Jack McNeal Most Valuable

Jack McNeal, College of Commerce senior from Ashland, has been honored by designation as the "most valuable" member during the school year of Delta Epsilon chapter of Delta Tau Delta fraternity.

A former officer in the Army Air Forces, pilot of a C-47 in the Pacific theater during the war, McNeal was selected for the honor in voting by other Delta active, and announcement of the fact was made at Delta Epsilon chapter held its annual Founders' Day banquet last Saturday night at the Lafayette hotel.

Louisville alumni of Delta Tau Delta many years ago presented to the local chapter a bronze plaque on which is inscribed each year the name of the member chosen as the one who has contributed the most to the Delta's success and standing on the campus.

McNeal, president of Delta Epsilon for a year before entering military service, returned to the University last fall and will be graduated in June. He has been the chapter's vice president and social chairman during the past year.

Also on the program at the Founders' Day banquet, observed the installation of Delta Epsilon chapter on the U.K. campus on May 10, 1944, was a tribute to the memory of the late Dean C. R. Melcher, dean of men and president of the German department for many years prior to his retirement in 1933, who was a member of Delta Tau Delta for 60 years. In his will Dean Melcher left his jeweled belt badge to be worn by its presidents during their term in office.

Speakers at the banquet included High Shields of Indianapolis, executive vice president of the fraternity; and Col. Albert DeCoursey of Fort Sam Houston, Texas, a charter member of Delta Epsilon chapter.

Robert J. O'Brien, Lexington attorney, served as toastmaster, and others on the program included President William S. Spawbill, both of Fort Knox; William Fischbach, Howard Fischbach Jr., and Morris Fox, all of Cincinnati; Ray Hays, Peoria, Ill.; Cameron Coffman, Fort Thomas, and Art Bryson, Ashland.

'Joan Of Lorraine'

Continued from page One that of Mary.

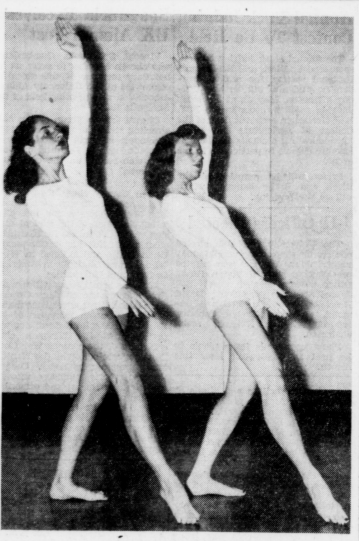

William Hess was probably the outstanding comedian of the show. As a well meaning monarch, weak and without a mind of his own, Hess is convincing as the Dauphin.

The roof of the theater nearly folds under the laughter of the audience at that moment when Kent Hollingsworth, as Jean D'Arc, leaps to a bench to demonstrate with the changing voice and the gesticulations of an adolescent the manner which he would express himself to the English and the Burgundians if he were in charge of the French armies.

Mill's Portrayal Outstanding One minor criticism of this particular performance is that Hollingsworth's squealing voice is just a trifle too high at times to be heard any distance from the stage.

Edmund Mills' portrayal of an archbishop is outstanding. All members of the cast are to be commended for their parts in this production. Also worthy of special mention are Douglas Hancock, who played the Bastard of Orleans, and James Sherburne, whose interpretation of the role of the Bishop of Beauvais was flawless.

Directory Addition Now Available
Supplements to the 1946 student directories are now available and will be distributed to all fraternity and sorority houses and dormitories. Additional copies will be placed in the offices of the various colleges and in the Student Union building.

Freshman Art Work Now On Display

The quantity and quality of first year student art production are on display in the current exhibition of the gallery of the Art department. Nearly a hundred student artists are represented in the selected display of over 300 finished works.

Professor Raymond Barnhart, under whose guidance the student artists created the pieces, stated that the wide area of work indicates the maturity of students can range.

Lettering problems, layout, posters, drawings in ink, pencil, pen, and crayon, color design, paper sculpture, and experimental work with a variety of materials are all a part of the massed display.

The exhibition will continue until the first summer term.

Cape Cod's now-famous cranberry industry dates from 1816, when one Henry Hall became the first successful cranberry grower.

Featuring Today —
Fair' Football Forecast For Forty-seven Intramural Insurance Not New Plan

After watching Coach Bryant's squad perform in both intrasquad games, we're certain of one thing: come next fall, that is that Kentucky will play ten football games. The Wildcats may not win them all and we don't believe there are many who expect the Kentuckians to go undefeated in their second "Bearsy" year.

If one was to use the two games as an indication of what to expect this fall, then they would conclude that the veterans on the squad could work together and beat any freshman team they meet, and that, against the kind of competition the Cats will be meeting they should be a fair match.

