Pharmacy College Transfers To UK

Other Changes Are Announced

A seventh college of instruction becomes affiliated with the University June 30 as the Louisville college of pharmacy officially transfers its operations to the jurisdiction of UK.

Dr. Siane Becomes Dean

With Dr. Earl P. Siane as dean, the college pharmacy will be of equal rank and dignity with the University's six other colleges and graduate school.

Professors vacated officially

Professors vacated officially include those of Dr. M. E. Ligon, director of teacher education in the college of education, and Dr. William L. Roberts, professor of law.

WBKY Adopts New Schedule

Station Broadcasts Five Nights Weekly

The University radio studio and the frequency modulation station WBKY has adopted a new schedule of operation calling for two hours of broadcasting each week day evening during the months of July and August.

Associate Professor To Be Moderator Of UK Roundtable

Elvis J. Slahr, Jr., Rhodes scholar graduate of the University and now associate professor of law, will serve as moderator of the University roundtable presented on WHAS each Sunday, Elmer G. Sulzer, University director of radio activities, announced.

Reinstatement Due On GI Insurance

One month remains for reinstating GI insurance without a physical examination, according to Veterans Administration officials.

Metal Bleachers To Boost Stadium Seating To 30,000

Semi-permanent metal bleachers now being erected at McLean stadium will have open an additional nine to ten thousand seats to Kentucky gridiron fans by next fall, increasing the total seating capacity from 18,800 to nearly 30,000.

Trigg Resigns Directorship Of Cafeteria

Accepts Position At Valparaiso University

Miss Jennie Mae Trigg, director of the Student Union cafeteria, has accepted a position at Valparaiso University, Valparaiso, Ind. Her resignation as Union cafeteria director became effective July 1.

Summer Enrollment Tabulation Released By Personnel Office

Sixty-seven per cent of University's summer student body of 3,679 is accounted for by veterans and University personnel office reported last week in a tabulation of student veterans registered for the first term of the summer quarter.

Ellison Participates In Radio Program

As a part of the nation-wide Independence Day program, two officers of the University took part in a program planned by the Army Corps of Engineers.

UK Students Sail From New York

Barbara J. Allen and Melrose McGurg sailed from New York Monday, June 30, to attend a Girl Scout international folk song and dance festival in Westminster, England.

Radio Club To Hear Prof. Carley's Talk

The University amateur radio club will meet Wednesday, July 16, at 4 p.m. in room 232 of the engineering quadrangle.

UK Students Sail From New York

Barbara J. Allen and Melrose McGurg sailed from New York Monday, June 30, to attend a Girl Scout international folk song and dance festival in Westminster, England.

### Record Expansion Program Progressing At Rapid Pace

The University campus is fast becoming a "side-walk superhighway" paralleling the current summer months as the most extensive physical expansion program in the 80-year history of the state university develops from the blueprint stage to practical form.

Visitors to the campus and members of the faculty, staff and student body daily pause curiously to watch virtually every imaginable type of construction equipment and hundreds of workmen engaged in the record building program designed to aid the University in caring for a record-breaking enrollment next fall.

Because of lack of time and sufficient state funds, most of the post-war expansion undertaken by the University to date has been of a temporary nature. Frank D. Peterson, UK comptroller who oversees operation of the physical plant, explains. However, long-range planning has been allowed the beginning of more than \$4,700,000 in new buildings and additions to present structures.

**New Buildings Planned**  
In accordance with the announced plan for UK President Herman L. Donovan to ask the next state legislature for a \$10,000,000 appropriation to be used in the construction of critically-needed dormitories, classrooms and laboratories, plans are

### Jewell Hall Women To Give Tea Dance

Jewell hall will entertain Thursday afternoon with a tea dance from 4 to 6 o'clock in the lounge, according to Mrs. Lucille Newman, head of the residence hall.

Martha Rich will be in charge of the committees for the dance.

cost of approximately \$2,025,000. Plans and specifications are complete on a hall to house 264 and provide food facilities for 600 which will face Harrison avenue east of Boyd hall for women. Plans are in preparation for another hall north of Patterson hall for women to house 286 girls, and another on Euclid avenue occupying the old art center site that will house 282 women.

