On motion ordered that the students signing petition dated Nov 14, be permitted to establish a chapter of the Sigma Alpha Epsilon Fraternity in the State College.

On motion ordered that the Secretary be instructed to furnish to the petitioners copy of all legislation of the faculty and Board relative to Greek letter Fraternities

Prof White reported ^{that} the Committee on ^{schedules of} Courses had almost completed its work, and in a satisfactory manner, but that the committee would not ask to be discharged.

Prof White stated the case of a student who will almost if not entirely complete his course of study during this collegiate year and requested that in the event he fails to complete it he be allowed to do the unfinished ^{work} ^{perhaps to one term away,} next year; that at the same time he be permitted to do work leading to a masters degree; to enjoy the benefits of a fellowship; to be excused from military duty and practice,

whereupon ^{the case of} A. B. who wishes to finish some work leading to a bachelor's degree and at the same time to do work leading to a master's degree and enjoy some or all of the benefits of a fellowship, he referred to the Board of Trustees for its consideration at the December meeting

Prof Anderson chairman of the Committee on ~~athletics~~ ^{athletics} reported as follows:

The committee handled all moneys collected by the association and gave permission to play all games with other teams.

The regulation regarding the class-standing of the students was carried out except in one instance where a special concession was made. Only bona fide students were allowed to participate in games. The record of the foot ball team was excellent and by the continual supervision of the faculty over the details of athletic sports we believe that the present high standard will be maintained
