NEVILLE TATUM: Circulation Manager

MARVIN N. GAY: Sports Editor

COPI EDITORS: Ed Mendenhall, Alice Wood Bailey, Louis Rankin

SPORTS WRITERS: Tom Watkins, Bob Rankin, Andy Crawford, Louis Hynes

ANDREW EKORDAHL: CLIFF SHAW, Associate News Editors

COMPLETE CAMPUS COVERAGE

See The Law Building

OPEN HOUSE today at the College of Law's new home.

Laffery hall, will find faculty members and students of the college proudly extending a welcome to other students, other faculty members, alumni, and friends of the University.

When the welcome mat is figuratively laid before the entrance from 3:30 to 5:30 and from 7:30 to 9:30 p. m. today, the college will be celebrating another step in its growth, for which it may well be proud. More important, however, is the fact that this event, although not a formal dedication, signals another advance in a growing University's existence. It is not just another new building.

In urging attendance at the "open house," THE KERNEL desires to stress another fact. This is that a majority of the student body visits perhaps no more than a half dozen buildings on the campus each semester, doing this in a routine fashion in attending classes. THE KERNEL believes that students cannot really understand the significance of the University as a whole until at least one tour of the campus has been made. This tour should be made notwithstanding the fact that many students were conducted through out the campus when freshmen, for at that time much was seen but little comprehended.

THE KERNEL suggests that each student "shop around" and see just what this department and that laboratory looks like and glean a rough idea of what departments other than his own are doing.

The Paper Plague

ANYONE has a perfect right to wear a flaming red tie if he wishes, to sing off-key if it pleases him, or even to tear up his kernel and notebook paper if he feels that it gives him an emotional outlet. But when he succeeds in collecting a supply of tiny bits and then, with a spring dance, goes solving these bits all over the postoffice and the campus, "was time somebody said 'nut, nut, nut.'"

Every morning of the school week, the McVey hall janitor, working like a snow plow, may be seen making his rounds in the University postoffice. Four such rounds are made each day, yet a visitor happening on the scene in between the rounds would suspect the building of housing a kindergarten.

Scarcity of paper receptacles is not the cause. There are plenty of waste baskets in the postoffice, and they are nearly as good as new. They could hardly be otherwise since they are seldom used.

However, the matter is not one which will require a special university ruling, nor will offenders be arrested. But it does seem rather a pity to think that these new buildings on the campus may be only temporary. After all, though we only throw paper now, we might work "up" to throwing bricks before long.

As a former Kernel columnist would have put it, "Now, come, come, students!"

And That's That

THERE WAS NO REVOLVING between the first page and the other pages of THE KERNEL Tuesday.

Nor were on the Lam Lamason and Gay-acting Sports Gay kept in ignorance of current facts, causing them to discuss dances and things that were news in the big type. Even Don Irvine did not know that Sideshow was running anonymously until the extra was out.

You see, a newspaper, whether it portakes of the nature of a public utility, influences public opinion, entertains or only clutters up the frat house floor, is still a mechanical thing. And you can't argue with mechanics and things mechanical.

Thus it was that Mr. Lamason, whose copy deadline is well in advance of the news deadline, and Mr. Irvine and Mr. Gay, who likewise are required to write with an eye on the typesetter, turned in their copy on their appointed times, just as all good reporters should do.

Could they help it because news changed so fast on this campus that it required two extras in four days to present the University with scoops?

Recently Hitler told the Russians how much he hated them. The Soviets thanked him and said that they had a ferocious hate for the Germans, too. Now both countries are happy.