Preliminary plans and programming has been started on a new science building or buildings that will be located north of the present men's dormitories on the present tennis courts. The courts will be relocated before construction begins. This building will cost an estimated \$1,700,000 according to present plans.

**Temporary Quarters Provided**  
In the temporary classification on the University expansion program are former army barracks and similar buildings obtained from federal agencies and converted into classrooms, laboratories, housing and storage space. Congress has provided much of the money necessary to dismantle, transfer, and re-erect the surplus buildings at the University as a supplement to government aid to student veterans.

Typical of the temporary quarters being resided for the large enrollment expected in the fall are five army surplus buildings authorized for UK by the U. S. Office of Education and the Federal Works Agency. Valued at more than \$500,000, the buildings come from various installations in Kentucky and Illinois.

Other projects under construction or recently finished include eight 20x25 foot quonset huts obtained from the Veterans' Administration, hospital in Lexington, which are used primarily for light storage space, and the last of 11 scattered units of one-story former barracks to house single veterans.

### 60 Per Cent

(Continued from Page One)  
great benefit would come from a requirement of three months notice prior to marriage and six months before granting of a divorce.

An estimated 300 persons, both laymen and professionals, from throughout the state attended sessions of the three-day Institute which opened Monday afternoon with a welcoming address by Dr. H. L. Donovan, University president, and introduction of guest specialists in the field of the family by Dr. Irwin T. Sanders, UK sociologist and conference chairman.

Monday's program was devoted primarily to sectional meetings on the general topics of "The Marriage Partnership," "Parents and Children," and "Family Problems."

An outstanding group of experts, members of the University staff and visiting professionals, participated in the discussions under each general topic. The sections, organized in orientation meetings run simultaneously throughout most of the day.

President and Mrs. Donovan were hosts to the visiting Institute delegates and participants at a tea held at Maxwell Place, the president's home. A general session in Memorial Hall at 7:30 p.m. concluded Tuesday's activities of the Institute. Dr. Clifford R. Adams, professor of Psychology at Pennsylvania State College and widely recognized personnel consultant, delivered the principal address on the subject "Making Marriage Work."

The meeting was open to the public.

### New Cagers To Play Soon

The fifteen Wildcat basketballers working out this term in Alumni gym, under Coach Harry Lancaster, will play an intrasquad game on July 18 immediately before the East-West high school cage game. The first contest will probably get under way at 6 p.m.; the second attraction about 7 p.m. The freshman intrasquad football game will follow these two contests.

Five letters from last season's championship team plus another Kentucky All-American will be seen in action. They include Ken Rollins, Cliff Barker, Joe Holland, Jack Parkinson, Jim Jordan, and little Al Cummins. The remaining nine players are newcomers working a place on the 1947-48 Kentucky cagers.

In the second annual East-West

### Learn Wins Paris Meet

Marvin Lear, No. 2 man on Kentucky's highly successful golf team the past spring, won the Stoner Creek Country Club Invitational golf tournament, July 5 and 6 at Paris, defeating Arthur Rogers, Richmond, in the finals of the championship flight, 5 and 4.

Lear, now a sophomore, was the city champion in 1945 before entering the air corps for a three year stint.

However, postponement of the deadline dates has been necessary, and as it was still raining at press time, the definite dates had not been assigned. Intramural Director Bill McCubbin asks that all players keep in constant contact with the office and frequently check the bulletin board for revised schedules.

Already it has been necessary to eliminate a number of players in tennis and golf on double forfeits, because games were not played by the deadline date, and neither opponent filed a claim in the office for the match.

All tournaments must be finished before the last week of school, because of examinations.

Charlie Rose, a graduate student in the Law college, has recently been appointed by McCubbin as Graduate Intramural Manager to assist in running the summer tournaments.

