Richard Bozeman, '29, secretary-treasurer.

### WASHINGTON ALUMNI CLUB

Jesse I. Miller, president, Commercial National Bank Building

Elmer D. Hayes, secretary, care Interstate Commerce Commission, Oxford St., Chevy Chase, Md.

# Football In 1931

By NIEL PLUMMER

What will the Wildcats do this year?

That is the annual question asked. Of course, the question is asked in regard to all other teams, but the one concerning the Wildcats is the only query we are particularly worried about.

Now in trying to dish out a little dope it seems that the wise thing to do would be to consult the coach.

We are now in Coach Harry Gamage's office.

"Tell us something about the Wildcats, Coach. What are our chances for this year?" We wait for his answer while he ponders. Finally he begins:

"If we can go through the season without many injuries; if our first team can stay in the line-up, then we will have an average college team. We'll be in there and we won't be foot-mats for anyone." That news from the coach brightened us up quite a bit.

"But if there are injuries," here Coach Gamage paused and seemed to look ahead to Alabama, Duke, Maryland, Tennessee, Florida and those other grid-iron battles to come, "if there are injuries," he repeated, "Then we may be in a bad spot. We're short on reserves, especially guards, and new men have to be developed for substitutes. We can't tell how they will turn out.

"The spirit of the boys this year is better than I have seen for some time, and you can't tell how far a team with fight and the right spirit will go. We have a tough schedule but we will take them as they come."

And that's the dope Coach Gamage gave us. We like that spirit business, the show of fight in the team and the determination to take them as they come.

The Wildcats have been practicing since September 7th. For the first week they held two sessions daily under the guidance of Coach Gamage, Line Coach Bernfe Shively, Backfield Coach John "Monk" Campbell, of Alabama fame, and End Coach Elmer Gilb. From the beginning when nearly 60 candidates reported for work, the Wildcats have been visably enthusiastic. And it takes real enthusiasm to be joyful in practice under a blazing sun with the temperature flirting with the nineties.

But that's the Wildcats of 1931. That Kentucky's team for this fall.

Rapidly they have rounded into shape. Injuries have been scarce and although a check on eligibility of various players carried away several of the best prospects for the team, the Big Blue has continued to go about its work as if they had not a worry in the world.

The biggest problem that has faced the coaches from the beginning has been to find replacements for the line which was shot to pieces last fall by graduation of a flock of veterans. Particularly are there gaps to be filled at guard since Forquer and Rose and their substitutes were among the graduates last June.

So far the search has failed to uncover an experienced men for the position but men have been found who want the place and will fight for it. Parrish, a sophomore with a thatch of red hair, is working hard for one guard, and Hoot Gibson, a member of last year's squad, is in the thick of the fight for the other. Engel, another member of last

year's squad, is plugging away, and Darrell Darby, 154-pound end and letterman of last year, is a real surprise find as a guard. How he manages to handle men much larger than he is puzzling some of the fans, but Darby will see plenty of service at guard this fall if he keeps up his good work.

If certain scholastic difficulties are cleared up, two more men may be available for the guard posts. These men, both in the neighborhood of 200 pounds, are Davidson, of Evansville, Ind., and John Drury, of Lexington, brother of the All-Southern tackle of a year or so ago, Pete Drury. These boys will be a great help if everything works out for them.

At center big Frank Seale, 220 pounds of Big Stone Gap, Va., is telling the world that he expects to be in the opening line-up. A sophomore, Janes, is working along with him as is Bill Luther, a member of last year's squad.

For the tackles the Big Blue has Ralph "Babe" Wright, veteran and captain, and Ken Andrews, veteran end, who has found that he knew all along how to play tackle. And Bob Montgomery, a member of last year's squad and a member of the Ashland delegation, is showing up with the best of them. A sophomore, Holton Pribble, brother of Birkett Pribble, a Wildcat star of a few years ago, is also in the race for a tackle position, along with several others.

The ends seem to be taken care of fairly well with several veteran candidates as well as some good new men. For starters we can mention George Yates and Bud Cavana, and we can follow up with Dutch Kreuter and George Skinner, not to mention some other prospects.

Now in the backfield. There is "Shipwreck" Kelly, playing his last year for the Wildcats and who holds the title of alternate captain. He is the same "Shipwreck" and he has considerable help this year. An associate in the speed business is Malcolm Foster, of Nicholasville, who was on the squad last fall. Foster has been cutting all kinds of capers in the practice sessions and may furnish a surprise for several teams this fall.

Ellis Johnson, of Ashland, who was injured practically all of last season, has come through the early practices in fine shape and seems headed for a fine year. Jack Phipps, a fellow townsman, likewise is coming along all okeh. Another veteran is Dick Richards, one of the best blockers on the team, and Newell Wilder is stringing right along with him. Cecil Urbaniak, that galloping young man from West Virginia, has been galloping right along in practice and promises to gallop a lot in scheduled games as do some of the new-comers, including "Pug" Bach, Ralph Kercheval and Nicholson, the last another Ashland product.

And that about rounds out a general discussion of the Big Blue of '31. We can't drop the subject, however, without one more mention of the spirit of the squad. We will just cite the example of one Jim Ross, a deaf and dumb youth, who reported to Coach Gamage and asked that he be allowed to practice with the team, just to be out there with the Wildcats and to help them along the best he could. He was suited up and he has been in the thick of scrimmages, right in the blocking, tackling and hitting the dummies. That's spirit.

# New Agricultural Engineering Building

By M. J. CRUTCHER,  
Superintendent Buildings and Grounds

The University of Kentucky concluded its present building program by opening for the fall term a new \$75,000 Agricultural Engineering Building for the College of Agriculture. The 1930 General Assembly appropriated this sum of money to further the interest of agricultural instruction at the University. A large amount of careful planning, hard work and pains-taking effort, has transmuted the \$75,000 into a beautiful Georgian building, spacious, adequate, and equipped in every way to meet the new demands placed upon the shoulders of those who must blaze the trail to the new frontiers of Agriculture.

In many ways it is not unlike the fascinating story of from "A log cabin to the White House". Prof. J. B. Kelley has for years carried on with this important work in a big way in a very small tin building, two or three sheds, and the great out doors. He has withstood the rigors of wintry blasts and freezes along with the withering heat and drouths of summer. It must be agreed that moving into a building such as this, after the hard experiences of the past, presents no difficulties or misgivings to those who must submit to the ordeal.

L. K. Frankel and John J. Curtis of the Architectural firm of Frankel & Curtis, Lexington, Kentucky, were commissioned by the Board of Trustees to draw up plans and specifications for the building. On October 3, bids were received and contracts were signed with a number of firms covering the work involved. A list of the various contractors and contract prices is included here as a matter of general information. 1. Building Proper—W. T. Congleton & Co., Lexington, Ky., \$53,457.00. 2. Plumbing—Ben F. Hurst Company, Richmond, Kentucky, \$4,250.00. 3. Steam Heating—John H. Scott, Frankfort, Kentucky, \$4,046.00. 4. Electrical Wiring—Moore-Young Electric Co., Lexington, Ky., \$2,250.00. This is done for the benefit of those who may want to know how much the building cost, and to place the name of the contractor in print, so that he may have his just share of the credit for doing a good job, in case the time ever comes for contractors to receive such recognition. In most cases the contractor's name is buried in oblivion unless he goes broke on the job or the building falls down before his generation lays down their hammers and tongs.

