Governor Addresses Capacity Audience At Thursday Convo

Executive Officer Reviews Function Of State Branches

"Motion without destruction, stability without stagnation," is the dilemma faced in the judicial branch of the government, explained Gov. Simon S. Willis yesterday morning at a special convocation held in Memorial hall. The talk was sponsored by the University department of political science.

15 Concerts And Recitals Are Scheduled

Outstanding professional artists, faculty musicians and University student musical groups will be heard in a series of 15 concerts and recitals scheduled as the annual University of Kentucky Sunday afternoon musicals and Thursday evening spring recitals during the fall and winter months and at 8:15 on Thursday evenings during the spring.

New Cafeteria To Be Ready In Two Weeks

October 15 Set As Opening Date For Other Units

It's that bookstore line again! This year the vets got out even break. They aren't placed in a separate line as they were last year when the co-eds and others got first call on the books.

7,464 Students Register, Top Enrollment Record

Over 2,500 Fresh Swell Fall Ranks

The largest student enrollment in the history of the University—a total of 7,464—this week began the new academic year at the University of Kentucky.

Dr. Maurice P. Sear, dean of the University, registered, said enrollment exceeded all previous records. However, several and desperate looks began to catch these virgin-pure features as they encountered the maze of registration desks.

More than 70 student guides working under the direction of Dr. Lyle Craft, chairman of the Freshman Week committee, were used during the five days of orientation activities.

438 Members Of UK Staff Have Resigned Since 1942

Since the Kentucky Court of Appeals ruled in February, 1942, that University employees cannot be paid more than \$5,000 annually from state funds, 438 University staff members with the rank of instructor or higher have resigned, President H. L. Donovan said the Board of Trustees Tuesday.

He said most of them had left to accept better paying positions elsewhere. Dr. Donovan predicted that "unless higher salaries can be paid to keep and attract the kind of faculty members we need the University one of these days will find itself staffed with old men and boys."

ALUMNI NEWS

THEN and NOW

PERSONALITIES

Floyd Brown, 41, a member of the research laboratory staff of the Carnegie Institute of Technology, Pittsburgh, Pa., has written the office that all mining and metallurgical alumni of the University who plan to be in Chicago on Oct. 22 during the National Metals Congress are urged to attend a noon luncheon at the Palmer House on that day. The estimated cost will be \$2.50 to \$2.75 a plate.

It has been the policy of the American Society for Metals to arrange alumni luncheons for those colleges which have mining and metallurgical curricula and whose alumni indicate the desire for such a function, and a number of Kentucky alumni have expressed interest in such a meeting.

This is the first time Kentucky alumni have held such a luncheon.

Elizabeth Hunt, of Lexington, 47, has accepted a position in the office of Senator Allen W. Barkley in Washington, D. C. She is a graduate of Goucher College and received her M.A. degree in psychology from the University last summer.

Durward Weldon, of Georgetown, 47, has been named instructor in Kentucky history and state and local government at Georgetown College for the current school year. Mr. Weldon has the distinction of being one of the youngest faculty members in the history of Georgetown College. He is 23 years old.

Other UK graduates named to the Georgetown faculty this year are Phyllis Elam of Lexington, 40, assistant registrar; Jamie Rees, Owen-ton, assistant professor of English; Dr. Mary Eugenia Horton, Lexington, associate professor of biology.

Mrs. Lloyd Hahn (Frances Timberlake), 40, Manchester, is on the staff of St. Joseph's hospital, Denver, Colo., as assistant dietitian.

Dr. J. Harold Greene, 44, who obtained his Ph.D. degree in Biblical and patristic Greek from Harvard University in June, is now professor of New Testament Greek in Asbury Theological Seminary at Wilmore. Dr. Greene received his bachelor's degree from Asbury and his M.A.

degree from the University. He is secretary-treasurer of the Asbury Seminary Alumni Association.

Mrs. Greenwood O. Cochanagher, of Lexington, 47, former secretary to the University of Kentucky athletic director, has accepted the office of director of the Associated Women's Department of the Kentucky Farm Bureau Federation.

Last July Mrs. Cochanagher went to Europe on a tour representing the Kentucky Federation of Business and Professional Women's clubs. Upon her return she attended the American Farm Bureau Institute in August, held at Urbana, Ill.

Mrs. Cochanagher was a flight instructor during the war for the war training program. She has 3,000 hours flying time.

Harry Towles, of Lawrenceburg, Ex. 31, former managing editor of the Park City Daily News at Bowling Green, has been appointed editor of the Happy Hunting Ground, official magazine of the Kentucky Game and Fish Commission.

