My dear Gif:-

Well I arrived here in this beautiful city safe and sound last night.

I am not feeling very good this morning, but hope to feel better before coast starts.

I wish you were up here with me, and I am sure I would get better at once.

I am in hopes they will get through with me, so I can get away tonight, but I doubt it very much.

It looks very much like rain here this morning, & I hope it will come.

Well my dear I must say good bye, as Mr. Lancaster is waiting for me. - I just thought I

would drop you a few lines just
to let you know I was thinking
of you. Good bye until I see
you, which I hope will be
tonight.

one at your end is getting
my letters to you, let me know
at once so I can govern
myself accordingly. I would
give orders for your mail to be
delivered to no one but yourself
in that case or get a post
office box of your own. Write me
a long letter at once & put me
out of my misery. Either tell
me you are there with me or
arrange to see me soon &
give me an opportunity to hear
from your own lips that you
still care for me. I don't want
to be fooled again tho and will
say that I will leave it up
to you. You set the day & date
which you know you can
be away & let nothing prove

I must have been from your visit
away Secretly for again I am
then anxious to know how every
thing is at your end of the lake.
I have tried to get from a letter
by several times but had no
way to. Once in the manner
I desired. Pass I will try
to do this and try I am very
last one, but remember it
that I love you, love always
love you and it certainly
like I always will. I hope
can arrange it to see you
again soon. We certainly make
almost every moment count and
our last but I believe that the
next one will not be much
different - in fact I believe that
will not let you of morning
to wash - I know that you

My dear

Words cannot begin to give
you any idea of what I have passed
through during the last few days
hope that you will never be placed
in the same position that I am
and have to experience the same feelings
Of course I am positive that you
too have not returned home and intend
inquire what happened between us,
or will you do so soon. But still
you cannot feel as I have to about
it as your position is purely a financial
one while I have - well, what the matter
such is life. I have one thing to be
thankful for and I shall live in
hope that we may be permitted to
see each other again soon. I cannot
fully realize that we actually were
together and am afraid just that I
shall awaken & find it only a
dream. I have continually dreamed
of you since then and wonder

if the time will come when I may
have my peace of mind again.
know one thing sure, I could not
go thru again what I did and mind
you - no matter if you got mad a
thousand times. A man can stand for
so much - passion gets the best of
him after that. I did as you asked
that time but cannot get see what
made me do so. I had lived for years
with the hope that I might be permitted
to hold you in my arms as I did,
and I guess that - inasmuch as
I was permitted to do so, I made
myself content with it. Just think
of what we have missed. Kid, I
cannot bring myself to think I will
very much for I fear that I will
do something desperate. I sure
hope you arrived home safe and
have nothing to regret save that
we had to part. You need worry
about nothing at my end. I got
home at 2:30 A.M. Train was late.

Dear Mammie & Rhoda-

I saw in the paper today where you mammie had a spell but improving I watch the papers every week to see any thing about you all. As my Correspondance with nearly every one back there is stoped. It is hard for me to keep up a Correspondent, as I'm busy most of the time, I saw where you all visited Harroshough thought then I would write but did not. what

kind of a spell did you have. I hope you are up by now. Do you all like town. I imagine it is much nicer for you all. Do you live in the same place? Where does Willie live now? I often wonder if you all dont feel lonely. I know I would.

I thought I would be homesick when I moved here, but I think we like better than town. on a farm where we can raise something. we had every thing. Its long I raised a few chickens but now

I have way over a hundred
pullets. getting plenty of eggs
have 40 turkeys about 13
guineas, you know I always
liked them next year I'm
going to try ducks it
is a fine place for fowls
& I love to raise them I
wish you all had one of
my big turkeys for Thanks-
giving. I canned so
much fruit this year
we all enjoy it too.

School closed here for 2 wks
on account of dyptheria
but begun again Monday
Emmett & Lewis & John are
in Kans finishing threshing

I look for them home
 any day they drove through
 they can start one morning
 & get here the next eve. I
 we have not threshed yet
 So many machines around
 so we will when they get
 home. This has sure been
 a slow time time with
 wheat this year. and not
 very good at last.

The children all go to
 school but Ruth Bernard
 drives about $3\frac{1}{2}$ miles to
 a consolidated school. that
 is where we go to Sunday
 & church the rest go about
 $1\frac{1}{2}$ through but 2 miles
 around. will close. would be
 glad to hear from you
 Sallie