As to the location on the campus, the Agriculture Engineering Building occupies a prominent position at the end of a new agricultural quadrangle, now in process of development, just off of Rose street, on the Experiment Station Farm. Plans have been made to build a considerable group of agricultural buildings within this area as the years go by and the money is made available by the Legislature, friends, Alumni or otherwise. As evidences of this plan, one may now see at the west end of the Quadrangle, the new Dairy Products and Manufacturing building, built year before last and dedicated in May, 1930. The new Livestock Judging Pavilion stands midway between them as part of the group. So that three new and modern buildings have been erected on this area since 1926. There are four or five old frame buildings on the outskirts of this group as well as the Serum Laboratory and the Veterinary Department

building, housing the work of Dr. Dimock, which has gained worldwide prominence in less than three years. If the present conservative rate of expansion can be maintained over a like period of years the Old Grad who returns to his Alma Mater in 1938 will find a new and beautiful Agricultural campus for his inspection.

The building itself conforms in style, construction and architecture, with the type now being built on the campus. It is fireproof throughout, conveniently planned and pleasing to the eye. In many ways it is a fine example of the Modern University of Kentucky and shows plainly the results of experience in matters of building, selection of materials, composition, mass and proportion. It illustrates improvement in matters pertaining to better looking buildings and shows that artistry and utility can after all, be happily joined together as a contribution to a new age in which education, in the true sense of the word, is playing a very important role.

As to plan, the building is shaped like the letter "U" having three wings or sections, inclosing a large outdoor machinery court or park. The building is 198 feet across the front and is 98 feet deep. The middle wing is two stories and basement high, while the side wings are one story in height.

The basement space in the middle wing will be used for laboratory work in hydraulics, drainage, sanitation, concrete, and storage of lumber, supplies and equipment. The first floor area includes two class rooms, one laboratory, tool room, wash and locker room and a commodious hallway. The second floor is divided into four offices for the staff, a large combination drawing and class room and two convenient rooms for the work of producing blue prints.

The side wings are divided into large spaces for laboratory work in gas engines, farm motors and pumps, farm machinery demonstration floors, seed drying rooms, blacksmithing, woodworking, sheet metal works and lumber storage. The machinery park between these wings consists of a macadamized space 70x90 feet, and will be used for open air machinery demonstrations.

It goes without saying that Agricultural Engineering will be enabled to carry on in these new quarters with renewed vigor and greater efficiency. As to just what Agricultural Engineering is, it would seem logical at this point for Professor Kelley, head of the department to give a resume of the history and development of this particular branch of agriculture.

Agricultural Engineering was recognized as a profession in this country when a group of college professors, teachers of farm mechanics courses in agricultural colleges held a conference at Madison, Wisconsin, in December, 1907. These men had a vision of the need and opportunities for applying the principles of engineering to agricultural problems. At this meeting the American Society of Agricultural Engineering was organized.

That the vision of those pioneers was not merely a dream is shown by the rapid growth of the society which now has over 600 members, and also the recognition the profession has received not only in this country but in many foreign countries.

The United States Government has recognized the importance of this work and for a number of years has had a division of agricultural engineering in the Bureau of Public Roads. Recently President Hoover signed a bill authorizing the establishment of a separate Agricultural Engineering Bureau at Washington D. C., after July 1, 1931.

The first four-year college course leading to a degree in Agricultural Engineering was offered at the Iowa State College, Ames, Iowa, 1910, under the direction of Professor J. B. Davidson. At present ten colleges in the United States and two in Canada offer four year courses for a professional degree. Forty-one colleges in the United States and four in Canada offer service courses in Agricultural Engineering for agricultural students.

At the University of Kentucky, the Agricultural Engineering Department is allied with the Agronomy Department for administrative purposes. The personnel of the department consists of J. B. Kelley, Professor of Agricultural Engineering, in charge; Earl G. Welch, full time Extension Agricultural Engineer; and Howard Matson, part time instructor and part time Extension Engineer.

In college instruction at present, service courses are offered for agricultural students, covering the various phases of agricultural engineering, such as farm motors, farm buildings, farm machinery, sanitation equipment, rural electrification, farm drainage, and prevention of soil erosion. One hundred and twelve students have been enrolled in the courses this year.

Besides teaching, the staff conducts extension work and some experimental work. The demand for extension service in agricultural engineering is increasing very rapidly and the agricultural engineers are performing a real service for the farmers of the state. The department, through the farm building plan service, has prepared 136 building plans suitable for Kentucky conditions, and blue prints of them are furnished to farmers for a nominal charge of ten cents a sheet. Last year over 600 sets of blue prints were requested and according to the annual reports of county agents 1594 buildings were erected or remodeled from plans furnished.

The reports also showed that through the assistance of this department 4110 acres of land were drained, 1880 acres of eroded land were terraced, and many sewage and water supply systems were installed. The beautiful new Agricultural Engineering building will provide adequate quarters for further developing college instruction, extension and experimental work, so that the members of the staff may be of greater service to the agriculture of the state. It is hoped that Alumni and friends of the university will avail themselves of every opportunity to visit this building when visiting the campus.

#### PARAGRAPHS FROM THE UNIVERSITY

As a result of several years of research and exploration in every section of Kentucky, Dr. W. D. Funkhouser and Prof. W. S. Webb of the University of Kentucky, are completing the first archaeological survey of a state ever compiled. A report on the survey is being prepared by Doctor Funkhouser, who is dean of the Graduate School at the university and head of the department of Zoology and Archaeology, and by Professor Webb who is head of the department of Physics.

Bill Doak, well known football official in central Kentucky presided at a meeting of the Central Kentucky Officials Association at the University of Kentucky recently at which time football rules for the current season were read and interpreted by Mr. Doak.

S. A. "Daddy" Boles, athletic director at the university, has recently received two orders for tickets to the Kentucky-Tennessee game, scheduled for Thanksgiving Day, which, when filled and excluding box seats will leave only 300 bleacher seats available on the north stand for the big Turkey Day combat. One order for 2,500 seats came from the athletic director at the University of Tennessee, and the other for 2,000 came from John Yellman, Lexington Shriner, who places the order to take care of the delegates to the annual Kentucky-Tennessee district meeting of the Shriners to be held that day.

William T. "Big Bill" Tilden, international tennis star, addressed engineering students in convocation at the University of Kentucky last week, prior to an exhibition match played by Tilden on the university courts.

Dr. Frank L. McVey, president of the University of Kentucky, was the principal speaker at the opening convocation of the year for the entire student body held last week in Memorial hall on the campus.

The president holds the opening and closing convocation of the year, and directs his talks to the students, advising them in the ways of the university and extending to them the official welcome and farewell of the school year.

Dean Thomas P. Cooper, dean of the College of Agriculture at the University of Kentucky and director of the Experiment Station work; President and Mrs. Frank L. McVey, Mr. C. N. Manning of Lexington and Professor Elmer G. Sulzer, and 16 pieces of the university band attended the annual Harvest Festival and agricultural fair held at the Robinson sub-experiment station in Quick-sand, Ky., last week.