Mr. Towles worked as a reporter on the Lexington Herald before going to Bowling Green in 1937. He left the Park City Daily News last April.

J. Sterling Towles, 25, formerly of Lawrenceburg and now editor of the Shively Gazette in Shelby county, has won honorable mention for the second straight year in the Herick editorial contests of the National Editorial Association.

The feature article, "Caution! Band at Work," in the September issue of School Musician magazine was penned by Harrison Eisold, director of the high school band at Andrews, S. C.

Eisold, a native of Betsy Lane, Kentucky, was graduated from the University of Kentucky in 1946. During his college days he played in the University band and wrote many songs and marches.

Xavier And Vandy Tickets Still Available To Students

Contrary to some rumors that have been going around the campus, tickets are still available for the Kentucky-Xavier game scheduled for Cincinnati tomorrow night at 7:30 Lexington time. These tickets are on sale at the ticket office in Alumni Gym and are priced at \$2.50 per cardboard.

The tickets office stays open until 4 p. m. today and will be open from 9 a. m. until noon tomorrow.

Also there will be some tickets made available for students for the Kentucky-Vanderbilt tilt, to be played Saturday afternoon October 18 in Nashville. These tickets will be put on sale to students only on October 14 at 9 a. m.

In order to purchase one of these tickets, a student must present his ticket book at the ticket window in the gym. The price of the tickets will be \$2.50. There will be a limit of one ticket per student. All other tickets for the game with the exception of this section between the 20 and 30 yard lines saved for the students have been sold.

The "K" Club, official letterman's club on the campus, has asked that athletic letters from other schools not be worn at UK. It has long been a policy at Kentucky as at other schools not to permit students to wear athletic letters on the campus other than those won at the school.

Coach Paul Bryant has announced that from now until the end of the season, his Monday afternoon practice sessions will be open to the public. However, the balance of the week, which will leave only two days of heavy work in many cases, must be spent in preparation for the coming opponent and will be closed to the public.

Students' cooperation is requested in this matter of secret practice. Don's fave and complaint because you can't get in to see YOUR football team practice whenever you would like. It takes these sessions to produce a winner and you certainly want a winner.

**Intramurals Start Monday**

By Allen Terhune

An estimated 25 fraternity, independent and what-have-you football teams are lined up and raring to go as the annual intramural touch grid tournament swings into action Monday along with tennis, and golf tournaments getting underway the same day.

Bill McCubbin, director of the intramural department, said that he expects interest in the University effort to reach an all-time high since the enrollment this fall tops that of any other year.

**Deadline Today**

At noon today the red light flicks on, marking the deadline for filing entries with the intramural department. However, teams and individuals wishing to compete in volleyball and ping pong tournaments may send in their bids until noon, October 31, it was announced.

It will be triple-header day for the first afternoon as three games ring down the curtain on the pigskin parade preview with two tilts dominating the field at the rear of Alumni gymnasium and one struggle taking place on the gridiron at University high school.

**Football So Far**

Various changes will be made in the rules to provide a greater degree of safety for the players, McCubbin said, recalling that last year one man was severely injured during one of the games.

Competent referees are to be present for the touch grid trays according to McCubbin, who sends out a plea that anyone wishing to call one of more of the games, report to the physical education department.

The intramural director also asked that all team managers check with his office to determine when their teams will play.

Entries in the tennis and golf tournaments are expected to be unlimited, however, the volleyball and ping pong men, which take place later in the term are touted to attract more attention.

**SX Defending Grid Champs**

Last year's intramural football champ was an eleven representing Sigma Chi while the runner-up carried SAE colors. Sigma Chi also copied championship honors in the volleyball tournament.

McCubbin added that all teams and single entries who wish to sign up for future events should get in touch with Claude Sprow's, Charlie Rose, intramural assistants, or himself.

A soldier from Pittsburgh named Smokey McCubbin added that all teams and single entries who wish to sign up for future events should get in touch with Claude Sprow's, Charlie Rose, intramural assistants, or himself.

**Freshmen Play Navy Pitches There**

The University of Kentucky Wildcats, only freshmen, will travel to Annapolis today to attack the Navy Pitches, from land and air in a football contest Saturday afternoon.

Not all the "F" team players will go, as only freshmen can participate. But John Chumley, who churched in a dazzling performance against Morehead two weeks ago, will probably start at right half back.

Mighty Navy tangles with Columbia on the same afternoon, so the Piche-Kitten game will be played on the practice field, with the Kentuckians returning to Lexington on the train Saturday night.

