Sunday Night

Sir

It was in consequence of Lady
Ardens requesting that I would
present, ^{you} to West Hoathly that,
after waiting some Time before I
could comply with that Request,
that I sealed a presentation to
that benefice with your name in
it. I shall desire it to be consulted.

I told your brother in the house
of Lords that Donfold was entirely
out of the question; & under
my present circumstances
with respect to Church preferment,
I have none that I can offer
