

The University Faculty met in the Assembly Room of Lafferty Hall, Monday, May 8, at 4:00 p.m. President Donovan presided. Members absent were: C. S. Crouse*, Betty J. Eilertsen, E. F. Hartford*, M. Jongeward, P. E. Karraker, I. A. Pardue*, Irwin T. Sanders, Maurice F. Seay, Earl P. Slone, L. H. Townsend, and H. E. Wetzell.

The Minutes of March 13, were read and approved.

The following resolutions on the death of Dr. Oliver H. Pinney, formerly with the University Health Service, were presented by Dr. Brooks Hamilton.

Resolutions

Dr. Oliver Henry Pinney, who was Associate Professor of Hygiene and Public Health, and physician in the Health Service, came to the University of Kentucky after a distinguished career in other fields. He was a native of Cincinnati, a member of the Mayflower Society, and was graduated from the University of Cincinnati Medical School in 1903. He entered the practice of medicine in that city and taught at his Alma Mater. Immediately after graduation he married Lida Upham. In 1907 as Medical Missionary of the Presbyterian Church U.S.A., accompanied by Mrs. Pinney, he went to Spanish Guinea, West Africa, and at Benito built a mission hospital. A year after their arrival, their son Paul was born. There at that remote outpost he rendered such distinguished service, especially in his work on sleeping sickness, that he was knighted by the King of Spain with the Order of Isabella the Catholic. At a later date to this same region came Dr. Albert Sweitzer, now renowned in many fields of learning, and it was to Dr. Pinney that he went for guidance and advice in establishing his own hospital. Dr. Pinney spent his year of leave, 1914, at the London School of Tropical Medicine. During this year their daughter Marion was born in Cincinnati.

When the United States entered World War I Dr. Pinney, after having served ten years in Africa, came home and enlisted in the United States Army Medical Corps, and in 1918, due to his knowledge of tropical medicine and his facility with the Spanish language, he was sent to the Philippines where he served until 1921. On his return to the United States he was commissioned a captain in the Regular Army, and though in poor health and having to spend time in the sanatorium, he remained in the Army until 1925, when he was retired and came to Mt. Sterling, Kentucky, to live.

Dr. Pinney came to the University of Kentucky in September 1927. He was at the Public Service Laboratories one year before coming to the University Health Service where he served until 1937, when he retired because of illness.

To his work in the Health Service Dr. Pinney brought the wisdom and skill of the good physician and the selfless devotion of a Christian gentleman. His influence on those around him, and on those he served, was the influence of his sterling qualities - of himself - his example.

After his retirement from the University Dr. Pinney went to Jacksonville, Florida, where, as his health improved, he became active in the church, and he spent twelve happy years there. In May 1949, his health failing, he returned to Lexington and lived with his son until his death March 9, 1950.

He is survived by his wife Lyda Upham Pinney, a son Paul Pinney, of Lexington, and a daughter Marion Pinney Mussellman, of Chicago, Illinois.

In Dr. Pinney's death the University, the community, his many friends

*explained

far and near have lost a rare and noble spirit, and it is fitting to extend our deepest sympathy to his family.

THEREFORE, BE IT RESOLVED, that the Faculty of the University of Kentucky, in regular meeting on the campus of the University of Kentucky, go on record this, the eighth day of May, 1950, in public expression of our appreciation of his many years of service and exemplary life, and

BE IT FURTHER RESOLVED that these resolutions be spread upon the minutes of this meeting, and that copies be sent to members of his family.

It was ordered that these resolutions be included in the Faculty Minutes and a copy sent to the family of Dr. Pinney.

President Donovan reported that resolutions had also been prepared on the death of Dr. Gordon L. Curry, former Dean of the College of Pharmacy and an alumnus of the University of Kentucky. It was ordered that these resolutions be read into the Minutes and that a copy be sent to Dr. Curry's family.

RESOLUTIONS ON THE DEATH OF DEAN EMERITUS

GORDON LATEN CURRY

Dr. Gordon L. Curry, Dean Emeritus of the University of Kentucky College of Pharmacy, succumbed of a heart ailment Saturday night, January 21, 1950, at St. Anthony's Hospital. Ill for several months, Dr. Curry had remained active until a few weeks before his death.

