CHRISTIAN ASSOCIATIONS TO CONDUCT CAMPAIGNS

Students Should Rally To the Support of These Organizations.

\$5025 BUDGET PLANNED

The annual financial campaigns of the University Y. W. and Y. M. C. A. will be conducted the second week in December. The Y. W. C. A. will begin their campaign December 5, and will run through the week. The Y. M. C. A. will begin on December 7 and continue four days. These campaigns are separate in that women students and faculty will contribute to one organization and the men to the other but the purpose of the campaigns are one and the same in that each organization is striving to serve the students of the University and every plan and purpose of the Y. W. and Y. M. C. A. is to promote the things which are most worth while for the benefit of the students.

The budget for the Y. M. C. A. this year is \$4,125, of which the University and other sources contribute about \$2,200. The Y. W. C. A. has a \$900 budget. Every student in the University should feel that these are their organizations and contribute to their support.

Plans are made for large and constructive work this year and the students will have to help if these plans are carried out.

Give to the Y. W. C. A.
Give to the Y. M. C. A.

COLLEGE WOMEN TAKE PART IN WEDDING

Miss Mamie Stormes Dunn, Popular Co-ed, Marries Missouri Man.

Miss Mamie Stormes Dunn, of Lancaster, married Mr. Russell Wayland, of Columbia, Missouri, Saturday afternoon at the home of the bride's parents, Mr. and Mrs. W. Ashborn Price, on the Richmond road. The Reverend E. B. Bourland, pastor of the Christian church, officiated. About seventy-five guests were present.

The old home was decorated in yellow and white chrysanthemums and in the living room was an altar of palms with a large wedding bell swung from a canopy above. As the guests assembled, Mrs. Leonard Miller and Mrs. Harry Tomlinson gave a musical program.

The bride and attendants came down the stairway thru the hall and reception room to the altar. First came the ribbon bearers, Master John Orrel and Miss Dorothy Perkins, carrying broad yellow and white satin streamers, followed by the matron of honor, Mrs. Bradley Dourne, after whom came the maids Misses Gertrude Wallingford, Anna Brackett Owen, Martha Buckman, Elizabeth Murphy, Virginia Moran and Alleene Fratman, after whom came the maid of honor Miss Edna Berkley. The bride entered with her brother, Charles Dunn, who

Continued on Page 2.

CAVALRY TROOP WILL NOT BE ESTABLISHED

Funds Insufficient to Provide Stables For Housing of Horses.

Lack of stables and funds to build them will prevent the establishment of a cavalry troop at the University of Kentucky as planned by the War Department. The horses and complete equipment were recently offered to the University on condition that the stables be furnished by the institution. The University is almost certain to obtain the troop any time that it can provide the stables and they may petition the next Legislature to appropriate funds for this purpose.

TWELVE MEN TAKEN IN DELTA SIGMA PI

National Professional Fraternity in Commerce Enters Kentucky.

TWO HONORARY MEN

Delta Sigma Pi, national professional fraternity in commerce, entered the University of Kentucky Saturday, when ten students and two members of the faculty were initiated from Pi Chi, local fraternity in commerce. The ceremonial was held at the Lafayette hotel during the afternoon and evening of November 27.

President Frank L. McVey and Doctor Edward Wiest, head of the School of Commerce, are honorary charter members, while the following undergraduates were taken in as members of Eta Chapter: Fred Augsburg, Lexington; John S. Casner, Providence; Paul P. Cooper, Benton; Otis L. Jones, Broken Bow, Okla.; H. B. Lloyd, Fordsville; William Hugh Peal, Bandana; Robt. J. Raible, Louisville; Raymond Rodgers, Milton; Glen Tinsley, Hartford and George Sun, Lexington.

Representatives from the national organization at Chicago came here to install Eta chapter at Kentucky. H. G. Wright, national president of the fraternity, E. R. Hoyt and F. H. Bradshaw, members of the national council, constituted the official installation team, which conducted the initiation ceremonies. Following the initiation there was a banquet for the local members and the distinguished guests.

