Dear Sir: - In reply to yours of the 15th I will say that I am not in a position to purchase just now. Your offers are very liberal, and although I am practically unacquainted with pedigrees of dogs I can see that yours are bred right. I might consider a dog trade a little later. Are you closing out your Berkshire I would not mind having a good gilt that would fawn in April or about then. How you think more of the Berk. than

you do of my hoop? I going
to just raise one kind
and have considered the
Perks a little but know
practically nothing of them
as a breed.

Yours truly,
Chas. Boyges.

She is larger than I expected to
