

It's serious we need to keep

our distance why? because people

are dying of corona virus

You might think its no big deal that's

not true. if we work together we can

stop corona virus by - washing hands,

keeping **distens**, wearing **mask**s and a lot more,

I'm an 8 year old girl and I believe we can

defeat corona virus and I hope you

do too.

and I hope you

and I hope you

and I hope you

and I hope you

and I hope you

and I hope you

and I hope you

and I hope you

Thanks!
♡