SIDESHOW

By DON IRVINE

ON THIS co-ed conscious campus bachelors are as scarce as Buicks in Baluchistan. Yet, in quiet and unasserted crannies, they do exist, these boys who don't give a hang about courting. Contrary to first deductions, they are also very interesting people, a bit frayed with cynicism and rather sardonically witty. Clarence MacCarroll, for instance. He entered the law college last fall and hasn't been seen by a girl since. Carl Conner is another. Droll and indolent, he lacks the energy to work up a good twit and so spends his time in conversation. A third is Andrew Eckdahl, that comber, sarcastic specimen whose dry humor keeps the Kernel office cheerful. Andrew wedded to his work as a journalist, has no time for women.

On the other hand, there are those whose lives are eternal rounds of romance. Bill Young is foremost in that rank. After two years of consideration he has finally narrowed his field down to one.

Attention recently has been directed to the idiosyncratic dancing that is exhibited hereabouts. In other sections of the nation the ballroom ball has a conspicuous uniformity, but it is not so in Kentucky. It is a region of stylistic individuality. As strangely enough, it is the male of the species who is automatically, and strangely enough, the leader of any twirling couple who blame falls on him.

Pony Pitcher and Ted Tinker Dean both move in perpetual circles. Lewis Hagin does a smooth swing rhythm that is somewhat unique. Ben Williams leaps. Cliff Shaw and Alice Wood Bailey are famous exponents of the "tear it down" school. A vast number of politely restrained dancers include such technicians as James Evans, Bill Humphreys, and Richard Colbert. Among the most versatile and elastic followers are Gladys Dimock, Dot Hillmeyer, Martha Alexander.

The jackpot: Bill Quigley, ordinarily the most pacific of stage managers, is a bit of a comedian at the Guilford the other night in which he denounced Frank Power, the cast, and the whole theatrical art. One of the press boys lifted an old copy of "Esquire" from the editor's office, loaned it to Ray Lathram before reading it, and Ray misplaced it during his cataclysmic automobile accident. Meredith Wanless, that paragon of informality, balls all her acquaintances as "old buddy" or "hi, sport." Don Eckler, the steentick collegian to be despised, calls his nurse "Chubby" and is very happy about the whole thing. One thing they all have in common is that they are all in the same line of business.

Paradoxical, complex, unpredictable George Kerler is the most enigmatic person I know. Fiercely intelligent, widely read, he can recite the philosophies of Nietzsche and Schopenhauer in reverse. He will go into raptures in defense of Sinclair Lewis and "Arrowsmith," book he re-reads twice a year. Yet he would rather see the Brooklyn Dodgers play baseball than garner a Nobel prize. His conversation is delivered with a devastating, disillusioned knock that makes it unforgettable. He penetrates people and their motives with surgical skill. His style of writing defies duplication. Still, he believes that music begins and ends with Benny Goodman. He delights in debunking accepted conventions and standards, and prides himself on being a proletarian, which he is not. A strange combination of the earthy and the aesthetic, Kerler remains a stranger no matter how long one knows him. Each meeting with him is like a first introduction. One of his favorite pastimes is reading New York papers in class. His favorite food is candied sweet potatoes. Beer, he says, bores him.

In the paragraph which you are now reading appears through the courtesy of "On The Lam" Lamason and the advertising staff, estimable gentlemen. All the advertising boys, with industry that is typical of them, checked the editorial page with commercial notices. That is their job, and one can never accuse them of shirking it. However, the congestion reached such a point that the neighboring column perished in the scuffle. First it was pushed out of the editorial column, and then, because it was set in wider type than the other parts of the page, it was pushed out of the page altogether. Its omission left a space which let be count the lines—yes, this paragraph just fills it.

Baker and SAE Jack Baker were followed the other day in Herdity class. They thought they would be the first to leave each other since their names were the same, but their whole thing ended up by them being in different sections across the room.

Then too, the classroom courting of Bernice Opper and Elizabeth Wilson was abruptly nipped in the bud when the prof suggested that they separate. Now they can hardly see each other. Ah, fate!

What happened to the budding friendship of Red Hasan and Glenda "Lotus Blossom" Burton?