**B-Cats Win Opener**

Kentucky's B-team Wildcats opened its season Sept. 13 with a 21-0 victory over Morehead State Teachers College, at Ashland, with several freshmen playing outstanding roles in the Wildcats win.

John Chumley, a 175-pound back from the Volunteer state, ranked up all three Wildcat touchdowns, and Bill Leskover, an all-state performer from Palmetto, West Virginia, put his educated toe to test and passed easily, booting three conversions through the uprights in as many attempts.

Scoring on the second play of the game, Chumley raced 68 yards before crossing pay dirt. Another freshman, Don Frampton of Bradford, Pennsylvania, latered out to Chumley several minutes later on the Morehead 30 yard line, and the Naville Dandy crossed the goal line in no time flat.

Chumley scored the final Kentucky marker on a 55 yard sprint in the third quarter. The Cats missed another touchdown in the fourth quarter, fumbling the ball on the two yard line, after driving nearly 60 yards.

Besides Chumley, several other freshman players, including Don Frampton, Bill Leskover, and Wilbur "Shorty" Jamerson, showed promise of future duty with the Wildcat regular team.

**Kentucky Favored To Get Second Win From Undefeated Xavier U.**

By Tom Diskin

Over 15,000 fans are expected to jam Xavier stadium on Saturday night when Kentucky faces the undefeated and improved Xavier Musketeers at 8:30 p. m. for the tenth gridiron meeting between the schools. At present the series stands eight contests taken by the Wildcats to one victory achieved in 1929 by Xavier.

The 1947 Xavier team has a completely new coaching staff, a new system and a practically new squad from the outfit that was trounced 70-0 last season by Kentucky on Stoll field.

Ed Kluska, who graduated from X in 1940, is the new head coach and he is a rabid exponent of the T-formation. Assisting him are Jim McQuirk (Notre Dame, '47), who handles the backfield tutoring and Bill Feldhaus (UC, '37), a burly line mentor.

The prominent weakness in the Queen City school's football squad is the definite lack of capable replacements. Coach Kluska has about 16 reliable gridlers, most of them being freshmen and sophomores. In Xavier's first two games they have shown surprising light and spirit, while holding the opposition scoreless in both games.

Upset Bowling Green

In their opener, X upset Bowling Green, 2-0 on a last quarter safety as a result of a blocked kick by the hard charging Munkie line. Bowling Green was a two touchdown favorite over X. The Cincinnatians then trimmed Western Michigan, 19-6, as quarterback Bob McQuade came through with several nice passes which resulted in three touchdowns for the Blue and White aggregation.

The Musketeer line, one of the best in Xavier history, is led by two 220-pound tackles, Ray Slackhouse and Jim Mack. Jim DeFrance and Bob Conway are at ends and are excellent pass receivers and take to the air whenever they are to score. Their running attack is still feeble, but should improve with the passing of the season.

5-4-2 Defense Again

The Kentucky Wildcats will probably employ against X a 5-4-2 defense to stop the McQuade aerial. In the Cincinnati game last week, the Blue Grass gridlers held the Bearcat scorers using this one system, along with the 6-3-2-1 defensive set-up later in the contest.

The invading UC team penetrated within the 10-yard-line only once against the Kentucky Cats which speaks well of the defensive play. However, UK's big problem in the coming games will be sharpening their offensive attack.

Quarterbacks George Blanda, Jim Babbs and Jerry Chismore will all probably get a chance to show their abilities as passers against Xavier on Saturday. The success of the 1947 Kentucky football team will rest mainly upon the shoulders of these three lads, for the quarterback spot is the big question mark of the CAT aggregation.

If Blanda and Babbs are "right" Saturday night in Cincinnati, the

# University Soon May Be Leader Of Atomic Study

Prospects that the University may become one of the nation's leading universities in the teaching of atomic physics and other nuclear studies within the next five years were advanced here by Dr. William D. Funkhouser, dean of the graduate school.

Commenting on an announcement by the Atomic Energy Commission of the formation of a new national atomic research laboratory at Oak Ridge in which outstanding university research scientists and selected graduate students will be trained, Dean Funkhouser said, "It is not contemplated that the proposed program will be in full swing for two to three years, but within the next five years the participating universities will be far advanced in the teaching of nuclear studies."

A meeting of key personnel in the University's physics, chemistry, engineering, and biology fields is scheduled to work out details of how the University proposes to take advantage of the plan to train professors and graduate students at the Clinton National Laboratory in Oak Ridge, the dean announced.

According to details of the program released by the Atomic Energy Commission, the government is proposing to offer the facilities of the national laboratory to 14 southern universities, all charter members of the Oak Ridge Institute for Nuclear Studies, and to a score of industries and industrial representatives.