The first grid game of the season held at the university was played by the Kentucky freshmen under the stadium flood lights last Saturday night, when the frosh met the Marshall College reserves on Stoll field. Kittens, 12; Marshall College, 7.

#### Jones Coach at Maysville

Earl Jones, for the past three years coach at Kavanaugh High School, has been appointed head coach at Maysville High School to succeed Walter Hovater, who resigned to accept a position on the coaching staff of his alma mater, the University of Alabama.

Coach Jones was graduated from the university four years ago. For a while he coached the Morton High School basketball team in Lexington and had great success with the youngsters.

Maysville new coach is recognized as one of the most talented young mentors in Kentucky, especially in the net sport, and it is believed that he will have equal success in football at Maysville.

# EDITORIALS

THE month of September and the early part of October mark the resumption of many activities in the university world. The campus of the University of Kentucky after a seasonable summer presents a delightful and beautiful aspect to the eye. The students returning are full of life and enthusiasm and fail in any way to show the results of the universal depression. This issue of the *Alumnus* marks the opening also, of the activities of our Alumni Association, which under the able leadership of such a president as L. K. Frankel, and an executive committee that would be worthy of any alumni association, the program as planned will certainly meet with splendid results.

The vote for the Alumni members of the Board of Trustees of the University of Kentucky, which was counted last week, showed an increased interest in the university not only by the large number of votes that were cast but also by the number of names which received votes. The interest taken by the alumni in the affairs of the university such as voting for the officers of the Alumni Association, encouraging by applause the athletic program and by attendance at all of the athletic activities mean much to the university.

It is the duty and privilege of each *Alumnus* to be loyal at all times to the university. It must be borne in our minds, however, that in the near future and at later dates the thoughtful attention and support of every *alumnus* must be brought to bear upon specific problems which will confront the university, and it is our opinion and belief that when such times will arrive the alumni as a body and not as individuals will be united in such a manner as to demand the respect and support of those in Kentucky who may have it in their power to give the financial support and moral backing which is necessary in order to carry out the program of the university.

It seems to us now at all times that every Kentuckian should realize that the University of Kentucky belongs to Kentucky, plays no politics, is separated from church partisanship and shows no favoritism to any special social class. With this in mind every Kentuckian should be glad and willing to unite in a common support of their university and at all times and in all places be willing to again and again sing, "On, On U. of K."

IS IT too early to start talking Class Reunions when the last one is barely over? No, we do not think so, especially as some of the classes are already making definite plans and many of

our alumni have promised that they will be present.

Howell D. Spears is a grand example of what a class secretary should be. He is a member of the class of 1907 and has been working hard all summer corresponding with the members of his class and urging them to make their plans to come to the university next June.

According to Mr. Spears, eighteen members of the class have signified that there is not the slightest doubt that their returning and eighteen more are planning to return. Is this not a good start for so early in the year?

Below is a list of those members of the 1907 class who are making plans to return. We hope to be able to enlarge this list each month and, also, publish lists of members of other classes if the class secretaries will be so kind as to send them in.

Viola Lewis	Howell Spears
Charles Mahan	Anne Crenshaw
Jack Yager	Elizabeth Wallis
R. L. Acker	Phil Shannon
Stanley Baer	J. R. Ammerman
Louis Hillenmeyer	W. D. Nichols
E. L. Rees	Charles Parrish
David Estill	E. M. Denham
L. L. Lewis	Louise Kornfeld
Mary Lockridge	Goldie L. Oppenheimer
A. L. Donan	W. W. Brown
J. F. Stigers	S. B. Coleman
F. H. Lawson	G. G. Searce
D. P. Branson	Alice Crawley Branson
Ira K. Smith	Flora Gordon
F. J. Rankin	W. D. Woodward

Of this number, eighteen are certain of being present, and all of the others are planning to come if it is at all possible. Mildred Stiles, Florence Maddocks, A. M. Kirby, J. G. Allen, and T. B. McClelland have been heard from.

Don't forget, those classes whose numbers end in 2 and 7 and the class of 1930 will meet next June and we want to have the best reunion of all time. So we are asking that all class secretaries let us know how their plans and correspondence are coming along.

Miss Cynthia H. Smith, graduate of Margaret Hall and the University of Kentucky, has been appointed associate secretary of the New England division, National Council for the Prevention of War. Miss Smith is a daughter of Mr. and Mrs. Charles Judson Smith, of Lexington.

### WILDCAT SENIORS READY FOR MARYVILLE

There will be an ample supply of seniors to guide the University of Kentucky's Wildcats through their nine game schedule which gets under way Saturday, October 3, on Stoll field, at Lexington, when Maryville's Highlanders trot out to open the season.

Among the senior contingent are: "Shipwreck" Kelly, one of the South's outstanding halfbacks; Jack Phipps, fullback, one of the best of many fine athletes Ashland has sent to the university; Dick Richards, of Denver, Col., an excellent blocker and a fine broken field runner; Cecil Urbaniak, of Fairmont, W. Va., whose galloping style of running is worth the price of any football game and who is due to gallop a lot this year; Captain "Babe" Wright, contribution of Sturgis, Ky., to the university and a likely All-Southern tackle this fall; Ken Andrews, who as an end went through his sophomore season without any gains being made around his side of the line and who now is a brilliant guard; and Bud Cavana, of Iowa Falls, Ia., who combines his regular duties as end with drop kicking for the Big Blue.

George Yates, All-Southern basketball center, and end on the football team, is another of these outstanding veteran Wildcat athletes, as is Bob Kipping, of Carrollton.

Washington and Lee will follow Maryville, coming to Lexington on October 10.

### WITH KENTUCKY'S WILDCATS

"Shipwreck" Kelly, that surprising man from Springfield, is beginning his last season with the university's Big Blue eleven this fall. Already in practice sessions he has given promise of surpassing his brilliant performances of former years. In a bitter scrimmage the other day with the freshman team, which incidentally would do credit to many college teams, Kelly broke loose for 95 yards and a touchdown, leaving tacklers scattered all over the lot in characteristic Kelly fashion.

When Washington and Lee's Generals come to Lexington on October 10, they will give the Wildcats an opportunity to sport their new set of white jerseys which have large blue numbers on both front and back. Kentucky's colors and those of the Generals, Blue and White, are the same and there has always been some confusion when the teams met. The Wildcats also will be out in a new type of helmet, designed especially for the 'Cats, by Coach Harry Gamage.

In contrast to the general talk of "championships" heard in regard to the Wildcats last fall, quiet holds forth along most battle fronts this fall. Sports writers from several far South papers ambled into Lexington the other day to see for themselves just exactly what was going on. They refused to be broken-hearted on the prospects—in fact they trumpeted the news that the Wildcats might prove disconcerting to more than one of the South's "championship" teams this fall.

### UNIVERSITY WILL RECEIVE ONE-FOURTH OF TAXES ON ESTATE OF W. M. WRIGHT

The University of Kentucky will receive one-fourth of the state inheritance tax on the estate of the late William Monroe Wright, multi-million-

aire retired business man and sportsman, under the state inheritance tax act.

Unofficial valuations of the Wright estate, which was disposed of in a will filed yesterday in Fayette county court, runs from \$5,000,000 to \$60,000,000.