Delta Sigma Pi fraternity is established in many of the schools of commerce throughout the country and is one of the most powerful and influential professional fraternities in the colleges and universities of the United States. It was organized to foster the study of business in universities; to encourage scholarship and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial world and students of commerce and to further a higher standard of commercial ethics and culture and the civic and commercial welfare of the community.

SERGEANT PROMIN

ADDITION TO STAFF
Sergeant John Promin of the Fortieth Infantry, Camp Sherman, Ohio, is a recent addition to the non-commissioned staff of the University.

"Big Jim" Server, who has been elected captain of 1921 Wildcats.

Y. M. C. A. SENDS 31 MEN TO CONFERENCE

Appointments are Borrowed From Georgetown and Centre College.

The Berea Conference, which will be held December 3, 4, and 5, has aroused so much interest that the Y. M. C. A. at the University has been forced to borrow appointments from Georgetown and Centre colleges which are not sending their full quota of men. The University was entitled to twenty-five students and faculty men, but already has thirty-one men going and others who desire to go if accommodations can be made.

The Y. M. C. A. is fortunate in having a thoroughly representative group of men going to this conference and we feel that they will be repaid for their trip. The students going are George Baumgarten, James Server, C. V. Watson, Flenor M. Heath, Burton Prewitt, George Gregory, John Albright, Stuart Neff, George Zerfoss, Gilbert Smith, R. J. Raible, Frank Linkeburg, Charles Ormand, H. W. Williams, J. Lisman, Paul Morris, F. Holbrook, C. Delaney, Bob Davis, P. W. Gregory and Charles Downing. The faculty is to be represented by Dr. P. K. Holmes, Prof. A. Burlaw, Dr. Wm. L. Roberts, Judge Lyman Chalkly, Prof. W. Payne, Prof. P. E. Karraker, D. H. Peak, C. R. Melcher and Dr. Charles A. Shull.

Bart N. Peak, secretary of the University Y. M. C. A. will be one of the speakers at the conference.

TURN IN YOUR QUESTIONNAIRE

Only three hundred questionnaires have been turned in. Everyone who has not filled out one should get one at the Book Store at once. Those who have questionnaires out should turn them in at the book store immediately.

The Kentucky Association of Colleges and Universities will meet at the University of Kentucky Saturday, December 4.

JOINT MEETING HAS LARGE ATTENDANCE

Professor W. H. Mikesell Addresses Students on Religion.

A large number of students attended the joint meeting of the Y. W. C. A. and Y. M. C. A. at Patterson Hall Sunday evening, November 28 to hear the talk which was given by Prof. W. H. Mikesell, Head of the Department of Public Speaking. He spoke on what it means to the college student. He emphasized the permanency of religion by saying that "people may come and people may go but religion stays on and on."

Nellie Stone led the meeting.

KENTUCKIAN STAFF ASKS COOPERATION

No Material Accepted For Publication After Dec. 8.

GET ANNUAL NOW

"If in the dim haze of the distant future when many a grain of sand has trickled through the glass of time, these pages shall echo the friendship and joy of our college life and awaken recollections of our happy U. K. days, then this book will be memory's dearest possession and our work will not have been in vain." This excerpt from the foreword of the 1921 Kentuckian expresses the desire of the Kentuckian staff to make this year's Annual one worthy of the University and one that will in years to come be a source of the most profound pleasure to everyone who has one in his possession.

But in order to carry out these plans the cooperation of the student body with the Kentuckian staff is imperative and the staff takes this opportunity to urge every student to do what he can in furtherance of the work. Every one can help, first of all, by buying an annual. Does the student body realize that the Kentuckian of '21 is being launched by a staff that is doing so on its own initiative with absolute refusal of help from the University? It is a prodigious undertaking and without the support of the student body the annual cannot be published. Shall the University of Kentucky have no annual this year because the students are not interested enough to buy one? The business manager made the statement at the Kentuckian staff meeting Monday that unless 700 annuals are sold before the holidays no annual can be published this year. Will you of the student body do your part to make publication possible?

You can also help in other ways, by doing things you are asked to do by the members of the staff. Seniors: have you filled out your information

Continued on Page 2.

FINANCIAL COMMITTEE IN CHARGE OF MEETING

The financial committee of the Y. W. C. A. is in charge of the meeting which will be held at 6:30 on Sunday evening, December 5. The chairmen of the different committees will explain their work and the amount of money that will be required during the coming year.