In exchange for the loan of university scientists, the government will pay their salaries and provide full participation in the research, development and training programs of the laboratory. At the conclusion of atomic training, the scientists will be returned to their respective universities to teach students in cooperation with the latest information and methods in

a peacetime program of atomic science. Selected graduate students, working toward their doctorate degrees, will be sent to the laboratory by the universities and given their degrees upon completion of a secret thesis on some phase of atomic research.

No actual research will be conducted here, Dean Funkhouser explained.

The University is one of the charter members of the Oak Ridge Institute for Nuclear Studies which was formed last year to promote activities in nuclear science in southern universities and to carry out a program of joint research and training utilizing the government facilities at Oak Ridge. Dr. Funkhouser represents U.K. on the group's governing body and also is liaison officer between the group and the Conference of Deans of Southern Graduate Schools.

Objectives Listed The program to be carried out by the Clinton National Laboratory, formerly known as Clinton Laboratories, includes the following major projects:

1. Continued production of radioisotopes.
2. General research, including both applied research in connection with other A.E.C. activities and fundamental nuclear research.
3. Design and construction of a new high-flux reactor several times more powerful than the existing Oak Ridge pile for further studies and expanded research requiring neutron intensities not now available.
4. Continuation of engineering studies for the development of components of reactors for the production of useful power, in cooperation with representative engineering and industrial firms.

## "Shorty" Improving

Wilbur "Shorty" Jamerson, injured in the Cincinnati fracas last Saturday night at Stoll field was released from the University infirmary today, according to infirmary officials.

X-rays reveal that the hard-running little back from Henderson, Kentucky, had suffered no injuries other than a deep cut over the right eye, inflicted by a Cincinnati tackle.

Jamerson was reported to be coming along fine, and commented that he hoped to return to practice in a week or so.

The accident immediately preceded a free-for-all between players of the two teams and spectators at one end of the field. According to Jamerson, "I was running down the field and then everything went black. I don't know what happened after that."

## New Blood

New blood is coursing through the arteries of this institution. Its transition has, of course, required a reaction period before becoming adjusted. But this is a healthy university and it will need but little time for the assimilation of new blood.

The pulse of the University has been racing this week. And that is one thing that must continue if the individual parts are to be nourished properly. The Kernel, news organ for the faculty and student body, welcomes you. Arriving in such large numbers and with so much to accomplish in a hectic but well-organized first week, you may feel superfluous. You are not, actually. You are more urgently needed now as responsible and well-informed citizens than ever before. Your opinions must be clear-cut with a firm foundation in fact, and you must be well-prepared in your own particular field of concentration.

So do not feel that you are not needed because difficulty has arisen in providing for you in material comforts at the University. That hardship will pass. After all, your responsibilities as the lifeblood of American thought as well as action are yet to come and must be met. And your place, for the present, is here.

## Keep Offices Open

Because there is so much administrative work connected with the running of an institution as large as the University and because there are so many persons, students and townspeople alike, who have business here, it seems unnecessary

inconvenient that the administrative offices close for an hour and a half during the busiest part of the day. Certainly the noon hour is not sacred, because hundreds of students and their instructors meet at that time.

There is sufficient office personnel to employ the staggered lunch period in the offices. Although many problems must be solved by more important or experienced persons, there is still enough routine work to keep a student secretary busy that crucial hour and a half.

Many town residents having business at the University with these offices are at a loss because their lunch hours are the same as the University's. Members of the Kernel staff have heard them lamenting their plight.

The Kernel recommends that more important administrative offices remain open during lunch as long as the need is felt.

## Vet Line Again

Veterans who made a plea last quarter concerning the manner of handling veteran classification slips were bitter this week because the problem was as bad as ever, even after their former protest. They were told the last time that it would be remedied for fall registration.

Standing in line to receive these classification cards is unnecessary. It would be infinitely easier, the Kernel believes, to mail out the cards a few weeks before the end of the preceding quarter and let the students sign them and return them at their convenience. During registration, four hours is a mighty long time to miss in the rush to enroll in a required course before it closes.

## Welfare Department Gives Grads Jobs

Four persons who were graduated this year from the University's department of social work have passed merit examinations and been assigned jobs with the Child Welfare Division of the State Welfare Department.

Prof. Harold E. Wetzel, head of the department of social work said they are Yvonne Lyon, Morehead; Barbara Rice, Paris; Flora Baker, Richmond and Annette Paucloer, Winchester.

Morton Walker has been named acting dean of men at the University of Louisville where he is an associate professor of English, University

of Louisville, President John W. Taylor has announced.

