

Sunday Morning

Dear Lula,

We are glad to learn that you
& the baby are doing well.

Your mother will I think now
improve. She took medicine last
night that had a good effect.

I am tolerable, slowly improving
pulse more regular, rather more
strength.

In cooler weather we will I think
all be better.

Your mama will go & see you just
as soon as she is able.

Your affectionate father
John M. Clay.

P.S. I hope Minor has become more
reasonable about the young lady.
J.M.C.