REORGANIZATION OF ALUMNI ASSOCIATION

16,000 Former Kentucky Students Eligible For Membership

EVERY COUNTY CLUB

With 16,000 former students now eligible for membership, the Alumni Association of the University of Kentucky has started out to effect a larger and more comprehensive organization, having as its first aim the successful completion of the State Memorial Building campaign.

Mr. Herbert Graham, of Frankfort, political writer of the Lexington Herald, has resigned to devote all his time to further the organization of the Alumni Association, of which he is secretary, and to the State Memorial Building campaign, of which he is manager.

The new basis for membership in the association, which allows all former students of the University as well as alumni to be members, was decided by a referendum vote of 3 to 1. Plans are being made to have an effective alumni association club of the University of Kentucky in every county of Kentucky and also in every city of any size in the State. Formerly only twenty-three counties were organized, while Lexington and Louisville were the only cities in which there were clubs.

Mr. Graham is in Louisville now, having gone there to attend the meeting which is to be held tonight to reorganize the Louisville club of the

IGNORANCE THREATENS AMERICA, TIGERT SAYS

Country is Ceasing to Be Great Melting Pot of the World.

America is ceasing to be the great melting pot of world it has for so long been pictured, Dr. J. J. Tigert, head of the Department of Physiology, declared in an address at the chapel exercises Tuesday morning at 11:45 o'clock.

"United America" was the subject of Doctor Tigert's address and the theme was Americanism. The address was pronounced one of the best ever delivered in the chapel and aroused a great deal of enthusiasm among members of the audience.

Doctor Tigert opened his address by quoting the preamble to the constitution of the United States and giving six reasons for the establishment of this preamble. He then discussed the problems, styling the chief of these as, Laborism, Socialism and Classism. Referring to the tower of Babel, the speaker declared that ours was a babel of classes.

In pointing to the dangers to the country arising from ignorance, the speaker called attention to the fact that only 56 per cent of the boys and girls of school age in the United States were in school last year and also that

TWICE A WEEK

While this is but the second edition of The Kernel issued under the twice a week plan, indications already promise that the trial will prove successful.

It is true that The Kernel does not present such an imposing appearance in four-page form as it did in the eight-page style but so many advantages may be derived from the new form that it will more than offset this single criticism.

The box has been removed from the heading on the front page, thus not only allowing more space for news, but also giving The Kernel more the appearance of a newspaper.

—K—

SERVER, CAPTAIN

A veteran who has fought on Kentucky's gridiron for three years and a mainstay of the 1920 line is "Big Jim" Server. His election as captain of the 1921 Wildcats was certainly deserved. He was the logical man for the job and with all good wishes for next year, The Kernel congratulates him.

PROFESSOR DANTZLER ADDRESSES FRESHMEN

Professor L. L. Dantzler, of the Department of English, addressed the students of Matriculation Lecture Saturday, November 30, on the subject, "What is an Education?" He said that a great many students have been induced to take a special course that will prepare them for a certain profession, without first acquiring a good foundation by taking some of the cultural subjects. He told the students that an education consisted in having poise and the best way to obtain it is to become acquainted with the classics which depict the finer side of life.

"Though so many people emphasize the need of a knowledge of Science," said Professor Dantzler, "nowhere are the cultural subjects, or humanities, as they were called some years ago, of more advantage than in Kentucky, which abounds in a wealth of literature and folk-lore."

Miss Frances Jewell attended the semi-annual meeting of the Kentucky Vassar Alumnae held at the Seelbach hotel in Louisville, November 27.

PROCRUSTEAN BED

By Troy L. Perkins

COURTSHIP OF PRISCILLA

"Cheer up boys, there is a hell."— H. L. Mencken.