The line at this early stage appears strong with sufficient reserve strength to support the first string. However, football teams must be built in advance if they are going to be winning outfits. And when we consider that at least three top tackles, a couple of guards and ends and one center are playing their best season of college ball, then the line may be greater this year, but it'll take a lot of freshmen to fill the vacancies for coming seasons.

As for the backfield there is plenty of running, passing and kicking potential making it up. But there's always one, two or three good backs on the bench nursing injuries, and thus the striking power is always hampered. Coach Bryant seems to have adequate man power for the half back and full back spots. However, the quarterback position does not seem to be overcrowded with experienced players.

With the T formation, the quarterback is unquestionably the key man as the ball passes through his position on almost every play. It takes a quick thinking, fast moving man who is adept at calling the right play at the right time to make the T click. All this plus game knowledge which comes only from experience.

Thus an injury or two in this key position could seriously cripple even a successful team. Therefore you can safely bet that if there is an outstanding quarterback lurking unnoticed in some nook or corner, that he'll be enrolled in school before the summer sessions begin.

However, all is not gloomy. Coach Ray Ellis of Georgia Tech, whom we don't play, was Coach Bryant's guest at last Friday's game. The two sat in the press box to the very end, commenting on every play and commenting on what each player did wrong.

After the game, in a brief chat we asked him what he thought of the game. The small Yellow Jacket coach smiled and said, "They're okay, okay. It looks like K-Y all the way." When asked who he liked on the team, he immediately listed Lee Truman, Jim Barnett, and "Dopey" Phelps.

From the line which should be as good as any in the conference, Ellis named Jay Rhodemyer and Leo Yarusis as tops on anybody's squad.

And while we can't agree with Coach Ellis that he'll be K-Y all the

way, we will say that at the moment it looks as if the Wildcats will have a fair team next season, and 80% is usually considered fair.

Three weeks ago this column was asked by friends of the boxer injured in the intramural tournament, if there was something we could do about starting a drive to establish a fund of some sort to protect participants in the future. They were not asking for help in their own case, but were definitely interested in there being some sort of aid available in the event that another of these odd accidents should happen.

We agreed with them that something should be done for the future protection of contestants, and were ready to go to bat for this and also to see what could be done about the present case. It occurred to us that a small admission might be charged for the semi finals and finals in the softball tournament, with all proceeds going to help meet the tremendous hospital bills being incurred. Either this or some other way of obtaining funds to pay part of the bills, which the injured player in the present case, it occurs to us, should have to foot.

However, on discussing the situation with the Intramural Director, he said that the committee had considered for the sake of the injured lad's personal feelings, it was explained.

Five Men To Represent UK In Southeastern Track Meet

By Winfield Leathers

With an abbreviated squad of five cinder-burners and weight losers, Coach Phil Hudson and his Kentucky track team left Lexington late last night for the Birmingham, Ala., Athletic club, where they will meet during their attempt to pick up points in the Southeastern Conference meet being held in that city this week.

In this 15th annual meet, Georgia Tech's Yellow Jackets, who won the cinder carnival of '44, and '45, are rated slight favorites over the team from LSU, who have won the meet 11 times in the previous 14 meets and finished second this year. Coach Bryant in the other three years.

Kentucky's fleet-footed and strong-legged men and their specialties are footballer Johnny McHale, who has broadjumped his way over a span of 21 feet 8 1/2 inches, and Don "Dopey" Phelps, whose flying toes have brought him to the top of the list in the other three years. Other Wildcats with the needed lubricated ankles and knees are Tony Dallas, high and low hurdler, who has never officially beaten the star and leader of the Kentucky parade, Jim Weber, in these events. Weber is also slated for arm duty in the discus throw and the shot put. His right hand is 17 feet 7 inches in the discus heave and 43 feet 10 inches in the shot put toss. Softball Record

Darrell Carder, Phil Kappa Tau pitcher, has already amassed a record in the intramural softball tournament that will be hard to top and round-robin play isn't even over yet. The underarm flinger has hurled five straight shut outs, the last two being the no-hit type.

In the last two games, a 1-0 victory over Dorn II, and a 3-0 win over Triangles, 31 batsmen have faced the mound king and only one has advanced as far as first. He received the trip free, courtesy a walk.

The Phil Tans have racked up 34 runs to their opponents none in the five tilts, while Carder has given up only six hits, these to the SAE's, ATO's, and LXA's.

We were told that already the fraternities were working on a plan to help in this case, and that the possibility of group insurance to cover the intramural players—similar to that taken out on the football and basketball teams—was being investigated.

