

WISCONSIN STEEL COMPANY

HARVESTER BUILDING
606 SOUTH MICHIGAN AVENUE

CHICAGO December 31, 1918.

Mr. F. B. Dunbar, Sup't,
Benham.

Dear Sir:

We would like to have you furnish us as soon as possible a complete report as to the condition of our property which is leased to the Looney Creek Coal Company, both as regards the condition of the property and the way they are mining, and also indicate if they are taking out the full tonnage of coal without any waste. This matter has been called to your attention many times, and we have understood right along that it was taken care of satisfactorily, but as we are now closing another year and making general reports to our superiors, it is very necessary that we get a very complete report as to this property, and I wish that you would please arrange to let us have same as soon as possible, and be sure that you give full details. You have a copy of the lease and know the full requirements as to leasee.

Yours very truly,

WISCONSIN STEEL COMPANY,

BY 
Vice President.
