

I wish I had you here right now
Mabel I would just love to talk to you.
I can hardly wait until you come
here this summer.

I suppose you are awfully busy
now before Christmas. I am going
home and help my mother tomorrow.
I have plenty to do but still this
week seems so long. I can hardly
wait until Saturday.

I have already gotten two presents
from my darling hubby. I got the
cutest bed lamp and a foot stool to
go with our over stuffed furniture.
Just what I wanted.

Well Mabel I surely wish you
a Merry Christmas and a Happy New
Year. Greet David from us and tell
him for me I'll give him a job next
summer when he comes.

George and Oscar send their best
regards to you both. With lots of Love.

Your Sis.

Mabel.

Dearest Sis:

We can't come to see you for
Xmas but I am going to write you
a few lines. Oh how I wish you and
David could be with us this Xmas.
How bad we have to be so far apart.

George has been working with
the truck today. They are pouring
for the new hotel which they are
building here. I sure hated to see
him go out in the cold today but it
really has been a wonderful day
for this time of the year. He had
been selling radios otherwise. He
also has had a bad cold for a few
days but he is getting better.

I suppose you have already
heard the news that Viola is
engaged and has a diamond. I sure
wish her all kinds of good luck.