The production last Tuesday of an adaptation of Longfellow's "The Courtship of Miles Standish," gives renewed attention to a specimen interesting to literary researchers. The prim, the maidenly, the kittenish, the virtuous Longfellow, undoubtedly intended no heresy in his pious outpouring bearing that name. Yet he here echoed unintentionally the doctrine of Shaw and the moderns that woman is the pursuer and man the pursued. This doctrine, however, was not new with Shaw, nor for that matter with Schopenhauer, its foster-father. Enlarged and broadened it comes down as the commonly accepted principle of today that women have much more to gain by marriage than men, and that the majority of men are aware of it, and would never marry at all if it were not for women's relentless effort to bring them to it. There is, of course, a defense for women in this. Shaw has shown it in his treatment of the matter in "Man and Superman: We laugh at the haughty American nation because it makes the negro clean its boots and then proves the moral and physical inferiority of the negro by the fact that he is a shoeblack; but we ourselves throw the whole drudgery of creation on one sex and then imply that no female of any womanliness or delicacy would initiate any effort in that direction." Due to John Alden's contemptible stupidity, it became desperately necessary that Priscilla make forward passes; it was no sentimental or romantic notion that prompted her: it was the voice of her sharp and practical intelligence. Longfellow's accidental embrace of this Hunnish theory was undoubtedly due to the fact that the matter of the piece came to him in the nature of a legacy.

The acting in the presentation of the piece was very well done, being of good high-school caliber. Laurine Wells as Dame Hadley sang pleasantly. Mamie Woods acted the shrinking violet, Priscilla, according to the best movie models. But as Priscilla was a Puritan maiden, one would prefer a little less violet and a little more shrinkage. R. E. Davis, in the part of Miles Standish, displayed a trifle more energy than insight, but he strutted well. Troy Perkins acted and looked almost exactly as John Alden looked and acted, if John Alden looked and acted like Troy Perkins. The outstanding point of the pogrom was the staging by Professor William Mike-sell. The arrangement of the stage and accessories showed considerable ingenuity. Judging by this the professor should be able to do several interesting things in the future.

BOURBON STUDENTS ORGANIZE CLUB

The students from Bourbon county met recently and organized a club of twenty-five members. The main purpose of the club is to interest students of Bourbon county high schools in the University of Kentucky by explaining to them the advantages of the University and many and varied courses that are offered here.

The following officers were elected: Basil Haydon, president; Fannie Heller, vice president; Raymond Connell, treasurer and Edna Snapp, secretary.

BUY YOUR KENTUCKIAN NOW

Major Mitchell Added To Commissioned Staff

Major Mitchell, the newest member of the commissioned staff of the University of Kentucky, was graduated from West Point in 1902. He was stationed in the Philippines 1905-07 and 1911-14. In the meantime he was an instructor at West Point. After two years service on the Mexican border he was sent to France and was placed in command of the Tank Corps Brigade. After his return from France last year he was in command of the Tank Corps Brigade at Camp Meade, Maryland, until October, when he became assistant commander of the R. O. T. C. at Norwich University, Norwich, Connecticut.

COLLEGE WEDDING

gave her in marriage, and at the same time the bridegroom entered with his best man, William Yager of Danville.

A reception was held immediately after the ceremony, and following that Mr. Wayland and his bride left for a wedding trip to Columbia, Mo., Kansas City, Mo., before going to New Wilson, Oklahoma, where they will make their home.

The bride, matron of honor and maid of honor are former Kentucky students and the bridesmaids are all now in the University.

McVEY HAS RETURNED

President Frank L. McVey returned Wednesday from Austin, Texas, where he addressed the annual convention of the Texas State Teachers' Association.

KENTUCKIAN STAFF

Continued From Page 1.

blanks for the senior section? If not, do so immediately. Get the blanks at the Kentuckian room in the basement of the Library. Secretaries of Organizations: You must turn in to the editor of the Kentuckian the names of the officers of your club, the names of the members or whatever material you desire to appear on your page, by Wednesday, December 8. No material for publication will be accepted after this date. All fraternities and sororities are requested to hand in pictures of their houses. All Freshmen, Sophomores and Juniors are requested to hand in snapshots for the snapshot pages of the respective classes.

Seniors are asked to hand in individual snapshots. Anyone having any good snapshots of U. K. people or campus scenes are also asked to hand them in. A prize will be given for the best set submitted.

If the student body will help in these things it will be greatly appreciated by those who have the burden of the Kentuckian on their souls.

ALUMNI REORGANIZE

Continued From Page 1.

