

Minutes of the Meeting of the Executive Committee of the Board of Trustees of the University of Kentucky, Tuesday, August 7, 1973

The Executive Committee of the Board of Trustees of the University of Kentucky met at 2:00 o'clock, Eastern Daylight Time, on Tuesday, August 7, 1973, in the Board Room in the Patterson Office Tower on the University campus with the following members present: Mr. Albert G. Clay, Mr. Thomas P. Bell, and Mr. Richard E. Cooper. Mrs. Rexford S. Blazer, ex officio secretary, was present also. Absent from the meeting were Mr. Eugene Goss and Mr. George W. Griffin. The University administration was represented by President Otis A. Singletary; Vice Presidents Alvin L. Morris, Lewis W. Cochran, Robert G. Zumwinkle, Stanley Wall, Peter P. Bosomworth, Lawrence E. Forgy, and Raymond R. Hornback; Dr. Donald B. Clapp, Budget Director; and Mr. John C. Darsie, Legal Counsel. The various news media were represented at the meeting.

A. Meeting Opened

Mr. Clay called the meeting to order at 2:10 p. m. The invocation was given by Mr. Clay. The Secretary reported a quorum present and Mr. Clay declared the meeting officially open for the conduct of business at 2:12 p. m.

B. Minutes Approved

On motion by Mr. Cooper, seconded by Mrs. Blazer, and passed without dissent, the reading of the Minutes of the June 12, 1973 meeting of the Executive Committee was dispensed with and the Minutes were approved as published.

C. Nominating Committee Appointed

Mr. Clay appointed Mr. William Sturgill, Chairman, Mr. Richard Cooper and Mr. George Griffin to serve on a Nominating Committee to report at the September meeting of the Board of Trustees. The committee was charged to submit a slate of officers of the Board and of members of the Executive Committee. The officers to be elected are Chairman, Vice Chairman, Secretary, and Assistant Secretary. The Executive Committee slate should include five members with one to be designated as Chairman. The Secretary was requested to notify the committee members of their appointment.

D. President's Report to the Trustees

President Singletary called attention to certain items in PR 1, President's Report to the Trustees, and recommended that the report be received. Mr. Clay accepted the report on behalf of the Executive Committee and it was ordered filed.

E. Recommendations of the President (PR 2)

President Singletary recommended approval as a whole of PR 2, Recommendations of the President, indicating that he would be pleased to answer any questions the members might wish to raise on the matters presented in the report.

There being no questions, on motion by Mr. Bell, seconded by Mr. Cooper, and passed without dissent, PR 2, Recommendations of the President, was approved as a whole and it was ordered made an official part of the Minutes of the meeting. (See PR 2 at the end of the Minutes.)

F. Budget Revisions for 1973-74 (PR 4)

President Singletary noted that Dr. Clapp, Budget Director, was present at the meeting and would be happy to answer any questions relative to the budget revisions for 1973-74 as recommended in PR 4.

The members having already had an opportunity to examine the revisions prior to the meeting and having no questions, on motion by Mr. Cooper, seconded by Mrs. Blazer, and all present voting "aye", the recommended revisions in the 1973-74 budget were authorized and approved. (See PR 4 at the end of the Minutes.)

G. Administrative Reorganization Announced

President Singletary said that the resignations of two Vice Presidents, Dr. Creech and Dr. Albright, had necessitated some rethinking on his part of the administrative organization of the University and that he was now ready to report to the members of the Executive Committee certain changes which were being made.

He said key moves will be expanding the role of the Vice President for Administration, Dr. Alvin L. Morris, and the naming of an Executive Assistant, Dr. Donald B. Clapp, to be responsible for the day-to-day operation of the President's Office.

Dr. Singletary said the changes will provide significant administrative economies that will allow him to increase support of the Undergraduate Studies program, while emphasizing performance by such steps as moving the planning function directly into the President's Office.

The prime goal in restructuring the President's Office is to give him more flexibility to deal with top policy matters and more time away from routine office matters to get out on the campus--and around the Commonwealth. Under the new setup no operational units will report to the President, only University-wide staff positions.

Dr. Morris will continue to have administrative responsibility for the University's Affirmative Action Program and the Tobacco and Health Research Institute. The computing center and the administrative systems program, formerly under Institutional Planning, also will report to Dr. Morris, along with the intercollegiate athletics program. He will continue to handle special assignments for the President.