### Rain Hampers Intramural Play

The extended spring rains have again slowed up the progress of the intramural sports. Softball is just about ready to go into the elimination tourney and golf and tennis are ready for the quarter-finals.

However, postponement of the deadline dates has been necessary, and as it was still raining at press time, the definite dates had not been assigned.

Intramural Director Bill McCubbin asks that all players keep in constant contact with the office and frequently check the bulletin board for revised schedules.

Already it has been necessary to eliminate a number of players in tennis and golf on double forfeits, because games were not played by the deadline date, and neither opponent filed a claim in the office for the match.

All tournaments must be finished before the last week of school, because of examinations.

Charlie Rose, a graduate student in the Law college, has recently been appointed by McCubbin as Graduate Intramural Manager to assist in running the summer tournaments.

### Cats Invited To Play In Philippine Islands

Proof that Wildcat cage fame has extended abroad was evident this week, when it became known that UK had received an offer to play several exhibition games in the Philippine Islands.

A leading international news syndicate reported Wednesday that the Philippine Amateur Athletic Federation was seeking the appearance of the Kentucky Wildcats and several other outstanding athletic attractions in the islands to increase interest in athletic competition in that area.

Those Athletic officials who could be reached implied that little thought had been given the invitation, which would have the Wildcats flying the Pacific to play exhibition games not only in Manila and the larger cities on Luzon, but also in the more remote southern islands.

Cage mentor Adolph Rupp received the offer several weeks ago, but disclosed little information to his colleagues in the Athletic Department concerning dates or terms.

Rupp, now acting as an instructor in a coaching clinic in Jackson, Tennessee, could not be reached for comment. However, Athletic Director Bernie Shively stated that he felt little thought would be given the matter, as the dates for games would probably fall within the regular school year.

Bill McCubbin, acting head of the physical education department, has announced the dates for the annual Bluegrass Tennis Tournament.

The tourney will start August 4, weather permitting. Entries will be limited to persons living within a 50-mile radius of Lexington.

The deadline date for entries will be July 29. Fees are \$1.50 per singles entry and \$2.00 per doubles team. There will be a Men's Open division for boys not yet 18 (Junior may enter both divisions), and a Mixed Open Doubles division for men and women any age.

Entries were due yesterday on the contract to hard surface the three tennis courts behind U-High. Work is expected to begin almost immediately and be completed before

### HALYARD'S SPORT SIDE SHOW

Featuring Today — A Round-Up Of Items From UK's Sports News

Since there seems to be no solution to the news print shortage, and even less to the advertising boom, in order to inform our readers we're combining a number of news items in the Side Show this week that ordinarily would warrant more detailed write-ups. So without further waste of space, here goes...

Students will be admitted to the Blue-White intra-squad football game next Friday night, July 18, at 8:30 on their registration receipts. They are these little yellow slips, the only thing left when you finish enrolling.

Admission to the annual East-West High School basketball game, however, will cost you. Bernie Shively, athletic director, said it would be necessary to charge everyone the standard price of \$1.25 for this all-star game as it is not a direct function of the Athletic Association, but rather a part of the Coaching Clinic and requires the bringing to Lexington of players from all over the state.

Bill McCubbin, acting head of the physical education department, has announced the dates for the annual Bluegrass Tennis Tournament.

The tourney will start August 4, weather permitting. Entries will be limited to persons living within a 50-mile radius of Lexington.

The deadline date for entries will be July 29. Fees are \$1.50 per singles entry and \$2.00 per doubles team. There will be a Men's Open division for boys not yet 18 (Junior may enter both divisions), and a Mixed Open Doubles division for men and women any age.

### Cat Clippings

It was just 20 years ago that Bernie Shively UK's Athletic Director came to the Blue Grass. He was graduated from the University of Illinois in the class of 1927 and joined the Wildcat's athletic department soon after. During his days at Illinois, Shively starred with the football team, which was coached by the well-known Bob Zuppke.

As a guard, the six-foot, five-inch Shively made Walter Camp's All-American team about the only one in those days. He helped clear the way for Illinois' great star, Red Grange, the "Galloping Ghost", who was a touchdown threat every time he handled the pizkin. Zuppke called Shively "one of the best linemen I coached at Illinois".