The University of Kentucky will receive \$2,530,000 and the state will receive \$5,600,000 from the Wright estate if the valuation of \$60,000,000 is found to be correct when an inventory of the estate is filed. Eastern State Teachers College, at Richmond, receives one-sixteenth of the inheritance tax, which would amount to \$632,500, and Western State Normal at Bowling Green would receive \$1,897,250.

Practically the lowest estimate of the Wright estate made yesterday was \$4,000,000, which would yield the University of Kentucky \$80,000, or one-fourth of the total tax of \$320,250.

County Tax Commissioner Will White stated yesterday that the late Mr. Wright's holdings in Fayette county were last listed for taxation at slightly over \$3,000,000. This included Calumet farm, one of the most famous trotting horse establishments in the world.

Sale of the Calumet Baking Powder Company, which he founded, two years ago brought approximately \$40,000,000 to Mr. Wright and his son. Local tax authorities stated that it was their belief, however, that Mr. Wright's son, Warren Wright of Chicago, owned practically all of the common stock of the company and the holdings of the senior Wright were mostly in preferred stock.

### RADIO PROGRAM

**Monday, October 5—12:45 to 1:00 p. m.—**(a) "Timely Dairy Hints," by Fordyce Ely, professor of Dairy Husbandry; (b) "Poultry Pointers," by Dr. J. Holmes Martin, professor of Poultry Husbandry. 1:00 to 1:15 p. m.—String quartette; 1:15 to 1:30 p. m.—"Your Foods and What They Do for You, No. 2," by Richard S. Allen, head of the department of Anatomy and Physiology.

**Tuesday, October 6—12:45 to 1:00 p. m.—**(a) "Vegetable Storage, No. 1," by John S. Gardner, field agent in Horticulture; (b) "4-H Dairy Cattle Shows," by G. J. McKinney, field agent in Junior Club Work. 1:00 to 1:15 p. m.—The Blue and White Orchestra; 1:15 to 1:30 p. m.—"Popular Tax Talks, No. 1—Why We Hate to Pay Taxes," by Rodman Sullivan, assistant professor of Economics.

**Wednesday, October 7—12:45 to 1:00 p. m.—**(a) "Vegetable Storage, No. 2," by John S. Gardner, field agent in Horticulture; (b) "New Notes on Fall Clothing," by Mary Purcell, College of Agriculture. 1:00 to 1:15 p. m.—Forgotten Favorites; 1:15 to 1:30 p. m.—"Common Sense About Art, No. 2," by Edward W. Rannels, head of the department of Art.

**Thursday, October 8—12:45 to 1:00 p. m.—**(a) "Fall Clean-Up Measure for Insects," by W. A. Price, professor of Entomology; (b) "Fall Planting of Trees and Shrubs," by N. R. Elliott, professor of Landscape Architecture and Floriculture. 1:00 to 1:15 p. m.—The Blue and White Orchestra. 1:15 to 1:30 p. m.—"Geological Journeys in Kentucky, No. 1," by Reid P. Meacham, assistant professor of Geology.

## Dutton-Karraker

Mrs. Verna A. Dutton, Mt. Tabor pike, announces the marriage of her daughter, Mary Elizabeth, to Mr. William Jacob Karraker, Dongola, Ill., Aug. 13, 1931, at Nicholasville.

Mrs. Karraker is a charming young contralto singer, and studied the past year with Robert Veith at the Lexington College of Music. She is a graduate of Sayre College.

Mr. Karraker is a graduate of the university and is now professor of physics at the University of Florida, Gainesville, Fla., where they will reside.

They have many friends to wish them happiness

\* \* \* \* \*

## Marriage Announced

Announcement has been made of the marriage of Miss Alice Lillian Fowler to Mr. Homer Puckett, on Friday afternoon, September 11, at Louisville. The bride is the daughter of Mrs. Lucy Fowler. She was graduated from the university in 1927, and the groom is a graduate of the engineering college in the class of 1904.

The couple will make their home in Louisville.

\* \* \* \* \*

## Miss Kerr and Mr. Carney Married

Mr. and Mrs. W. Graham Kerr, of 368 Transylvania park, announce the marriage of their daughter, Mary Halley, to Mr. William E. Carney, of Chicago, Ill.

Mr. Carney is a junior student at the university and a member of the Alpha Sigma Phi fraternity. Mrs. Carney is a sophomore student at the university and a member of the Alpha Gamma Delta sorority. Both will continue their studies at the university.

\* \* \* \* \*

## Fitch-Shropshire

The marriage of Miss Kathleen Fitch, daughter of Mr. and Mrs. John C. Fitch, to Mr. Laurence K. Shropshire, son of Mrs. James K. Shropshire, was solemnized Monday afternoon at the home of the bride's aunt, Mrs. J. H. O'Rear, and Mr. O'Rear, on Kentucky avenue.

The ceremony was performed by Rev. Roy H. Kleiser, St. Louis, former pastor of Park Methodist church, and was witnessed only by members of the two families and a few intimate friends.

The bride was graduated from the university in June, 1930, and is most attractive and accomplished. While at the university, she was elected queen of the junior prom, one of the highest co-ed honors. She was president of her sorority, Kappa Delta, and was a member of Mortar Board, senior honorary fraternity, and several other campus organizations.

Mr. Shropshire is a member of the reportorial staff of The Lexington Leader. He was also graduated in 1930 from the university, where he was active in student affairs. He is a member of the Delta Tau Delta social fraternity and several honorary groups.

Immediately following the ceremony, Mr. and Mrs. Shropshire left for a short motor trip. The bride wore a suit of brown basket weave with brown suede accessories. Upon their return they will go to housekeeping in the Rutherford apartments on Kalmia avenue.

## Martens-Stone Marriage Held in New York

Miss Vivian Stone and Dr. James Harry Curry Martens, both members of the faculty of West Virginia University, were married at the Cathedral of Saint John the Divine in New York City on June 27. Dean M. H. Gates performed the marriage service in the St. Ambrose chapel. Friends from New London, Conn., New York, and New Jersey were guests at the wedding which was followed by a reception at Butler hall.

Miss Stone, a daughter of Mr. and Mrs. Daniel W. Stone of Marion, Ky., has been a teacher in the home economics department of West Virginia University for the past two years. She received her bachelor of science degree from the University of Kentucky and her master's degree from Columbia university. Before coming to Morgantown she taught in Connecticut schools.

The couple will return to Morgantown and will be at home at 519 Jefferson street on Aug. 1. Dr. Martens will continue his duties on the university faculty.

\* \* \* \* \*

## Page-Farris Wedding Solemnized

The home of Mr. and Mrs. Jesse Farris, of Salem, Ky., was the scene of a quiet wedding when their daughter, Miss Louise Farris, became the bride of Joe Page, of Barlow.

Mr. Page is a graduate from the University of Kentucky and has taught two years in succession at Barlow.

Mr. Page is the oldest son of J. P. Page. He is a graduate of the 1924 class of the Barlow high school and attended Business University, Bowling Green, Ky.

