

Minutes of the Faculty of the University - October 21, 1942

At the request of the President, Dean Graham reported on the policies that may prevail after the amendment of the Selective Service Act to cover 18 and 19 year old men. Dean Graham pointed out that there was as yet no definite assurance as to what the policies would be. He outlined, however, the general trend of thought in Washington, particularly as it bears on the place of the institutions of higher learning in the preparation of these young men for military service. Following Dean Graham's statement, President Donovan emphasized that all should adopt the attitude that the University of Kentucky and other institutions of higher learning can and probably will be radically transformed in terms of their programs of study.

Dean Evans requested advice concerning a problem which has arisen in the College of Law as a result of the change from the semester system to the quarter plan. The problem involved a student who, for example, had completed five of the six semesters of residence formerly required for graduation from the Law College, and who now must of necessity finish in either one quarter or one quarter and a fractional part of another. Dean Evans and the Dean of the University were requested to study this problem and report to the Faculty.

On recommendation of Dean Boyd, the petition of Oscar Sellers was approved. Mr. Sellers was asking to complete the last 13 quarter hours required for graduation by correspondence. Mr. Sellers is now in military service.

MINUTES OF THE FACULTY OF THE UNIVERSITY
November 4, 1942

The Faculty of the University met in the President's Office November 4, 1942. President Donovan presided. Members present were Paul P. Boyd, Thomas P. Cooper, Alvin E. Evans, W. D. Funkhouser, J. H. Graham, Frank D. Peterson, Edward Wiest, and Leo M. Chamberlain.

The minutes of the meeting of October 21 were read and approved.

Referring to his request at a previous meeting for nominations for the Advisory Athletics Council, President Donovan indicated that an analysis had been made of the distribution of representation on this committee among the various colleges, and that this analysis revealed that the College of Agriculture and Home Economics had not had representation during the last five years. He indicated therefore that he was appointing Professor L. J. Horlacher to membership on the Advisory Athletics Council, and that Professor D. V. Terrell was being reappointed for a one-year term only.

The Dean of the University presented for the information of the Faculty the proposed standing committees for the year and asked for any suggestions that various deans might care to make.

The Faculty approved a request from Dr. Capurso, Executive Director of the Department of Music, that the students who will participate in the Convocation on December 11 be given permission to be absent from classes during the second hour, in order to make necessary preparations for this program.

The Faculty also approved a second request from the Department of Music, asking that the University Band be allowed to make the traditional trip to Knoxville on November 21. It was understood that the Band would leave Lexington Friday morning, November 20, and return Sunday morning, November 22. It was pointed out that the roster of the Band for this trip would include only students eligible under the University's rules governing participation in extra-curricular activities.

The Faculty approved a request from the student representatives of the Y.M.C.A. who sought Faculty endorsement of a drive among University students to raise funds for the World Student Service Funds. The primary function of this organization is to aid college students in all parts of the world, particularly those who are prisoners or evacuees. Last year over \$800 was raised from individual student donations.

The Faculty also approved the regular Y.M.C.A. solicitation of students made annually at the registration for the second semester. This solicitation, which goes to the support of the University Y.M.C.A., will be made this year at the beginning of the winter quarter.

The Faculty voted to limit the Thanksgiving recess for 1942 to Thanksgiving Day, Thursday, November 26, with classes to be held as usual on Friday and Saturday, November 27 and 28. This change in the calendar was made after careful consideration of the responsibility of the institution for aiding in the solution of the transportation problem. In changing the Thanksgiving holiday, the Faculty recognized the necessity for some adjustment in the Christmas holidays, both in the light of the Thanksgiving change and in terms of giving still further support to the Government's efforts to reduce holiday travel, particularly at week ends. The Faculty voted that the President of the University appoint a committee, which would include representatives from both the staff and the student body, to make recommendations to the Faculty regarding the additional changes that should be made in the calendar.

