

My dear Sir Charles

I have sent your information to Southey
— a thousand thanks for it — If you can favor him with
any thing more you had better address it to Lincolns Kerwick
as he is very forward with his publication & means to
bring it out as soon as possible — therefore no time should
be lost — It gives me great pleasure to hear the justice
which all agree in doing to the memory of your excellent
Father — I knew for at least half a Century — &
"Take him for all in all — I shall not look upon his
like again."

Lady Beaumont writes with me in
best regards to yourself Lady Jane & all your
family

Ever truly Yours

W^m Beaumont