\* \* \* \* \*

## Patch-Burks Wedding

Mr. and Mrs. George Marsh Patch of Oak Park, Ill., announce the marriage of their daughter, Margaret D. Patch, to John Early Burks, Jr., of New York City. The wedding took place in New York on Wednesday, May 20. The bride is a graduate of the University of Wisconsin and a member of the Alpha Phi sorority. The bridegroom is son of Mr. and Mrs. John Early Burks of Cave City, Ky., and is a graduate of the engineer school of the University of Kentucky. Mr. and Mrs. Burks, Jr., sailed May 21 on the Lafayette for a summer abroad. On their return they will make their home in New York City. Mr. and Mrs. John Hafner of Glen Ellyn went east for the wedding and spent some time in New York and Washington before their return. Mrs. Hafner is the former Katherine Patch of Oak Park.

\* \* \* \* \*

## Smith-Fischer

The marriage of Miss Mildred Smith of Montgomery, Ala., daughter of Mr. and Mrs. John Edward Smith, to Samuel Fischer, Jr., son of Mr. and Mrs. Fischer of Hope Hull, took place on Monday, August 3.

Mr. Fischer's parents came to Alabama 12 years ago, and have made imprint in the life of Montgomery county. His family connections are in Kentucky and on both his maternal and paternal sides he is of stock which has taken part in the

patriotic, business and social life of that state. Through his mother, he is descended from the Stuart family, pioneers in Kentucky.

He attended the University of Kentucky and is a member of the Sigma Alpha Epsilon fraternity. He holds a governmental position in Montgomery and he and his bride will reside in this city.

\* \* \* \*

#### Miss Wolfkill and Mr. Wilson Wedded

Announcement has been made of the marriage of Miss Phyllis Wolfkill, daughter of Mrs. Ethel Wolfkill, of North Church street, Waynesboro, to Norris Charles Wilson, son of Mr. and Mrs. Chas. Wilson, of 833 Dewey avenue, Hagerstown.

They were married in Alexandria, Va., on December 12, 1930.

Mrs. Wilson is a graduate of the Waynesboro High School and a popular member of the young set in that city. Mr. Wilson was graduated from the Washington County High School, class of 1925, and also attended the University of Kentucky. He now has a position in the department of agriculture in Frederick.

Mr. and Mrs. Wilson are residing at the home of the bride in Waynesboro, Md.

\* \* \* \*

#### Dunn-Embry Marriage

The wedding of Miss Julia Dunn and Mr. William Simpson Embry took place at 4 o'clock Wednesday afternoon, August 26, at the First Methodist Church in Mayfield.

The bride is the daughter of the late D. A. Dunn and Addie Haynes Dunn, of Smithland. She attended Shorter College and the University of Kentucky, where she was a member of Kappa Delta sorority. For the past three years she has been an instructor in the city schools of Pawhuska, Okla.

Mr. Embry is the son of Mr. and Mrs. R. T. Embry, Lexington. He attended the College of Engineering at the University of Kentucky and is a member of Sigma Chi fraternity. He is now connected with the State Highway Department with headquarters at Murray. Mr. Embry is well known here where he was connected with the highway department for some time.

\* \* \* \*

#### All-Herrmann

Word has been received here of the marriage of Miss Kathryn All, popular daughter of Mr. and Mrs. Harley All of 1705 Garfield avenue, to Otis Fromme Herrmann, son of Mr. and Mrs. Herman E. Herrmann of Lansing, Mich., which took place Sept. 12 in Cincinnati, Ohio. Miss Marjorie Wilson of Terre Haute and Albert Bode of Cincinnati were the attendants.

Mrs. Herrmann attended Oxford College for women at Oxford, Ohio, and was graduated from the University of Kentucky in 1927. She was also graduated from the Cincinnati Professional School of Social Work and for the past year has been with the Associated Charities in Cincinnati as social case worker. She met Mr. Herrmann while in Oxford, Ohio, attending school.

Mr. Herrmann is a graduate of Hughes high school and Miami University in Oxford, Ohio, where he was a member of the Sigma Chi fraternity. He is associated with the Chicago branch of the Columbia mills and is secretary of the National Association of Window Shade Manufacturers.

Mr. and Mrs. Herrmann will make their home in Chicago.

#### Miss Cynthia Andrews Becomes Bride

The marriage of Miss Cynthia Adla Andrews, daughter of Mrs. Mary Andrews of Van Antwerp Road, Schenectady, and Philip H. Schuster, son of Mrs. Ada Schuster of Louisville, Ky., took place Tuesday afternoon at 3 o'clock, at the home of the bride's mother. The ceremony was performed by the Rev. Henry G. Smith, D. D., of the Unitarian Church at Troy.

The bride was graduated from Cornell University in June with an A.B. degree. Mr. Schuster is a graduate of the University of Kentucky, and took graduate work at Cornell where he was an instructor in English. In the fall they will go to Carroll College, Waukeesh, Wis., where Mr. Schuster will be an instructor in English.

\* \* \* \*

#### Young-Rogers

Miss Ruby Rodgers and Mr. John F. Young, Jr., were married at Stanton, Powell county, Kentucky, February 8th, 1931. They were both students in the University of Kentucky at the time of their marriage and no public announcement was made until a few days ago.

\* \* \* \*

#### Johnson-Jennings

The marriage of Miss Lucille Jennings of Lexington and Cynthia to Mr. Martin Johnson of Lexington and Georgetown, was solemnized recently at the Central Christian Church, the Rev. A. W. Fortune officiating. The only attendants were Miss Jennings' sister, Miss Edythe Jennings, and Mr. K. C. Thompson, Jr.

The bride is the daughter of Mr. and Mrs. Willander Jennings, and a graduate of the University of Kentucky.

Mr. Johnson is the son of Mr. and Mrs. Garland Johnson and is a decorator for the Blue Grass Window Display Service at Lexington.

After the ceremony, the bride and bridegroom left for a short motor trip, and on their return will be at home at Clifton Cottage, 321 Clifton avenue.

\* \* \* \*

#### Cowgell-Stephenson

The following is taken from the Owensboro, Ky., Messenger:

Miss Mildred Cowgell and Mr. Ambrose Haley Stephenson, of Winchester, were married at the home of the bride's parents, Mr. and Mrs. C. J. Cowgell, on St. Ann street, at 7:30 o'clock Friday evening.

Mrs. Stephenson is a graduate of the University of Kentucky, Lexington. She is a member of Delta Zeta sorority and was voted the most popular girl in the university one year. She has been a member of the faculty of the Daviess county high school, as well as a popular member of the younger social circles. A number of pre-nuptial affairs have been given in her honor.

Mr. Stephenson is a son of Dr. C. G. Stephenson and Mrs. Stephenson of Winchester. He is a graduate of the University of Kentucky, and is a member of Kappa Sigma fraternity, also of the Scabbard and Blade, an honorary military fraternity. He is engaged in farming near Winchester. The couple, at the conclusion of their wedding trip, will make their home in Winchester.

#### Hamilton-Gess

\* \* \* \*

Mr. and Mrs. Lloyd Logan Hamilton announce the marriage of their daughter, Jane Elizabeth, to Mr. William Bush Gess, on Wednesday, September 2nd, 1931, at Minneapolis, Minn.