Widely known throughout the nation in pharmaceutical and educational fields, Dr. Curry's passing will be mourned by hundreds of pharmacists trained under his supervision.

Dean Curry was born March 1, 1872, near Louisville. After his graduation from the College of Pharmacy in 1892, Dr. Curry served there as assistant instructor in Pharmacy under the late Professor C. Lewis Diehl, one of the founders of the school and its first president. From 1904 to June 1946, he was professor of Chemistry and director of the chemical laboratories. Dr. Curry became the first dean of the College in 1894 during the 24th session of the school and served in this capacity until 1917. He became dean for the second time in 1925. He became Dean Emeritus and Director of Research in 1946.

He had been an apprentice of the late Dr. Jacob Flexner, being trained with the noted Flexner boys. He was a pupil of William Francis Ganong at Harvard, and of Samuel Philip Sadtler at Philadelphia. He was a man of wide experience and many accomplishments, and was able to converse knowingly on widely diverse subjects, yet he was marked by his modesty and a retiring nature. He became an authority on ferns and grasses of Kentucky, and moths and night-flying insects of southern Indiana and Kentucky. He attained considerable skill and some local prominence as a geologist. He enjoyed photography and speleology as hobbies.

He was a fellow of the American Association for the Advancement of Science, and held active memberships in the American Pharmaceutical Association, the National Geographic Society, the American Speleological Society, the Sons of the American Revolution, the Veterans Drug Club, the National Association

of Retail Druggists, the Kentucky State Pharmaceutical Association, the Louisville Retail Drug Association and the Kappa Psi Pharmaceutical Fraternity. He held offices in the American Association of Colleges of Pharmacy and took part in dicennial revisions of the United States Pharmacopoeia and the National Formulary.

As a teacher and confidant of hundreds of Pharmacy students, he did much to promote the professional attitude in his state and worked toward bettering the standards of pharmacists everywhere. The loss of his gentle guidance, his deep knowledge of affairs, and his ready wit is keenly felt in this state where he labored so long and unceasingly.

The University, the College, and this faculty have all lost a loyal friend and supporter. Our sharp sense of loss is matched only by our good fortune in having his wise counsel, ready assistance, and genial humor through the years. He is survived by a son, two grand-daughters, and one great grandson.

With deep veneration for our colleague, the faculty of the College of Pharmacy presents these resolutions to the University Faculty.

James W. Miles
Earl P. Slone
Jesse Y. Hubbard, Chairman

Dean Kirwan, Chairman of the Committee on Student Organizations, reported a request for the organization of the Hardin County Club and a request for the organization of a chapter of Rho Chi, national pharmaceutical honor society. Both organizations were approved by the University Faculty.

The Chairman of the Rules Committee presented the following report:

The Rules Committee met in Vice President Chamberlain's Office Thursday, March 23, at 3:00 p.m. Members present were George K. Brady, Leo M. Chamberlain, John Kuiper, Samuel A. Mory, Jr., M. M. White, and Lee Sprowles.

The meeting had been called to consider a recommendation from the Registrar's Office concerning the handling of senior grades, referred to the Committee by the University Faculty. The recommendation was as follows:

The Registrar's Office suggests that the Faculty consider the advisability of changing the last sentence of Rule 7 regarding final examinations, on page 12 of the Rules of the University Faculty to read: Students who are candidates for degrees and who are making a semester average of C may, at the discretion of the instructor, be excused from final examinations; instead of: Students who are candidates for degrees and who are making a semester average of B may, at the discretion of the instructor, be excused from final examination.

After some discussion, the members of the committee voted not to recommend a change in the rule. It was moved, seconded, and carried, that the committee recommend to the University Faculty the adoption of the following policy:

That by action of the University Faculty, it is the policy of the University that all graduating students are to remain in classes until the beginning of the final examination period. The University Faculty calls upon the individual members of the staff to support this policy and authorizes them to penalize the student by a lower mark or by the use of the grade "I" whenever the student fails to carry out his responsibilities.

After some discussion the Faculty approved the Committee's recommendation regarding grades of graduating seniors.

President Donovan announced that the terms of the faculty advisors to the Student Government Association had expired and requested that three members be elected, from which he would select one to be the official faculty sponsor of the organization. The Faculty elected Professors William L. Matthews, D. E. South, and A. D. Kirwan. President Donovan named Dean Kirwan as faculty sponsor of the organization.