Dr. Clapp will retain responsibility for the Budget Office, which will continue to report directly to the President, as will the Office of Legal Counsel. Two other units which have been under Institutional Planning, institutional studies and planning, will report to the President's Office.

In conclusion, Dr. Singletary said the reorganizational changes did not require Board approval; however, since the changes proposed did include the creation of a new position it would be necessary to have Board approval of the establishment of the position of Executive Assistant to the President and the appointment of Dr. Donald Clapp to that position.

On motion by Mr. Cooper, seconded by Mr. Bell, and passed unanimously, the position of Executive Assistant to the President was established and Dr. Donald Clapp was named to that position.

H. President of Student Government Introduced

Noting that Mr. James L. Flegle, President of Student Government and therefore the student member of the Board of Trustees, was present at the meeting, President Singletary introduced him to the group. Mr. Clay acknowledged the introduction on behalf of the Executive Committee and indicated that Mr. Flegle would be sworn in as a member of the Board of Trustees at the September meeting.

I. Interim Financial Report (FCR 1)

Inasmuch as the Chairman of the Finance Committee was not present at the meeting, Mr. Clay called on Mr. Forgy to present the Finance Committee's recommendations. Mr. Forgy recommended that the interim financial report for the 11-month period ending May 31, 1973 be accepted. Without discussion, on motion by Mr. Cooper, seconded by Mr. Bell, and passed, the interim financial report was accepted and ordered made an official part of the Minutes of the meeting. (See FCR 1 at the end of the Minutes.)

J. Annual Audit of Spindletop Hall Accepted (FCR 2)

Mr. Forgy explained that in accordance with the agreement between Spindletop Hall, Inc. and the University of Kentucky, it is required that Spindletop Hall, Inc. submit to the University of Kentucky Board of Trustees an audited

Financial Report on an annual basis. The report for the years ended December 31, 1971 and 1972 were prepared by Lybrand, Ross Bros. & Montgomery, Certified Public Accountants, and copies were included in the members' folders.

Mr. Forgy recommended acceptance of the financial statements as submitted and on motion by Mrs. Blazer, seconded by Mr. Cooper, and passed without dissent, the financial statements for Spindeltop Hall, Inc. were accepted and ordered filed. (See FCR 2 at the end of the Minutes.)

K. Authorization for Cremation of Paid Bonds and Coupons Given (FCR 3)

Mr. Forgy recommended that certain University officials be given authority to check the list of paid and cancelled bonds returned from Paying Agents from April 1, 1972 through December 31, 1972, to destroy these documents by burning in the incinerator of the Medical Center, and to certify the correctness of the list and as to its incineration. Mr. Bell so moved. His motion was seconded by Mr. Cooper, and passed with all present voting "aye". (See FCR 3 at the end of the Minutes.)

L. Investment Committee Report (ICR 1)

Mr. Clay, as Chairman of the Investment Committee, recommended that the quarterly report of the changes made in investments for the University of Kentucky and its affiliated corporations for the quarter ending June 30, 1973, be accepted. Without discussion on motion by Mrs. Blazer, seconded by Mr. Cooper, and passed without dissent, the quarterly report as submitted by the Investment Committee was accepted and ordered filed. (See ICR 1 at the end of the Minutes.)

M. Hearing Committee Report on McNair Appeal

Mr. Bell, Chairman of the Board of Trustees Hearing Committee, read the following report from the committee:

HEARING COMMITTEE REPORT

The Hearing Committee of the Board of Trustees met in the Old Board Room on the campus of the University at 2:00 P.M. July 31, 1973, for the purpose of hearing the appeal of Mr. R. Lee McNair regarding the non-renewal of his contract as a member of the faculty at Henderson Community College.

The following members of the Committee were present:

Mr. Thomas P. Bell - Chairman, Mrs. Robert O. Clark, and Messrs. Stanley Burlew and James A. Sutherland.

The following members were absent:

Mr. Jesse M. Alverson, Jr., Mrs. Rexford S. Blazer, and Mr. Paul Oberst.

Mr. R. Lee McNair, after being informed of his right to be represented by counsel, stated that he would represent himself.

The University was represented by Mr. John C. Darsie, Jr., Special Counsel.