The bride, who has unusual charm and beauty, will be welcomed with great pleasure in Lexington where she has spent a great deal of her time with her mother's family and was a student of the University of Kentucky, and member of the Kappa Kappa Gamma sorority.

Mr. Gess is the only child of Mr. and Mrs. Wm. Gess and a young lawyer of prominence; a graduate of the University of Kentucky and one of the most valued and talented of the directors of the public playgrounds of Lexington.

\* \* \* \* \*

#### Miss Hamby, Mr. Glenn Married

News has been received here of the marriage of Miss Camille Hamby to Mr. Martin R. Glenn, both of Dawson Springs. The marriage was solemnized at the All Saints Episcopal church at Great Neck, Long Island, New York, Thursday, August 27.

The bride is a graduate of Hamilton College, where she was a member of Kappa Delta Sigma sorority. She is quite attractive and popular.

Mr. Glenn received his A. B. degree from the University of Kentucky in 1930, and is now a senior in the College of Law. He was prominent in campus activities, being a member of Delta Chi social fraternity, Sigma Delta Chi commercial fraternity, Omicron Delta Kappa, national leadership fraternity, and Phi Alpha Delta, law fraternity.

Both young people have many friends here who will wish them much happiness.

\* \* \* \* \*

#### Hofmann-Mills

The wedding of Miss Florence Marion Hofmann, of Elizabeth, New Jersey, and James Abell Mills, formerly of Lebanon, now of Elizabeth, was solemnized last Saturday morning at ten o'clock at St. Catherine's Church, Hillside. The ceremony was performed by the Rev. Perry J. DeWitt.

Mr. Mills, who is a son of the late Col. Leo Kendrick Mills, of Lebanon, is well known here. He is a graduate of the Lebanon High School and of the University of Kentucky, Lexington, and is a member of the Kappa Sigma and Phi Delta Phi fraternities. He holds a responsible position with the Carrier Engineering Corporation. His bride is a graduate of Jamaica Normal School and has been teaching in New York City. They will make their home at 425 Cherry street, Elizabeth, New Jersey.

\* \* \* \* \*

#### Howard-Jones

Mr. and Mrs. George Turner Howard, Lexington, Ky., have made known the betrothal of their daughter, Miss Virginia Howard, to Clement Russell Jones, Jr., son of Dr. and Mrs. Clement Russell Jones of Beacon street, Pittsburg, Pa. Both Miss Howard and Mr. Jones are graduates of the University of Kentucky. Following their wedding, Mr. Jones and his bride will make their home in Pittsburg.

\* \* \* \* \*

#### Wilder-Kelley

Of interest throughout the south is the announcement made by Mr. and Mrs. J. H. Wilder of the marriage of their daughter, Hattie, to Clarence Lehigh Kelley, the wedding having been an event of August, taking place at the residence of the bride's parents in Talladega, Ala.

Dr. J. M. Thomas, pastor of the First Baptist church, performed the ring ceremony in the presence of only the immediate members of the two families.

The bride and bridegroom left for a motor trip to points of interest in Tennessee and in Georgia,

and upon their return to Talladega they will make their home with Mr. and Mrs. W. H. Lane, where they have taken an apartment.

Mrs. Kelley is the attractive daughter of Mr. and Mrs. J. H. Wilder. She is a graduate of Sullins College, Bristol, Va., and of the University of Kentucky, where she was a popular member of the Chi Omega sorority. For the past few years she has been a teacher in the public schools in Talladega. Mr. Kelley is the son of Mr. and Mrs. T. M. Kelley, of LaGrange, Ga., formerly of Talladega. He is a graduate of Howard College, Birmingham, Ala., and holds the responsible position of local distributor for the Pan-American Petroleum Corporation.

\* \* \* \* \*

Dr. Illma Thorpe, who has just completed her internship at St. Anthony's hospital, Terre Haute, Ind., has returned to Owensboro to become associated with her father, Dr. J. H. Thorpe, eye, ear, nose and throat specialist, in the practice of her profession.

Dr. J. H. Thorpe has been located in Owensboro as a specialist since January 5, 1914. The firm Thorpe & Thorpe will continue to practice in the suite used by Dr. J. H. Thorpe, in the Masonic temple.

Dr. Illma Thorpe graduated from the Owensboro high school in 1918, and from the University of Kentucky, Lexington, in 1922. She was for three years following her graduation a member of the Owensboro high school faculty, teaching biology. During the three years she taught here, she attended Peobody college, Chicago university, and the University of Kentucky, taking summer courses.

\* \* \* \* \*

Vernon D. Rooks, who has been associate editor of the Campbellsville News-Journal, has resigned and assumed his studies at the University of Kentucky. He was succeeded by Wallace McMurray of Lexington.

\* \* \* \* \*

The Kentucky Central Electric Company is at present making a survey from Columbia to Cane Valley, on the Campbellsville pike. They expect in the near future to extend their service to that neighboring town and run their line as far as Coburg.

The survey is being made by S. M. O'Brian and Ed Coleman, of the University of Kentucky, Jesse Hogan and H. E. Herington, students from the university.

People living along this route are very much excited over the prospect of being able to have electricity in their homes with the many advantages it brings.

\* \* \* \* \*

John Ware Todd, son of Dr. John Todd, Newport city health officer, having passed the state board examination and received his certificate to practice, will be connected with the firm of Arthur C. Bobbling & Son, funeral directors, of Bellevue and Ft. Thomas, as embalmer. Todd will be located at the firm's new funeral home in Ft. Thomas.

Todd was graduated from the Cincinnati Embalming College last June. He received his earlier education in the Newport public schools and after graduating from Newport high school he attended the University of Kentucky. He is a member of the Sigma Nu fraternity.

\* \* \* \* \*

Miss Marian Gilbert Lavin, teacher in the Paris Junior High School for the past two years, will on

September 2 begin her duties in the Paris Senior High School as head of the department of Latin.

Miss Lavin is one of the best trained Latin teachers in Kentucky. She received her first training in the Paris High School under the direction of Miss Elizabeth Roff. After graduating from high school Miss Lavin continued her study of Latin at Nazareth College for two years where she had very superior advantages in this field. Miss Lavin then entered the University of Kentucky for her last two years of college work. Here she had two more full years of college Latin under the direction of Prof. T. T. Jones, Ph. D. of Harvard University, one of America's leading classical scholars.

After graduating from the University of Kentucky and beginning her teaching duties in the Paris Junior High School in the department of Latin, Miss Lavin began her post graduate work in Latin at the University of Michigan, Ann Arbor, Michigan, and in September of this year she will have completed a large part of the requirements for the master of arts degree in the field of classical languages.

#### Kindergarten at Fortville

Fortville, Aug. 21.—Mrs. Cecil Blaydes will conduct a kindergarten this winter for children between the ages of four and six at her home on First street, south, starting Sept. 8. Mrs. Blaydes is a graduate of the University of Kentucky and a kindergarten school in the East. Pupils are being enrolled.

#### New Home "Ec" Teacher

Miss Vivian Tabbs Smith, of Paris, has been elected home economics instructor at Mt. Sterling High School. She received a bachelor of science degree in home economics in the class of 1931 at the University of Kentucky. While in the university she took an active part in Phi Upsilon Omicron, honorary home economics fraternity, also Alpha Delta Theta, social sorority, and the "Home Ec" Club.

