---"WE WILL MISS YOU"---

REVEREND CHARLES HERBERT SMITH

A COMMUNITY LEADER is synonymous with his name. A great HUMANITARIAN who sets aside his own self to help those in need. What else can you say about a man who gives his entire life to PEOPLE.

Rev. Smith came to Tri-State Opportunities Industrialization Center as Executive Director during the first few months of its development. He jumped in with both feet to make this Training Institution what it is today. He brought it from a FEEDER (Basic Education) Program to a Training Center with six (6) vocations and a statewide Jobs Program.

For the past nine years at O.I.C., Rev. Smith has expanded the program each year to meet the needs of the community's job market. He has been instrumental, not only in helping to mode the lives of the trainees, but also in aiding the growth of his employees. Anyone who has ever worked for or with Rev. Smith can say that they learned the true meaning of WORK. It's an education within itself to be around when a person like Rev. Smith is at work.

The community will miss his presence. Rev. Smith worked hard in the late sixties developing ACTION where he was Director for two years. He also was instrumental in stabilizing Southwestern Community Action which he directed for two years. His first love, First Baptist Church, shared its programs with the entire community because of Rev. Smith's influence.

No, Huntington will never be the same without him. No one could ever fill his shoes. However, we can all be thankful that this talented, caring man passed our way and left a legacy that shall never be equalled.
