My dear Mother:-

Your letter came and contents noted. In reply please allow me to say I am at work trying to get you the money. As you must know it rather difficult to borrow money down here on anything

The place you are going to buy certainly must be a bargain but dont you think you are going very heavily into debt? I am in a hurry today so this is a short letter. I am writing it to say that I am doing all I can to get the money. I shall know early in next week. I think you can get it. Be patient, it will take a little time to get it.

We are all well.

Your son

My dear Mother: June 1, 1908,

I am sending you in this letter a bill white washing and another bill for patching plastering by Brown. You will also a bill for stopping leak by Hamilton. They did the work at first and I went to them to repair that leak. This is his bill. I thought it too much and told Alex so but he said not. So I am sending it to you. The plumbing bill has not come in yet. It will be about \$2<sup>00</sup>. Hamilton also said that that roof needed painting. He said if you did not have it done soon you would have to put another roof on soon. Tell me what to do about it and I will have it done but not by

Hamilton & Son I will hunt  
up a roof painter and get  
him to do it.

Now, Brown patched the plastering  
in the house where he lives 6  
months or more ago. He did the  
whitewashing in the rear of nos  
last week! He did only two  
rooms. They were in a bad  
fix. He did a good job.

We are all well, and wife  
and baby send love to you.

I shall be in Boston June  
18. I shall take breakfast with  
you and probably spend the night  
of June 18.

You may send the order for  
money to pay these bills to me and  
I will see to them for you.

Yours truly,  
W. H. Hill.

to get them and you may not. She  
said, Get one of them made just like this one  
of white linen finished off in blue. If you  
could not, to try to get colors that are become-

My dear Mother:- Your letter and package met me here. I was glad to hear from you, and very thankful for the package. It is all right, thanks.

I hope you are still improving in health. Have you heard anything from our children very recently?

At last report to me they were well. My last letter was written July 30.

They are having such a fine time and so much of it that they don't have time to write just now. I am well and keeping still on the go. And we are getting some money. I am planning all I know how to be in Boston Aug. 18, 19+20. As yet my plans have not been definitely fixed. Bishop Gaines will be at the meeting and bring Missie with him.

Now as to my whereabouts during the next few days: Over

I shall received mail here until

I did not tell you that Uncle  
Wesley had been working for me  
to get the place made vacant by  
Mr. Wright's dismissal? Well, he  
has been to W. R. Hammond in  
Atlanta urging him to appoint  
me to the place. I did not ask him  
You heard what he said to me in  
Boston. He is pushing for me. Suppose  
you write and thank him and ask  
him to do all he can. Write me as soon  
as you have time. With much love, I am  
your son - W. B. Matthews.