Having heard testimony and considered the evidence presented on behalf of Mr. McNair and on behalf of the University the Committee makes the following:

Findings of Fact

1. Mr. McNair waived his right to appear before the full Board of Trustees and requested that the Hearing Committee make its recommendations to the Executive Committee which meets on Tuesday, August 7, 1973.
2. Mr. McNair further waived his right to full Board review of the Executive Committee findings.
3. Mr. McNair requested that the Hearing Committee notify him of their decision and that the Committee delegated the University's attorney, Mr. John Darsie, to do so on Monday, August 6, 1973, by telephone.
4. The Committee by unanimous vote found that the University complied with all its procedural rules and regulations and that Mr. McNair received under said rules proper and fair hearings.
5. By unanimous vote, the Committee found that none of his academic rights had been violated.

Recommendation

It is hereby recommended by unanimous vote of the Hearing Committee that President Singletary's action in refusing to renew Mr. McNair's contract or grant him promotion and tenure be sustained.

/S/ _____
Thomas P. Bell, Chairman
Hearing Committee
University of Kentucky Board of Trustees

Dated this 6th day of August, 1973.

At the conclusion of the report, Mr. Bell moved that President Singletary's action in refusing to renew Mr. McNair's contract or to grant him promotion and tenure be ratified. His motion was seconded by Mr. Cooper, and carried by unanimous vote.

The President was asked to notify Mr. McNair of the action taken by the Executive Committee.

N. Meeting Adjourned

Determining that there was no further business to come before the meeting, on motion duly made, seconded, and carried, the meeting adjourned at 2:45 o'clock.

Respectfully submitted,

Lucile T. Blazer, Secretary
Board of Trustees

(PRs 2 and 4; FCRs 1, 2 and 3; and ICR 1 which follow are official parts of the Minutes of the meeting.)

PRESIDENT'S REPORT TO THE TRUSTEES

August 7, 1973

1. SUMMER ENROLLMENT HITS RECORD HIGH

Summer enrollment on the Lexington campus attained a record high of 7,735, for all three sessions. A breakdown includes 1,579 students in the four-week session, 5,430 in the eight week regular session, 324 in the third six-week program, and 402 in the College of Arts and Sciences, Ft. Knox extension.

Dr. Elbert W. Ockerman, dean of admissions and registrar, said enrollment increased by nearly 20 per cent over last year's enrollment of 6,217 students. The majority of students enrolled this summer were continuing students--with about 75 per cent participating in advance registration, held during the spring semester.

A breakdown by classification for the three summer sessions shows 718 freshmen, 833 sophomores, 1,166 juniors, 2,517 seniors, 2,174 graduate students, and 327 professional students. Approximately 68 per cent of the students were undergraduates.

2. \$46,000 USOE GRANT BOOSTS TALENT SEARCH PROGRAM

The Educational Talent Search Program will double its efforts next year in contacting individuals and will try to place a greater percentage in programs of higher education or technical training, as the result of a \$46,000 grant from the U.S. Office of Education.

Mrs. Laretta Byars, director of Talent Search, said the program which at first concentrated on students in Fayette county has been expanded to Clark, Bourbon, Scott, Woodford and Jessamine counties, and beginning this month, to Franklin, Oldham and Shelby counties.

She said 35 per cent of those contacted last year were placed in programs furthering their technical training and education. This year, she hopes to contact 1,000 students and place at least 60 per cent of them.

3. LTI TO OFFER FIRE SCIENCE TECHNOLOGY PROGRAM THIS FALL

A new two-year associate degree in fire science technology will be initiated this fall by the Lexington Technical Institute. The program will be featured in cooperation with the Lexington Metropolitan Fire Department.

In addition to training in professional firefighting, the program will offer instruction for careers in plant safety engineering and investigative and fire insurance. Trained fire science technologists are required under new federal safety law for businesses, fire departments and industry.

Classes will be held at the local fire department's fire training facility currently under construction on the Old Frankfort Pike. The program will consist of four semesters, with 64 hours required for graduation.

4. LIBRARY JOINS COMPUTER SYSTEM LINKING 84 ACADEMIC LIBRARIES

The Margaret I. King Library has joined the Southeastern Library Network which is designed to provide a centralized computer service for 84 academic libraries in the Southeast.

Harold Gordon, interim director of libraries, said the new cooperative plan will be "far more efficient and economical than anything we could develop on our own." He believes that ultimately the regional network will be developed nationwide. The main office will be in New Orleans.

5. STUDENT AID FUNDS WILL BE AT LAST YEAR'S LEVEL

James Ingle, director of Student Financial Aid, said recent Federal approval of financial aid programs to needy students will enable the University to maintain the local program at near the 1972-73 levels.