Walker received his A.B. and M.A. degrees from the University of Kentucky where he was an instructor in the English department.

Editor, the Kernel:  
Cincinnati's band should have convinced Kentucky fans that the best band in Dixie is as dead as the Confederation from which it draws its title.

According to latest reports there'll be no majorities to mar the military and no more color than a Fort Benning drill period.

To people who wouldn't give ten cents to see the whole United States army march across Stoll field, the military tradition angle carries no force whatsoever.

The University of Kentucky is not a military school, and there's no reason for a military band. If that's tradition, scrap it.

For those who enjoy the military aspect of the band, may we direct them to the post office where enlistments are readily accepted.

However, for us poor college boys who don't shudder at the sight of a well-turned ankle, we say, keep the majorettes and put the military angle in the same bottom drawer with the Selective Service law.

Let's have a band—not a band. P. S. The music is good.

Wildcats Whip Favored Bearcats, 20-0, In Rough Contest

Dopey Phelps Scores Two, Sets Up One

The Kentucky Wildcats trimmed the University of Cincinnati's Bearcats 20-0, Saturday night before a record-breaking crowd of over 24,000 yelling fans in one of the wildest games played on UK's Stoll Field in recent years.

Kentucky's irrefutable halfback, "Dopey" Phelps, set up the Wildcat first score in the second period by snagging a pass from George Blanda which moved the planks from the 40 yard line to the three. Fullback Mosley carried it over from that point.

Phelps, the dashing demon from Danville, Ky., really got hot in the final quarter when he scored the final two touchdowns on runs of 37 and two yards to ice the game for Kentucky.

The Wildcats' game captain, Jay Rhoademeyr, was another outstanding player for the Blue and White. He helped stop the hard-charging UC line especially in the first half, when the Buckeyes bore threatened to score twice.

Lloyd McDermott, Bob Gain, "Wah" Jones and Harry Ulinaki all showed up well on the UK forward wall. In the backfield, Blanda, with his excellent punting, Bill Mosley, and Jack Parré performed well for the Bryantmen.

UC's backfield was led by Roger Stephens, Don McMillan and speedy Al Richards, while on the line, Fulton and Blake stood out.

The rough game was marred by the injury of 18-year-old "Shorty" Jamerson, Kentucky's promising little freshman halfback, when he was hit by UC's Stephens after a beautiful 40-yard punt return late in the final quarter.

Shortly after, Nick Odlivak, UK reserve center, and Bearcat Bert Bauer were expelled from the field for engaging in fistfights.

First Quarter Cincinnati advanced pigskin to Kentucky 20 but the Wildcats resist to take over. Kentucky fumbled on their own 45 and the Buckeyes crew recovered. End Dick Hensley intercepted McMillan's pass on UK 46. Blanda and Phelps led the Wildcat drive to the two yard stripe where Mosley took it over. Blanda missed extra point. KENTUCKY 6, CINCINNATI 0.

Cincinnati received and Richards and Stephens greatly helped in bringing ball down to Cincinnati 27 on their 14. Bob Gain hastily recovered UC fumble on 22. Sides exchanged punts. Phelps took ball to 50 and Blanda broke loose for a TD but play was called back... backfield in motion. Ralph Genzio moved ball to UC 27 as quarter ended.

Third Quarter Cincinnati's kickoff taken by "Wah" Jones on his 45 and returned to UC 45. Blanda kicked after Gate gained little ground. UC took it on their 14. Bob Gain hastily recovered UC fumble on 22. Sides exchanged punts. Phelps took ball to 50 and Blanda broke loose for a TD but play was called back... backfield in motion. Ralph Genzio moved ball to UC 27 as quarter ended.

Fourth Quarter Phelps around right end for 37 yards and touchdowns. Blanda made conversion. KENTUCKY 13, CINCINNATI 6.

Cincinnati received ball on 7. Williams ran it back to 30. After an exchange of punts, UK stopped Bearcat offensive and O'Malley fumbled on an attempted kick but recovered. However, UK took over on Cincinnati 15. Phelps took it over from two, later Bab's pass to Jones moved ball into scoring position. Blanda made conversion. KENTUCKY 20, CINCINNATI 6.

Gain kicked to UC 25. Drake returned it to his 41. McMillan later punted to Jamerson who took it on 16 and galloped to UC 40 but Kentucky was penalized for clipping. Harroll Woodell kicked to UC's 46. Game ended shortly after... both sides gaining little ground on offensive drives.

