King South Oswald Research and Creativity Competition Entries.

Contributors: Anne Campbell, Philip Dare, Pam Fields, Rebekah Harleston, Sandra Muenks, Janis Pivarnik, Terry Warth (editor), Gerry Webb, Joyce Welch.

ABOUT THE LIBRARIES

EMERGENCY MEDICAL WORKSHOP

The Staff Development Committee is sponsoring an Emergency Medical Workshop on March 26 in the Staff Lounge, King North. There will be two sessions, one from 9:00-11:00 AM and one from 1:30-3:30 PM.

Alberta Cramer, from Health, Physical Education and Recreation, will present a program which will help in dealing effectively with the more common emergency situations.

Because the program involves audience participation, Ms. Cramer suggests we would be more comfortable wearing jeans or slacks. If you like you may bring a towel to lie on.

LSO NEWS

BOOK SALE

The LSO will participate in the Library Associates' book sale on April 24 and 25. We will have a table on the Student Center Patio so now is the time to clean off your bookshelves and get rid of those books (PAPERBACKS ONLY). If you have some paperbacks you want to donate, contact Sandra Muenks in the Cataloging Department. Volunteer workers and salespersons are needed; contact Sandra or any LSO officer (listed in The Green Bean, NO.313). All proceeds will be used to support LSO activities.

Reminder: MARCH IS MEMBERSHIP MONTH. HAVE YOU PAID YOUR LSO DUES?

(And don't forget, if you are a bibliomaniac, there's another book sale in town April 18-19 sponsored by the Friends of the Lexington Public Library. It will be held in Parker Place, 511 W. Short Street, 9:00 AM - 5:00 PM --editor)

ANNUAL SOFTBALL GAME AND PICNIC

The M.I. King Kongs are now recruiting for the annual softball game with Special Collections Department. All staff, their spouses, and students are welcome to participate. (There must be 5 females and 5 males on a team).

The game, sponsored by the LSO, will be played in April. For more information call Joyce Welch in Acquisition, 7-3811.

SELF-DEVELOPMENT OPPORTUNITIES FOR THE UNIVERSITY EMPLOYEE

Register now, cost \$110, classes start in April; Seminar for Secretaries and other Office Personnel, and How to Become a More Effective Supervisor, The Seminar for Supervisors.

For additional information, call the Employee Development Center 7-1851 or come in and see us in Room 15, Memorial Hall.

WELL DONE, INSTRUCTIONAL SERVICES!

Instructional Services operated at maximum capacity from the beginning of the semester until the spring break. We worked with over 3,000 freshman English students alone, instructing them in the use of the library. Sessions on the use of materials in the following areas were conducted:

Reference 55 sessions
News & Periodical Indexes - 64 sessions
Government Publications -73 sessions

The entire reference staff was impressed into service along with Janis Pivarnik, Kathy Holden, and Chris Stewart in GPD.

The material, the personnel, and the areas reveal the effects of such heavy use, but the many favorable comments from instructors and students are encouraging.

AN APPALACHIAN BOOK FAIR

This Fair, sponsored by the Appalachian Mobile Bookstore of the Council of the Southern Mountains and the Appalachian Center of the University of Kentucky, will be held on April 3rd from 10:00 AM to 5:00 PM on the Student Center Patio At U.K.

In conjunction with the Book Fair, Richard Chase, a noted teller of folktales from North Carolina and Loyal Jones, director of Appalachian Studies at Berea College, will tell Appalachian Folktales at 8:00 PM on the 3rd, in Room 206 of the U.K. Student Center.

For more information, please contact Anne Campbell, 258-2651.

GPD PUBLICATIONS

The Government Publications Department of the University of Kentucky's M.I. King Library has recently received a 15 volume report describing the Solid Solvent Refined Coal (SRC-I) demonstration plant to be built in Kentucky. The report, sponsored by the U.S. Department of Energy, describes the planning and design of the plant which will be located on the Green River, near Newman, Kentucky. The plant, which is to be converted to a permanent commercial plant with additional facilities to be added, will refine raw coal into a solid, non-polluting product. This product can be burned cleanly and is intended to reduce oil dependency. SRC-I involves liquefaction, among other processes, and is described in some detail in the report. The Government Publications Department is one of five agencies nationwide which has been asked by the Department of Energy to make this report available to the public.

Also GPD now has available for the public a copy of the Commonwealth of Kentucky's proposed permanent regulatory program for surface mining and reclamation operations as submitted to the Office of Surface Mining, March 3, 1980. (Be forewarned: it is twelve inches thick and in fine print!--editor)

For more information on these publications contact Janis Pivarnik, 257-2639.

POSITION OPEN MARCH 31

LT II, Circulation.

If interested, call Faith Harders.