He said approximately \$1.6 million will be available, breaking down to \$800,000 for national direct student loans, \$550,000 for work study programs, and \$242,000 for educational opportunity grants. Other money may be available through direct student application to the Health, Education and Welfare Department, which will issue "certificates of eligibility" to those who qualify and this in turn will be used in negotiation for supplemental funds contained in a separate \$120 million Congressional appropriation.

6. RESEARCH LEXINGTON'S GROWTH AND IMPLICATIONS ON FUTURE

A proposed study of Lexington's growth and its implications for the life style of the citizenry has been suggested by the Lexington City Commission, with a \$42,000 grant from the National Endowment of the Arts underwriting the work to be done through the UK Research Foundation.

Researchers working through the Foundation will have a close look at points of friction between growing areas and established areas they bump up against, according to Prof. James Prestridge of the College of Architecture, who heads the local City Edges study.

The city will act as agent for the Federal funds. Already, a team of 30 architects, landscape architects, transportation engineers and students are at work on the project.

7. BIRTH DEFECTS CENTER, IN TENTH YEAR, RECEIVES NATIONAL ATTENTION

The Birth Defects Center at the Medical Center, which has attracted thousands of patients in its ten years' operation, recently has received national attention.

Dr. C. Charlton Mabry, director of the center, said birth defects occur in three per cent of all births; minor defects are found in seven to ten per cent. Most of the patients are referred by their physicians or by county health departments from throughout the state, and if they can be helped here, are transferred to other departments of University Hospital.

Dr. Mabry said genetics has become an exact enough science to predict the possibilities of having a child with defects.

8. MINE RESCUE VEHICLE WILL HAVE PUBLIC DEMONSTRATION SOON

The mine-rescue vehicle being developed in the College of Engineering will have a public demonstration soon.

Private tests have been conducted, Dr. Robert L. Cosgriff, professor of electrical engineering, said, and he is pleased with the results and optimistic about the vehicle's possibilities.

The vehicle features a moon rover navigational package, made available by the Space Administration's technology utilization program. In a test last April, the vehicle was remotely controlled from a range of more than 2,100 feet.

9. OBD-GS WILL PUBLISH COST-OF-LIVING STUDY EACH QUARTER

The Office of Business Development and Government Services will begin quarterly publication this fall of a cost-of-living study for the Louisville and Lexington areas. Assisting will be the U.S. Bureau of Labor Statistics.

A feature of the study will be the cost of a food market basket of some 40 selected items. The study will include, in addition to food, housing apparel, upkeep, transportation and health and recreation.

A recent study by the office warned that more people are incurring larger debts relative to personal income than at any time since World War II, and as a consequence there will be a leveling off of consumer expenditures, tight credit, inventory investment slowdown, and a rise in delinquency rates.

10. ANTHROPOLOGISTS ARE ACTIVE THIS SUMMER

Three members of the Department of Anthropology are conducting research this summer in Paintsville, Ky., Cambridge University in England, and at Ft. Apache in Arizona. They are Drs. Lathel F. Duffield, W. Y. Adams and Michael Everett.

Dr. Duffield, department chairman, is directing three archeological surveys in Kentucky, two at Paintsville and a third in the Red River Gorge. He is looking for items from the pre-historic occupation of the area by Indians. Sponsored by the National Park Service, the projects are designed to rescue archeology materials before reservoirs are created.

Dr. Adams, professor of anthropology, is at Cambridge researching Egyptian archeology. He was director for eight years of an archaeological salvage program in a 120-mile area in the Sudan, the site of both Egypt's Aswan dam project and of an ancient city. He hopes to learn more about the ancient peoples' association with Christianity.

Dr. Everett, assistant professor of anthropology, lived with the White Mountain Apaches for several summers collecting data on alcoholism and suicide among the Indians. Some results of his research already have been used by officials of the U.S. Public Health Service in developing alcoholism and suicide prevention programs.

11. COLLEGE COMPUTER-DEVELOPED PROGRAM USED WIDELY

More than 100 engineering firms and their representatives in ten foreign countries and 30 states have used a computer program developed by the Department of Civil Engineering. A computer program that will analyze pressure and flow in any pipe system is being made available to engineers, analyzing in about two and a half minutes what it normally would take several engineers working a week to accomplish, Prof. Donald Wood said. The College of Engineering, in its recent annual report, noted that more than 3,400 professional and technical people attended workshops and seminars last year.

