atlanta are led by their giant first sacker, Red Shoening, who got 6 hits, including two homers, in ten trips to the plate against Wildcat pitching last week.

J. B. "Sunset" Thompson, Tech's ace moundman, is slated to start today's game. Thompson beat Auburn's prized pitcher, Willard Nixon, by slugging a home run over the center fielder's head in the last half of the tenth inning two weeks ago.

Poethalers Bob McCoy and Joe Lusk will also make the trip, since spring football practice was concluded last week.

Tech Games
The Kentucky Wildcat baseball team, after splitting the conference, leading Georgia Tech team to a 4-0 lead, came back strong in a wild seventh inning to win, 8-5 last Friday.

The Wildcats scored six runs in the big seventh. After Henne and Hirsch singled, Beard drew a walk, and Coach Pittard called in right fielder Henry Kaib to put out the fire. Stough greeted him with a clean single that drove in the first run.

Cliff Barker slugged his third home run and fifth hit of the year, in the eighth inning when the cats scored five of their six runs.

Shoening error.

Tech first baseman and former star at Louisville's Male High, Red Shoening, drove in three runs with four hits, including a towering 450-foot homer over the 20-foot scoreboard in right field.

Cliff Barker made a perfect peg from deep centerfield to cut off Kaib at third base and Tech's ninth inning rally.

The Wildcats played errorless ball in notching their second straight victory, while the Engineers committed five miscues.

Saturday's Game
A sloppy pregame infield practice, typified the whole game, as the Wildcats committed four errors to go down before the hard-hitting Tech Yellow Jackets, 18-8 on Saturday.

Wah Jones received his first collegiate defeat, allowing 11 runs and 8 hits, including homers by Monk Jordan and Red Schoening, in three one-and-one innings.

Cliff Barker slugged his third home run and fifth hit of the year, in the eighth inning when the cats scored five of their six runs.