Bob Davis and John Elbner are thinking of going into the oil business in Texas. Two Texas girls are visiting in Paris and have gone in for hanting "Twenty Grand" and chum Elbner. The call board in the dorm is full of juicy little items these days such as a notice to the effect that Elbner's little oil gusher from Paris is pumping her way over. Bob Davis went into hiding when he was notified that "Texas Slim" was on the loose.

Gertrude Gauntlett has been repeatedly lectured about turning a green LaSalle of recent vintage adorned with a New York license. Its owner, Charles, is making his visit with Marty Teale indefinitely.

What Alpha Gam returned from a week-end in Virginia with a Chi Phi girl?

When some clothes were stolen from Martha Riley's car the other night, she was driven down to the trial in a two-man motorcycle piloted by a policeman whose hair grows around his face just the way Martha likes it.

MAGAZINE PUBLISHES BEAUMONT'S ARTICLE

Dr. Henri Beaumont of the psychology department, who is on sabbatical leave this year, has written a paper in the January number of a series of lectures in which he gives the results on the question of whether a psychology instructor tends to give students in his advanced classes the same grades that they earned in his introductory course. No such tendency was found.

At present Dr. Beaumont is doing research work in his particular field, college personnel problems at the University of Michigan.

Dupre To Address Relations Class

"Contributions on Smaller Nations to World Politics," will be the subject of Prof. Hunter Dupre in the third of a series of lectures of the study class in international relations, at 7:30 o'clock Monday night in Room 111, McVey hall.

Conducted by the Women's club of the University and the Lexington branch of the American association of world affairs, the class is open to all people interested in world affairs.

Miss Statle Erikson, head of the department of economics, will preside.

ALUMNI HEARS HINKENBERN Making his first oratorical effort, Captain-elect Sherman Hinkenberg

addressed a meeting of football-minded Northern Kentucky alumni last night in the Gibson hotel.

The address was attended by Almeria-Captain Bill Boston, grand guard; Tommy Spickard, guard; and James S. Shropshire of the alumni executive committee.

STUDENT'S MOTHER DIES Lewis G. Kress, senior in the College of Mechanical Engineering, was called to his home in Ludlow, Ky., because of the death of his mother Saturday, February 19.

Done At Dunn's

We salute the Greeks for their memorable observance of the Nationally known "Hell Week." The Phi Tau's seem to enjoy rolling the "bones," but Roland Lams and Byrd Treason revealed sums of indignation when they could see roll a seven or eleven under the table.

While Ben Butler kept a watchful eye the "blameless" enjoyed being served by Dolph judges Bill Mikolay and "Hoot" Combs.

Wearing an orchid on Wednesday surely has some significance, but Ann Trevel has no comment to make. Neville Tatum and Glenn Combs are doing right well. Hell week has done no harm to them. (A.S.)

SOCIETY

Beta Chi chapter of Kappa Kappa Gamma will entertain with their annual Founders Day banquet at 6 p. m. Saturday at the Lafayette hotel with Miss Clara O. Pierce, the national executive secretary, as honor guest.

The centerpiece for the table will be red and white roses and the candles and programs will follow the same color scheme.

The lighted sorority shield will hang above the table where the guest of honor will preside.

Guests will include alumnae, actives and pledges.

Actives of the chapter are: Virginia Alsop, Dorothy Babbit, Jeanne Pat Bell, Mildred Bryan, Wilma Bush, Laurie Cannon, Marthe Chauvet, Dorothy Clements, Cleopatra Cooper, Mary Ellen Field, Gladys Dimick, Lucy Edlin, Jane Freeman, Sarah Galtick, Ruth Gay, Marsha Hawkins, Elizabeth Jewell, Oriole Jilson, Anne Law Lyons, Jean Mahan, Genevieve Montgomery, Dorothy Murray, Sara Elizabeth McLean, Mary Louise Naive, Ruth Peak, Katherine Richardson, Mary Gore Rodes, Rosemary Taylor, Josephine Tunstall, Pattie Field VanMeter, Lillian Gaines Webb, Mildred Wheeler and Elizabeth Zimmer.

