J. L. S. Cluett

I am very much  
obliged to you for your  
investigations, and greatly  
hope to profit by them.

I am off to-morrow morning  
(early) to Biarritz, and  
every single instant of the  
three or four hours of my

Stay in London has been  
occupied by a succession of  
interviews. But, if you  
will allow me to call upon  
you when I return, I should  
much like to be vaccinated  
against that pneumo-coccus!!

I am afraid it would  
be difficult for me to send

you a specimen of my  
blood from Biarritz, or I  
would gladly do so. But  
perhaps the matter now  
can wait till the middle  
of February.

With very many thanks,  
Believe me,

Yours sincerely,  
Amos Jan Kemp