Alumni Association. The leaders in the reorganization of the club in Louisville are: W. H. Grady, '05, a trustee '06; Leo J. Sandman, '14; Miss Emma J. Werner, '05; Mrs. Albert Krieger, of the University; Dr. H. A. Davidson, '06; Dr. Samuel L. Pottinger, '92, former president of the club.

At present there are active clubs of the Alumni Association of Chicago and New York. The Philadelphia club will be reorganized in the near future. A splendid response has been made by former students and alumni to letters which the Alumni Association have sent out. Letters have been received from all parts of the United States as well as from several foreign countries. The Kentucky Kernel is being sent by the Alumni Association to members of the Association who are in Spain, Canada, South Africa and France. Many of the alumni who are receiving The Kernel have written to the Alumni Association saying that The Kentucky Kernel is one of the best college papers which they have seen.

As soon as the Alumni Association has successfully completed the State Memorial Building Campaign, it is planning to do all in its power to secure sufficient funds from the State Legislature for the maintenance of the University.

What Is Air?

BEFORE 1894 every chemist thought he knew what air is. "A mechanical mixture of moisture, nitrogen and oxygen, with traces of hydrogen and carbon dioxide," he would explain. There was so much oxygen and nitrogen in a given sample that he simply determined the amount of oxygen present and assumed the rest to be nitrogen.

One great English chemist, Lord Rayleigh, found that the nitrogen obtained from the air was never so pure as that obtained from some compound like ammonia. What was the "impurity"? In co-operation with another prominent chemist, Sir William Ramsay, it was discovered in an entirely new gas—"argon." Later came the discovery of other rare gases in the atmosphere. The air we breathe contains about a dozen gases and gaseous compounds.

This study of the air is an example of research in pure science. Rayleigh and Ramsay had no practical end in view—merely the discovery of new facts.

A few years ago the Research Laboratories of the General Electric Company began to study the destruction of filaments in exhausted lamps in order to ascertain how this happened. It was a purely scientific undertaking. It was found that the filament evaporated—boiled away, like so much water.

Pressure will check boiling or evaporation. If the pressure within a boiler is very high, it will take more heat than ordinarily to boil the water. Would a gas under pressure prevent filaments from boiling away? If so, what gas? It must be a gas that will not combine chemically with the filament. The filament would burn in oxygen; hydrogen would conduct the heat away too rapidly. Nitrogen is a useful gas in this case. It does form a few compounds, however. Better still is argon. It forms no compounds at all.

Thus the modern, efficient, gas-filled lamp appeared, and so argon, which seemed the most useless gas in the world, found a practical application.

Discover new facts, and their practical application will take care of itself.

And the discovery of new facts is the primary purpose of the Research Laboratories of the General Electric Company.

Sometimes years must elapse before the practical application of a discovery becomes apparent, as in the case of argon; sometimes a practical application follows from the mere answering of a "theoretical" question, as in the case of a gas-filled lamp. But no substantial progress can be made unless research is conducted for the purpose of discovering new facts.

General Electric Company Schenectady, N. Y.

FIRST CADET HOP SAT. AFTERNOON

Six Hops and Military Ball Planned For This Year.

The first cadet hop of the year will be given under the supervision of the military department in Buell Armory Saturday, December 4, from 3 to 5:30 p. m.

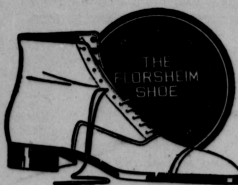

The hop will be the first of a series of military dances including six cadet hops and the military ball, all of which will be given under the supervision of the military department of the University. In order that crowding may be avoided, the hops this year are to be limited strictly to cadets. Tickets for the hops will be issued to cadets only, and all tickets will be checked up by a rooster at the door of the Armory.

The music for the dance, which will be furnished by Slomer's Saxophone Quartet, will begin promptly at 3 p. m. In the past, those who have attended University dances have formed the habit of coming to the dances an hour or two late and then complaining because the dances ended too early. However, this year it is hoped that a custom of beginning all dances on scheduled time may be established at the University. With this in view, those in charge of the military dances urge that all who attend the hop Saturday come promptly at 3 o'clock.

