Minutes of the University Faculty April 11, 1949

The University Faculty met in the Assembly Room of Lafferty Hall Monday, April 11, at 4:00 p.m. In the absence of President Donovan, Vice President Chamberlain presided. Members absent were Alfred Brauer*, Louis Clifton, Thomas P. Cooper, John Crockett, C. S. Crouse*, May K. Duncan, Betty J. Eilertsen, Carsie Hammonds, M. Jongeward, P. E. Karraker, Samuel A. Mory, Jr., A. J. Olney, E. B. Penrod, Frank D. Peterson, Irwin T. Sanders*, M. Scherago, Earl P. Slone, and William S. Taylor.

The minutes of March 14 were read. Dean White pointed out that D. H. P. Riley was on official leave for the semester and should not be reported as absent. With this note the minutes were approved. (President Donovan was notified of this temporary vacancy)

Vice President Chamberlain called attention to the recent Federal Court decision which would require the University to admit Negroes to the Graduate School. He explained that this would mean that the University would have a few Negroes during the coming summer session and possibly next fall. He stated, however, that the Federal Court's decision did not set aside the Day Law or the policy of segregation. Dr. Chamberlain mentioned some of the problems that were sure to arise in connection with adjustment to this new condition at the University and said that there were others which should be anticipated and, if possible, solved in advance. He asked that any Faculty members receiving letters from Negroes hold them until policies could be formulated. In the discussion which followed it was agreed that letters from Negroes

requesting bulletins and application blanks would be acknowledged and the bulletins sent. It was suggested, however, that for the present the answer would be that the University's policies had not yet been formulated, and that the sending of bulletins and application forms was not to be construed as a commitment of any kind. Dr. Chamberlain asked that all such letters be checked with Dean Seay before a reply was made. He stated that President Donovan would welcome suggestions from members of the Faculty for handling these problems.

Dean Kirwan, Chairman of the Committee on Student Organizations reported to the Faculty that Owens, National Leadership Society for women, had raised its minimum standing requirement for membership to 2.0.

Dean Kirwan also presented petitions for the following new organizations:

Tau Kappa Alpha, National Forensic Society. This organization had existed in the University from 1913 to 1933 and had asked to be reactivated. In view of the fact, however, that during the war a definite classification of all organizations was made which did not include Tau Kappa Alpha, it was deemed advisable for it to petition as a new organization.

Kappa Chapter, Beta Sigma Rho, a social fraternity.

Alpha Zeta Chapter, Alpha Phi Omega, to include men who have been affiliated in any way with the Boy Scout movement.

Student Branch of the Institute of Radio Engineers, Inc., a professional society.

After some discussion, the Faculty approved each of the petitioning organizations.

The Faculty, at Dean White's request, approved all of the recommendations with the exception of the one relating to Physics 225-1, 225-2, and 225-3. This is a non-credit thesis course to which equivalent credit values are assigned for the purpose of clearing charges with the Veterans Administration. At the request of Dean White and Dean Pardue, the Faculty approved the plan of establishing this course without a number, with the understanding that the Registrar's Office would assign a number which could be used by other departments wishing to set up courses for the same purpose. (Note: The Registrar's Office assigned the number 500-1, 500-2, and 500-3 to these courses)

In the absence of Dean Cooper, Assistant Dean Horlacher presented for the College of Agriculture and Home Economics the following recommendations, which were approved by the Faculty:

Change in Requirement for the Degree Bachelor of Science in Agriculture.

Change the statement concerning transfer students, Page 94, Catalog 1947-48, to read as follows:

A student who transfers to the College of Agriculture and Home Economics, University of Kentucky, is required to take a minimum of 68 credits at the University, 43 of which must be in agriculture. Transfer credit in agriculture is limited to courses taken in residence and numbered from 1 to 99 in the University of Kentucky catalog. (Effective June 1, 1950)

Change in Course Names:

Change Animal Industry 27 and 127, Travel Course in Dairying,
to
Survey of the Dairy Industry. Course fee \$40.00

Change Animal Industry 46 and 146, Travel Course in Poultry,
to
Survey of the Poultry Industry. Course fee \$40.00

Dean Pardue presented the following recommendations from the Graduate Faculty, which were approved:

- I. 1) That all candidates for the degree of master, submitting theses in partial fulfillment of degree requirements, shall present two acceptable typewritten copies, original and first carbon, to the Dean of the Graduate School. The last allowable date before the final examination is obtainable from the Graduate School Office. The original will be turned over to the University Library unbound. The first carbon copy will be bound by the Graduate School at the expense of the candidate and

turned over to the University Library to become a part of the circulating collection of related volumes.

- 2) That all candidates for the degree of doctor shall present two acceptable bound typewritten copies, original and first carbon, to the Dean of the Graduate School. The last allowable date before the final examination is obtainable from the Graduate School Office. These will be turned over to the University Library, the first carbon copy becoming a part of the circulating collection of related volumes.
- 3) That all candidates for the degree of doctor shall present two acceptable copies--the original bound, the first carbon copy unbound--of an abstract of the dissertation of not less than 1200 nor more than 3000 words, to the Dean of the Graduate School. The last allowable date before the final examination is obtainable from the Graduate School Office. The first carbon copy will be deposited in the University Library.
- 4) That departments desiring departmental copies of theses and dissertations may require them in addition to the two copies required by the Graduate School.
- 5) That the above rules go into effect on September 15, 1949.

II. That students, who took 100 courses in Library Science after June 1, 1942 and before June 1, 1949 and who were eligible at the time to enter the Graduate School and who have not used the corresponding credit to satisfy degree requirements, may petition the Registrar, through the Head of the Department of Library Science, the Dean of the College of Arts and Sciences, and the Dean of the Graduate School to transfer credit in such courses from the undergraduate record to the graduate record up to 15 semester hours inclusive. Upon approval of the petition the transfer will be made.

Dean Pardue also presented the following recommendations from the Graduate Faculty:

- I. That the Department of Sociology in the College of Arts and Sciences and the Department of Rural Sociology in the College of Agriculture and Home Economics be authorized jointly to offer training for the Ph.D. degree in the combined fields of Sociology and Rural Sociology.
- II. That the Department of Farm Economics and the Department of Markets and Rural Finance in the College of Agriculture and Home Economics be authorized jointly to offer training for the Ph.D. degree in the field of Agricultural Economics.

The Faculty voted to recommend these proposals to the Board of Trustees for the final action.

The Faculty adjourned.