Mississippi Wins 14-7

The University of Mississippi had little time in harvesting the newly planted seeds of the Wildcats from Kentucky in the Southeastern Conference curtain raiser 14-7 before 18,000 homecoming fans at Oxford, Miss., Sept. 20.

Coach Johnny Vaughn's Rebels found little trouble in blasting the Kentuckians, as they moved to the Cat's five yard marker on their first nine plays. It was then that Charley Conery put the Mississippi eleven out in front by passing Barney Poole in the end zone. Bobby Onwald added the placement.

Kentucky rallied minutes later to knot the count when they gained possession of the ball on the Mississippi 25, driving to the one. George Blanda then tossed a pass to Wallace Jones who was walloping in the end zone. Blanda then tied the score by kicking the extra point.

Mississippi again opened the throttle on their scoring machine after a slow start in the third period when Eulos Jenkins intercepted Blanda's pass at midfield, and returned it to the Cat's 21. The Rebels moved on to the Kentucky one, via a pass and three line plays. Conery then blasted through the center for the deciding marker. Onwald then made the conversion.

The Rebels held an edge on the Kentucky squad by rolling up 12 first downs to six. They also piled up 222 yards on both the ground and air while the invaders' backfield caused six fumbles with the Rebels capturing four of them.

Statistics KENTUCKY (7) MISSISSIPPI (14) Score by quarters: 7 0 0 0 - 7 Kentucky 14 Mississippi 7 Punting: W. Jones, B. Poole, Conery. Extra Point: Blanda, Onwald 2.

Freshmen Still Needed For Student Managers

Wildcat teams are in need of student managers. All freshmen students interested in becoming student managers for football, basketball, baseball, or track should contact Ben O'Lee, equipment manager in the equipment room on the east side of Alumni gym between 1 and 5 in the afternoons.

O'Lee said that they only needed freshmen managers who would be able to work for three or four years. He also added that any freshmen with high school experience, either gained by playing the sport or serving as student manager for the high school team, would be especially welcomed.

Those interested should report to O'Lee as soon as possible. All men will start as managers in football helping with the 1947 Wildcat grid-fiers. Of the group five will be selected for numerals and permanent jobs as cage managers. The remaining men will still have a chance to become student managers in basketball or track.

"K" Awarded Freshmen managers who continue to work in their sport will be eligible to win small "K" in their sophomore and junior years. And for each sport the outstanding senior will be selected as senior manager and will receive a large "K."

The senior manager also travels with the varsity team on the road trips. "Button your blouse." "Straighten your tie." "Yes, sir." "You're certainly a disreputable soldier, aren't you?" "No sir. I'm from Western Union."

# 334 Students Receive Degrees At Largest Summer Commencement Exercises

A record summer graduating class of 334 students received degrees at commencement exercises at the Memorial Hall amphitheater Aug. 30. The class was composed of students from 72 Kentucky counties, 14 other states and one foreign country. Graduating with "high distinction" representing an academic standing of 2.0 or better for at least three years—were Robert C. Buckner, Greenburg; Robert S. Koch, Cincinnati; Bettie Woolfman Ogden, Lexington; and Harry M. Palmer, Versailles.

Students graduating "with distinction"—representing a 2.4-2.6 standing for three years—were Kenneth E. Casanova, Cadiz; Joseph T. Muzina, Polksgrove; and James A. Welch, Versailles.

The following persons received certificates in public administration granted jointly by UK and the University of Tennessee under the Southeast Regional Training Program:

Robert O. Abernathy, Birmingham, Ala.; Peter Bersano, Hamden Conn.; Sara Brennan, Pinckard, Ala.; Helen Brinkman, Hampton, Va.; Howard J. Louisville; James J. Most Jr., Miami; Anne W. Quillen, Johnson City, Tenn.; Carolyn Boyd, Opelika, Ala.; Joseph M. Robertson, Hardinsburg, and Clara Weaver, Kistissawee, Ala.

Students who received degrees were:

## Vets Must Notify VA Of Address Changes

The Veterans Administration reports that approximately 2,900 checks for payment of subsistence are returned each month because veterans neglect to notify VA when they move to new addresses.

Returned checks are held until written notifications of the new addresses are received. Officials said such delays could be avoided if the new addresses are reported promptly to the VA office in the Administration building.

VA today reminded student veterans that G.I. insurance payments at VA field offices should be made in person and not by mail.

The Veterans Administration paid \$12,122,564 in disability compensation benefits during August to 270,065 Ohio, Michigan and Kentucky veterans.

## New VA Leave Policy Affects Student Vets

New leave policies for veterans attending school under the G.I. Bill were announced today by the Veterans Administration Ohio-Michigan-Kentucky Branch Office in Columbus, Ohio.