#### Rose Signed as Assistant Coach

Conrad Rose, star University of Kentucky lineman, has been signed to assist Carey Spicer in football at Georgetown this fall according to announcement made by Athletic Director W. G. Nash.

#### Made Social Director

Miss Llewellyn Jones, graduate of the 1927 class of the University of Kentucky, is now director of social activities at the Stevens hotel in Chicago. Miss Jones was graduated from the university with honors.

At a recent meeting of the Clark County Board of Education, Elizabeth Spears of Winchester, was elected teacher of home economics at Clark County High School. Miss Spears graduated from the home economics department of the University of Kentucky last February.

Miss Alleen Lemons, accomplished daughter of Mr. and Mrs. Walter Lemons of Cynthiana, left recently for Murray, Ky., having been chosen as a member of the faculty of Murray Teachers College for the summer term and for the regular session opening in September. She will teach mathematics. For the past two years Miss Lemons has been instructor of mathematics in the University

of Kentucky and has been doing work on her masters of arts degree which was awarded her at the commencement exercises last June.

#### U. K. Grad Gets Post

Word has been received from Duke University, North Carolina, of the appointment of Nolan E. Rice, Bellevue, as an instructor in the department of zoology. Rice received his bachelor's degree from the University of Kentucky at the commencement exercises June 5. He is expected to assume his duties at the Durham, N. C., school at the beginning of the fall semester. During the past year Rice has been an assistant in the zoology department at the university. He is a member of Pi Sigma Epsilon, honorary zoology fraternity, and has been active in campus affairs.

#### Accepts Position in New York

Mr. David Horace Clift, son of Circuit Clerk Mrs. Mary Clift and Mr. Charles Clift has accepted a position in the Public Library in New York City.

Mr. Clift is a graduate of the University of Kentucky and Columbia University.

#### Accepts Position in Road Dept. of Missouri

William Sauer, Jr., Paris, son of Mr. and Mrs. William Sauer of Airy avenue, has gone to Jefferson City, Mo., where he has accepted a position as civil engineer with the state highway department. Mr. Sauer is one of Bourbon's most promising young men, having graduated from the Paris high school in the class of '27, and only recently received his degree from the engineering department at the University of Kentucky.

#### George Ragland Takes Position in Chicago

George Ragland, Jr., son of Dr. and Mrs. George Ragland, has become associated with the firm of Cutting, Moore and Sidley, Chicago corporation lawyers. The firm is one of the oldest in that city. Mr. Ragland recently visited his parents here before taking up his duties in Chicago. Mr. Ragland, after graduating from the University of Kentucky, taught in the law college there and later at the University of Michigan, Ann Arbor, where he did post graduate work.

#### Brady Stewart Will Head Pi Omicron Sorority

Brady M. Stewart, attorney, is to be the leader of Epsilon Chapter of Pi Omicron Sorority now being organized in Paducah. The chapter will be a unit of the National University Guild, which includes chapters in over four hundred cities with a membership of more than 45,000 intelligent and progressive women in business and society, women who realize that "education never ends", and that if they would retain that mental alertness that compels success in every path of life, they must never cease to study and improve mentally. The members of the sorority realize that the drawing together of women in whatever field for cultural social and economical development, through the chapter groups, is a pioneer effort toward unifying feminine interest and activity.

Mr. Stewart, as leader, will supplement the selected reading material with explanatory talks and will conduct the round-table discussions. There will also be reviews of modern books and current events.

Mr. Stewart possesses Ll. B. and A. B. degrees from the University of Kentucky; attended the University of Montpelier in France, attended Har-

vard University, taking special courses in Economics and political science; served as vice-president and chairman of finance of the Paducah Board of Education from 1925 to 1930; and has practiced law here since 1923.

\* \* \* \*

Robert D. Warth, class of '20, of Lagrange, Ill., visited at the office in July.

\* \* \* \*

E. E. Pittman of Elizabethtown, Ky., called at the Alumni office during August. Mr. Pittman made several days stay in Lexington and spent much of his time viewing the university and its many recent improvements. Many alumni will remember him as a graduate of the class of 1915.

\* \* \* \*

Miss Sally Hollingsworth, ex, is principal of Binghampton School at Middlesboro, Ky.

Miss Marie Howard, '30, and Miss Virginia Wardrup, ex-'31, are teaching school at Middlesboro, Kentucky.

\* \* \* \*

Mr. Bob Mitchell, ex-'21, has moved to Louisville, Ky., where he will be in the paint business.

\* \* \* \*

A card received in the Alumni office states that Dr. Elizabeth Farra, '16, is enjoying her vacation in the lovely Kashmiri Valley of India where she is a medical missionary.

\* \* \* \*

Among the graduates from the University of Kentucky on June 5 was Louis Friedman, Winchester, who received the degree of bachelor of science in music. Mr. Friedman is an able violinist and for the past year has been in charge of the "Violin Romances" program radiocast each week from the university studios of WHAS, Louisville. He has also directed the Danville City schools band. That group won first place in the Class D band contest held at the university in April.

Mr. Friedman has accepted a position as head of the orchestra work in the preparatory school of Eastern State Teachers College and began to function in that capacity in September.

\* \* \* \*

Mrs. Maud M. Briggs, of the Paris City schools faculty, will on September 8, begin her duties in the Paris Junior High School as head of the department of Latin and French. Mrs. Briggs is one of the most successful and best trained teachers the Paris City schools have ever had. She is a graduate of Logan College for Women, Russellville, Ky., one of the best junior colleges in the South in its day. After graduating from Logan College, Mrs. Briggs took up her work at the University of Kentucky, where she was graduated with high distinction on account of the scholarly type of work she did.

During all of Mrs. Briggs' college work her major interest was in the field of languages, especially English, French and Latin.

\* \* \* \*

Mr. and Mrs. Delos Nooe, of Denton, Texas, visited here recently. Mr. Nooe, who spent his boyhood in Versailles, and who graduated from the University of Kentucky, is teacher of journalism in the University of Texas. His attractive wife was formerly Miss Mary Frances Johnson, of Frankfort.

\* \* \* \*

Earl King Senff, son of G. B. Semff, editor of the Sentinel-Democrat, and Mrs. Senff, a graduate of the University of Kentucky this past June, has

accepted a position as teacher in the high school at Matewan, W. Va., and has entered upon his duties.

## TENTATIVE PROGRAM OF THE ALUMNI ASSOCIATION FOR 1931-32

The following program has been arranged by the Executive Committee of the University of Kentucky Alumni Association. L. K. Frankel, president of the Association, gave the editor this brief form for publication.

1. Issue at least three letters to the graduates of the university in an effort to stimulate their interest in the Association and in the university.

2. Make concentrated effort to increase the paid membership of the Association at least 25 per cent during the coming year.

3. Endeavor to increase the activity and interest in the Alumni Clubs by having them hold more frequent meetings with programs suggested by the Alumni office.

4. Increase the number of active Alumni Clubs over the country.

5. Start an educational campaign in the State of Kentucky by issuing letters and pamphlets setting forth the great work that the university is doing for the state. It is the intention that this educational matter be sent to all newspapers, alumni, state representatives, senators, and to prominent business and professional men throughout the state, hoping thereby to obtain the sympathy and cooperation of the citizens of Kentucky for their university.