Up to press time the Intramural Director was out of town on business and thus unavailable for a statement. It was learned, however, that the committee headed by Professor C. C. Carpenter of the Commerce College, was still awaiting further information about the insurance.

Thus neither the idea of some future protection of intramural players against injury nor the possibility of obtaining group insurance to cover the sports is just new material for talk. Instead it is a definite attempt to take another step in the right direction, and has been under consideration for about a month. Here's hoping for speedy success.

Voils Take Two Games

Down in Knoxville Friday and Saturday, Kentucky was defeated by the strong UT Volunteers, losing the first game 12-0 and the second, 3-2. The two victories for Tennessee boosted their winning streak to eight straight and the Voils have now won nine in the last 11 tries. For UK, it was losses number six and seven as against two wins. In the Friday contest, the Cats' pitching led to the downfall. Chambers and Allen were very wild and UT nudged over six runs in the first two innings and went on to score six more while McDonald, Vol hurler, was setting the UK swingers down with only two runs and seven hits.

On Saturday, Kentucky came back and gave the Orangemen a tough game, losing 3-2. Cliff Barker pitched

Cat Nine Plays Vandy Twin-Bill Tomorrow

Coach Harry Lancaster and his baseball crew will attempt to climb out of the SEC cellar when they tangle with the Vanderbilt Commodores Saturday afternoon in a double-header to be played at Legion Park.

If the UK Cats win both games of the twin-bill, they could move ahead of Florida and Vandy into the SEC baseball standings. At present, Kentucky has won one and lost three against conference opponents; the record for the season thus far is two wins against eight losses.

The diamond athletes elected John Stough, shortstop, as captain for the team. Outfield Tom Tabb and Cliff Barker are the team's leading hitters—both have batting averages around the 400 mark. Two weeks ago against Vandy, Barker collected four hits in eight attempts in the two game series played in Nashville.

The team was given a much-needed shot-in-the-arm this week when several footballers joined the Lancaster-led squad. Of the half-dozen new men, five of them are pitchers. They are Wallace Jones, Jim Babb, Dick Henley, Roy Ford and Don Ridge. Alan Hamilton, outfielder, will join the squad if his injured knee permits.

Harry Lancaster said that Cliff Barker would hurl the first game Saturday and Wah Wah Jones in the nightcap. The probable line-ups for the Saturday tilts are:

KENTUCKY: Rollins, cp; Tabb, lf; Ford, 2b; Barker, 3b; Stough, ss; Thomas, c; Smith, rf; A. Cummins, 1b; Daniels, lb.

VANDERBILT: May, ss; Lindsay, cp; Hamilton, 2b; Stephens, c; Couch, 1b; Hill, lf; Rosen, c; J. F. Moore, rf; Williams, 3b.

Three-hour battle, but five errors eventually proved too much to overcome, two of the subscribers coming in the fatal twelfth frame.

Score by innings:
UC 101 200 000 001-6 12 2
UK 000 401 000 000-5 12 5

Batteries: Chambers and Buttermann; Huber, Wicke, Heine, and Schoenoff.

UC Trims Cats, 6-5

Wildcat pitcher, Bill Chambers, suffered his third loss as against one win when the UK defense fell apart in the last of the 12th inning and presented the UC Bearsat nine its second victory over the Wildcats this season, 6-5, in a game played in Cincinnati.

Another Record

The Sig Eps' pitcher, Gene McMurray, claims the second best pitching record for the present intramural softball tournament. His boasts are based on two successive no-hit shut outs during which he has struck out 26 batters and walked only two.

Stopping the KA's and the Delta Chis in order without a hit, the right hander has hurled them across the plate to 32 men, and only four have had to be thrown out at first.

Strong Notre Dame Netters Squelch Wildcats 9-0 There

By Kent Hollingsworth

The UK tennis team went all the way to South Bend, Indiana, last Saturday to be swamped by a powerful Notre Dame sextet, 9 to 0.

The Wildcat netmen eased their rackets out of their presses and swung them in the air for a little while, got a good look at the marvelous Notre Dame courts and tennis players, and came home. Not one Kentuckian sneaked by with more than one game, all going down by scores of 6-0 or 6-1.

Danny Dickerson, Kentucky's number one man, unsuspectingly stepped on the same court with a

boy named Every; the National Indoor Champion of 1941, Tommy Asbury, number two man on the Kentucky team, played the brother of the Irish star, who could play the number one match with no noticeable change in effectiveness. Juan Balzola, UK's number five, was pitted against the boy that played the number one match last year.

After a good long practice session Monday to prepare the boys for the University of Cincinnati match scheduled for Tuesday, it rained all day and forced the cancellation of what was expected to be an evenly contested match.