12. UKRF AGREEMENT AWARDS LAST YEAR UP \$1 MILLION OVER PREVIOUS YEAR

Agreement awards for research through the University of Kentucky Research Foundation during the last fiscal year amounted to \$16,288,892.26, more than \$1 million more than was recorded during the previous year.

The 43 new awards during June, amounting to just under \$2 million, helped account for the year-end showing. Among these were \$715,000 to the Department of Sociology for drug studies among young American males, \$100,000 for studies of shortwall mining rock mechanics in the College of Engineering, and various studies in the Medical Center.

Members, Executive Committee, Board of Trustees:

RECOMMENDATIONS OF THE PRESIDENT

I. Signing of Contracts Authorized

Recommendation: that the Chairman of the Board of Trustees be authorized to execute the annual contracts with the President and Vice Presidents of the University in accordance with past practices.

Background: This routine contract renewal is necessitated by certain provisions of the Retirement Resolution adopted by this Board on July 16, 1965.

II. Extension of Employment

Recommendation: that the Postal Services Department be allowed to hire Mr. Willard S. Combs, a retired employee, on a temporary basis for the period July 1 to August 31, 1973.

Background: Mr. Combs reached the mandatory retirement age on June 30, 1973. Mr. Combs did not have enough prior service to qualify for any retirement benefits. During the months of April, May, and June the Postal Services Department experienced an unusual turnover. Thus, it has been necessary to train three new employees. Normally, Postal Services employees take their vacation during the summer period. The unusual turnover plus already scheduled vacations has contributed to a situation that has made it necessary and essential to retain Mr. Combs' service for a temporary period following his mandatory retirement date. No further extension of service will be requested for Mr. Combs beyond this recommendation.

III. Report on Gifts and/or Grants (See Attachment)

Recommendation: that the report on gifts and/or grants covering the period April 1, 1973 through June 30, 1973 be accepted and made a matter of record.

Background: The attached report represents the gifts and/or grants accepted by the President on behalf of the Board of Trustees for the three months' period ending June 30, 1973, in accordance with the policy adopted by the Board of Trustees on November 19, 1965. Acknowledgment of gifts and/or grants has been made to all donors by the President on behalf of the Board.

IV. Patent Assignment

Recommendation: that authorization be given to the proper officials of the University of Kentucky Board of Trustees to execute an assignment on behalf of the Board of Trustees to the University of Kentucky Research Foundation of the following application for Letters Patent of the United States and the invention represented thereby: Bobby O. Hardin and Woodrow W. Thurman, Serial No. 345,259, filed March 27, 1973.

Background: Bobby O. Hardin and Woodrow W. Thurman have invented certain improvements in Resonant Footing Test Apparatus. They have assigned their rights to the invention to the University. In accord with usual practice it is recommended that the University assign the patent to the University of Kentucky Research Foundation.

V. Appointments and/or Other Staff Changes

Recommendation: (1) that approval be given to the appointments and/or other changes which require Board action; and (2) that the report relative to appointments and/or changes already approved by the administration be accepted.

Background: The following recommended appointments and/or other staff changes require approval by the Board of Trustees in accordance with Part VIII-B of the Governing Regulations of the University. These recommendations are transmitted to the Board by the appropriate vice president through the President and have his concurrence.

Under the Governing Regulations the authority to make certain appointments and/or other staff changes is delegated to the President or other administrators who are required to report their actions to the Board. This report follows the recommendations requiring Board approval.

VI. Professional Liability Insurance Proposal - Community College System

Recommendation: (a) that the Community College System be authorized to develop plans and procedures to make available a blanket professional liability insurance program for students, faculty and administrators in the health-related disciplines; (b) that the Board of Trustees recommend enrollment in a professional liability program for those students in health-related disciplines; and (c) that the appropriate administrator(s) at each college be authorized to receive premiums from students, faculty and administrators and to transmit same to a designated depository on behalf of the insurer.

Background: Students enrolled in health-related programs in the Community College System participate in laboratory/clinical experience type learning

activities at the college and in the community. If a person is injured as a result of a tortious act by a student, he could file a claim against the student. Most students have purchased individual professional liability policies, but there is need for the development of an inexpensive program which would be available to students, faculty and administrators involved in these programs. Cost would be borne by the individuals securing professional liability insurance coverage.