The following is the personnel of the Cadet hop committee for the year 1920-1921: Herndon Evans, cadet major; J. P. Gibson, Capt. Co. "A"; C. D. Clay, Capt. Co. "B"; Silas Wilson, Capt. Co. "C"; R. H. Barr, 1st Soph. Group; Scoggin Jones, 2nd Soph. Group; C. D. Hunter, Co. "A"; T. G. Foster, Co. "B"; J. N. Hawkins, Co. "C" and members Ex-Officio Lieutenant Colonel George D. Freeman, Jr., Inf., U. S. A., Major Albert S. J. Tucker, Inf., U. S. A.

JUNIOR CLASS MEETS

The Juniors held a class meeting the fifth hour on Wednesday, December 1, to discuss some of the plans for the year. Edgar Gregg, president of the class, presided at the meeting. One of the many things discussed was the amount of the class dues and it was finally decided that they would be \$5.00. Each Junior is urged to pay this sum to the treasurer, Arthur Shanklin, at his earliest convenience.

DANCE FOR LAMBDA ALPHA CHAPTER OF CHI OMEGA

A dance will be given Friday night from 9 to 12 by Mary McMeekin in honor of Lambda Alpha Chapter of Chi Omega. Besides the usual University crowd many friends from a distance will be present. A saxophone sextette will furnish music and punch will be served during the evening.

RAFINESQUE CLUB

The Rafinesque Club met Wednesday night November 17, at 8:15 o'clock in the Botany Lecture room. W. A. Anderson made a very interesting talk on the fiber crops of the world. He also made a report on the Garden Magazine for November. After the program a delightful social hour was enjoyed.

Thursday afternoon, November 18, the club met and planted twelve Evonymus Radicans Vegetis, beautiful evergreen vines around White Hall.

The next meeting will be held Dec. 1, at 8:15, in the Lecture room. The subject will be "Corn Root-Rot," and will be presented by Mr. Davis who has done a great deal of work with Doctor Valleau on this disease. Everyone who is interested in Botany is cordially invited to attend.

IGNORANCE THREATENS
Continued From Page 1.

The average man at present is a "sixth-grader" in intelligence. The shortage of teachers and the fact that many of the persons engaged in this work are deserting the profession for more lucrative fields was stressed by Doctor Tigert, who sounded a warning note with the statement that the Babel of Ignorance may destroy the Temple of Freedom.

C. R. Melcher, dean of men, also spoke at the exercises and echoed the sentiments voiced by Doctor Tigert.

THE FAYETTE NATIONAL BANK
LEXINGTON, KY.

MYTHICAL ELEVEN IS DIFFICULT TO SELECT

Sport Writers Fail To Agree On Choice For All-Kentucky Team.

PICK YOUR OWN SQUAD

Despite the fact that Centre, one of the strongest football teams in the South is a next door neighbor of the Blue and White eleven, the Wildcats come in for a nice slice of the players on the mythical All-Kentucky squad.

No two coaches or sport writers of note in the State picked identically the same teams, so here is the gist of the picking:

The principal papers of the State picked seven or eight Centre men and the rest of the men from Kentucky and Transylvania. All of them agreed upon the left side of the line. It was Snoddy, Montgomery and Roberts, all of Centre, for the positions of end, tackle and guard respectively. Most of the authorities gave the position of center to Weaver, the All-American center of last season. Fest, of Kentucky, is next in line for this job and had he played the game all of the season that he did against Tennessee, Weaver would not feel quite so sure of his ability "to have and to hold."

Regarding the right side of the line; a majority of the judges picked James, Centre, for a place but shifted him from tackle to guard and back again, so for convenience sake we will place him at tackle, his usual position. Then the pickers wavered as to whom should fill the position of guard. Some said Creger, Centre, was the outstanding player, a few more gave it to Dutt of Transylvania but still Murphee seemed to have the edge on all of them for the place. Concerning right end, there were three men for the vacancy, namely Cleveland of Transylvania; Robb of the Colonels and Heber of Kentucky. At the first of the season "Hebe" was not up to his old form. Cleveland seemed to be in the minority with the judges and it looks as if it will have to be decided in Robb's favor.