Dean White presented from the College of Arts and Sciences the following recommendations concerning new courses and changes in courses:

New Courses:

Anthropology 11 - Anthropometry (2)

The techniques of measuring and describing the human body and skeleton from anatomical landmarks. Extensive supervised practice - measuring with the various anthropometric instruments and compilation of the data will constitute the major part of the course. The relation of body size to research problems in medicine, human engineering, clothing patterns, race studies, and human identification will be stressed. Lecture 1 hour, laboratory 2 hours. Prerequisites: Anthropology 1 or special permission.

Anthropology 111 - Archaeological Theory and Method (3)

The concepts and aims of archaeology, its history as a scientific discipline and its present role in the social sciences. Attention will be given to basic principles in field work, laboratory work, and to recent advances in special techniques. Lectures 3 hours. Prerequisite: Any one of the following: Anthropology 2, 114, 115, 116.

Anthropology 114 - Prehistoric Meso-American and Peru (3)

An intensive study of the native American civilizations; their origins, development, and achievements. Lecture 3 hours.

Anthropology 126 - Human Ancestry (4)

A detailed study of human origins and fossil remains of Pleistocene man throughout the world. The ancestral lineage, formation, and intermixture of modern racial groups will be stressed. Lectures 3 hours, laboratory 2 hours. Prerequisites: Anthropology 125 or special permission.

Anthropology 142 - Culture and Personality (3)

The cultural basis of personality. Personal character considered as the result of culturally fostered patterns. The ideal personality in several selected

societies. Lectures 3 hours. (Also listed as Sociology 142)

Political Science 140 - Rural Local Government (3)

A course designed to acquaint the student with the government of rural areas. Emphasis is placed upon the government of Kentucky counties, but attention is also given to units of local government throughout the United States.

Course to be dropped:

Anthropology 108 - Development of Culture (3)

Change in title:

Anthropology 125 - Advanced Physical Anthropology (4) to Anthropology 125 - Physical Anthropology

Change in credit:

Anthropology 112 - Archaeology of Kentucky - from (2) to (3) semester credits.

New Courses

Chemistry 147a,b Physical Chemistry for Engineers (4,4) I, II

The principles of physical chemistry are studied with emphasis upon the application of these in mining and metallurgical engineering. Lecture and recitation, 3 hours; laboratory, 3 hours. Prerequisite: Chemistry 21a, Mathematics 20b, and Physics 3b.

Chemistry 182 Laboratory Arts (2) I, II

The fabrication of chemical apparatus of glass, metal, and plastics. Prerequisite: Major in the Department of Chemistry with Junior standing.

Mathematics and Astronomy 500-1,2,3 Thesis (0)

This course is designed for graduate students working for advanced degrees. The time-credit is on the same basis as for any other course, but no point-credit is given.

Psychology 2 Applied Psychology (3)

Emphasis is placed on the practical applications of psychology to business, industry, law, medicine, and every-day living. The student is led to see how he can employ psychology effectively and how psychology in turn affects him. Prerequisite: Psychology 1a and 1b.

Psychology 150 Psychological Testing (3)

A general orientation to the field of psychological testing. The course covers a historical orientation to the field, an introduction to the principles and methods of psychological testing, and a survey of the various kinds of psychological tests. Prerequisite: Psychology 1a, 1b, and 8.

Courses to be Dropped

Art 30b Introduction to Art (2)

Art 61b Elementary Drawing (3)

Psychology 5 Psychology of Advertising and Selling (3)

Psychology 102 Practice in Testing: Personality Tests (2)

Change in Course Number

Art 30a Introduction to Art (2) changed to Art 30 (same title and credit)

Change in Credit

Psychology 431a-1 Special Field Practicum - reduce credits from 3 to 1.

Changes in Course Number and Credit

Art 61a Elementary Drawing (3) changed to Art 61 Elementary Drawing (2)

Changes in Content Description

Physical Education 52 Swimming and Diving for Men (2) I, S

The techniques and methods of teaching swimming, diving, recreational activities, officiating and conducting of competitive aquatics. A Senior Life Saving certificate or renewal in the National Y.M.C.A., and/or American Red Cross Aquatic Programs may be secured. Four hours per week, laboratory. Prerequisite: Physical Education 22, or the consent of the instructor.

