

State College of Kentucky,

Jas. K. Patterson, Ph., D., LL. D., President.

LEXINGTON, KY., March 17 1903.

My dear Miss Offutt:-

My attention has been called to the fact that young women are frequently found in and about the gymnasium building during hours when they are not undergoing instruction.

I respectfully bring this to your notice that you may take the necessary steps to correct the evil.

I have also been advised that girls undergoing training for physical culture and practice wear garments of a decidedly masculine character to and from the gymnasium.

In our physical training we may undoubtedly spoil the women and yet fail to make men of them.

Yours truly,