6. To assist the president in his legislative program by having an active legislative committee of Alumni.

7. It is the intention to have the Alumni secretary (as far as our funds will permit) to visit at least once a year every Alumni club in the state, and to visit such localities where it is possible to organize new clubs.

8. We hope to make the "Alumnus" so popular that all graduates will look forward with anticipated pleasure to the receipt of each copy.

9. Lastly, we intend that all of our efforts be in perfect cooperation with the plans of President McVey and for the good of the University of Kentucky.

## RECORD ENROLLMENT AT UNIVERSITY OF KENTUCKY

Despite the widespread depression throughout the country and the world, the enrollment of students at the university this semester broke all records in the history of the institution. When the university closed its doors for the semester, 3,230 students had matriculated, an increase of 30 over the total recorded on the final date last year.

The enrollment at the university, which was expected to show a slight decrease from the record enrollment of 1930, continued to mount each day since the regular registration period and increased materially on the last day. With a marked rise in the number of upperclassmen and graduate students enrolled, the university more than made up for a deficiency of approximately 200 in the freshman class.

---

# UNIVERSITY OF KENTUCKY PUBLICATIONS

---

From time to time the university publishes little bits of information on this or that subject and though all alumni may not be interested in every paper, bulletin and article, there are individual ones that are of great interest to us.

The university publications are divided into three groups, namely: periodicals, general university bulletins, and those dealing with research. In some one of these groups you are surely interested, and we are publishing a list herewith so that you may write to the university for any articles you may be interested in.—Editor's Note.

## 1. Periodicals

Kentucky Law Journal, published quarterly by the College of Law. Frank Randall, faculty editor.

Kentucky Alumnus, published monthly except July and August. James Shropshire, editor and manager.

Letters, published quarterly by the University of Kentucky. E. F. Farquhar, editor.

The Kentucky Kernel, published twice a week by the students of the University of Kentucky. Virginia Dougherty, editor.

The Kentuckian, published annually by the students of the University of Kentucky. Rex Allison, editor.

## 2. General University Bulletins

University catalog and other general university bulletins.

Bulletin of the University of Kentucky College of Law.

Bulletin of the University of Kentucky College of Commerce.

Bulletin of the University of Kentucky Graduate School.

Bulletin of the University of Kentucky Summer School.

College of Agriculture Publications:  
Experiment Station Bulletins, series 150 to 313.

Extension Circulars, series 48 to 243.

University Extension Series of bulletins, published monthly by the University Extension Department.

Report of the Auditing Committee for Student Activities.

Biennial Report of the Legislature.

Report of the President to the Board of Trustees, (1930).

Research Bulletin.

## 3. Research Publications

College of Education, Bureau of School Service:

A Survey of the Public Schools of Shelbyville, Kentucky.

Some Aspects of Current Efforts to Improve College Instruction.

Proceedings of the Fifth Annual Education Conference, Lexington.

Measurements of College Excellence.

The Type of High School Curriculum which gives the Best Preparation for College.

Proceedings of the Sixth Annual Education Conference, University of Kentucky.

State High School Standardization.

Two Methods of Administering Two Standardized Intelligence Tests.

A Method of Determining the Relationship Between Types of Farming, Content in Vocational Agriculture and the Technical Training of Teachers of Agriculture.

College of Commerce, Bureau of Business Research:

Taxation of Intangibles in Kentucky.

The Inheritance Tax in Kentucky.

Department of Archaeology and Anthropology:

Reports on Archaeology and Anthropology.

Williams Site in Christian County, Kentucky.

So-called "Ash Caves" in Lee County.

Rock Shelters of Wolfe and Powell Counties.

Department of Hygiene and Public Health:

Medical Service in Kentucky (Studies in Medical Service No. 1).

# The Painless Operation

written for TIME by  
Miss Catherine P. Harris  
Junior League of Boston.

... High up under the dome of Boston's Massachusetts General Hospital, far removed from the wards so that the screams of sufferers under the knife will not horrify the ward patients, is the Hospital's famed operating amphitheatre. Many a medical student reads the operations he is privileged to watch, frequently faints. But one day last week Dr. John C. Warren, Boston surgeon, led a group of surgeons and students (class of 1847) up the long stairs, eager, hurrying.

For there beckoned an interesting experiment—surgery without pain. Dr. William Thomas Green Morton, 27-year old Boston dentist, thought it possible, had experimented to that end with ether, a volatile, pungent chemical compound capable of producing insensibility. He had tried it on animals, on himself, then on his patients while extracting the roots of decayed teeth. Finally he had obtained permission from Dr. Warren to let him test his drug before an audience. One Gilbert Abbott, with a tumor in his neck, was to be the first trial.

At 11 a.m. the last privileged student hurried into the amphitheatre. Experimentee Abbott, fidgeting on the operating-table, looked anxiously at the clock. The usual talk ceased, sudden silence prevailed as the minute-hand crawled past the hour, and Dr. Morton did not appear. "He and his anesthetic! Humbug! No doubt!" mumbled a doctor. It became five minutes past eleven, ten, then a quarter after. The patient stirred uneasily, Dr. Warren selected an instrument, advanced to the table—useless to delay proceedings any longer. As his knife poised for the incision, Dr. Morton, breathless, apologetic, rushed in. He held in one hand a curious globe-and-tube apparatus.

In eager concentration, tensely expectant, the waiting group of surgeons and students watched while the newcomer—a charlatan perhaps, a genius possibly—adjusted his peculiar inhaling apparatus to the patient's mouth and with tense composure administered

his anesthetic. Veiled skepticism revealed itself when the patient reacted suddenly in wild exhilaration, but this exuberance subsided, relaxation took its place, then unconsciousness. Skepticism was routed, amazement paramount. Said Dentist Morton to Surgeon Warren: "Your patient is ready."

Dr. Warren began to operate, proceeded quickly, in five minutes had finished. From the patient came no cry of pain, no agony of distress, only slight movements, mumbled words as from one who stirs on the borderland of sleep . . . .

"This, gentlemen," exclaimed Surgeon Warren, "is no humbug."

Awake, Gilbert Abbott said, "I felt no pain."

So, in part, had TIME been published in October, 1846, would TIME have reported the first public demonstration of ether as a surgical anesthetic. So, too, would TIME have reported how one Dr. Crawford Williamson Long, of Georgia, came forward later saying that he had used ether four years previous, had given it up as impractical . . . . So, too, would TIME have reported the bitter persecution that came to Dentist Morton when he patented his discovery as "Letheon"; the seizure of "Letheon" by the U. S. Government for its own uses; the claims of Dr. Charles T. Jackson, the Boston chemist from whom Dentist Morton had obtained his ether; the division of the Paris Academy of Medicine's 5,000 franc Monthyon Prize for 1852 between these two, with Morton proudly refusing his share; the long Congressional investigations resulting in nothing, and Dentist Morton's death in poverty in 1865.

Cultivated Americans, impatient with cheap sensationalism and windy bias, turn increasingly to publications edited in the historical spirit. These publications, fair-dealing, vigorously impartial, devote themselves to the public weal in the sense that they report what they see, serve no masters, fear no groups.