The backfield is a muddle. Some say a straight Centre, McMillan, Armstrong, Whitnell, and Tanner, while others come out with a McMillan, Lavin, Fuller, Pribble backfield. It is difficult to say just what Bobbie, Bruce and Prib, would do with such a line as that in front of them. Pribble was taken out in the first of the season but up until then he was the outstanding fullback in the State. Lavin has never worked at half but it takes more than one tackler to stop him when he carries the leather. He is just as sure a receiver of passes and a tackler as he is a runner. Moran comes out with a statement to the effect that Lavin is the only Kentucky man he would consider. The "only" is the thing we disagree about the statement, but nevertheless, he appreciates Lavin's ability. Fuller has the distinction of having starred in every game in which he has played.

There are the facts, pick your own eleven.

ROMANCE LANGUAGE CLUB

The Romance Language club met Monday night at 7:15 o'clock in the Civil and Physics Building. Miss Horsfield gave a talk and showed some lantern slides of Paris. Mr. Hunter showed some lantern slides of the Mont St. Michael and made a short talk explaining them. Catherine Reed gave a reading "The Cradle of Guinal."

MEMBERS OF STOCK JUDGING TEAM RETURN

The members of the Stock Judging team have returned from Chicago where they placed the University seventeenth in the list of twenty-one universities competing for honors. In the preliminaries Kentucky made first place but in the finals seventeenth was as close to first place as the team came.

There were two types—leggy and

short—shown in every ring. This was done in order to satisfy breeders who prefer the first type, and the college men who are taught to appreciate the latter type. As a result our team was not so fortunate when the final score was known, notwithstanding our men excelled such teams as Purdue, Ohio and West Virginia.

NUTMEGS GIVE DINNER PARTY

The "Nutmegs" added new spice to the campus life when they gave a progressive dinner party recently. Never was so much originality exhibited by young co-eds. The first course consisting of soup was served at the Kappa Kappa Gamma house where Kitty Prewitt and Henrietta Rogers acted as French waitresses. The party then went to the Chi Omega house where place cards with original verses were placed about and as soon as the guests were seated Mary Heron and Louise McKee served the meat course. The Kappa Delta house next served the delicious salad course and from there the crowd proceeded to the home of Virginia Throckmorton. The dessert served in the most attractive manner was brick ice cream and individual cakes in the club colors violet and rose.

Those present at the party were: Margaret Smith, Deanie Harbison, Carlisle Chenault, Marian McArthur, Isabel Dickey, Dorothy Blatz, Martha Buckman, Louise Connell, Elizabeth Kimbrough, Mary Downing, Gertrude Wallingford, Virginia Throckmorton, Larry Thompson, Robert McMeekin, Raymond Connell, Raymond Kirk, Tom Young, Bruce Fuller, B. F. Buckley, A. Rice, G. Poindexter, Herndon Evans, C. Hevron and Earl Wallace.

President McVey will attend the Citizen's Conference at Memphis, Tennessee, December 11.

FIRST "K" DANCE OF SEASON A SUCCESS

The social season of the University of Kentucky opened with a brilliant dance Saturday evening in Buell Armory. Over two hundred guests, including students, visitors and members of the faculty enjoyed the evening. The dance proved a success financially and the proceeds will be used for the Kentuckian, the year book of the University. Music for the dance was furnished by the University Jazz orchestra.

PATTERSON MEETS TO REVISE CONSTITUTION

The Patterson Literary Society met Friday at 7 o'clock in Alumni Hall. President Bell read the society a letter written by a former president, F. T. Jones, '15, who noticing in The Kernel that the constitution of the society had been lost sent in one which he had in his possession. A special meeting of the organization was held Tuesday night to revise the constitution to suit the present needs.

WHITE MATHEMATIC CLUB

The junior section of the White Mathematic club met on Tuesday, November 30, at 3:30 o'clock. D. C. Duncan discussed two famous mathematical problems of antiquity, the trisection of an angle and the duplication of a cube, giving several solutions of means of higher plane curve.

Margaret Harbison was in Shelbyville the past week.

REMEMBERED THE DISCRIMINATING TASTE OF THE COLLEGE STUDENT IN CARRYING WHITMAN'S.

In Selecting a University—

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.