Pledges of the chapter are: Eliza Brent, Sallie Cannon, Susan Clay, Mary Duncan, Nancy Duncan, Sara Revell Estill, Harry Frances Gay, Mary Henderson, Harriet Lyle, Laura Lyons, Mary Ellen Mendenhall, Mary Elizabeth Mills, Clara O. Pierce, Virginia Richer, Mary Ellen Simmons, Betty Smith, Virginia Smith, Clara Taylor Spencer, Josephine Thompson, E. Myrle Leo Turk, Meredith Wines, Ruth Ware and Mary Wiedeman.

Miss Mary King Montgomery, Miss Elizabeth Jewell and Mrs. R. E. Shaver are in charge of the arrangements for the banquet.

Help YOUR CHILDREN ENJOY Eye Comfort When They Read or Study...

is the **LIGHT** in your home **AGING** their eyes?

Just LIGHT CONDITION your home with BETTER SIGHT LAMPS and the whole family will find that seeing is easier

THERE'S no mystery about Light Conditioning. It means simply to have adequate light for comfortable seeing—without glare or shadow—in every room—plus concentrated light for "close work," such as studying, reading, sewing—plus a restful, cheery, hospitable atmosphere that everyone enjoys.

You can most economically Light Condition your home with Better Sight Lamps, which cost no more than the old-fashioned kind. You can make a start by putting the proper size Mazda bulbs in the lamps you already have, or by making minor adjustments in existing fixtures.

Come in tomorrow for a free demonstration of Light Conditioning, and see our attractive display of new 1938 Better Sight Lamps.

Agriculture Council Will Give Program At Berea College

Members of the Agriculture council will present a program at Berea College on Monday night, February 28, during which presidents of the various organizations in the agriculture college will give short talks on their clubs and their activities.

The speakers will be Harold Binkley, president of Block and Bridle, Julia Hall, president of Home Economics club, Virginia Dyer, representative from Phi U. Charles Barr, president of Alpha Zeta, William Hubbard, president of the Horticulture club, Tony Hawkins, president of the Agricultural Club, and William P. Burnett, president of the Dairy club.

Alpha Gamma Delta

Miss Alice Adams of Memphis is visiting the chapter house.

Miss Lois Burkett of Louisville, is spending the week-end with Miss Mildred Kash.

Miss Ellen Coyne attended the mid-winter dance at the University of Virginia last week-end.

This Little Pig Goes To Market

Many little pigs have gone to the market so that **Bayham's** could bring you **The Snooty Brogue**—the genuine pigskin shoe which is taking college camp by storm.

Come in and see the color harmony—the natural color of the shoe of the year—with leather or crepe soles. Wing and straight tips.

(Adv.)

of the Dairy club. Musical numbers will conclude the program.

This program is being presented in return for the one Berea gave here last spring. Professor Hochlacher, assistant dean in the College of Agriculture, will accompany the group.

Economic Slated For Eight Lectures

Dr. Oaker Morgenstern, University of Vienna, will give a series of eight lectures on the "Central European Economic and Political Policy" tentatively scheduled at 4 p. m. Wednesdays and Fridays in Room 302, White Hall. The first meeting will be Wednesday, March 2.

Dr. Morgenstern, visiting professor of the Carnegie Endowment for International Peace, is a recognized scholar in the fields of economics and political science and should give an authoritative exposition of the present-day troubled conditions in Europe according to Dean Edward West, College of Commerce.

Ag Clubs To Hold Combined Meetings

Home Economics club will hold a business meeting at 7 o'clock Monday, February 28 in the Agriculture building. Mamie Hart, vice-president of the club will preside.

At 7:30 o'clock there will be a joint meeting with the Block and Bridle club, Harold Binkley, president of Block and Bridle will preside. After the meeting refreshments will be served.