Student veterans now will be granted automatic leave during change of semesters in order to insure unbroken subsistence payments. Veterans now will receive subsistence payments for the full enrollment period certified to VA by the educational institutions, provided there are no more than 15 days between terms. Veterans will be put on the subsistence rolls from the date of enrollment until 15 days after close of the period certified by the school. The automatic leave will be charged against their entitlement to education and training. Those who do not want the leave must notify VA in writing at least 30 days before the end of the school year or other period of enrollment.

Student veterans formerly accrued leave at the rate of two and a

## Veterans Need Not Make Periodic Report

Student veterans enrolled under the G. I. Bill no longer are required to make periodic reports of outside earnings, according to VA officials.

Veterans entering full time training in institutions of higher learning under the G. I. Bill this fall will estimate their earnings from productive labor for the full period of their enrollment when they register. The amount of their subsistence will be based on these estimates.

### More Journalism Graduates Needed Than Are Available

Testifying to a rising demand for university-trained newspaper and radio personnel is a report from the University department of Journalism on its June and August graduating classes, showing the lack of an employment market and revealing that a larger percentage of UK trained journalists are staying in Kentucky.

Dr. Niel Plummer, head of the University department of Journalism in the country fully accredited by the American Association of Schools and Departments of Journalism, explains that the demand for journalism graduates this year far exceeded the supply. Prospective employers with promising offers had to be turned away even as early as May.

**Two Weekly Editors**

Of the 36 graduates this year, the breakdown shows two went directly to positions as editors of community papers in the state. The two editors are Charles Harris of the Big Sandy News, Lewis and Thomas Gregory of the Central Record at Lancaster. Nineteen of the 25 June graduates and all 11 of the August class entered work relating to their University training, according to Dr. Plummer.

Other positions in the newspaper, magazine, radio, public relations and advertising fields taken by UK graduates this year include: two general reporters on city newspapers, one telegraph editor on a daily paper, one daily paper sports reporter, one city daily society editor, two on the editorial staff of magazines, in radio, one with a news service (United Press), three in public relations work, three in advertising, and five taking advanced study in graduate schools.

The remaining nine graduates are listed as four married women, two refusing positions and three unreported.

**Fit To The Job**

The department follows a policy of fitting its graduates to the job rather than just filling the position and this policy has become known in many states other than Kentucky, according to Dr. Plummer. Graduates are received for Kentucky graduates from employers in the East and Midwest. Of those of this year, employed out of the state, four went to Ohio, one to Tennessee and one to West Virginia.

Positions now held by this year's journalism graduates are as follows: Albert Brooks Jr., Wayland, Lexington Herald; Thomas Gish Sisco, Louisville bureau of the United Press; Catherine Goman, Sand Creek, Mich., Lexington Herald; WILKX, Thomas Gregory, Lexington, editor of the Lancaster Central Record; Charles Harris, Columbia, editor of the Big Sandy News; Frank Hood Jr., editor of the United Press in Cincinnati department store; Julia Maier, Louisville, editorial work on house organ in Louisville; Baxter Melton, Corydon, sports writer on Nashville Times; Tennessee Record; Charles Rucker, Columbia, Bryce Rucker, Chelyan, West Va., telegraph editor of the Raleigh Register; Beckley, West Va.; Myrene Stepp, Inez, advertising for Sears-Roback, Huntington, West Va.; Pauline Welsh, Ashland, society editor of the Daily Independent in Ashland; James Lee Wood Jr., Beckley, West Va., State Editor of the Portsmouth Times, Portsmouth, Ohio; Marjorie Blaisdel, Lexington, free lance; Thomas Duncan, Louisville, graduate work scholarship; Joann Gorman, Lexington, graduate work at Columbia University; scholarship; Burice Petry, Middleboro, Blood Horse magazine, Lexington; Mrs. Margaret Shirley, Lexington, graduate school and instructor in romance languages at the University; Richard Stofor Jr., Lexington, graduate school; Edgar Wilson Jr., Covington, advertising; James Abell, Bardstown, public relations for Mid-Continent Petroleum Corp., Owensboro; Paul King, Earlington, graduate school; Samuel V. Bruns, Albany, Portsmouth (Ohio) Times; John Hutcheson, Corbin, Pineville Sun; Warren Schweder, Lexington, Lexington Leader; William Spragens, Lebanon, graduate school and assistant state editor of the Lexington Herald; Paul Combs, Hazard, public relations for state highway department; and Freddie Beatty, Milan, Tenn., Princeton Leader.