This week nine newcomers were working out for a place on the varsity basketball team. Since the Wildcat cage squad lost only four men from last season's outfit—Tingle, Davis, Parker and Brannum—only a few new hoopers will be added. One of the candidates is Will (Mickey) Smethers from Middletown, Ohio.

As a junior, Smethers helped Middletown High win the State championship in 1944, which finished with a record of 24 wins and one loss. In these 25 games, "Mickey" scored 249 points, 111 of them in the '44 State tournament.

In his final year, Smethers and his school lost by two points in the finals of the Ohio State High School cage tourney. During these two years, the Middies ran up a record-smashing string of 42 consecutive wins, by stressing a tight defensive-type play. Smethers was picked in 1945 on the second team All-State team in the Associated Press poll, and also on the All-Tournament squads in his last two seasons with Middletown.

In the intrasquad football game, matching two freshmen elevens, to be played next week will be a couple of kids from Huntington W. Va., East High School. They are six-foot, four-inch Bob Koonitz and 17-year-old Odgen Thomas, a quarterback. Koonitz plays both halfback and end.

The 18-year-old Koonitz had a fine athletic record at East High. On the gridiron, he scored nine touchdowns last season, while playing end on the defensive and halfback on the offensive. He did much of the pass throw-

ing and was given an honorable mention on the State high school grid selections. In basketball, southpaw Bob excelled with Huntington. Koonitz flipped in 546 points last season, while leading East High to the State championship. Later Koonitz was placed on the All-State cage team. He also topped that honor in baseball after hitting .483 in ten ball games.

Thomas, a six-foot, 175-pound back, scored 13 touchdowns last year as quarterback and made second-team All-State of West Virginia. He too was a member of the champion cage team and as a guard, Thomas was second high scorer for the High-land quonset. The blonde-haired end also pitched for the school baseball team.

Bill McCubbin, acting head of the physical education department, has announced the dates for the annual Bluegrass Tennis Tournament.

The tourney will start August 4, weather permitting. Entries will be limited to persons living within a 50-mile radius of Lexington.

Much reading matter has accumulated on the campus relative to the proposed increase in book post rates by the House of Representatives.

four times the rate on the corresponding reading matter in magazines.

We see no objection to raising the postal rates in a few divisions of the mail. The postal department is in the red now from reducing rates in air mail and the like.

Married vets scoff at this foolish flying saucer publicity—they see it all the time.

Console yourselves, men. If women's necklines plunge at the same rate skirts do, it'll be just as interesting as when they were both headed in the opposite direction.

Teaching Problem Must Be Faced

WE MUST not forget that 5200 school rooms in the state are kept open by that number of unqualified teachers holding emergency certificates, and that something has got to be done about it—something more than increases already made in rural teachers' pay.

The canoe was rocked by Ezra Rank... And here's where... poor Ezra sank.

Betty Henaley is still being true to the Sigma Nu.

Pat Clark is sporting around a new engagement ring given of her by that man about town John.

A certain girl wants to know why the ATO's won't feed Fred Perkins?

What's this modern generation coming to? I wonder.

She (to shy author): You remind me of Don Juan.

Findings of the week-end: Eyecrowne went home (almost); John Irvin is selling hot dogs at Jolyand; Ned Decker is an accomplished pianist; Hook Hookersmith has a baby-sitter for himself (she's about to be done).

A girl named "Trudy" has been causing quite a bit of excitement on campus. Even boys bumping into telephone poles while trying to walk and stare at her at the same time.

Buddy Parker's days are taken up by a schoolteacher from Cincinnati.

To show the spirit of brotherhood or something of the sort in the Journalism college, ex-senior Frank Hood has sent the first releases he has written for his new job to the Kernel's offices where the staff is pondering over the Agricultural status of Kentucky.

Linda Hayes, a cute blond, is dividing her time between two of Kentucky's eligibles.
