Wisconsin Steel Company,  
Benham, Kentucky.

Dear Sir:

-For Mr. Galbreath-

POWER HOUSE IMPROVEMENT  
PIPING, FITTINGS, VALVES, ETC.,  
INSTALLATION OF SAME

Please advise us definitely at this time whether or not your local men (Mr. Gregory and his force) will be able to make the piping installation- Everything has been so carefully and specifically detailed in advance that the job practically amounts to putting in place and bolting up. We see no reason why you should not undertake this work yourselves and put it through as promptly as may be needed.

Whether or not you will find time available from other work is another question, but we trust you will be able to take care of that and relieve us of having to send a special pipe installation man.

Very truly yours,

Copy to-  
Mr. C. R. McDonald