### Legal Frat Pledges

Henry Clay chapter, Phi Alpha Delta, honorary legal fraternity, announces that five students in the Law College were pledged this summer.

They are William Threlkold, Williamstown; Harold Rucker and Norris Reiser, Lexington; Joe Wheeler Jr., Russellville; and Henry Meigs II, Frankfort.

### David Holliday Gets Appointment

David Holliday, former University football manager, has received an appointment to Annapolis this fall at the completion of his prep studies at Baldwin University.

Holliday was a junior physical education major and a member of Delta Chi social fraternity while at the University.

### Two New Instructors Are Appointed To Music Faculty

The appointment of two new instructors in the University department of music has been announced by Dr. Alexander A. Capurso, head of the department.

As instructor in strings-theory, Dr. Capurso appointed the former concertmaster of the University of Michigan Symphony, Eugene N. Adams. Miss Ruth Pinnell, a member of the voice faculty during the past four years at Stephens College in Columbia, Mo., was chosen to fill a position as instructor in voice.

Miss Pinnell, a lyric soprano, received the bachelor of music degree from Louisiana State University and a master of music degree from the University of Illinois.

Studied in London

Mr. Adams received the master of music degree from the University of Michigan, where he served as concertmaster of the symphony orchestra. He has studied violin under Andre de Bismuthier at the Cleveland Institute of Music and under Arthur Beckwith of London.

For the past four years, Mr. Adams has played in the first violin section of the Cleveland Symphony Orchestra. Prior to his association with the Cleveland Symphony, he taught violin and theory at Wesley in Grand Forks, N.D., and versity Symphony Orchestra.

### Williams Talks At Graduation

Federal aid in setting up scholarships was discussed by Dr. John D. Williams, chancellor of the University of Mississippi, in a commencement address at the close of summer school.

The speaker said educators are studying proposed federal scholarships and that such a proposal may go taken up at the next session of Congress.

Dr. Williams pointed out that higher education helps the community as well as the individual. In referring to the proposed national program of scholarships, the speaker declared:

"Such an investment would be the soundest that can be made in the security of democracy in our country and in the expansion of democracy to the rest of the world. The investment being made by our people in college programs for veterans is proving to be one of the soundest ever made in democracy's future," he said.

The speaker was introduced by President H. L. Donovan who pointed out that the 1946 graduating class is larger than the total number of graduates of the University during its first 90 years of existence.

### Salary Limitation Scored By Taylor

The University will be a fifth-rate institution within five years unless it can pay professors enough to keep them, according to Dr. William S. Taylor, dean of the Education College.

Speaking at a Kiwanis club luncheon here recently Dr. Taylor pointed out that Kentucky is losing many teachers because of low salaries and urged the state's constitution be revised to enable teachers to be better paid.

at North Texas A. & M. College, Arlington, Texas.

Mr. Adams will instruct in string instruments and music theory and taught violin and theory at Wesley in Grand Forks, N.D., and versity Symphony Orchestra.

### Commissions Offered In Regular Army

Students who are graduated with honor from a four-year ROTC curriculum may on their request receive recess appointments as second lieutenants in the regular army, Col. G. T. MacKenzie, head of the military department, announces.

Graduates here probably will not be able to take advantage of the offer before January, Col. MacKenzie said. Requirements include provisions that candidates be 21 years of age and be graduated with honors from the ROTC curriculum. Recommendations on applications will be made by the professor of military science and tactics.

### Disabled Vets Receiving Pay Hike

Automatic increases were paid effective September 1 in the minimum allowances received by the more seriously disabled veterans enrolled in educational and training courses under government sponsorship, veterans administration officials in Columbus, Ohio, announced this week.

The increased rates, which will be reflected in September checks received on or after October 1, were voted by the last session of congress and signed into law by the president.

**Law Is Automatic**

VA said the law requires no action on the part of the disabled trainees entitled to the higher rates because of the automatic nature of the increase.

The new law provides that a veteran enrolled in a course under the vocational rehabilitation act (public law 16), whose disability is rated at 30 percent or higher, will receive \$115 per month if he has no dependents, and \$125 if he has one dependent.

The old law allowed \$105 and \$115 for the same two categories; but, while these rates are superseded by the new schedules for the more seriously disabled, they will continue to apply to veterans with disabilities rated at less than 30 percent.

Pay Raisers For Dependents

The new law also raises the amounts authorized for additional dependents of veterans with disabilities of 30 percent or more. The additional allowance for one child is increased from \$10 to \$20, and the previous allowance of \$7 a month for each additional child is raised to \$15. No change in the \$15 monthly allowance for a dependent parent.
