

Salham
Friday Evening

My dear Sir
your note having
been addressed to the "Conservative"
Club - what however conservative
is called "The Carlton Club" I
did not so directly get it as
I otherwise should have done -

I am extremely pleased
with the copy sent for the drawing
of the David Board, and glad that
you have the drawing - If you
I should happen to be at home
perhaps you will be good enough

to send it by persons who
bring them to you. if you should
be out and not have the drawing
left for me. I wish to express
the pleasure of calling for it
at your house as I drive in
to town tomorrow

Somehow we too seldom
meet - for myself I have made
a vow not to leave home for the
country until I have purchased
some horses which I hope
very soon to submit to the
order of your good nature
In much love
Theodore T. Wood