Physical Education 53 Swimming and Diving for Women (2) I, S

The techniques and methods of teaching swimming, diving, officiating and conducting meets, stunts, games, pageants, and synchronized swimming. Students may secure a senior Life Saving certificate or renewal in the National Y.M.C.A. and/or American Red Cross Aquatic Programs. Four hours laboratory per week. Prerequisite: Physical Education 22, or the consent of the instructor.

Changes in Content Description and Course Number

Physical Education 54 Advanced Aquatics for Men (1) II, S - changed to Physical Education 154 (same title and credit)

Preparation for Aquatic Directorship, leading to an instructor's certificate or renewal in the National Y.M.C.A. and/or American Red Cross Aquatic Programs. Two hours per week, laboratory. Prerequisite: Physical Education 52, or the consent of the instructor.

Physical Education 55 Advanced Aquatics for Women (1) II, S - changed to Physical Education 155 (same title and credit)

Preparation for Aquatic Directorship, leading to an instructor's certificate or renewal in the National Y.M.C.A. and/or American Red Cross Aquatic Programs. Two hours per week, laboratory. Prerequisite: Physical Education 52, or the consent of the instructor.

The Faculty approved the recommendations from the College of Arts and Sciences.

Dean Carpenter presented the following recommendation from the College of Commerce:

The Faculty of the College of Commerce at the meeting on March 24, recommended the addition of the following requirement to the courses listed in the Secretarial Curriculum, "Electives including one course in Commerce."

The Faculty approved this recommendation from the College of Commerce.

President Donovan announced that the Commencement events would open with the Baccalaureate Services and dedication of the Memorial Coliseum, Tuesday, May 30, at 10:00 a.m., and that the Commencement class would be held on Friday evening, June 2. He stated that the graduating class would be the largest in the history of the University and urged that the faculty help to make it a memorable occasion. He announced also the Alumni Dinner, on

Thursday evening, June 1, and the Senior Luncheon, Friday, June 2, at 12:30.

President Donovan called attention to the Sixth Annual Honor's Day Program to be held Wednesday, May 10, at 10:00 a.m., and requested that the Faculty support this event by their attendance.

Other announcements included the following:

Professor Kuiper announced that Dr. Irwin T. Sanders had been elected Distinguished Professor for the year and that he would deliver a lecture Thursday evening, May 11, at 8:00, in Memorial Hall, the subject of the lecture to be: A Study of Social Change: The Peasant in Eastern Europe.

Professor Whitaker announced that Dr. Sanders' lecture would serve as the opening event in the Language Conference, which is May 12, and 13.

Professor Romanowitz announced that there would be an Electric Power Show in Memorial Hall on Monday evening, May 8.

Dean Carpenter announced that there would be a conference of certified public accountants and lawyers interested in tax accounting on Tuesday and Wednesday, May 9, and 10.

The Faculty adjourned.

Lee Sproles
Lee Sproles,
Secretary

Minutes of the University Faculty May 31, 1950

The University Faculty met in special session in the Assembly Room of Lafferty Hall, Monday, May 31, at 12:00 noon. In the absence of President Donovan, Vice President Leo M. Chamberlain presided. The following members were absent: L. A. Bradford, Louis Clifton, Thomas P. Cooper*, Lyle R. Dawson, H. L. Donovan, H. H. Downing, Betty J. Eilertsen, G. H. Gerhard, Ellis M. Hartford*, Sarah B. Holmes, M. Jongeward, P. E. Karraker, John Kuiper, L. E. Meece, H. B. Morrison, Samuel A. Mory, Jr., A. J. Olney, Frank A. Pattie*, D. E. South, Herman E. Spivey, Edwin E. Stein, L. H. Townsend, Paul K. Whitaker, and M. M. White

The Minutes of May 8, were read and approved.

The meeting had been called to consider candidates for degrees at the June Commencement. The Registrar announced that the following named persons had completed all requirements for the degrees indicated. The Faculty voted to recommend these persons to the Board of Trustees for their respective degrees.

COLLEGE OF ARTS AND SCIENCES

Candidates for the Degree of Bachelor of Arts

Erwin Frederick Albrecht, Jr.
James Russell Anderson

Ethelyn Elaine Ashley
Barbara-Ann Auwaerter
