POST  
10-MAY  
1810

I have again to return you my grateful  
Thanks for the Attention you have paid to my Supplementary  
Case\*, which I have this Moment received. My daughter  
Margt sails to-day for London, & I have just a Moment  
to get her this Letter, which ~~it~~ may therefore be a little  
longer than usual of reaching you. Your family, however,  
will be one of her early enquiries. Our united kind Wishes  
to them.

Your Letter is dated the 2<sup>d</sup> May, which was a delightful  
Commencement of Summer; but our weather has changed  
much for the worse since; Easterly Wind, Rain & Fog. The  
County, however, has profited by the genial Days we enjoyed  
last Week, & the farmers are in better Spirits than they  
were.

Yours always, My dear Sir, most faithfully

J Mackenzie