The following report from the Rules Committee was submitted to the Faculty and approved:

The Rules Committee on October 7 voted to recommend to the Faculty the following changes and restatements affecting the rules on probation and classification:

1. Definition of Standing. Change the statement on page 9 of the September, 1942, Rules of the Faculty of the University, to read as follows:

Minutes of the Faculty of the University - November 4, 1942

The standing of a student is defined as the ratio of his total number of points to his total number of quarter hours. Advanced credit will not be counted in computing the student's standing for graduation. For purposes other than graduation and classification, standing is understood to be the ratio of the number of points gained to the number of quarter hours attempted.

2. Classification. Change statement on classification, first paragraph, as given on page 10 of the September, 1942, Rules, as follows:

A student in any college except Law shall be classified as a sophomore, junior, or senior, when he has within 10 quarter hours of the normal requirement as defined in the Section under "Probation", and a standing of 1. However, no student may be classified as a sophomore until he has had college residence of at least three quarters, nor as a junior until he has had college residence of at least five quarters.

(The succeeding paragraph on classification in the College of Law remains unchanged).

It was suggested that these changes in the rules of the Faculty of the University and any other additions or interpretations that are not included in the planographed copies, be mimeographed and distributed as supplements to the Rules of the Faculty of the University.

Following approval of the report of the Rules Committee, the Faculty approved the minutes of August 18, with the understanding that a note would be inserted, indicating that the action of that date governing standing and classification has been amended by the action of November 4.

The following new courses, recommended by the College of Arts and Sciences, were approved:

Military Science 2a,b. First Year Basic course for Signal Corps ROTC, 2 quarter hours a quarter, 4 days a week.

M.S. 2a - Introduction to Signal Corps work, including courses in Wire Communication: Material, Wire Communication: Field Wire Systems, and Leadership. Four hours a week.

M.S. 2b. - A Signal Corps course covering Equipment, Clothing, and Tent Pitching; Orientation; National Defense Act and the ROTC; Obligations of Citizenship; Military History and Policy; Military Discipline, Courtesies, and Customs of the Service; Military Sanitation and First Aid; and Leadership. Four hours per week.

The following course changes, recommended by the faculty of the College of Arts and Sciences were approved: (These changes had previously been approved by the Faculty of the University, subject to approval by the faculty of the College of Arts and Sciences):

Zoology 108c - Principles of Zoology - Dropped.

The Dean of the University presented for the information of the Faculty the proposed standing committees for the year and asked for any suggestions that various deans might care to make.

Minutes of the Faculty of the University - November 4, 1942

Zoology 108a,b - Principles of Zoology - changed from 2 quarter hours to 3 quarter hours each.

Anth. & Arch. 101, Principles of Anthropology; Anth. & Arch. 105, Ethnology of the Old World; Anth. & Arch. 106, Ethnology of Europe; and Anth. & Arch. 107, Ethnology of the New World - changed from 2 quarter hours to 3 quarter hours each.

Psychology 126 - Mental Hygiene and Hygiene and Public Health 120b, Mental Hygiene, changed in title to Mental Hygiene Observation.

On recommendation of Dean Cooper, the petition of James Porter was approved. Mr. Porter asked permission to carry 24 hours during the current quarter in order to finish his requirements for graduation by the end of the quarter. He stated that he is now in the Army Air Corps Reserve and expects to be called around January 1. Mr. Porter has a standing of 2.

Similarly, on recommendation of Dean Cooper, Mr. Roy Hunt was given permission to carry 24 hours during the fall quarter, in order that he may complete his requirements for graduation by June and enter into active service in the Navy. Mr. Hunt's standing is 2.9.

President Donovan and Dean Cooper reported briefly to the Faculty on the recent meetings of the National Association of State Universities and the American Association of Land Grant Colleges. They interpreted the trend of thinking of the heads of American institutions of higher learning, with respect to the part that these institutions could and probably would play in the war effort, and the bearing which the pending amendment to the Selective Service Act will have on the future of colleges and universities. President Donovan particularly emphasized the importance of keeping alive during these times the cultural aspects of a university's program as opposed to the demands of the immediate and practical.