O'Keefe Paintings To Be Exhibited

Twelve reproductions of the works of Georgia O'Keefe, one of the most original painters in the world today, will be on exhibition in the University library through Sunday.

The collection presented is the possession of Miss Anne Callahan, assistant professor of art.

Georgia O'Keefe, who has never studied abroad, is most famous for collecting ordinary objects and turning them into extraordinary compositions.

SOCIAL WORK DIXON'S TOPIC

F. C. Dixon, general field representative for the American Red Cross, will speak on "Social Work in Disaster" as the second talk in a series on vocational opportunities in social work at 4:00 p. m. Monday, February 28, in the training school auditorium.

Gay-izing At Sports

By MARVIN GAY

BEFORE passing to other issues, this column joins the student body in congratulations to the new athletic director—Bernie Shively. His choice has been a popular one, both with students and members of the football squad.

Both Shively and Coach Kirwan fully realize the obstacles which confront them, as Shively was formerly line coach under Harry Gamage, while Kirwan was captain of the '25 Wildcat eleven.

The matter of finances is one of these major difficulties as the Cat machine drew none too well at the turnstiles last fall. Another problem is that of arousing the interest of a student body that has sunk to the lowest depths of lethargy.

If Shively is to succeed in his ambitious program, he must be given the unreserved co-operation of everyone interested in the welfare of University athletics. Shively, and Shively alone, must be the unconditional boss. And, we believe the former Illinois All-American is the man to lead the Cats from their subterranean depths of despair.

Athletic Debt

As to the matter of finances, the huge salaries of bygone days are no more. Coaches are to be paid on the scale set up for professors. It will be interesting to watch the new administration attack this problem of the inherited debt. All of us know that to place athletics on a business basis, there can be little hope of producing top-notch teams.

Moseley Promoted

Director Shively certainly has taken steps in the right direction in his announcements regarding Adolph Rupp and Frank Moseley. As Shively says, Coach Rupp's record speaks for itself. Moseley's promotion to varsity end coach is also a popular one. In addition to his coaching duties, the former Alabama quarterback will serve as contact man, a position at which he is very efficient due to his winning personality.

WHAT M. C. COBEN SAID TO HAROLD SNEAD, CHIEF PILOT OF TWA

"Do you find Camels really different from other cigarettes?"

Harold Snead gives his own answer—"Camels agree with me!" he says. And millions of other smokers agree with Pilot Snead, making Camels the largest-selling cigarette in America

ON HIS SECOND MILLION MILES! Snead has been flying since the "night mail" days. He knows what he's talking about when he says: "You've got to take care of yourself in this line of work. Rugged nerves are out. I smoke—all I want. Camels don't get on my nerves."

AFTER THE BIG TWA SKYSLEEPER, above, was set down in Newark Airport, M. C. Coben was chatting with Hal Snead, chief pilot of the Eastern region, and Isabelle Judkins, air hostess. Hal pulled out his Camels and offered them around. And so they got to talking cigarettes!

ON DUTY, Isabelle is a perfect business! "I notice most of the passengers on the TWA run prefer Camels," she says. "When conversation turns to cigarettes, someone always exclaims that Camel is certainly the cigarette that is different. The comment I often hear is, 'Camels agree with me!'"

NEW DOUBLE-FEATURE CAMEL CARAVAN

Two great smokes—Jack Duke's "College" and Benny Goodwin's "Swing School"—in one fat, fun-filled hour. On the air every Tuesday night at 9:30 pm E.S.T., 8:30 pm C.S.T., 7:30 pm M.S.T., 6:30 pm P.S.T., over WABC-Columbia Network.

Camels are a matchless blend of finer, MORE EXPENSIVE TOBACOS—Turkish and Domestic

PEOPLE SO APPRECIATE THE **COSTLIER TOBACCO** IN CAMELS
