

Minutes of the regular quarterly meeting of the Board of Trustees of the University of Kentucky for Saturday, May 28, 1927.

The Board of Trustees of the University of Kentucky met at the office of President McVey on Saturday, May 28, 1927. The following members were present: Mr. McHenry Rhoads, Mr. Louis Hillenmeyer, Mr. J. M. Finch, Judge R. C. Stoll, Senator H. M. Froman and Mr. Frank McKee. President McVey and Wellington Patrick, secretary, were also present.

The minutes of the Board of Trustees for April and the minutes of the Executive Committee since that time were approved as published.

1. Report of the Business Agent. The report of the Business Agent was presented and upon motion duly seconded was ordered received and filed.

2. Report of the President. President McVey made the following brief report to the Board of Trustees:

#### QUARTERLY REPORT OF THE PRESIDENT

In making my quarterly report to the Board of Trustees, I am calling attention to some accomplishments that are of interest to us all. On May 25 the Wendt Shop was dedicated with all machinery in place. Mr. Henry W. Wendt of Buffalo, New York, was present and members of his family as well as Mr. and Mrs. J. Irving Lyle of New York. A suitable ceremony was observed in dedicating the building. The equipment in this building amounts to approximately \$30,000, so there have been added to the plant and equipment of the Engineering College, values amounting to \$65,000.

On the Experiment Station Farm a new poultry plant is under construction that will be of great value to the Poultry Department. Improvements have been made in the campus and particularly in its landscape.

New courses are being offered in Music and Art. These courses are four years in extent and lead to the preparation of supervisors in both fields. A start has been made in graduate work leading to the degree of Doctor of Philosophy.

For some time committees have been discussing the establishment of bureaus dealing with school service and personnel. These committees now recommend the creation of such bureaus at comparatively low cost with very helpful results.

2.

In the past five years Professors Funkhouser and Webb have been devoting their vacations to the exploration of caves and mounds. They have found very valuable material and in view of the importance of this work in Kentucky, the University should recognize it and make provision for its future. These provisions should look, first, to a continuance of these explorations, second, to the building of a museum, and third, to the establishment of courses, in Archeology and Anthropology. I trust that the Board of Trustees will see its way to authorizing the development of such work.

The Committee on a Retirement Plan has been continued and makes a report to date of progress. It is hoped that something definite may be presented in the near future.

I have to report a very satisfactory year extending throughout the entire organization of the University. The students have conducted themselves in a firm way. The problems in discipline have been very small in number. Next year the Senate has planned for a Freshmen Week. It is hoped it will be of material value in starting new students in the University.

3. Granting of Degrees. President McVey presented the following candidates for degrees. Upon motion duly made and seconded the Board of Trustees approved of the granting of these degrees:

4. Retiring Allowances. The following report on the retirement plan for the University was presented and ordered made a part of the record.

#### REPORT ON INSURANCE

Your Committee on Insurance has considered various aspects of proposed retirement plans and is of the opinion that the problem is too involved to make specific recommendations at this time. The Committee feels that the University should speedily adopt a satisfactory retirement plan, but believes that the question requires further investigation and study. It, therefore, asks that its status be continued with a view to making definite recommendations to the Senate in the early part of next semester.

Yours very truly,

The Committee:

Edward Wiest  
S. E. Leland  
Flora E. LeSturgeon  
A. J. Olrey  
L. B. McMullen  
Frank L. McVey

5. Report on Fraternities. The question of ~~house~~-mothers for fraternities was brought up and discussed and motion was made, seconded and carried that the present plan of fraternity control should be continued for another year. The following report from Dean Melcher regarding the standing of the fraternities was approved.

#### FRATERNITY HOUSE INSPECTION REPORT

Alpha Gamma Epsilon	373 Limestone Street	Phone 5805
Grade B +	Capacity approved 26; residents 19. Conditions practically the same as last semester. The kitchen and dining room need better attention.	
Alpha Gamma Rho	185 E. Maxwell Street	Phone 4126
Grade A -	Capacity approved 35; residents 14. Conditions good and slightly improved over last semester. The good care of the kitchen is worthy of note.	

- Phi Sigma Kappa                    211 E. Maxwell Street                    Phone 2724  
 Capacity approved 22; residents 30.  
 Grade B +                    The house is not in quite as good a condition  
 as last semester, a little laxity in cleanliness and neatness.    Badly over crowded.
- Phi Kappa Alpha                    Rose and Maxwell Streets                    Phone 4624  
 Capacity approved 45; residents 27.  
 Grade A -                    Conditions good, as the first semester.  
 Better care of the dining room is suggested.
- Sigma Alpha Epsilon                    230 S. Limestone                    Phone 4085  
 Capacity approved 32; residents 25.  
 Grade B +                    Rating slightly below that of last semester.  
 Kitchen rating is B; last semester, A.
- Sigma Beta XI                    276 S. Limestone                    Phone 3489  
 Capacity approved 25; residents 21  
 Grade A-                    This house is exceptionally well-kept, and  
 the report is very satisfactory.
- Sigma Chi                    416 Linden Walk                    Phone 5185  
 Capacity approved 10; residents 7.  
 Grade B -                    The present quarters are only temporary as  
 the fraternity has a new house under construction.    Conditions of the present house  
 are not satisfactory.
- Sigma Nu                    173 Euclid Avenue                    Phone 4494  
 Capacity approved 36; residents 30  
 Grade A -                    This house, built for a fraternity home, is  
 not difficult to keep in good condition.  
 Improvement could be made in the care of the  
 sleeping quarters.
- Triangle                    Forrest Park                    Phone 5677  
 Capacity approved 30; residents 25.  
 Grade B +                    This house makes the fraternity a good home.  
 Better care should be taken of the kitchen  
 and dining room.    There was no light in the  
 basement.
